ANALYSIS

This bill establishes a choose life number plate trust fund, and a special motor vehicle license plate and associated fees, to support and promote New Hampshire adoptions.

Explanation: Matter added to current law appears in ***bold italics.***
Matter removed from current law appears [~~in brackets and struckthrough.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

HB 611-FN-A – AS INTRODUCED

03-0106
03/01

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Three

AN ACT establishing a choose life number plate trust fund, and a special motor vehicle license plate and associated fees, to support and promote New Hampshire adoptions.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 New Subparagraph; General Revenue Exceptions; Choose Life Number Plate Trust Fund. Amend RSA 6:12, I by inserting after subparagraph (lllllllll) the following new subparagraph:

(mmmmmmmmm) Moneys deposited in the choose life number plate trust fund under RSA 261:97-h.

2 New Subdivision; Choose Life Number Plates and Choose Life Number Plate Trust Fund. Amend RSA 261 by inserting after section 97-f the following new subdivision:

Choose Life Number Plates and Choose Life Number Plate Trust Fund

261:97-g Choose Life Number Plates.

I. The director is hereby authorized to issue special choose life number plates, in lieu of other number plates. The design of these special plates shall be determined as provided in RSA 261:97-j. The plates shall retain the "live free or die" logo. Such plates shall be issued only upon application and upon payment of a $25 fee that shall be in addition to the regular motor vehicle registration fee and any other number plate fees otherwise required.

II. The commissioner is also authorized to issue vanity choose life number plates. The fee for any such vanity choose life number plate shall be the fee as provided in RSA 261:97-g, in addition to the fees for vanity plates which are otherwise established by law. The vanity plate portion of the fee shall be distributed as provided in RSA 261:89 and RSA 263:52.

III. Plates shall be renewed on an annual basis for $25 per set. Of this sum, the department shall retain an amount as is necessary to recover production and administrative costs as approved by the fiscal committee of the general court. The remaining funds shall be paid to the state treasurer and distributed as provided in RSA 261:97-h. The cost of replacement number plates shall be identical to the cost of initial number plates and the revenue from replacement number plates shall be distributed in the same manner as revenue derived from initial number plates.

261:97-h Choose Life Number Plate Trust Fund.

I. There is hereby established a choose life number plate trust fund under the administration of the state treasurer. The fund shall be used for the promotion of adoption through grants to crisis pregnancy centers, maternity homes, and certain adoption agencies. The fund shall be nonlapsing. The state treasurer shall distribute the funds annually on July 1 as follows: funds shall be distributed to the

department of health and human services for distribution in $1,000 grants to adoption agencies or centers whose written applications under RSA 261:97-k are approved by the department of health and human services.

II. Each agency or center receiving funding from the choose life number plate trust fund shall establish a line item in their budget. Moneys received from the choose life number plate trust fund shall be in addition to any other sums appropriated through their regular means and shall not replace base funding received by any of these agencies or centers through their regular means. In addition, each agency or center that receives funds must submit to the treasurer an annual audit of the disposition of funds received from the choose life number plate trust fund, prepared by a certified public accountant.

261:97-i Use of Funds. The moneys in the fund shall be distributed as provided in RSA 261:97-h. The proceeds shall be used as follows:

I. Agencies or centers that receive the funds must designate 60 percent of the funds to provide for the needs of women in crisis pregnancies who are committed to placing their children for adoption, including clothing, housing, medical care, counseling, food, utilities, and transportation. Such funds may also be used on infants or children awaiting placement with adoptive parents.

II. The remaining 40 percent may be used by the agencies and centers for adoption expenses, counseling, training, and advertising, but may not be used for administrative expenses, legal expenses, or capital expenditures.

III. No funds received from the choose life number plate trust fund may be used for the employment of full-time or part-time state employees.

IV. No funds received from the choose life number plate trust fund shall be given to any agency or center that is involved in or associated with abortion advocacy or activities, including, but not limited to, counseling for abortion or referrals to abortion clinics, providing medical abortion-related procedures, or pro-abortion advertising or advocacy, and funds shall not be given to any agency or center that charges women for services received.

261:97-j New Hampshire Choose Life Number Plate Advisory Committee; Duties; Meetings.

I. A New Hampshire choose life number plate advisory committee is hereby established. The choose life number plate advisory committee shall be composed of the following:

(a) The commissioner of health and human services, or designee.

(b) The members of the executive council.

(c) The commissioner of safety, or designee.

(d) Two house members appointed by the speaker of the house of representatives.

(e) Two senators appointed by the president of the senate.

II. The first appointed house member shall act as chairperson of the committee.

III. The committee shall:

(a) Jointly determine the plate design with final approval by the commissioner of safety. The commissioner of safety shall establish a numbering system and method of distribution.

(b) Register the design with the secretary of state. The commissioner of safety, with the approval of the governor and council, shall have the authority to enter into contractual arrangements for the commercial use of the choose life plate design. Any royalties derived from such contracts shall be deposited into the choose life trust fund created under RSA 261:97-h.

(c) Monitor the implementation of the program through an annual evaluation of funds granted and spent in accordance with RSA 261:97-i.

IV. The committee shall meet at least annually, but more often if necessary. The members shall serve without compensation, except that legislative members of the committee shall receive mileage at the legislative rate. The committee chairperson shall appoint a secretary from within the committee to keep a detailed record of all proceedings.

V. Any vacant position shall be filled by the appropriate authority.

VI. It shall be the duty of legislative members of the committee to initiate appropriate legislation to ensure that the purposes and goals of the choose life number plate program are being achieved.

261:97-k Applying for and Receiving Funds from the Choose Life Number Plate Trust Fund.

I. To apply for and receive the funds available through the choose life license plate trust fund, an organization shall deliver to the department of health and human services an affidavit signed by a duly appointed representative of that organization that states the following:

(a) The organization is a nonprofit organization;

(b) The organization does not discriminate for any reason, including, but not limited to, race, marital status, gender, religion, national origin, handicap, or age;

(c) The organization counsels pregnant women who are committed to placing their children for adoption;

(d) The organization does not charge women for service received;

(e) The organization understands that 60 percent of the funds received by the organization can only be used to provide for the material needs of pregnant women who are committed to placing their children for adoption, including clothing, housing medical care, food, utilities, and transportation. Such funds may also be expended on children awaiting placement with adoptive parents. Forty percent of the funds may be used for adoption counseling, training, and advertising;

(f) The organization understands that no funds may be used for administrative expenses, legal expenses, or capital expenditures;

(g) The organization understands that any unused funds at the end of the fiscal year that exceed 10 percent of the funds received by the organization during the fiscal year must be returned to the choose life license plate trust fund; and

(h) The organization understands that each organization that receives such funds must submit to an annual audit of such funds verifying that the funds received were used in the manner prescribed by RSA 261:97-i.

II. Funds may not be distributed to any organization that is involved or associated with abortion activities, including but not limited to: counseling for or referral to abortion clinics, providing medical abortion-related procedures, or pro-abortion advertising, and funds may not be distributed to any organization that charges women for services received.

III. Sixty percent of the funds received by an organization can only be used to provide for the material needs of pregnant women who are committed to placing their children for adoption, including clothing, housing, medical care, food, utilities, and transportation. Such funds may also be spent on children awaiting placement to adoptive parents. Forty percent of the funds may be used for adoption, counseling, training, or advertising, but may not be used for administrative expenses, legal expenses, or capital expenditures.

IV. Each organization that receives funds shall submit to an annual audit of such funds verifying the funds received were used in the manner prescribed in this section.

V. Grants shall be distributed to applicants approved by the department of health and human services in the order the applications are approved. Each grant shall be for $1,000. An agency or center may apply for a subsequent grant once it has spent at least 95 percent of the money received in its previous grant. To re-apply, the center shall submit a new application accompanied by an accounting of how the previous grant funds have been used.

261:97-l Plate Use. Plates may be used on passenger motor vehicles and recreation vehicles.

261:97-m Termination of Choose Life Plate Program. If, in any 2-year period, fewer than 6,000 choose life number plates are issued, the commissioner is authorized to cancel the choose life number plate program. The commissioner shall certify the date of termination to the secretary of state and the treasurer. Following termination, grants shall continue to be made under RSA 261:97-k until the funds remaining in the choose life number plate trust fund are exhausted.

3 Effective Date. This act shall take effect July 1, 2003.

03-0106

HB 611-FN-A - FISCAL NOTE

AN ACT establishing a choose life number plate trust fund, and a special motor vehicle license plate and associated fees, to support and promote New Hampshire adoptions.

FISCAL IMPACT:

Due to time constraints, the Office of Legislative Budget Assistant is unable to provide a fiscal note for this bill at this time. When completed, the fiscal note will be forwarded to the House Clerk's Office.

LBAO
03-0106
Revised 2/20/03

HB 611 FISCAL NOTE

AN ACT establishing a choose life number plate trust fund, and a special motor vehicle license plate and associated fees, to support and promote New Hampshire adoptions.

FISCAL IMPACT:

The Department of Safety has determined this bill will increase state restricted revenue and expenditures by $125,000 in FY 2004 and each year thereafter. There will be no fiscal impact on county and local revenue or expenditures.

METHODOLOGY:

The Department stated this bill will establish special choose life number plates. The annual fee will be $25, in addition to the normal registration and plate fees already established. Although the number of persons who will choose to purchase these plates is unknown, the Department will use for this purpose the minimum number of plates for any new issue of 5,000 pairs. The Department estimates that the minimum startup cost for any new plate issue is $30,000 for various items, such as computer time, planning time, artist fees, special printing, handling, and accounting. In addition, the cost to manufacture the minimum issue of 5,000 pairs of plates is approximately $67,500, for a total minimum cost of $97,500. If only these plates will be issued and renewed, then additional manufacturing costs will only occur in the first year. Future years will show only additional revenue from renewals. The Department calculated annual restricted revenue of $125,000 ($25 x 5,000 plates) beginning in FY 2004. However, the Department assumes that all of the net revenue will be expended as grants to agencies or centers, therefor, the annual net state revenue will be zero.

Amendments

Rep. Itse, Rock. 80
February 12, 2003
2003-0283h
03/01

Amendment to HB 611-FN-A

Amend RSA 261:97-h, II as inserted by section 2 of the bill by replacing it with the following:

II. Each agency or center receiving funding from the choose life number plate trust fund shall establish a line item in their budget. Moneys received from the choose life number plate trust fund shall be in addition to any other sums appropriated through their regular means and shall not replace base funding received by any of these agencies or centers through their regular means. In addition, each agency or center that receives funds must submit to the treasurer an annual audited financial statement of the disposition of funds received from the choose life number plate trust fund, prepared by a certified public accountant.

