SENATE BILL ***434-FN-LOCAL***

AN ACT exempting soil that is contaminated by lead due to use as a police training shooting range from hazardous waste cleanup fund fees.

SPONSORS: Sen. Gordon, Dist 2; Rep. Bartlett, Belk 6; Rep. Salatiello, Belk 2; Rep. Wendelboe, Belk 2

COMMITTEE: Environment

AMENDED ANALYSIS

This bill exempts soil that is contaminated by lead due to use as a police training shooting range from hazardous waste cleanup fund fees.

Explanation: Matter added to current law appears in ***bold italics.***
Matter removed from current law appears [~~in brackets and struckthrough.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

SB 434-FN-LOCAL – AS AMENDED BY THE SENATE

2/3/00 3232s

00-2703
03/09

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand

AN ACT exempting soil that is contaminated by lead due to use as a police training shooting range from hazardous waste cleanup fund fees.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 New Paragraph; Hazardous Waste Cleanup Fund; Exemptions. Amend RSA 147-B:9 by inserting after paragraph IV the following new paragraph:

V. Soil that is a hazardous waste due to lead contamination resulting from the use of the area as a shooting range used exclusively for law enforcement training purposes.

2 Effective Date. This act shall take effect upon its passage.

LBAO

SB 434-FN-LOCAL - FISCAL NOTE

AN ACT exempting the town of Tilton from hazardous waste cleanup fund fees associated with the removal of the municipal target range.

FISCAL IMPACT:

The Department of Environmental Services has determined this bill will decrease state restricted revenue and local expenditures by $26,262 in FY 2000. There will be no fiscal impact on county or local revenue and on state and county expenditures.

METHODOLOGY:

The Department stated the fee that was assessed to the Town of Tilton was a one time fee in accordance with RSA 147-B:8. The fee was determined by the poundage of waste which was shipped off-site during the cleanup of the municipal target range in August 1999. The fee of $0.03 was assessed on a total of 875,395 pounds ($26,262). Because the fee is due in the current fiscal year, there would be a negative impact to the Hazardous Waste Cleanup Fund and a reduction in local expense of $26,262 in FY 2000.

ENVIRON

LBAO
00-2703
Amended 2/17/00

SB 434 FISCAL NOTE

AN ACT exempting soil that is contaminated by lead due to use as a police training shooting range from hazardous waste cleanup fund fees.

FISCAL IMPACT:

The Department of Environmental Services has determined that this bill, as amended by the Senate, will decrease state restricted revenue and local expenditures by $26,262 in FY 2000. There will be no fiscal impact on county and local revenue or state and county expenditures.

METHODOLOGY:

The Department stated this bill as amended changes statute, so that any shooting range used exclusively for law enforcement training purposes would be exempt from hazardous waste cleanup fees. The Department has consulted with the Department of Safety in an attempt to determine the number of shooting range areas this would include, in addition to the Tilton site. The number of sites cannot be determined.

The Department of Environmental Services stated the fee that was assessed to the Town of Tilton was a one-time fee in accordance with RSA 147-B:8. The fee was determined by the poundage of waste which was shipped off-site during the cleanup of the municipal target range in August 1999. The fee of $0.03 was assessed on a total of 875,395 pounds ($26,262). Because the fee is due in the current fiscal year, there would be a negative impact to the Hazardous Waste Cleanup Fund and a reduction in local expense of $26,262 in FY 2000.

Amendment to SB 434-FN-LOCAL

Amend the title of the bill by replacing it with the following:

AN ACT exempting soil that is contaminated by lead due to use as a shooting range from hazardous waste cleanup fund fees, provided cleanup is initiated and completed in accordance with applicable laws and requirements, and exempting the town of Tilton from hazardous waste cleanup fund fees associated with the removal of the municipal target range.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Hazardous Waste Cleanup Fund; Exemptions. Amend RSA 147-B:9 by inserting after paragraph IV the following new paragraph:

V. Soil that is a hazardous waste due to lead contamination resulting from the use of the area as a shooting range, provided that clean-up is initiated and completed by the owner in accordance with all applicable laws and department requirements.

2 Hazardous Waste Cleanup Fund Fees; Exemption for Town of Tilton for Removal of Target Range. The town of Tilton shall not be subject to the hazardous waste cleanup fund fees established in RSA 147-B:8 associated with its removal of the municipal target range initiated or completed before the effective date of this act.

