STATE OF NEW HAMPSHIRE

In the Year of Our Lord One Thousand Nine Hundred and Ninety-Nine

AN ACT establishing a special license plate for veterans.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 New Section; Special Number Plates for Veterans. Amend RSA 261 by inserting after section 87-a the following new section:

261:87-b Special Number Plates for Veterans. The director is hereby authorized to issue special number plates to be used on motor vehicles owned by veterans of the United States armed services, in lieu of other number plates. The design of these special plates shall be determined by the commissioner, and shall be distinct from the design or designs of those plates issued under RSA 261:86. Such plates shall be issued only upon application and proof of honorable discharge from the armed services, as evidenced by submission of a copy of the applicant's DD214 verification of service form, and upon payment of a one time $25 fee to recover production and administrative costs that shall be in addition to the regular motor vehicle registration fee and any other number plates fees otherwise required. Renewals of such special number plates shall be charged the fee assessed for standard motor vehicles as prescribed under RSA 261:141.

2 Effective Date. This act shall take effect July 1, 2000.

HB 505-FN - FISCAL NOTE

AN ACT establishing a special license plate for veterans.

FISCAL IMPACT:

The Department of Safety indicates this bill will increase state restricted revenue and expenditures by an equal but indeterminable amount in FY 2000 and each year thereafter. There will be no fiscal impact on county and local revenue or expenditures.

METHODOLOGY:

The Department is unable to estimate the cost of design, manufacture and distribution of the new veterans plates, however, this bill requires that these costs be offset by revenue neutral fees.

Amendments

Senate Transportation

Amendment to HB 505-FN

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Special Number Plates for Veterans. Amend RSA 261 by inserting after section 87-a the following new section:

261:87-b Special Number Plates for Veterans. The director is hereby authorized to issue special number plates to be used on motor vehicles owned by veterans of the United States armed services, in lieu of other number plates. The design of these special plates shall be determined by the commissioner, and shall be distinct from the design or designs of those plates issued under RSA 261:86. Such plates shall be issued only upon application and proof of honorable discharge from the armed services, as evidenced by submission of a copy of the applicant's DD214 verification of service form, and upon payment of a one time $25 fee to recover production and administrative costs that shall be in addition to the regular motor vehicle registration fee and any other number plates fees otherwise required. Renewals of such special number plates shall be charged the fee assessed for standard motor vehicles as prescribed under RSA 261:141. The plates furnished pursuant to this section are non-transferable and shall expire upon the death of the veteran.

2 Effective Date. This act shall take effect July 1, 2000.

Committee Minutes

Date: April 4, 2000
Time: 3:40 PM
Room: 104-LOB

The Senate Committee on Transportation held a hearing on the following:

HB 505-FN establishing a special license plate for veterans.

Members of Committee present:
Senator Gordon
Senator Roberge
Senator Below
Senator Pignatelli

The Chair, Senator Edward M. Gordon, opened the hearing.

Senator Edward M. Gordon, D. 2: I'll open the hearing on House Bill 505 and call upon the Primary Sponsor Representative Heon.

Representative Richard Heon: See attachment A.

Attachment A, written testimony from Representative Richard Heon.

Senator Edward M. Gordon, D. 2: Senator Roberge?

Senator Sheila Roberge, D. 9: When the veteran dies would it be your intention that the plate is given back to the state or that the spouse would inherit it as part of an inheritance?

Representative Richard Heon: I would think that that should go back to the state.

Senator Sheila Roberge, D. 9: Other plates that we've issued that's been an issue with. I think that if that's your intention then we ought to put it in here. That seems to be... Every time we issue a special plate it's will the surviving spouse inherit it? Because they come in and then they want it and it's a big emotional upheaval when they don't get it. And there's some

question. We really don't want to do this and it gets to be a problem. You probably never thought of it.

Representative Richard Heon: From the hearings that we had we hadn't discussed that but that's something I'm sure that we can address and take care of I hope. But other than that...

Senator Sheila Roberge, D. 9: But you would agree that...

Representative Richard Heon: Yes I would agree that that's not something that the intent here is. The intent here is to put it on veteran's vehicles.

Senator Edward M. Gordon, D. 2: Any other questions? I have a question. The way this bill is written it would be anybody who was honorably discharged and served in the military.

Representative Richard Heon: That's correct.