Amend RSA 261:97-i, I-II as inserted by section 2 of the bill by replacing them with the following:

I. Agencies or centers that receive the funds must designate 60 percent of the funds to provide for the needs of women in crisis pregnancies who are planning to place their children for adoption, including clothing, housing, medical care, counseling, food, utilities, and transportation. Such funds may also be used on infants or children awaiting placement with adoptive parents.

II. The remaining 40 percent may be used by the agencies and centers for expenses, counseling, training, and advertising related to adoption, but may not be used for administrative expenses, legal expenses, or capital expenditures.

Amend RSA 261:91-k, I-IV as inserted by section 2 of the bill by replacing them with the following:

I. To apply for and receive the funds available through the choose life license plate trust fund, an organization shall deliver to the department of health and human services an affidavit signed by a duly appointed representative of that organization that states the following:

(a) The organization is a nonprofit organization;

(b) The organization does not discriminate because of race, marital status, gender, religion, national origin, handicap, or age;

(c) The organization counsels pregnant women who are planning to place their children for adoption;

(d) The organization does not charge women for service received;

(e) The organization understands that 60 percent of the funds received by the

organization can only be used to provide for the material needs of pregnant women who are committed to placing their children for adoption, including clothing, housing medical care, food, utilities, and transportation. Such funds may also be expended on children awaiting placement with adoptive parents. Forty percent of the funds may be used for expenses, counseling, training, and advertising related to adoption;

(f) The organization understands that no funds may be used for administrative expenses, legal expenses, or capital expenditures;

(g) The organization understands that any unused funds at the end of the fiscal year that exceed 10 percent of the funds received by the organization during the fiscal year must be returned to the choose life license plate trust fund; and

(h) The organization understands that each organization that receives such funds must submit to an annual audited financial statement of such funds verifying that the funds received were used in the manner prescribed by RSA 261:97-i.

II. Funds may not be distributed to any organization that is involved or associated with abortion activities, including but not limited to: counseling for or referral to abortion clinics, providing medical abortion-related procedures, or pro-abortion advertising, and funds may not be distributed to any organization that charges women for services received.

III. Sixty percent of the funds received by an organization can only be used to provide for the material needs of pregnant women who are planning to place their children for adoption, including clothing, housing, medical care, food, utilities, and transportation. Such funds may also be spent on children awaiting placement to adoptive parents. Forty percent of the funds may be used for adoption, counseling, training, or advertising, but may not be used for administrative expenses, legal expenses, or capital expenditures.

IV. Each organization that receives funds shall submit to an annual audited financial statement of such funds verifying the funds received were used in the manner prescribed in this section.

Rep. Itse, Rock. 80
February 12, 2003
2003-0286h
03/01

Amendment to HB 611-FN-A

Amend the bill by inserting after section 1 the following and renumbering the original sections 2-3 to read as 3-4, respectively:

2 New Paragraph; Number Plates; Design of Special Number Plates. Amend RSA 261:75 by inserting after paragraph II the following new paragraph:

III. Any special number plates established by law on or after the effective date of this paragraph shall be designed so that the background, including the state name and motto, and the placement of numbers shall be the same as on regular number plates.

2003-0286h

AMENDED ANALYSIS

This bill establishes a choose life number plate trust fund, and a special motor vehicle license plate and associated fees, to support and promote New Hampshire adoptions. This bill also establishes design criteria for special number plates.

Hearing Minutes

HOUSE COMMITTEE ON TRANSPORTATION

PUBLIC HEARING ON HB 611-FN-A

BILL TITLE: establishing a choose life number plate trust fund, and a special motor vehicle license plate and associated fees, to support and promote New Hampshire adoptions.

DATE: February 19, 2003

LOB ROOM: 201-203 **Time Public Hearing Called to Order:** 9:16

Time Adjourned: 10:52

(please circle if present)

Committee Members: Reps. Packard, J. Flanders, G. Katsakiores, Bartlett, Kobel, Letourneau, Artz, Bergeron, Dewhirst, Mosher, M. Allen, Hollinger, Scanlon, J. Sullivan, P. Cote, Ferland, Casey, Creteau, Haley and Rollo.

Bill Sponsors: Rep. Itse, RmElroy, McHugh, Gonzalez, Easson

TESTIMONY

* Use asterisk if written testimony and/or amendments are submitted.

Rep. Itse, Sponsor - introduced the bill. He has an amendment to the bill on language changes. He went on to explain what he wanted the bill to do and where he expects the money to go.

Rep. Easson, Sponsor: He introduced his support for this bill. He was asked about the funding part of the bill. Answer was his opinion.

Janice C. Lessard, representing Bethany Christian Service – Supports the bill. She was asked if other avenues had been used to advertise adoption. Her reply "not enough."

Helen M. McPhillips, pro-life. Spoke **in favor** of the bill.

Ruth Bramford – Support bill.

William Byrne, Immaculate Heart of Mary Church – Supports bill.

*** Margaret Drye, Grace Children's Home – support bill - Written Testimony**. Thinks we need a high profile of adoptions.

Steve Varnum – Opposed. Considers bill a wolf in sheep's clothing. He spoke about himself as an adoptee and the adoption group he attends regularly. His group felt the bill was being used as an anti-abortion issue. He said an amendment should be offered dealing with adoption services only.

Rep. Kevin Waterhouse – Support.

Rep. Claire McHugh, Support.

Claire Ebel, NH Civil Liberties Union – Opposed. License plate should not become billboards for opinions. State funds cannot be given to unlicensed groups.

Kurt Whuelper – Support.

*** Joan Espinola, Choose Life NH – Written Testimony**. Passed out packets. Passed in petitions in support.

Rep. Gonzales – Support.

Valerie Sharp, NH Teen Life Assoc – Support.

*** Conni Spancake, CareNet Preg. Center, Plymouth, NH – Support – Written Testimony.**

Donna Schlachman, Adoptive Parent – Opposed - Supports adoption but not this bill. This isn't about the funding but about getting an opinion out there.

*** Rep. Harriet Cady, Dist. 73 – Support – Written Testimony**. She read a letter from Rep. Souza who supports the bill.

Charles Espinola, Jr. – Support.

*** Braunda Butt, Care Net Pregnancy Center of Manchester & Nashua – Support – Written Testimony.** She said she was under the impression that it was a pro-adoption plate, doesn't support design shown saying choose life.

Carol Righini, Support.

Charles Espinola, Support.

*** Wendy Whiteside – Support – Written Testimony.**

Warren Goddard, NH Right to Life – Support.

Ellen Kolb, Support.

*** Jennifer Frizzell, Planned Parenthood Lobbiest – Opposed – Written Testimony**. Would entangle the state of NH around the abortion issue. People who feel strongly about this should donate the money to adoption agencies.

OPINION – NOT SPEAKING:
Barbara J. Hagan, Rep. Dist. 50 Hills – PRO
Rep. Phyllis Woods, Dover 749-2177 – PRO
Patricia Yosha, Exeter, 772-3782 – CON
Ellen Graham, Rochester – 335-1844 – CON
Alfred Righini, Salem – PRO
Rep. Fran Wendelboe – Dist. 29 – PRO
Rebecca Barson, Concord – CON
Rep. Janet Allen, Barnstead – CON
Valerie Sharp, Manchester – PRO
Georgeen Day, Hampstead – PRO
Mark Macri, Somersworth – PRO

Respectfully submitted,

Brenda L. Ferland

Re: HB 611

To the members of the Committee:

We at Grace Children's Home are happy to see some high profile promotion of adoption in this state.

We have examined HB 611 and found that the requirements for receiving any of the money generated by the Choose Life licenses are not too stringent, and that we would meet all the requirements. Because we are a privately funded organization, however, we have not yet decided whether we would apply for such moneys. We would like to see them available for other facilities, though.

If the state of New Hampshire does decide to allow these license plates, we believe it will have chosen a worthy and honorable cause to promote.

Please support HB 611.

Sincerely,
Margaret M Drye

Here are some reasons

to support Grace Children's Home.

Isn't One Enough?

Meet Nakita - she's our latest arrival! Matthew came in July of 2001 and Eliana was with us last winter. We believe they all have a great future and hope! Rough beginnings in life don't have to translate into rough endings. We are making a difference!

Matthew

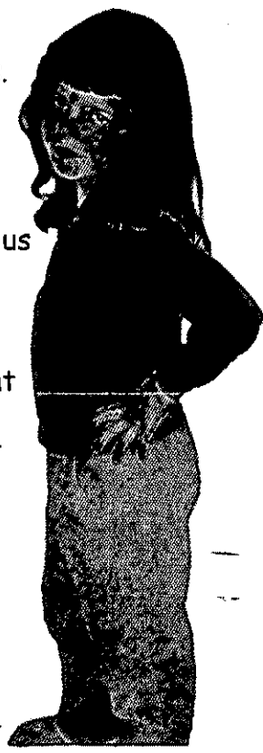

To date, all of our children have come via Bethany Christian Services. Last month, we met with Mark Simino who places children for the State of NH. He was excited about what we are trying to do. Our sources are expanding!

In the beginning of this project, over 500 donors partnered with us to raise the necessary funds to purchase a Home. Now that the children are here, would you please consider supporting us again? On a regular basis? It costs taxpayers, on average, $6,117 per child per year in foster care. And that's just the average payment given to foster care parents in 1997 dollars. When you factor in other government costs, the average rises to $11,682 (It's $14,626 for NH). Seems like a lot to me. At Grace Children's Home, we aren't using taxpayers' money. We believe more private charity must be encouraged to help solve this national crisis. We are demonstrating that people do care, and that love can bring healing and hope to a child's life.

Eliana

We're out here on the front lines, and we need your support and prayers. Together, great things are possible! It does cost to care for the needs of children, but isn't it more costly to ignore the problem? Remember, some of our greatest leaders had rough starts. But somebody cared! Please help us do the same.

Nakita

Our love to you and yours,

Keith Mark

Testimony in opposition to

HB 611-F-A
(Choose Life License Plates)

Rep. Janet Allen
161 Colbath Road
Ctr. Barnstead, NH 03225
(603) 269-6313

Thank you Chair Packard and members of the Transportation Committee for reading my written testimony in opposition to HB 611.

My name is Janet Allen and I live in Ctr. Barnstead, NH. I am writing in opposition to the Choose Life License Plate bill that is presently before you. The numerous reasons are as follows:

- As an adult adoptee, I take offense to the fact that this bill uses adoption as an excuse for a pro-life license plate. It is my opinion that if this were truly an adoption issue, then there would be no objection to the 'Choose Adoption' wording. Since there has been adamant objection to that wording, then I must assume that this is strictly a pro-life license plate and it should be debated on that basis alone.

- Florida and Louisiana have both been involved in lengthy and costly lawsuits due to these license plates. Does NH want to expend that kind of money for something as controversial as this? I feel that it would be a waste of taxpayer's money when we can least afford it.

- Will NH be willing to allow vanity plates to all groups who want them? Do we want to use license plates for something that could easily be displayed on a bumper sticker?