3 Effective Date. This act shall take effect upon its passage.

2000-3955h

AMENDED ANALYSIS

This bill exempts soil that is contaminated by lead due to use as a shooting range from hazardous waste cleanup fund fees, provided that cleanup is initiated and completed by the owner in accordance with all applicable laws and department requirements. This bill also exempts the town of Tilton from such fees regarding removal of its municipal target range already initiated or completed before the effective date of this act.

Rep. Philbrick, Carr. 4
March 29, 2000
2000-3980h

Not considered by full committee

Amendment to SB 434-FN-LOCAL

Amend the title of the bill by replacing it with the following:

AN ACT exempting the town of Tilton from certain hazardous waste cleanup fees and establishing a study committee on the application of hazardous waste generator fees associated with shooting ranges.

Amend the bill by replacing all after the enacting clause with the following:

1 Hazardous Waste Cleanup Fund Fees; Exemption for Town of Tilton for Removal of Target Range. The town of Tilton shall not be subject to the hazardous waste cleanup fund fees established in RSA 147-B:8 associated with its removal of the municipal target range.

2 Study Committee Established; Members; Duties.

I. There is established a committee to study the application of hazardous waste generator fees associated with shooting ranges.

II. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee shall:

(a) Study appropriate exemptions for certain shooting ranges from the hazardous waste generator fees.

(b) Study reasonable changes to the department of environmental services hazardous waste generator fee structure as it applies to shooting ranges.

(c) Study the existence or degree of lead contamination of soil due to shooting ranges.

V. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

VI. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

3 Effective Date. This act shall take effect upon its passage.

2000-3980h

AMENDED ANALYSIS

This bill exempts the town of Tilton from hazardous waste cleanup fund fees associated with the removal of the municipal target range. This bill also establishes a committee to study hazardous waste generator fees associated with shooting ranges.

HOUSE COMMITTEE ON ENVIRONMENT AND AGRICULTURE

PUBLIC HEARING ON SB 434-FN-LOCAL

BILL TITLE: exempting soil that is contaminated by lead due to use as a police training shooting range from hazardous waste cleanup fund fees.

DATE: March 22, 2000

LOB ROOM: 303 **Time Public Hearing Called to Order:** 11:19 am

Time Adjourned: 12:12 pm

(please circle if present)

Committee Members: Reps. Musler Leishman, Messier, L. Pratt, McRae, Philbrick, Babson, Phinney, Marshall, Dunlap, Franks, Scanlan, Cobb, Harmon, B. Hall, Owen, Melcher, Meader, Phinizy, Shelton, Tuthill and Vaillancourt.

Bill Sponsors: Sen. Gordon and Reps. Bartlett, Salatiello and Wendelboe

TESTIMONY

* Use asterisk if written testimony and/or amendments are submitted.

Ken Marschner: DES supports this bill and stated the Town of Tilton is cleaning up firing range and it was revealed high lead elements. Tilton is responsibly cleaning this up. 900,000 total pounds of hazardous waste to be disposed of at $.03 per pound.

Rep. Harmon: asked if funds assessed by the State DES?

Answer: Fee is only on waste that leaves the site. Cleanups only on shut down of ranges. For common good of all, the State should pick up the cost of clean up. Would eventually reveal contamination in ground water. This bill would not exempt private landowners or businesses. Shooting ranges generally are problematic throughout the country. The state doesn't have a very good handle on any firing ranges, trap or skeet included.

Sen. Gordon: The municipality owned the shooting range and paid $20,000 to clean up fund. He feels it is unfair since it was for public benefit and was created by the municipality, used by the State Police and should not be a burden to this town. Public entities burden should go back to the town. Private entities should be responsible for the fees incurred. Shooting range in Tilton did provide use to all that wished to use it. This includes individuals.

Jim Dodge: Resident from Tilton, the range was built by volunteers, many participants essential for small town cooperation. The State Police as well as other police used this facility. This is a great unfairness to the town of Tilton to bear this expense. He figures 80% is used by the Police and 20% is used by individuals. Also used as a recreational facility.

Heber Feener: Selectmen from the town of Tilton states all material was trucked to Canada and the bill for this is still outstanding.

Rep. Bartlett appeared at this hearing, supports the bill but did not speak.