Senator Edward M. Gordon, D. 2: And in my understanding at least in the American Legion is that you have to be a war time veteran in order to belong. Is that correct?

Representative Richard Heon: The membership for the American Legion requires that you serve during a time where there has been a conflict. And our dates are set by Congress. This bill would allow anybody who served in the armed forces of the United States to purchase these plates regardless of if it's war time or peace time.

Senator Edward M. Gordon, D. 2: I guess I'm trying to just resolve the two. I know I guess everybody that's here is a member of the Legion and that has been an issue with the Legion as to whether or not they should allow every veteran who served in the Legion. And I guess I'm just interested in why we would differentiate the two and why Legions would have an exclusive membership of war time veterans.

Representative Richard Heon: The only way that I can answer that is our membership is established by Congress. They decide who's eligible to join the American Legion. I'm sure if you would do a poll of the American Legion officers on the national level they would like to open up the ranks to everyone for the simple reason as there is very little recognition in a lot of instances for veterans that have served. At the particular time our membership is open for anybody that's enlisted at the present time, you are eligible to join our ranks.

In the long term of all of this out of everything that we do if we never go to war again we put ourselves out of existence but that's what we're really looking for. As veterans we've all served to keep peace and prosperity it's our main goal. So it's a little ironic if we do have a situation where if we should convince the members of Congress to allow everybody that served to become part of it, in at least one veterans organization or another we'd probably be better off as veterans anyway.

Senator Edward M. Gordon, D. 2: Thank you. Representative Berube?

Representative Roger Berube: Good afternoon. I'm happy to be here this afternoon to be able to support this bill. I'm in favor of it. It's about time to give recognition to our veterans in the state of New Hampshire. All veterans not just different organizations that have served but all of the veterans that have served our country with honor. I think it's something that you have to do. People who have served their nation have to get some sort of recognition for the work they've done. There is no cost to the state with this bill. I don't see why anybody would want to oppose this bill. I think we should be proud of anyone that has served.

I served my country for 20 years. I don't expect anything from anyone to be honest with you. But I think we should be there when we can to give recognition to veterans. I think it's important that we do so and I'm sure that everyone here is in agreement on that. I think a lot has been said by Representative Heon and I think he very well explained what they're trying to do with this bill. I'm a co-sponsor of the bill. We could talk about it all afternoon but again it's very basic. It's a matter of the right to have a plate. That's all it's about. Thank you very much.

Senator Edward M. Gordon, D. 2: Thank you Representative Berube. Senator D'Allesandro? I might add that we have a large group of people but no one has signed up in opposition to the bill.

Senator Lou D'Allesandro, D. 20: Thank you very much Mr. Chairman. For the record my name is Lou D'Allesandro and I'm the Senator from district 20, that's Manchester wards 3, 4, 10 and 11 and the town of Goffstown. And I come in support of the bill as a co-sponsor of the bill. I want to be brief because the annunciation that you heard was eloquent and really covered all of the bases.

I am a veteran. I've taught many veterans as a high school teacher as a college teacher as a college administrator I've come in contact with many veterans. It seems to me that one thing that we fail to do is recognize with

honor people who have served their country. We're quick to rise to a negative occasion and yet when we can do something positive there is a reticence that is manifested.

People who have served their country deserve recognition. They do this for the benefit of every person in this country. They do it willingly and they do it honorably. And certainly a license plate in their recognition is one of the little things that we can do. As one speaker mentioned it doesn't cost us anything. Our veterans are certainly willing to pay for it. And they deserve that kind of recognition. It's something that says to them and really in perpetuity that we recognize the good work that you have done. We appreciate the good work that you have done. And we're the beneficiaries of that good work. Thank you very much.

Senator Edward M. Gordon, D. 2: Thank you Senator. Any questions? Thank you very much.

Senator Lou D'Allesandro, D. 20: Thank you.

Senator Edward M. Gordon, D. 2: Senator McCarley?

Senator Caroline McCarley, D. 6: Thank you Senator Gordon. For the record I'm Senator Caroline McCarley representing Senate district 6, which is comprised of the communities of Rochester, Somersworth, Barrington, and Nottingham.

I have a number of constituents here obviously and I will be very brief. I am in full support of this legislation. And I think to echo something mentioned I think it's not only a matter of service that you see in uniform. I can guarantee you because I spend a lot of time in the communities of Rochester Franklin and Somersworth that you seem these same individuals working on a nonpartisan Get Out the Vote project, or working on the Somersworth Children's Festival, or working on the Lilac Fund Festival in Rochester. And so I think certainly this is an honor that I hope you will proceed ahead with, and I would encourage you to act on it as quickly as possible. Thank you.