- What would happen to the young woman who accepted funding help for clothing and food, but later decided to keep her child? The disbursement of funds under this bill does not allow a helping hand to those women who decide to keep their babies.

If this bill was being brought forth as a pro-life license plate bill, then I would let it be argued on it's own merits but I strongly object to the use and abuse of adoption within this bill. Please give careful consideration to the use of license plates as bumper stickers in the State of New Hampshire.

Thank you,
Janet Allen

February 16, 2003

Chair, New Hampshire House, Transportation Committee

SUBJECT: HB611

I am writing in favor of HB611. I have volunteered as a fund-raiser for a local crisis pregnancy center for many years. Three years ago I joined the Board of that organization and, in my role as personnel manager, I am aware of the difficult situations in which pregnant women often find themselves.

Crisis pregnancy centers are non-profit organizations whose mission is to cater to women experiencing crisis pregnancies. Staff members interact with these women and try to "meet them where they are". I believe money raised from the 'Choose Life' license plate would help these centers to do a more effective job. Most women we see cannot care for themselves and can't imagine assuming the costs of a baby. Funds from these plates would allow us to help women who would like to put their babies up for adoption. Since this money would come from people who choose to buy the 'Choose Life' license plates, this will not place a burden on individuals or on state government.

Please vote to pass HB611. I believe it will make a difference in the life of a woman in crisis.

Thank you,

Jo-Ann Vatcher RN

February 18, 2003

Chair, New Hampshire House, Transportation Committee

SUBJECT: HB611

I am writing in favor of HB611.

When we decided to offer conservationists the ability to use their license plates as a means of expressing their support and raising money for that cause, wew opened the door for other gorups to utilize that same mechanism.

Now, people who want to see mor babies adopted come before you with a similar request. In both cases the cause is one generally believed to be worthy. Just as we all know the importance of conserving our natural resources, we recognize the importance of providing loving homes for children with none.

Approval of the "Choose Life" plate is not an endorsement of any postion by the state. It simply gives those who strive to protect children the same opportunity we already give to conservationists. It is a simple matter of equal treatment to allow the "Choose Life" plate. To deny this request is to discriminate against adoption advocates by denying them the same opportunity given to conservationists. Such denial would be in violation of the fourteenth amendment's guarantee of equal treatment before the law.

As with the "Moose" plate, money would come from people who choose to buy the "Choose Life" license plates, this will place no burden on individuals or on state government.

Please vote to pass HB611. I believe it will make a difference in the lives of many children and the adopting parents.

Thank you,

Kurt Wuelper

HB 611-FN-A

This bill is about Adoption. Adoption is a good choice for a baby who may be unwanted as a result of an unplanned pregnancy.

When a woman finds herself in an unplanned pregnancy, she desperately needs to talk with people who can show her compassion, provide her with facts, and offer her solutions. Receiving news of an unplanned pregnancy produces extreme emotional upheaval for women. Maybe the father of the baby is unsupportive in giving his child life and maybe the woman's family disagrees. A pregnancy care center that promotes adoption and supports women could be the only "light" during this crisis.

This bill will provide funds that will give women an opportunity to be cared for throughout their entire pregnancy if they choose adoption. They will be involved with compassionate, trained people who can guide them through the adoptive process.

There is a need in our society and indeed in New Hampshire for adoption awareness and education, because it seems to be a very rare choice women make today. Most seem to want to keep their baby or kill it. But adoption is a Win Win Win situation. The baby is given life, the mother gains a relationship with her baby, and the adoptive couple gets the long-awaited addition to their family. We need to pass this bill so that money can be made available to aid adoption agencies and pregnancy care centers in promoting adoption.

The "Choose Life" license plate program gives New Hampshire residents an opportunity to support adoption. I urge you to pass this bill.

2/18/03

Dear Members of the Transportation Commission:

I am writing in support of a 'Choose Life' license plate.

Living in a culture of death, a 'Choose Life' license plate would make a positive statement for life.

Life is precious and sacred from the moment of conception until natural death, therefore, if only one person is inspired by the words, 'Choose Life' to choose life, the license plate will be a success.

Thank you.
Sincerely,
Helen M. McPhillips

NARAL-NH
Reproductive Freedom & Choice

TO: House Transportation Committee
FROM: Laura Thibault, NARAL-NH
RE: HB611-FN-A
DATE: February 19, 2003

Mr. Chairman and Members of the Committee:

My name is Laura Thibault, and I am the Executive Director of the National Abortion and Reproductive Rights Action League of New Hampshire (NARAL-NH). I am providing testimony on behalf of our 2,500 members statewide to express our opposition to HB611-FN.

Our greatest concern with this bill is with the proposed beneficiary of the proceeds from the sales of these specialty plates. HB611-FN-A states that a portion of the proceeds would be dispensed to crisis pregnancy centers. Crisis pregnancy centers often do not provide adequate counseling on the full range of reproductive options, including abortion, and use anti-abortion propaganda, misinformation, and intimidation to dissuade women from exercising their right to choose.

While the purported intent of the bill is to promote and support New Hampshire adoptions, a cause that we wholeheartedly support, we do not believe dissuading women through intimidation and misinformation solely with the intent to prevent them from choosing abortion is a productive way to promote adoption.

Women faced with an unintended pregnancy have the right to comprehensive, reliable, and unbiased information about all of their reproductive health options — as well as the right to know when such balanced information will not be provided. Only when women have comprehensive and reliable information about all of their reproductive options can they make informed and appropriate decisions about their reproductive health.

Other concerns regarding HB611-FN-A include constitutional deficiencies and the risk to public safety. License plate legislation has been the subject of constitutional challenge in three states (SC, FL and LA) on the grounds of "viewpoint discrimination" (absence of an alternative forum for expressing an opposing viewpoint), and religious discrimination (state is prohibited from promoting one religious message over another).

The proposed legislation if passed may also present a risk to public safety. Drivers may be incited by the controversial political message of the license plates, and this could potentially cause traffic hazards and/or vehicle vandalism or damage.

As long as the debate over abortion continues, those on both sides of the debate should stick to bumper stickers.

Planned Parenthood® of Northern New England

SERVING MAINE, NEW HAMPSHIRE AND VERMONT

HB 611 establishing a "Choose Life" license plate

Position: OPPOSE
Committee: House Transportation
Hearing Date: February 19, 2003
Contact: Jennifer Frizzell, Public Affairs Director

HB 611 would inappropriately entangle the state government in the issues of abortion and reproductive choice. New Hampshire has a long tradition of keeping the government out of personal medical decisions regarding childbearing. Unintended pregnancy is a complicated family issue that will not be resolved by a simplistic political message. "Choose Life" is a well-known slogan of the anti-choice movement and organized groups seeking to restrict or outlaw access to abortion services.

HB 611 would allow New Hampshire's license plate to be used as a billboard for the political views of all private special interest groups. If the state were to authorize the development of specialty license plates to promote the message of one issue advocacy group, then the freedom of speech provisions of the U.S. Constitution require that all similar groups must be given equal access to the same forum for competing messages. Passing HB 611 opens the door to an endless number of affinity groups and political interests using the license plate to promote their cause. Bumper stickers are a more appropriate means to accomplish this end.

HB 611 and other specialty license plates would place increased burdens on law enforcement personnel. Police departments and safety officials oppose specialized license plates because they make identifying vehicles more difficult, create a threat to public safety, and place an additional burden on the Department of Safety to coordinate the issuance, manufacture and record-keeping for each type of specialty plate.

HB 611 is unnecessary to promote support for New Hampshire's adoption programs. Individual NH citizens who want to provide financial / charitable support to adoption agencies or to services for pregnant women do not need legislation to do so. Many worthy organizations currently provide services to women facing unintended pregnancy and accept charitable support from community members.

Please vote "No" on HB 611

Testimony of Wendy E. Whiteside

February 19, 2003

To the Transportation Committee

I am present here today and writing this letter in support of the "Choose Life" license plate. I am a life long resident of the State of New Hampshire. I was adopted.

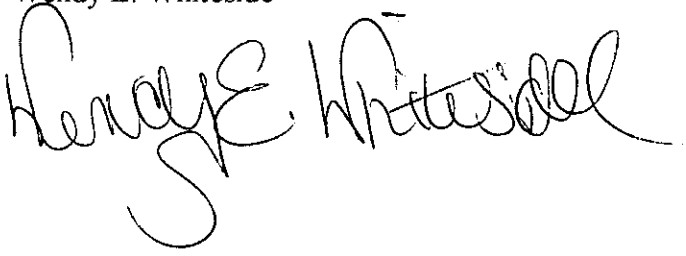

'Adoption has significantly enriched my life.' I *cannot imagine* what my life would have been like if my biological mother was not aware of adoption. Also, my parents awareness of adoption has also enriched my life. As an adopted adult I hope *all* will see the significance of adoption for *all* people. I support the license plate in the hope it will help others to be aware of adoption. Awareness for other young women like my biological mother to know adoption is possible for them and their children. Which I believe is significantly important to many people.

My support includes awareness of adoption for childless adults to become aware of adoption and for the children who are in need of a loving home.

Thank you for your time and courtesy.

Sincerely yours,

Wendy E. Whiteside

Immaculate Heart of Mary Church 180 Loudon Road, Concord, New Hampshire 03301 (603) 224-4393

February 19, 2003

RE: HB 611-FN-A – "Choose Life" license plate and trust fund to support and promote New Hampshire adoptions.

Dear Members of the New Hampshire Transportation Committee,

As an organization that understands life is the fundamental condition, a sacred reality, entrusted to us to be preserved with a sense of responsibility, Immaculate Heart of Mary Church supports House Bill 611-FN-A and urges you to vote in support of it.

There are often tremendous pressures that drive women to the abortion choice; lack of support from the father, belief parents will be embarrassed and disappointed, careers that cannot accommodate the demands of raising a child, peers who through misguided reasons think the best option is to hide what has taken place, etc. It is self-evident that no woman should be forced to choose an abortion because she feels she has no other choice.

House Bill 611-FN-A provides a funding mechanism to generate money needed to make adoption a realistic choice for women faced with an unplanned crisis pregnancy. It does not infringe upon a women's right-to-choose, but instead increases her options. Although opponents may feel it is state-sponsorship of a political message, in reality it is the person buying the plate that is sending the message. The legislative process remains unchanged and available to anyone wanting to establish a different specialty plate.

Thank you for your consideration and please vote in support of HB 611-FN-A.