Respectfully submitted,

Rep. Patricia Dunlap, Acting Clerk

Testimony

State of New Hampshire
DEPARTMENT OF ENVIRONMENTAL SERVICES
6 Hazen Drive, P.O. Box 95, Concord, NH 03302-0095
(603) 271-2900 FAX (603) 271-2456

March 22, 2000

Representative George T. Musler, Chair
House Environment & Agriculture Committee
Legislative Office Building, Room 303
Concord, New Hampshire 03301

Subject: ***SB 434 Exempting soil that is contaminated by lead due to use as a police training shooting range from hazardous waste cleanup fund fees.***

Dear Chairman Musler and Members of the Committee:

Thank you for the opportunity to testify on SB 434, which would provide an exemption from fees assessed under RSA 147-B for soil that is contaminated by lead due to use as a police training shooting range. The Department of Environmental Services regularly collects fees under this statute from private and public entities for a variety of hazardous waste activities which generate hazardous waste. However, the Department understands that the circumstances of this particular type of cleanup present a relatively unique situation, and we do not wish to take a position which conflicts with the public good derived from weapons training required by existing regulation of members of local, county or state police.

Therefore, when the bill was in the Senate, the Department proposed an amendment to RSA 147-B:9 (Exemptions) which would go beyond the original language of exempting a one-time cleanup to exempt *any* New Hampshire political subdivision from the hazardous waste generator fee associated with the remediation of lead contaminated soil from police target range training activities. Such exemption would not include police training at private gun clubs.

Thank you for the opportunity to provide testimony on this issue. Please call Philip J. O'Brien (271-2905) or me if you have any questions or would like further information.

Sincerely,

Robert W. Varney
Commissioner

cc: Senator Edward Gordon

Statutes Pertaining to SB 434

§ 147-B:8. Hazardous Waste Cleanup Fund Fees.

I. Every generator of hazardous waste located in this state who generates in a 3-month period 300 kilograms (661.5 pounds) or more of unrecycled hazardous waste shall pay a quarterly hazardous waste generator fee to the department. The quarterly fee on such waste shall be no more than $.066 per kilogram ($.03 per pound). Every generator described in this paragraph shall pay a minimum fee of $50 per quarter.

I-a. [Repealed.]

II. In computing the amount of hazardous waste generated in a 3-month period, a generator may deduct from the amount of hazardous waste generated the amount of hazardous waste recycled, in a manner approved by the department.

III. A quarterly fee shall be assessed on each hazardous waste facility located in New Hampshire that receives hazardous waste from out-of-state for the purpose of treating, storing, or disposing of such waste. Said fee shall be based solely on hazardous waste received by the facility from out-of-state sources. The fee on such waste shall be no more than $.007 per kilogram ($.003 per pound). The facility's owner or operator shall make the appropriate quarterly fee payments to the department.

IV. The department shall deposit fees collected under this section into the cleanup fund.

[Paragraph V effective January 1, 2000.]

V. Failure to file a report by the required date or to enclose fees due shall result in the assessment of a 10 percent penalty to be added to the amount of fees due for that month. If no fees are due, a penalty of $1 per day shall be assessed. Said penalty shall immediately accrue and thereafter the overdue fees and the penalty shall bear interest at the rate established by the Internal Revenue Service effective on the first business day of the calendar year. To this rate shall be added 2 percent. In determining the monthly rate, that figure shall be rounded off to the nearest quarter percent. The department may waive all or any portion of penalties or interest for good cause. The department shall deposit penalties collected under this section into the cleanup fund.

§ 147-B:9. Exemptions.

The following shall not be subject to the fees established in RSA 147-B:8:

I. Sludge from publicly owned treatment works located in the state, as defined in rules adopted by the commissioner;

II. Bottom boiler ash and flyash from incinerators which process solely municipal waste, as defined in rules adopted by the commissioner;

(over)

III. Hazardous wastes which are recycled and exempt from the fee under RSA 147-B:8, II; and

IV. Wastes resulting from the remediation of environmentally contaminated properties by persons who meet one of the following eligibility criteria:

(a) The person is not liable under RSA 147-B for any release or threatened release of a contaminant or contaminants at the property and is either:

(1) A prospective purchaser of environmentally contaminated property, or

(2) A person who holds a mortgage interest or other security interest in environmentally contaminated property, including a municipality with respect to property on which there are overdue real estate taxes due to the municipality.

(b) The person is a current owner of environmentally contaminated property, whose liability under RSA 147-B is based solely on the person's status as owner, who did not generate the hazardous waste which constitutes the contamination on the property, and who has not operated, managed, or controlled, either directly or indirectly, the hazardous waste facility on the property.