Senator Edward M. Gordon, D. 2: Any questions? Representative Packard?

Representative Sherman Packard: Good afternoon again. I'll be very brief I think I'd just like to give you a little bit of oversight seeing that this came from our committee of how we got it through. We worked on this bill for probably about a year and a half. A lot of people we initially opposed to a veterans plate bill we didn't feel like the numbers were out there. We looked at some of the surrounding states around us and according to our recent

figures in the Department of Safety it takes about 5,000 sets of plate to break even. Looking from the numbers from the states surrounding us we're looking at probably maybe 10 to 15,000 sets will probably sell. That's why we put the $25 fee in there.

As you know we've been kind of negative to any special plates in the past. But I've got to say if we never pass another plate this is probably the one that we should pass. I think if anyone deserves it these people do.

Senator Edward M. Gordon, D. 2: Questions? Senator Below?

Senator Clifton Below, D. 5: Following up on Senator Roberge's question. Did the question arise at all as to what would happen...?

Representative Sherman Packard: No it didn't. But if I remember correctly we had a bill a year or so ago that would have given I believe it's the POW's the right for the spouses to keep the plate. If my memory serves me I'm not sure what happened to that bill. But that did arise and I think unless it was put in there it would automatically go back to the state. But I don't think we'd have a problem if you wanted an amendment to specify that.

Senator Clifton Below, D. 5: Thank you.

Senator Edward M. Gordon, D. 2: Thank you. Richard Brooks?

Richard Brooks: Good afternoon. For the record my name is Richard Brooks I'm the District Commander for the 3rd district New Hampshire, American Legion. I want to keep this as short as possible but I'm here to testify and ask your support for HB 505 for the veterans of the state of New Hampshire.

I respect and acknowledge the sacrifices of Pearl Harbor survivors suffered at the beginning of World War 2. And I respect and admire the prisoners of war that returned to our country from all wars. And I especially respect and admire disabled veterans, Purple Heart recipients. I recognize their achievements and their entitlement to a license plate. I do not however attempt to diminish their achievements in any way by this testimony.

I do feel any veteran that has served our country deserves recognition of this state. My father served in World War 2, the Korean Conflict, the Cuban Missile Crisis. And I followed in his footsteps and served in the Vietnam War. We are both proud to have served our country and would do it again if called upon. I think though that we must remember that there are many veterans that have served unselfishly and with utmost commitment to this

country. And sacrifices were made on their behalf and therefore they deserve recognition of this license plate so that the general public can know that they served proudly and with our reproach. And as has been noted before this is a revenue neutral bill and I ask for your support on this bill and passage by the entire Senate of the state of New Hampshire.

I would like to go back to the question you had to Rich Heon concerning the veterans of the country. The American Legion's primary objective is service to veterans, not just service to veterans of the American Legion, all veterans. We would like to have as many veterans in our organizations as we could. It would be nice but as he said Congress does prohibit that and restricts us to only war time veterans. Thank you.

Senator Edward M. Gordon, D. 2: Thank you. Any questions for Mr. Brooks? Thank you for coming. We appreciate you answering the question. Those are all the people who checked off that wanted to speak. Is there anyone else who wanted to speak in regard to the bill? Yes Sir?

Representative Larry Cossette: My name is Larry Cossette and I'm a Representative of District 19, Rochester. I worked with the Transportation Committee. I'll try and be brief. Basically I feel that everyone has covered the things that are very important and I'd like to thank you for having this opportunity to speak today. As I stated I'm a member of the Transportation Committee and I'm honored to recommend the passage of House Bill 505. And I want to show this committee that our committee has worked diligently to have this come about.

I was going to speak on some of the other issues but they've been touched upon. But rather than speak of the past or the present issues I'd like to speak about some of the future issues of not just the state but perhaps this country. I think the future outlook can be better exhibited to the youth of today by the display of this plate.

I think that the veterans of this country and this state with the opportunity to display the plate will show to others that we have respect and dignity and we honor the things that they've done for us in the past. And it's just my general feeling and I'm sure you may agree that it seems to be lacking in our society today. So I will certainly be supportive of this plate and I'm proud to be a part of that along with my committee members. So I thank you very much for your time. And if there's any questions I'd certainly like to answer those.