Sincerely,

William Byrne

RE: Adoption License Plates
February 19, 2003
Legislative Office Building Concord, NH

My name is Braunda Butt. I am the Executive Director of The Care Net Pregnancy Center of Manchester. I have been asked to speak for License plates that advocate adoption, and potentially raise funds for adoption in the State of New Hampshire. The reason I was asked is most likely because I work with young women each day at the Care Net Pregnancy Center in Manchester. Our mission is to provide information, support and assistance to women who are experiencing crisis pregnancies. We have been doing this since 1985; long enough to get a broad picture of how this crisis affects the women and the babies that come through such a crisis. Our services include information about adoption, referrals and support for any woman who might desire to make an adoption plan. We do not provide adoption services, and thus have little to gain from providing this information, except to know that we have provided her with complete and diversified information about her options. And knowing this we know we have helped her make a thoughtful and informed decision about her future and that of her child.

In the 13 years that I have been on staff in Manchester, we have seen just a "few" adoption plans made. It seems that adoption is rarely chosen today, as it requires an unselfish and mature choice at a time when self- preservation and avoidance of discomfort are preeminent in the life of a woman in crisis. This is the initial state of most women in a crisis pregnancy. Our services encourage her to explore and think about her choices that will dictate a future, and an outcome, not just grab the first and seemingly easy thing. Adoption is definitely not an "easy thing", but is often the most positive choice a woman can make. Yet it is the least "popular"

Adoption allows her to pursue earlier goals, and plans. It frees her from financial and emotional burdens of parenting. It allows her to resume her life as before pregnancy, and still be responsible to the child that has been conceived. It fulfills the fact that there are no unwanted children, as there are about as many desiring to adopt, as there are children potentially available from women who are making the choice to terminate a pregnancy. Adoption enables a young woman the opportunity to make a loving choice toward her child, and not suffer the oft-experienced emotional trauma associated with abortion. She may make a choice that "benefits all". She can move forward, with her head held high. She is free to start over, the baby is placed in the loving arms of waiting homes, and the homes waiting receive the greatest gift there is.

You may say, what about the emotional trauma of adoption? What about that loss? What about the pain associated with this "unnatural " decision? Well, I have witnessed that those who choose adoption, generally fair better, and have a higher level of coping in the crisis, then those who make other choices. It is simply not true that adoption is more traumatic than abortion or single parenting. Is it more unnatural to release a child into the hands of a family ready and able to give all to parenting, than to expect a child to raise a child. What is natural about a women abandoned by the man who fathered her child?

Adoption encourages taking responsibility for ones actions, and yet choosing the best for **all** who are affected by the circumstance. Other choices don't always take into consideration **all** who are affected. Choosing to be a single parent, or an unprepared parent can have tragic and expensive outcomes for the individuals involved and for society at large.

We see this each day at the Center, as we watch young women try to cope with the challenging circumstances of an unplanned pregnancy. It is not that a young woman cannot cope well, and rise to this challenge, because she can, and we see so many who do. But so many languish in poverty, abuse, dependency, disappointment and heartache. Their children grow up handicapped by the circumstances thrust upon them. And the generation in crisis produces another generation of crises.

Adoption has the potential to stop this cycle. I believe that adoption has gotten negative press in the last thirty years. It seem we only hear the "horror" stories. But there are thousands of success stories that hold up the view that all gain from this choice. **The results of this choice are touching, redemptive, and empowering for the biological parents as well as their offspring, never mind the families that receive them.** I encourage our society to find ways to further expose and encourage the true benefits of this choice.

The license plates will at the least bring the word before us. The cost and potential return of funds will enable adoption facilitators and advocates to make adoption more available. Advertising and assistance can increase in an arena that tends to be a not-for-profit effort. Adoption can be expensive for those who might desire to adopt, and these folks are willing to sacrifice in order to love a child. This source of funds may subsidize the cost of adoption, and also the needs of birth parents as they walk through the process..

I am personally grateful for one adoption plan made a long time ago! My 15-year-old birth mother released me unselfishly so she might finish her childhood, and I might have a childhood. Sometimes I can, with my imagination, crawl into the womb of a young woman, and languish over what she will go through in the future because of me. But it is more natural for me to imagine the freedom gained after making an adoption plan; to grow up, truly understanding the gravity of sexuality and birth, choosing to wait till she is ready and my good fortune to be received into a strong and mature home, ready for all the challenges of parenting. That's safer for me. Thank you.

ROOM 201-203 9:00 a.m.

State of New Hampshire

HOUSE OF REPRESENTATIVES

CONCORD

February 19,2003

Dear Mr. Chairman and Members of the
Committee on Transportation:

This is a request to ask your favorable consideration of HB 611-FN-A, establishing a "choose life" number plate trust fund and a special plate and associated fees to support and promote New Hampshire adoptions.

Broad public support, success in other states, and the need for such a program as this will be topics you will hear about during the public hearing. That sixty percent of allocated monies will help women in crisis pregnancies who wish to place their babies for adoption and the other forty per cent will help with adoption expenses - with no monies to salaries or administration - means that adoption will become a reality for more New Hampshire couples. Now, as we all know, prospective parents, with the means, travel half-way across the globe and spend thousands of dollars to have a family. Most couples are left out of the adoption possibility. With encouragement and assistance, many young women would - and have in other states - embraced the concept of choosing life for their children and allowing these babies they cannot or do not wish to raise (for whatever reason) to be born and have good homes.

Please vote "ought to pass" on HB 611.

Sincerely,

Kathleen Souza

HB611

I, Linda Trask, am the Executive Director of the Care Net Pregnancy Center of the Lakes Region and am writing in favor of HB611.

Please vote to pass HB611.

Our agency is non-profit and we help women in crisis pregnancies who usually have nowhere else to turn for counseling and support. This Center receives no federal funds, no state funds and no local funds. The Center operates on donations of caring people. When the "Choose Life" license plate bill passes, it will give us more resources to help women in crisis pregnancies who want to make an adoption plan for their children. We see this bill as a good way to raise money, since taxes are not involved and the people buying the plate would be doing so because they choose to.

Sincerely,

Linda S. Trask

February 17, 2003

To whom it may concern:

On behalf of the Pregnancy Resource Center of the Monadnock Region, I am writing to express our support for HB 611, to establish a Choose Life trust fund and license plate for the state of New Hampshire.

We are a non-medical, confidential information service that provides services including free pregnancy tests, options counseling, material assistance for new mothers and fathers and their babies, and post-abortion support. Whenever a woman comes in for a pregnancy test or for options counseling, we share information with her regarding adoption, and we are available to assist her with the referral process and with questions she may have. We do not arrange adoptions or receive any funding for adoptions, but we are committed to informing our clients about this loving choice that may be the right one for their situation.

We hope that you will pass HB 611 and allow people in New Hampshire the opportunity to support adoption through selecting this license plate and supporting the trust fund, which will raise public awareness of the state's programs and allow it to bring more babies and families together. Thank you for your consideration.

Sincerely,

Ruth Annette Pack, Chairman
Pregnancy Resource Center Board of Directors

To Department of Transportation Committee

Re: Choose Life License Plates HB611

I am in favor of Choose Life License Plate HB611. I believe it is an excellent way for the citizens of New Hampshire who support *adoption*, to voice their opinion. The funds raised from these plates will assist those, who most often are the people of greatest need in our society. This HB611 is a compassionate way of assisting those who are in need.

Since a precedent has already been established with the 'Moose' plates, HB611 will not be paving new territory but merely allowing the citizens of New Hampshire, who support '*adoption*', a means of supporting their belief, as is the case with the 'Moose' plate.

I am asking the department of Transportation Committee members to approve the passage of HB611.

Sincerely,

C. J. Espinola

Re: HB 611, "Choose Life Number Plate"

Dear Transportation Committee Chairperson & Members,

I appreciate that you are taking a few moments to read this letter. I am in favor of the passage of this bill and I would like to tell you why I believe that it should be passed.

First, you may remember that in the early days of his administration, President George W. Bush and First Lady Laura Bush announced a new initiative to increase nation-wide public awareness of adoption and encourage Americans to consider adopting children in foster care. Hollywood actor, Bruce Willis was named the national spokesperson for children in foster care. A national website was launched focusing on children waiting to be adopted.

In NH today, we are considering HB 611, establishing a "Choose Life" vanity plate. The revenue collected from the purchase of these purely optional plates will be used to aid needy mothers in Crisis Pregnancy Centers, Maternity Homes and certain adoption agencies. The children of these mothers, as well as other children already awaiting adoptive placement in foster care, will be the direct beneficiaries. The display of this vanity plate on NH's motor vehicles will speak of *our* own state's commitment to the welfare of children and their families, *our* way of promoting adoption awareness, and *our* response to the above mentioned federal initiative.

It is my understanding that 3 other states already have "Choose Life" vanity plates and 15 other states are at some stage of getting such plates. Florida has raised over $1,000.000.00 by the sale of these plates in two years! The idea works!!

As an adoptive mother, I support HB 611 and I hope for the sake of children in the state of NH, that you will too.

Thank you,

Mrs. Patricia S Rizkallah

Mrs. Patricia S. Rizkallah

2 SEARLES ROAD
WINDHAM, NEW HAMPSHIRE 03087

2/13/03

Testimony on behalf of the bill to authorize sale of "Choose Life" license plates in New Hampshire.

From: Deacon Larry Cummins, Pastoral Minister, St Matthew Parish, Windham, NH 03087

Ever since Roe v. Wade in 1973, pro-life and pro-abortion groups have argued back and forth concerning which choice is the best choice; so much so, that the pro-abortion side has become the pro-choice side.

If the pro-choice side is not pro-life, then what is the choice they are advocating and is it really a choice? The pro-life side clearly identifies itself as choosing life and strives to help the pregnant woman with whatever support is necessary to give birth and raise the child.

The pro-choice side argues that there are too many obstacles to having and raising a child. First of all, having a child is more natural than aborting a child and the risks are far less both physically and emotionally.

As to raising a child, there is another viable alternative which needs to be offered as perhaps the only real "choice" that a woman with an untimely pregnancy can make since it does not involve the ability to pay for or to physically raise the child.

That alternative is "adoption" and it is about time that it become an option which is presented in the light of its merit not only for the pregnant woman but also for the child and the adoptive parents.

The moneys raised by the sale of "Choose Life" license plates would be used soley to promote this valuable option for pregnant women who would be able to give birth but not to raise a child for whatever reason. Moneys could be used for pre-natal services, materials and counseling as well as ad campaigns, etc. which would give a real choice in this ongoing debate without the pressures that exist in all too many cases.

If there truly is a concern about making the need for abortion rare, then adoption as an alternative is a very important part of making that happen and the funding to promote it from "Choose Life" license plate sales is just as important.

Sincerely,

Deacon Larry Cummins

Concord, NH

Dear Chairman and members of the Transportation Committee,

I strongly believe that the house bill **HB611** should be passed and the Choose Life license plate be adopted in the state of New Hampshire In our state which carries the motto of " Live Free or Die". The message carried is that we care about freedom. This freedom that is granted to all people should included the most innocent of all, the unborn.

