Rep. Kennedy, prime sponsor. Introduced the bill. He said it was a small bill. Last year, a similar bill was introduced. The Town of Webster's budget for the year is $1.5 million. The town lost revenue. This bill allows out-of-state officers to verify vehicle VIN numbers. The sponsor said if the committee needs more information, he would provide it. There were no questions by committee members.

☐ You have been charged with an offense for which no fine amount is shown on the fine schedule. You must still follow the instructions given on the back of the (pink) summons, but **do not** include any payment when you mail in your summons. If you decide to plead Guilty or No Contest, the Court will notify you of the amount of your fine by mail.

* Fine amounts represent the standard fine and penalty assessment normally imposed by the court. You may also be assessed additional fines or required to pay restitution if your offense involved taking certain wildlife species. Also, the Court may assess a different fine, may reject your plea and may order you to appear in person to answer to the offense charged. Fine is payable directly to the court. If you fail to pay your fine, a warrant for your arrest may be issued and your eligibility to receive licenses issued by the Fish and Game Department shall be suspended. (RSA 214:21 & RSA 214:19). If you fail to answer this summons, a misdemeanor complaint and arrest warrant will be issued for you.

Until recently in New Hampshire, because of our laws, only titling vehicles up to 15 years, it had been possible to send a bill of sale to a person in NH and have that person register the vehicle at their local municipality. Once registered, the NH person would send the registration back to any state in the United States where the vehicle could then be titled in that state. We had persons in this state registering thousands of vehicles per year for a fee when "none" of these vehicles ever saw the roads of this state. On many occasions, the NH State Police were called from another state with a stolen vehicle that had been traced back to this process. Three years ago we changed the law in NH to prevent the washing of titles in this state. This bill would restore the process of washing titles. This bill would also make the town clerks responsible for verifying the authenticity of an out-of-state vehicle identification number.

N.H.

Until recently in N.H. because our laws only titling vehicles up to 15 years, it ~~had~~ had been possible to send a bill of sale to a person in N.H. and have that person register that vehicle at their local municipal. Once registered the N.H. person would send the registration back to any state USA where the vehicle could then be titled in that state. We had people in this state registering 1,000's of vehicles a year for a fee when "none" of these vehicles every saw the roads

of this state. On many occasions the State Police were called from a ~~the~~ another state with a stolen vehicle that had been traced back to this process. Three years ago we changed the law in N.H. to prevent the washing of titles in this state. This bill would restore that process. (washing Titles) This bill would also make the town clerks responsible for verifying the authenticity of an out of state vehicle identification number. ~~Please support~~