Senator Edward M. Gordon, D. 2: Senator Pignatelli?

Senator Debora B. Pignatelli, D. 13: Thank you Mr. Chairman. Are we one of the few states that will have a plate for veterans? Do most states have general plates?

Representative Larry Cossette: Yes Ma'am most state have them.. Maine our bordering state has a plate for example. It wold be similar in the context of the plate will be the same basically is to honor the veterans. I have a friend who is on the Transportation Committee in the state of Maine and discussed that and they've had it for several years now. So hopefully we can be another part of unifying that plate within this country.

Senator Debora B. Pignatelli, D. 13: Thank you.

Representative Larry Cossette: Thank you.

Senator Edward M. Gordon, D. 2: Any other questions? I see none. Thank you Representative.

Representative Larry Cossette: Thank you so much.

Senator Edward M. Gordon, D. 2: Is there any one else who would like to speak? Representative Letourneau, very briefly.

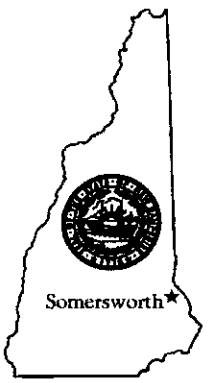

Representative Robert Letourneau: Just very briefly. I'm Representative Robert Letourneau representing Rockingham district 13, Derry New Hampshire. I'm proud to say that I'm co-author of the amended bill that you see in front of you. And as the Representatives before me have spoken to we've been working on this for quite a long time and many, many of my constituents in the Derry area are interested in this and want to see it passed. And we're very pleased to see that we came to resolution on this issue. And I think what you have before you is a well rounded out bill. And I just wanted to express my support for it. Thank you.

Senator Edward M. Gordon, D. 2: Thank you. Is there any one else who wishes to speak? Seeing no one I'm going to declare the hearing closed on House Bill 505-FN.

Hearing closed at 4:03 PM

Respectfully submitted,
Jillian Nina Mason, Secretary

Subject: HB50 - as amended - relates to establishing a special license plate for veterans

Good afternoon. For the record my name is Richard F. Heon and I am a Representative from Strafford 14.

As a Representative and prime sponsor of HB505, I am here to speak in favor of this legislation, as amended. This bill provides for special number plates for vehicles driven by veterans.

The Statement of Purpose, for this legislation is RSA 261:87-a, an act relative to special number plates for vehicles driven by veterans, amending RSA261 by inserting after section 87-a the following new section:

261:87b Special Number Plates for Veterans.

The director is hereby authorized to issue special number plates to be used on motor vehicles owned by veterans of the United States armed services, in lieu of

PO Box 269, Somersworth, NH 03878 • Phone: 603-692-3955 • Email: RFHeon@aol.com
Justice of the Peace • Notary Public

other number plates. The design of these plates shall be determined by the commissioner, and shall be distinct from the design or designs of those plates issued under RSA 261:86. Such plates shall be issued only upon application and proof of honorable discharge from the armed services, as evidenced by submission of a copy of the applicant's DD214 verification of service form, and upon payment of a one time $25.00 fee to recover production and administrative costs that shall be in addition to the regular motor vehicle registration fee and any other number plates fees otherwise required. Renewals of such special number plates shall be charged the fee assessed for standard motor vehicles as prescribed under RSA 261:141.

2 Effective Date: This act shall take effect July 1, 2000.

HB505 as amended, honors all living veterans in the State of NH, who served in the United States Armed Services.

I am proud Veteran and member of the largest veterans' organization, the American Legion, with over 3 million members in approximately 16,000 American Legion Posts across the country. The American Legion was born at a caucus of the First Expeditionary Force in March of 1919, in Paris France. It was at this caucus that the American Legion received its name. At this time, the Preamble to the Constitution of the American Legion was put into final form. It states:

> For God and Country, we associate ourselves together for the following purposes;
> To uphold and defend the Constitution of the United States of America;
> To maintain law and order;
> To foster and perpetuate a one hundred percent Amercianism;
> To preserve the memories and incidents of our associations in the great wars;
> To inculcate a sense of individual obligation to the community, state and nation;
> To combat the autocracy of both the classes and the masses;
> To make right the master of might;
> To promote peace and good will on earth;
> To safeguard and transmit to prosterity the principles of justice, freedom and democracy;
> To consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