The License Plate's themselves help to create a public awareness of the need to protect all life. The money that is raised from the sales of these plates is donated to the housing, care and medical expenses of young expectant mothers and their babies which also eases some of the burden of state agencies that provide these types of services.

Especially at this time, where we as a country may be entering into war and people are very concerned about the security in our homeland it truly makes us realize the importance of every human life.

Sincerely,

Bob Tambrizzio

JOSEPH DAVID MCCLANE

February 19, 2003
To the New Hampshire Legislation on the "Choose Life Plates":
Dear Sir or Madam:
I have asked to be able to testify before you on the subject of the Choose life license plate in NH. I, unfortunately, am unable to attend the hearing. I have instead, written this letter to give my testimony. This is an important issue that I wish you would seriously consider. My wife and I are going through the adoption process right now and this program would only help people like me.

The issue on abortion is one that is very intense. The focus of this program is not on pro choice or pro life; it is pro adoption. Statistically there are more couples ready to adopt than there are babies who are aborted. We are seeing a trend of abortion being used as a method of birth control as well as young women who dump their babies in secrecy to avoid the responsibility. This troubling trend can only be combated with proper education and programs like the Choose Life Plate. The program will raise money to aid programs and clinics that assist young women and couples through the adoption process.

The studies are in and the physical, emotional and spiritual effects have taken their toll over the past 30 years of legalized abortion (see articles posted at www.cwfa.org). We have seen over 42 million babies aborted in that time. The question is; how many of that 42 million could have had a full and meaningful life with adoptive parents? How many women have chosen abortion due to improper education, or a lack of counseling to advise them of all their alternatives?

The Choose Life Plate program offers a positive alternative to such a negative choice. This program will not limit women or even take away their right to choose. On the contrary, it will give them yet another choice. This program will serve to empower women with options and not take the traditional road of keeping them in the middle of a three decade long debate. This program will not be forced onto New Hampshire citizens, as they will have the choice to choose the plates and support adoption in the Live Free or Die State or to say no.

We live in a state that speaks out boldly to the values that this country was founded on. Do we submit to the rest of the country who does not? Or, do we take a stand and say we have the moral courage to support the right to Live Free? By moving forward with this program, you are giving your constituents the right to choose. You are enabling New Hampshire citizens to fund a program that supports adoption and a positive choice to women in the Granite State. With the Choose Life Plate program in place couples like my wife and I can find a helping hand in the process of a costly adoption. With out it we can only continue to struggle to find the funds to give a child a chance at the kind of life that even you enjoy. Let us make this positive choice a reality, move forward with the Choose Life Plates.

Sincerely,
Joseph McClane

Testimony of Joan Espinola, 170 No. Policy St., Salem, NH 03079 603-893-3960
To: Transportation Committee, February 19, 2003, on HB 611, an act establishing a 'Choose Life' trust fund and number plate

The 'Choose Life' license plate was the idea of Florida county commissioner Randy Harris. In 1996, while sitting in traffic and seeing license plates for different causes, he got the idea of a license plate to raise funds and awareness in support of women in crisis pregnancies who would be willing to put their children up for adoption. In 1999, the Florida legislature passed the "Choose Life" bill and the Governor signed it into law. The plate went on sale in August 2000. So far it has raised almost a million and a half dollars. (I have put a copy of the whole Florida story in the packet) Last year when we started this effort, Florida was the only state actually selling the license plates. Now there are 5 additional states selling them.

State	Date went on sale	Money raised
Alabama	Dec. 2001	$55,275
Hawaii	Oct. 2002	4,100
Louisiana	Nov. 2002	15,050
Mississippi	Aug. 2002	41,328
Oklahoma	Dec. 2002	980

At this time there are about 40 states in various stages of getting the 'Choose Life' plate and New Hampshire is one. (See orange copy with all the states information in the packet, this is as complete as possible) Once I learned of Florida's actions on the Choose Life plate , I believed it was worth bringing to New Hampshire . My husband Charlie and I went to Ocala, Florida to meet with Russ and Jill Amerling, who are the National Publicity Coordinators for the 'Choose Life' plate. We liked what we heard and asked Russ and Jill to come to New Hampshire to see if there was interest in the 'Choose Life' plate here. We had a meeting, in Salem, on one of the hottest days of 2002 and 50 people showed up. We made up our minds at that point that there was enough interest to go ahead. We are the contacts on the 'Choose Life' web site for New Hampshire. We both agree that 'Choose Life' is a good message and it's also a good way to raise money for a special cause. The money is raised voluntarily through people buying the license plates and not through tax dollars. This appealed to both of us.

I'd like to speak to the issue of lawsuits with the 'Choose Life' plate. There are still lawsuits pending and in South Carolina it is holding up the sale of the plate (See yellow copy in packet). The plate has been approved in Oklahoma, Alabama, Hawaii, and Mississippi without any lawsuits being filed. This is not territory I am comfortable with because I'm not a lawyer and there is limited information to read on this, but I do know the majority of these lawsuits have been found for the 'Choose Life' license plate.

Florida has a population of over 16 million people and their license plate legislation calls for 10,000 signatures. That's 1 signature for approximately every 1500 people. We have copies of petitions with over 4000 signatures that I would like to present to the committee, to show that there are a lot of people in New Hampshire who think this is good idea, too. They are people from all over the state. 4000 signatures and our population is a little over 1.2 million people. That's 1 signature for every 300 people. I also have letters from interested people that I have given each committee member along with my testimony and other information I hope you find helpful.

Thank you for your time and I'm hoping you will look favorably on this legislation and vote to pass it. I will answer any questions you have to best of my ability and knowledge.

Joan Espinola

Choose Life License Plate Story

Choose Life....A simple statement with an important message. But it has taken 5 years to make it a reality.

For many years now Florida has made "vanity" license plates available in support of many special interest groups including universities, sports teams and environmental and social causes.

Now, for a donation of $22 you'll be able to use this same method to speak up for the unborn, thanks to Marion County Commissioner Randy Harris. In 1996, Commissioner Harris had an idea to create a license plate to raise funds, and awareness, in support of women in crisis pregnancies who would commit to having their babies and placing them for adoption rather than opting for abortion. He began a grass roots campaign to raise $30,000 for the application fee which is required to initiate the program. The Florida statutes required 10,000 signatures of people who commit to buying the tag if it becomes available. A non-profit corporation, Choose Life, Inc., was formed to raise the funds and secure the necessary signatures.

On February 4, 1997 the effort was launched and by March 1, 1997 the $30,000 application fee was delivered along with 14,500 signatures to the Florida Department of Motor Vehicles. A completely volunteer effort, this was a remarkable accomplishment and is testimony to what people can achieve when they believe what they are doing is right. Choose Life, Inc. is headed by Randy Harris, Jim Steel and Russ & Jill Amerling, ably assisted by a small army of faithful helpers from Pensacola to Key West who brought the needs of women in crisis pregnancy situations to the attention of the Florida Legislature.

Disappointingly, the legislation did not make it through the Senate Transportation Committee the first year application was made; however, the application was resubmitted for the 1998 Legislative Session and this time it did. The House and the Senate both passed the bill with an overwhelming majority, then it was sent to Governor Chiles for his approval. Despite thousands of Floridians having expressed their support of the bill and urging the Governor to sign it, he chose instead to veto it.

The Choose Life team was extremely disappointed... but the veto made the news, nationwide! Soon, wire services and the Internet were running stories all over the country and the Choose Life office was contacted by groups and individuals in many other states, all asking how to get a Choose Life plate in their state.

With renewed enthusiasm, Choose Life, Inc., asked Senator Jim Sebesta and Representative Beverly Kilmer to resubmit the bill. Representative Kilmer did a wonderful job shepherding the bill through and again, it passed with a wide margin in the House on a bi-partisan vote. However, unlike the previous year in the Senate, where it passed by a wide margin, this year the vote was extremely close and Senator Sebesta had to work hard to get it passed. They were successful and on June 10, 1999, our new Governor, Jeb Bush signed it into law. Florida now has the first official license plate in the world that supports adoption as an alternative choice to abortion.

In November 1999, the National Organization of Women filed a lawsuit against the State of Florida to try to prevent them from distributing the Choose Life license plate. The suit languished in Palm Beach County for eight months, but was finally ordered sent to Tallahassee and the tags were finally released to the public on August 11, 2000. The suit was dismissed by the courts in Tallahassee November 2001. However, because of the national publicity caused by the lawsuit, Choose Life, Inc. has now been contacted by individuals or groups from 35 states and Canada, inquiring how to start a Choose Life license plate effort of their own. The Choose Life license plate bill is now before the legislatures of 12 other states.

Russ Amerling said, "The Choose Life license plate has been reported as the best selling tag released since 1998. In the first year, it sold over 24,000 and raised almost $500,000.00 dollars, outselling the yearly sales of 37 of the other 50 tags available. The funds for the fiscal year ending 6-30-2001, totaling $427,000.00 were distributed on August 30, 2001. **To date, over $1,325,000.00 has been raised and the tags continue to sell & renew, raising over $65,000.00 per month.**

Every tag sold or renewed raises $20 to help organizations, such as, maternity homes and crisis pregnancy centers who are helping women committed to making an adoption plan for their child.

The Choose Life license plate is currently law in Oklahoma, Mississippi, Alabama, Louisiana, South Carolina & Hawaii.

Russ & Jill are now traveling the country meeting with legislators and support groups to help them learn how to get a Choose Life license plate for their state. They have visited 20 states thus far and plan to visit all 50, to make sure their legislators are aware of this tremendous idea to raise money to help the adoption efforts in their state.

For more information see the Choose Life web site at www.choose-life.org,

or call Russ Amerling toll free 877-454-1203.

11-2002

Judge Declares South Carolina Choose Life Plates Unconstitutional

Columbia, SC – A federal judge declared South Carolina's "Choose Life" license plates unconstitutional Tuesday.

Senior U.S. District Judge William Bertelsman said last week that the specialty plates, approved by the Legislature in 2001, violate the First Amendment because they provide a forum for pro-life advocates that abortion supporters do not have.

The decision conflicts with a ruling by a federal appeals court that said abortion advocates could not sue the state of Louisiana over its "Choose Life" license plates.

Planned Parenthood had challenged the plates and won an injunction that kept them from being issued.

``It's wrong for the government to provide a forum for one group and discriminate by viewpoint," said Peter Murphy, an attorney for Planned Parenthood. ``The only way to address this may be to eliminate the forum."

Tracey Green, an assistant deputy state attorney general, argued the license plates, approved by the state Legislature, represent government speech "and communicate the state's oft-expressed preference for childbirth over abortion."

Green also argued that Planned Parenthood has no standing to bring the case at this time because the organization hasn't really shown the state would deny them a corresponding "Choose Choice" plate. South Carolina motorists would have to pay an extra fee for the plates.

The state said it will appeal.

