NOTICES

The third round of funding for the Health Care Transition Fund, Community Grant Program is about to begin. The Department of Health and Human Services, under the leadership of the Legislature, the Governor and the Executive Councilors, has initiated this grantmaking process to assist communities in their efforts to improve access to health care services. Grants will be awarded for up to eighteen months to encourage creativity and innovation in health care. Successful proposals will demonstrate broad community collaboration as an essential method of achieving project objectives. A *Request for Proposals* was mailed to the leadership of the New Hampshire House and Senate including Committee Chairs and 1,200 community organizations and providers. All legislators are invited to request a copy of the proposal by contacting Therese Smith of the Department's Office of Planning and Research at 271-5256 or access a copy through the Department's website at http://www.state.nh.us/dhhs/deptlinks.htm.

Senator Amy Patenaude

The Department of Administrative Services, Division of Information Technology Management (DITM) has just completed work on a paper entitled, The Year 2000 Report. This report is a compilation of a survey taken in the fall of 1997 to gauge the level of awareness and preparedness of state agencies relative to agency computers and the Year 2000 century date change.

Copies of the Year 2000 report are also available from the Legislative Budget Assistants Office, Room 102, State House. The report is also expected to be available soon in the electronic form on the State's web site.