Today's veterans are associating themselves and getting involved in many different ways, serving our communities, our state and our nation. Our sense of individual obligation, which once prompted us to serve our country, keeps us active in our communities. Our activities include Children and Youth Projects, Veterans Affairs and Rehabilitation, Voter Registration Programs, Employment, Public Relations, Special Olympics, Boy Scouts, Boys State, Hospital Visitation, and Americanism, just to name a few. In fact, with over 125,000 veterans in the State of New Hampshire, I am confident in saying that veterans are involved in every aspect of our communities and our state.

On the national level, our representatives continue to reinforce our principles and beliefs - of justice, freedom and democracy for all. Because of the attacks and raids on veteran's benefits, our veterans groups are leading the way in exposing those representatives who vote against supporting veterans and community ideals.

Recently, here in NH, the Veterans who serve in the House have organized the NH Legislators Veterans Association. As I understand it there are over 170 veterans serving in the House today.

Fifty-six years ago plans were underway for the largest allied air and sea invasion of Europe. Recently, the hit film, "Saving Private Ryan" made the public aware of the horrors & brutality of war and the sacrifices made by those who served this great nation.

Without the sacrifices made by veterans, Americans would not have the level of peace and prosperity we enjoy today. Our State motto, "Live Free or Die" resonates itself in the veterans that live in NH.

On Memorial Day millions of Americans remember men and women who have served on battlefields near and far. For a brief moment in time we all stand still in the presence of true freedom and experience the reality of what the word "sacrifice" really means to veterans.

This special license plate is an opportunity to honor those veterans and their sacrifice every day of the year. Once again our veterans groups are united and are leading the way to honor its veterans.

There are many special plates in the State of New Hampshire; agricultural plates, farm plates, ski area plates, special numbered plates for disabled veterans, Purple Heart recipients and Pearl Harbor Survivors, special number plates for vehicles of blind veterans, plates for Prisoners of War, walking disability plates, National Guard and conservation plates. Yet, there is no plate to honor the NH veteran who served their country.

HB505 provides for special number plates for vehicles driven by all veterans of the armed services. I pray and urge the esteemed members of the Senate Transportation Committee to support HB 505 as amended.

I would like to take this opportunity to thank everyone who contributed to this presentation and who worked so diligently in supporting a special license plate for veterans of the United States Armed Services, who live in New Hampshire

Once again, thank you for your time and your support,

Richard F. Heon
Representative

Transportation Committee

HB 505 Hearing Report

TO: Members of the Senate

FROM: Susan Duncan
Legislative Assistant

RE: Hearing report on **HB 505** – ***AN ACT establishing a special license plate for veterans.***

HEARING DATE: April 4, 2000

Sponsor: Representative Heon, Straf. 14; PRIME
Representatives R. Berube, Cossette
Senators D'Allesandro and McCarley.

What the bill does: This bill provides for special number plates for vehicles driven by veterans.

Who supports the bill: Representative Heon
Representative Berube
Senator D'Allesandro
Senator McCarley
Representative Packard
Richard Brooks, District Commander, VFW
Representative Corsette
Representative Letourneau

Who opposes the bill: No one testified in opposition.

Summary of testimony received:

- This legislation provides for a special license plate for vehicles driven by American veterans.
- Currently, there are over 125,000 veterans in New Hampshire.
- There is no cost to the State for this legislation or the special plates.
- It is about time that we give recognition to all of our Veterans who have served our nation.
- The State recognizes those who received Purple Hearts, those who were POWs, those at Pearl Harbor.
- The Veteran plate would be a symbol of respect, dignity and honor to all who view it.
- Many other states have special license plates for Veterans.

Funding: The cost of the plates is designed to be covered by the fees. The legislation calls for a one time payment of $25.00 to cover production and administrative costs, in addition to any regular motor vehicle registration fees and any other number plate fees required by the State.

Action: The Committee suggested amending the bill to make them non-transferable in order to avoid the issue of spouses, children, etc. inheriting the plates. Senator Pignatelli made the motion of "Ought to Pass, As Amended." The motion was seconded by Senator Roberge. The vote was 4 to 0 in support of the "AA,OTP" motion. Senator Pignatelli will report the bill out of committee. [Committee amendment Number 2000-4057s]