Supreme Court Gives Final Victory to Choose Life Plates

Washington, DC – The Supreme Court ended an effort to block specialty car license plates in Louisiana with the slogan ``Choose Life."

Louisiana is one of seven states that have authorized such pro-life car tags, and abortion supporters argued that the state was giving a forum only to pro-life views.

Justices on Monday refused without comment to review the tag opponents' appeal.

In 2000, a federal judge had stopped the state from distributing the plates, which have a picture of a baby wrapped in a blanket in the beak of a brown pelican, the state bird. But earlier this year an appeals court said the pro-abortion groups did not have standing to sue.

Lawsuits have been filed in other states over the plates, contending they violate the separation of church and state. Besides Louisiana, states with ``Choose Life" plates include Alabama, Florida, Mississippi, Oklahoma and South Carolina. Leaders in other states are considering offering them.

Louisiana charges an extra $25 for the special tags to raise money for organizations that counsel expectant mothers about adoption. A council of pro-life groups advises the state on how to spend the money.

Simon Heller with the pro-abortion Center for Reproductive Law and Policy, representing the plate opponents, told justices in court papers that the ``scheme creates a `symbolic union' of the state of Louisiana with fundamentalist Christian organizations" and could promote religion.

Roy Mongrue Jr., an assistant attorney general in Louisiana, said that the legislature may use license plates to encourage pregnant women to consider adoption and other alternatives to abortion. ``The state, acting through ... its democratic process, has the right to speak this message," he wrote in court papers.

An attorney who brought a similar challenge in South Carolina says it's not the final word on the matter. The development "is obviously disappointing, but not necessarily precedent," said Peter Murphy, a Columbia attorney representing the pro-abortion plaintiffs challenging South Carolina's plans to issue similar Choose Life plates.

During last month's Charleston hearing, Tracey Green, an assistant deputy state attorney general, argued the South Carolina plates represent government speech "and communicate the state's oft-expressed preference for child birth over abortion."

He also argued Planned Parenthood has no standing because it hasn't really shown the state would deny them a corresponding "Choose Choice" plate.

Senior U.S. District Judge William Bertelsman is expected to rule around the first of next year. **The case is Henderson v. Stalder, 02-523.**

Statistics on Total Adoption Filings per Year, 1985 to 1995

STATE	1985	1986	1987	1988	1989	1990	1991	1992	1993	1994	1995
NH	670	727	677	743	726	701	562	551	546	534	529

Only 29 states reported in this study.

Statistics on Filing Trends in Adoption, 1988 to 1997

State	Court Jurisdiction	1988	1989	1990	1991	1992	1993	1994	1995	1996	1997	% Diff.
NH	Probate	743	726	701	562	551	546	534	529	508	576	-22%

Out of 42 states reporting, 20 states have minus differences.

In the 1990s, there are approximately 120,000 adoptions of children each year. This number has remained fairly constant in the 1990s, and is still relatively proportionate to population size in the U.S. (Flango and Flango, 1994)

104,000 children were adopted in 1986, 53,000 of whom were related adoptions and 51,000 of whom were unrelated. In addition, approximately 10,000 children were adopted from abroad, bringing the total number of unrelated adoptions to 61,000. (Bachrach, London, Maza, 1991)

The estimated total number of adoptions has ranged from a low of 50,000 in 1944 to a high of 175,000 in 1970. (Maza, 1994) The number of adoptions by unrelated petitioners declined from a high of 89,200 in 1970 to 47,700 in 1975, while the number of adoptions by related petitioners remained constant between 81,000 and 89,000 during this period. (Maza, 1984)

Children who are citizens of a foreign nation are adopted by U.S. families and brought to the United States. This area of adoption has been practiced since the 1950's, but has shown a dramatic increase in the past decade. In 1992, there were 6,536(5%)international adoptees brought to the United States; in 1997, that number increased to 13,620. (United States Department of State)

Petition for "Choose Life" license plates Please help us by signing this petition for a "Choose Life" license plate in the state of New Hampshire. A "Choose Life" license plate would raise money for the promotion of adoption and be a positive message for life. This petition will be presented to the New Hampshire legislature as a reinforcement that people are interested in this effort.

Petition for "Choose Life" License Plates. Please help us by signing this petition for a "Choose Life" License plate in the State of New Hampshire. A "choose Life" license plate would raise money for the promotion of adoption and be a positive message for life. This petition will be presented to the New Hampshire legislature as a reinforcement that people are interested in this effort.

Petition for "Choose Life" License Plates. Please help us by signing this petition for a "Choose Life" License plate in the State of New Hampshire. A "choose Life" license plate would raise money for the promotion of adoption and be a positive message for life. This petition will be presented to the New Hampshire legislature as a reinforcement that people are interested in this effort.

Please fill with signatures and return this form to: NH Choose Life License Plates; Box 1022; Salem, New Hampshire 03079.
Contact Charlie or Joan Espinola (603) 893-3960 or email: grammy4nc@aol.com with any questions.

Petition for "Choose Life" License Plates. Please help us by signing this petition for a "Choose Life" License plate in the State of New Hampshire. A "choose Life" license plate would raise money for the promotion of adoption and be a positive message for life. This petition will be presented to the New Hampshire legislature as a reinforcement that people are interested in this effort.

Choose Life License Plate Petition

To the Governor and the New Hampshire Legislature: We urge you to establish a *Choose Life* specialty license plate, a portion of the funds derived from which would be designated to help support non-profit, abortion alternative organizations, such as crisis pregnancy centers and adoption services.

Choose Life License Plate Petition

To the Governor and the New Hampshire Legislature: We urge you to establish a *Choose Life* specialty license plate, a portion of the funds derive from which would be designated to help support non-profit, abortion alternative organizations, such as crisis pregnancy centers and adoption service

Petition for "Choose Life" License Plates: Please help us by signing this petition for a "Choose Life" License Plate in the State of New Hampshire. A "choose Life" license plate would raise money for the promotion of adoption and be a positive message for Life. This petition will be presented to the New Hampshire legislature as a reinforcement that people are interested in this effort. THANK YOU!

Choose Life License Plate Petition

To the Governor and the New Hampshire Legislature: We urge you to establish a *Choose Life* specialty license plate, a portion of the funds deriv
from which would be designated to help support non-profit, abortion alternative organizations, such as crisis pregnancy centers and adoption servic

Petition for "Choose Life" License Plates. Please help us by signing this petition for a "Choose Life" License plate in the State of New Hampshire. A "choose Life" license plate would raise money for the promotion of adoption and be a positive message for life. This petition will be presented to the New Hampshire legislature as a reinforcement that people are interested in this effort.

To Whom It May Concern:

I am writing in regards to HB611: establishing a 'Choose Life' number plate in New Hampshire.

I would love to have a "Choose Life' license plate for my car and I know many others who would jump at the chance as well. Please take this into consideration when you are voting on whether or not to bring this to the people of New Hampshire.

Thank you.

Sincerely,

Holly A. McKinney

Witnessed by: Ellen Chesters

I am unable to come before you on Wednesday, February 19, due to work constraints. However, I want you to know that I am in support of this bill. I believe in the Right to Life for the unborn child. The people who support a woman's right to choose is rarely silenced. Why should men and women who believe that a unborn baby has a right to life be silenced? The United States of America is a country that allows freedom of speech, however, for the past 30 years if you disagreed with abortion, every attempt was made to silence you. For anyone who believes a fetus is not a baby, I would like to clarify that for you by showing you what the *Encyclopedia & Dictionary of Medicine, Nursing & Allied Health says:

Fetus: the developing young in the uterus, specifically the UNBORN OFFSPRING in the postembryonic (see also embryo) period, in man from seven or eight weeks after fertilization until birth.

Embryo: a new organism in the earliest stage of development; the human young from the time of fertilization of the ovum until the beginning of the third month. After the second month the UNBORN BABY is usually referred to as the FETUS.

Immediately after fertilization takes place cell division begins and progresses at a rapid rate. At approximately 4 weeks the cell mass becomes a recognizable embryo from 7 to 10 mm long with rudimentary organs. The beginnings of the eyes, ears, and extremities can be seen.....

At the time of fertilization the ovum contains the potential beginnings of a human being. ....

We believe here in New Hampshire, "Live Free or Die". We must be sure that we allow our human offspring the same right as any other "mammal" that has been given these rights under a protection act for endangered species. You tell me which is of greater importance? You can do that by establishing a Choose Life Plate and a trust fund.

Thank you for considering my voice among many.

NH CHOOSE LIFE LICENSE PLATE
"Raising money for Adoption"

Charlie & Joan Espinola
P.O.Box 1022
Salem, New Hampshire 03079

Tel 603-893-3960 **Grammy4nc@aol.com**

Testimony of Joan Espinola, 170 No. Policy St., Salem, NH 03079 603-893-3960
To: Transportation Committee, February 19, 2003, on HB 611, an act establishing a 'Choose Life' trust fund and number plate

The 'Choose Life' license plate was the idea of Florida county commissioner Randy Harris. In 1996, while sitting in traffic and seeing license plates for different causes, he got the idea of a license plate to raise funds and awareness in support of women in crisis pregnancies who would be willing to put their children up for adoption. In 1999, the Florida legislature passed the "Choose Life" bill and the Governor signed it into law. The plate went on sale in August 2000. So far it has raised almost a million and a half dollars. (I have put a copy of the whole Florida story in the packet) Last year when we started this effort, Florida was the only state actually selling the license plates. Now there are 5 additional states selling them.

State	Date went on sale	Money raised
Alabama	Dec. 2001	$55,275
Hawaii	Oct. 2002	4,100
Louisiana	Nov. 2002	15,050
Mississippi	Aug. 2002	41,328
Oklahoma	Dec. 2002	980

At this time there are about 40 states in various stages of getting the 'Choose Life' plate and New Hampshire is one. (See orange copy with all the states information in the packet, this is as complete as possible) Once I learned of Florida's actions on the Choose Life plate , I believed it was worth bringing to New Hampshire . My husband Charlie and I went to Ocala, Florida to meet with Russ and Jill Amerling, who are the National Publicity Coordinators for the 'Choose Life' plate. We liked what we heard and asked Russ and Jill to come to New Hampshire to see if there was interest in the 'Choose Life' plate here. We had a meeting, in Salem, on one of the hottest days of 2002 and 50 people showed up. We made up our minds at that point that there was enough interest to go ahead. We are the contacts on the 'Choose Life' web site for New Hampshire. We both agree that 'Choose Life' is a good message and it's also a good way to raise money for a special cause. The money is raised voluntarily through people buying the license plates and not through tax dollars. This appealed to both of us.

I'd like to speak to the issue of lawsuits with the 'Choose Life' plate. There are still lawsuits pending and in South Carolina it is holding up the sale of the plate (See yellow copy in packet). The plate has been approved in Oklahoma, Alabama, Hawaii, and Mississippi without any lawsuits being filed. This is not territory I am comfortable with because I'm not a lawyer and there is limited information to read on this, but I do know the majority of these lawsuits have been found for the 'Choose Life' license plate.

Florida has a population of over 16 million people and their license plate legislation calls for 10,000 signatures. That's 1 signature for approximately every 1500 people. We have copies of petitions with over 4000 signatures that I would like to present to the committee, to show that there are a lot of people in New Hampshire who think this is good idea, too. They are people from all over the state. 4000 signatures and our population is a little over 1.2 million people. That's 1 signature for every 300 people. I also have letters from interested people that I have given each committee member along with my testimony and other information I hope you find helpful.

Thank you for your time and I'm hoping you will look favorably on this legislation and vote to pass it. I will answer any questions you have to best of my ability and knowledge.

Joan Espinola

Choose Life License Plate Story

Choose Life....A simple statement with an important message. But it has taken 5 years to make it a reality.

For many years now Florida has made "vanity" license plates available in support of many special interest groups including universities, sports teams and environmental and social causes.

Now, for a donation of $22 you'll be able to use this same method to speak up for the unborn, thanks to Marion County Commissioner Randy Harris. In 1996, Commissioner Harris had an idea to create a license plate to raise funds, and awareness, in support of women in crisis pregnancies who would commit to having their babies and placing them for adoption rather than opting for abortion. He began a grass roots campaign to raise $30,000 for the application fee which is required to initiate the program. The Florida statutes required 10,000 signatures of people who commit to buying the tag if it becomes available. A non-profit corporation, Choose Life, Inc., was formed to raise the funds and secure the necessary signatures.

On February 4, 1997 the effort was launched and by March 1, 1997 the $30,000 application fee was delivered along with 14,500 signatures to the Florida Department of Motor Vehicles. A completely volunteer effort, this was a remarkable accomplishment and is testimony to what people can achieve when they believe what they are doing is right. Choose Life, Inc. is headed by Randy Harris, Jim Steel and Russ & Jill Amerling, ably assisted by a small army of faithful helpers from Pensacola to Key West who brought the needs of women in crisis pregnancy situations to the attention of the Florida Legislature.

Disappointingly, the legislation did not make it through the Senate Transportation Committee the first year application was made; however, the application was resubmitted for the 1998 Legislative Session and this time it did. The House and the Senate both passed the bill with an overwhelming majority, then it was sent to Governor Chiles for his approval. Despite thousands of Floridians having expressed their support of the bill and urging the Governor to sign it, he chose instead to veto it.

The Choose Life team was extremely disappointed... but the veto made the news, nationwide! Soon, wire services and the Internet were running stories all over the country and the Choose Life office was contacted by groups and individuals in many other states, all asking how to get a Choose Life plate in their state.

With renewed enthusiasm, Choose Life, Inc., asked Senator Jim Sebesta and Representative Beverly Kilmer to resubmit the bill. Representative Kilmer did a wonderful job shepherding the bill through and again, it passed with a wide margin in the House on a bi-partisan vote. However, unlike the previous year in the Senate, where it passed by a wide margin, this year the vote was extremely close and Senator Sebesta had to work hard to get it passed. They were successful and on June 10, 1999, our new Governor, Jeb Bush signed it into law. Florida now has the first official license plate in the world that supports adoption as an alternative choice to abortion.

In November 1999, the National Organization of Women filed a lawsuit against the State of Florida to try to prevent them from distributing the Choose Life license plate. The suit languished in Palm Beach County for eight months, but was finally ordered sent to Tallahassee and the tags were finally released to the public on August 11, 2000. The suit was dismissed by the courts in Tallahassee November 2001. However, because of the national publicity caused by the lawsuit, Choose Life, Inc. has now been contacted by individuals or groups from 35 states and Canada, inquiring how to start a Choose Life license plate effort of their own. The Choose Life license plate bill is now before the legislatures of 12 other states.

Russ Amerling said, "The Choose Life license plate has been reported as the best selling tag released since 1998. In the first year, it sold over 24,000 and raised almost $500,000.00 dollars, outselling the yearly sales of 37 of the other 50 tags available. The funds for the fiscal year ending 6-30-2001, totaling $427,000.00 were distributed on August 30, 2001. **To date, over $1,325,000.00 has been raised and the tags continue to sell & renew, raising over $65,000.00 per month.**

Every tag sold or renewed raises $20 to help organizations, such as, maternity homes and crisis pregnancy centers who are helping women committed to making an adoption plan for their child.

The Choose Life license plate is currently law in Oklahoma, Mississippi, Alabama, Louisiana, South Carolina & Hawaii.

Russ & Jill are now traveling the country meeting with legislators and support groups to help them learn how to get a Choose Life license plate for their state. They have visited 20 states thus far and plan to visit all 50, to make sure their legislators are aware of this tremendous idea to raise money to help the adoption efforts in their state.

For more information see the Choose Life web site at www.choose-life.org,

or call Russ Amerling toll free 877-454-1203.

Source: Associated Press, Pro-Life Infonet; December 31, 2002

Judge Declares South Carolina Choose Life Plates Unconstitutional

Columbia, SC – A federal judge declared South Carolina's "Choose Life" license plates unconstitutional Tuesday.

Senior U.S. District Judge William Bertelsman said last week that the specialty plates, approved by the Legislature in 2001, violate the First Amendment because they provide a forum for pro-life advocates that abortion supporters do not have.

The decision conflicts with a ruling by a federal appeals court that said abortion advocates could not sue the state of Louisiana over its "Choose Life" license plates.

Planned Parenthood had challenged the plates and won an injunction that kept them from being issued.

``It's wrong for the government to provide a forum for one group and discriminate by viewpoint," said Peter Murphy, an attorney for Planned Parenthood. ``The only way to address this may be to eliminate the forum."

Tracey Green, an assistant deputy state attorney general, argued the license plates, approved by the state Legislature, represent government speech "and communicate the state's oft-expressed preference for childbirth over abortion."

Green also argued that Planned Parenthood has no standing to bring the case at this time because the organization hasn't really shown the state would deny them a corresponding "Choose Choice" plate. South Carolina motorists would have to pay an extra fee for the plates.

The state said it will appeal.

Source: Associated Press; December 2, 2002

Supreme Court Gives Final Victory to Choose Life Plates

Washington, DC -- The Supreme Court ended an effort to block specialty car license plates in Louisiana with the slogan ``Choose Life."

Louisiana is one of seven states that have authorized such pro-life car tags, and abortion supporters argued that the state was giving a forum only to pro-life views.

Justices on Monday refused without comment to review the tag opponents' appeal.

In 2000, a federal judge had stopped the state from distributing the plates, which have a picture of a baby wrapped in a blanket in the beak of a brown pelican, the state bird. But earlier this year an appeals court said the pro-abortion groups did not have standing to sue.

Lawsuits have been filed in other states over the plates, contending they violate the separation of church and state. Besides Louisiana, states with ``Choose Life" plates include Alabama, Florida, Mississippi, Oklahoma and South Carolina. Leaders in other states are considering offering them.

Louisiana charges an extra $25 for the special tags to raise money for organizations that counsel expectant mothers about adoption. A council of pro-life groups advises the state on how to spend the money.

Simon Heller with the pro-abortion Center for Reproductive Law and Policy, representing the plate opponents, told justices in court papers that the ``scheme creates a `symbolic union' of the state of Louisiana with fundamentalist Christian organizations" and could promote religion.

Roy Mongrue Jr., an assistant attorney general in Louisiana, said that the legislature may use license plates to encourage pregnant women to consider adoption and other alternatives to abortion. ``The state, acting through ... its democratic process, has the right to speak this message," he wrote in court papers.

An attorney who brought a similar challenge in South Carolina says it's not the final word on the matter. The development "is obviously disappointing, but not necessarily precedent," said Peter Murphy, a Columbia attorney representing the pro-abortion plaintiffs challenging South Carolina's plans to issue similar Choose Life plates.

During last month's Charleston hearing, Tracey Green, an assistant deputy state attorney general, argued the South Carolina plates represent government speech "and communicate the state's oft-expressed preference for child birth over abortion."

He also argued Planned Parenthood has no standing because it hasn't really shown the state would deny them a corresponding "Choose Choice" plate.

Senior U.S. District Judge William Bertelsman is expected to rule around the first of next year. **The case is Henderson v. Stalder, 02-523.**

Statistics on Total Adoption Filings per Year, 1985 to 1995

STATE	1985	1986	1987	1988	1989	1990	1991	1992	1993	1994	1995
NH	670	727	677	743	726	701	562	551	546	534	529

Only 29 states reported in this study.

Statistics on Filing Trends in Adoption, 1988 to 1997

State	Court Jurisdiction	1988	1989	1990	1991	1992	1993	1994	1995	1996	1997	% Diff.
NH	Probate	743	726	701	562	551	546	534	529	508	576	-22%

Out of 42 states reporting, 20 states have minus differences.

In the 1990s, there are approximately 120,000 adoptions of children each year. This number has remained fairly constant in the 1990s, and is still relatively proportionate to population size in the U.S. (Flango and Flango, 1994)

104,000 children were adopted in 1986, 53,000 of whom were related adoptions and 51,000 of whom were unrelated. In addition, approximately 10,000 children were adopted from abroad, bringing the total number of unrelated adoptions to 61,000. (Bachrach, London, Maza, 1991)

The estimated total number of adoptions has ranged from a low of 50,000 in 1944 to a high of 175,000 in 1970. (Maza, 1994) The number of adoptions by unrelated petitioners declined from a high of 89,200 in 1970 to 47,700 in 1975, while the number of adoptions by related petitioners remained constant between 81,000 and 89,000 during this period. (Maza, 1984)

Children who are citizens of a foreign nation are adopted by U.S. families and brought to the United States. This area of adoption has been practiced since the 1950's, but has shown a dramatic increase in the past decade. In 1992, there were 6,536(5%)international adoptees brought to the United States; in 1997, that number increased to 13,620. (United States Department of State)

CARE NET

Pregnancy Center
of the Lakes Region

February 10, 2003

Transportation Committee

HB611

I, Linda Trask, am the Executive Director of the Care Net Pregnancy Center of the Lakes Region and am writing in favor of HB611.

Please vote to pass HB611.

Our agency is non-profit and we help women in crisis pregnancies who usually have nowhere else to turn for counseling and support. This Center receives no federal funds, no state funds and no local funds. The Center operates on donations of caring people. When the "Choose Life" license plate bill passes, it will give us more resources to help women in crisis pregnancies who want to make an adoption plan for their children. We see this bill as a good way to raise money, since taxes are not involved and the people buying the plate would be doing so because they choose to.

Sincerely,

Linda S. Trask

Transportation Committee:

We are in favor of the "Choose Life" license plates being made available in New Hampshire. Last Year 1.6 million adoption requests went unanswered and many need to know that adoption is a loving option to an unplanned pregnancy. In having the "Choose Life" plates on our cars we will be sending a positive message throughout our state and beyond.

Thank you for your consideration in this matter.

Sincerely,

Christina M. Wright

Pregnancy Resource Center of the Monadnock Region
75E Hancock Rd.
Peterborough, NH 03458
February 17, 2003

To whom it may concern:

On behalf of the Pregnancy Resource Center of the Monadnock Region, I am writing to express our support for HB 611, to establish a Choose Life trust fund and license plate for the state of New Hampshire.

We are a non-medical, confidential information service that provides services including free pregnancy tests, options counseling, material assistance for new mothers and fathers and their babies, and post-abortion support. Whenever a woman comes in for a pregnancy test or for options counseling, we share information with her regarding adoption, and we are available to assist her with the referral process and with questions she may have. We do not arrange adoptions or receive any funding for adoptions, but we are committed to informing our clients about this loving choice that may be the right one for their situation.

We hope that you will pass HB 611 and allow people in New Hampshire the opportunity to support adoption through selecting this license plate and supporting the trust fund, which will raise public awareness of the state's programs and allow it to bring more babies and families together. Thank you for your consideration.

Sincerely,

Ruth Annette Pack, Chairman
Pregnancy Resource Center Board of Directors

Re: Choose Life License Plates:

I fully support of HB-611, which is the Choose Life license plates and they proclaim my belief. "Choose Life" is an expression of my freedom of choice to choose to let others know that I believe in life. I believe that life begins at the very moment of conception and should be protected until natural death. Promoting the license plates is a form of freedom of expression, which I feel is guaranteed under the Constitution plus the monies from this will go toward adoption related efforts.

To Whom It May Concern,

I am writing to ask that you pass HB 611 F-N-A. I would definitely get the plate. It is a much better solution to support adoption agencies and help mothers with unwanted pregnancies. I don't see any reason why this bill should not be passed and a trust fund set up for this plate. I would like to see these plates available in every state, giving people a chance to support those who are in need. Thank you for your time.

Sincerely,

Re: HB 611, "Choose Life Number Plate"

Dear Transportation Committee Chairperson & Members,

I appreciate that you are taking a few moments to read this letter. I am in favor of the passage of this bill and I would like to tell you why I believe that it should be passed.

First, you may remember that in the early days of his administration, President George W. Bush and First Lady Laura Bush announced a new initiative to increase nation-wide public awareness of adoption and encourage Americans to consider adopting children in foster care. Hollywood actor, Bruce Willis was named the national spokesperson for children in foster care. A national website was launched focusing on children waiting to be adopted.

In NH today, we are considering HB 611, establishing a "Choose Life" vanity plate. The revenue collected from the purchase of these purely optional plates will be used to aid needy mothers in Crisis Pregnancy Centers, Maternity Homes and certain adoption agencies. The children of these mothers, as well as other children already awaiting adoptive placement in foster care, will be the direct beneficiaries. The display of this vanity plate on NH's motor vehicles will speak of *our* own state's commitment to the welfare of children and their families, *our* way of promoting adoption awareness, and *our* response to the above mentioned federal initiative.

It is my understanding that 3 other states already have "Choose Life" vanity plates and 15 other states are at some stage of getting such plates. Florida has raised over $1,000.000.00 by the sale of these plates in two years! The idea works!!

As an adoptive mother, I support HB 611 and I hope for the sake of children in the state of NH, that you will too.

Thank you,

Mrs. Patricia S Rizkallah

Mrs. Patricia S. Rizkallah

2 SEARLES ROAD
WINDHAM, NEW HAMPSHIRE 03087

2/13/03

Testimony on behalf of the bill to authorize sale of "Choose Life" license plates in New Hampshire.

From: Deacon Larry Cummins, Pastoral Minister, St Matthew Parish, Windham, NH 03087

Ever since Roe v. Wade in 1973, pro-life and pro-abortion groups have argued back and forth concerning which choice is the best choice; so much so, that the pro-abortion side has become the pro-choice side.

If the pro-choice side is not pro-life, then what is the choice they are advocating and is it really a choice? The pro-life side clearly identifies itself as choosing life and strives to help the pregnant woman with whatever support is necessary to give birth and raise the child.

The pro-choice side argues that there are too many obstacles to having and raising a child. First of all, having a child is more natural than aborting a child and the risks are far less both physically and emotionally.

As to raising a child, there is another viable alternative which needs to be offered as perhaps the only real "choice" that a woman with an untimely pregnancy can make since it does not involve the ability to pay for or to physically raise the child.

That alternative is "adoption" and it is about time that it become an option which is presented in the light of its merit not only for the pregnant woman but also for the child and the adoptive parents.

The moneys raised by the sale of "Choose Life" license plates would be used soley to promote this valuable option for pregnant women who would be able to give birth but not to raise a child for whatever reason. Moneys could be used for pre-natal services, materials and counseling as well as ad campaigns, etc. which would give a real choice in this ongoing debate without the pressures that exist in all too many cases.

If there truly is a concern about making the need for abortion rare, then adoption as an alternative is a very important part of making that happen and the funding to promote it from "Choose Life" license plate sales is just as important.

Sincerely,

Deacon Larry Cummins

To Department of Transportation Committee

Re: Choose Life License Plates HB611

I am in favor of Choose Life License Plate HB611. I believe it is an excellent way for the citizens of New Hampshire who support *adoption*, to voice their opinion. The funds raised from these plates will assist those, who most often are the people of greatest need in our society. This HB611 is a compassionate way of assisting those who are in need.

Since a precedent has already been established with the 'Moose' plates, HB611 will not be paving new territory but merely allowing the citizens of New Hampshire, who support '*adoption*', a means of supporting their belief, as is the case with the 'Moose' plate.

I am asking the department of Transportation Committee members to approve the passage of HB611.

Sincerely,

C. J. Espinola

State of NH Transportation Committee
Concord, NH

Dear Chairman and members of the Transportation Committee,

I strongly believe that the house bill **HB611** should be passed and the Choose Life license plate be adopted in the state of New Hampshire In our state which carries the motto of " Live Free or Die". The message carried is that we care about freedom. This freedom that is granted to all people should included the most innocent of all, the unborn.

The License Plate's themselves help to create a public awareness of the need to protect all life. The money that is raised from the sales of these plates is donated to the housing, care and medical expenses of young expectant mothers and their babies which also eases some of the burden of state agencies that provide these types of services.

Especially at this time, where we as a country may be entering into war and people are very concerned about the security in our homeland it truly makes us realize the importance of every human life.

Sincerely,

Bob Tambruzzino

Please, I Pray you, accept this letter as a vote To establish a "ChooseLife" number plate for The State of New Hampshire.

The "ChooseLife" number plate:
an outward sign to civilization - care for the child needing want.

Adoption, gives hope To mother and child.

Understand the silent cry in people's heart,

"Choose Life" number plate for family

A sign of Hope, Love

Thank you, Sincerely
Geneva Duhamel

JOSEPH DAVID MCCLANE

February 19, 2003
To the New Hampshire Legislation on the "Choose Life Plates":
Dear Sir or Madam:
I have asked to be able to testify before you on the subject of the Choose life license plate in NH. I, unfortunately, am unable to attend the hearing. I have instead, written this letter to give my testimony. This is an important issue that I wish you would seriously consider. My wife and I are going through the adoption process right now and this program would only help people like me.

The issue on abortion is one that is very intense. The focus of this program is not on pro choice or pro life; it is pro adoption. Statistically there are more couples ready to adopt than there are babies who are aborted. We are seeing a trend of abortion being used as a method of birth control as well as young women who dump their babies in secrecy to avoid the responsibility. This troubling trend can only be combated with proper education and programs like the Choose Life Plate. The program will raise money to aid programs and clinics that assist young women and couples through the adoption process.

The studies are in and the physical, emotional and spiritual effects have taken their toll over the past 30 years of legalized abortion (see articles posted at www.cwfa.org). We have seen over 42 million babies aborted in that time. The question is; how many of that 42 million could have had a full and meaningful life with adoptive parents? How many women have chosen abortion due to improper education, or a lack of counseling to advise them of all their alternatives?

The Choose Life Plate program offers a positive alternative to such a negative choice. This program will not limit women or even take away their right to choose. On the contrary, it will give them yet another choice. This program will serve to empower women with options and not take the traditional road of keeping them in the middle of a three decade long debate. This program will not be forced onto New Hampshire citizens, as they will have the choice to choose the plates and support adoption in the Live Free or Die State or to say no.

We live in a state that speaks out boldly to the values that this country was founded on. Do we submit to the rest of the country who does not? Or, do we take a stand and say we have the moral courage to support the right to Live Free? By moving forward with this program, you are giving your constituents the right to choose. You are enabling New Hampshire citizens to fund a program that supports adoption and a positive choice to women in the Granite State. With the Choose Life Plate program in place couples like my wife and I can find a helping hand in the process of a costly adoption. With out it we can only continue to struggle to find the funds to give a child a chance at the kind of life that even you enjoy. Let us make this positive choice a reality, move forward with the Choose Life Plates.

Sincerely,
Joseph McClane

COMMITTEE REPORT

COMMITTEE: **Transportation**

BILL NUMBER: **HB 611-FN-A**

TITLE: establishing a choose life number plate trust fund, and a special motor vehicle license plate and associated fees, to support and promote New Hampshire adoptions.

DATE: March 4, 2003 CONSENT CALENDAR YES ☒ NO ☐

☐ OUGHT TO PASS

☐ OUGHT TO PASS WITH AMENDMENT

☒ INEXPEDIENT TO LEGISLATE

☐ REFER TO COMMITTEE FOR INTERIM STUDY
(Available only in second year of biennium.)

STATEMENT OF INTENT
(Include Committee Vote)

A few adult adoptees were offended that the bill was being used as an excuse for a pro life stance. One referred to the bill as a wolf in sheep's clothing. If they were truly inspired for adoption, the plate would make the statement choose adoption not choose life. If the state is forced to provide a political forum for one group through the license plate then all groups have to be given the same opportunity. Does the Hemlock Society get to say "choose death"? Does the Klu Klux Klan get to say "white only"? Do Skinheads get to have a plate saying "hail Hitler"? However offensive these statements sound, they are a reality to demanding the Department of Safety, who actually owns these plates, to be the sponsor of a political message. The prime sponsor says the current New Hampshire background state name and motto shall remain. Besides the numbering system there is no room left for the wording "Choose Life for Adoption." The bill also states that no money goes for administrative fees. Isn't the state entitled to those fees if they collect and distribute the funds? The DOS estimates if they issue 5,000 special plates it costs $97,500.00, there is no net for the state. Other states that have a population closest to New Hampshire's have seen very little financially coming in. In NH the conservation, vanity and veterans plates are slowly selling. People will more likely not be purchasing another special plate. The financial aspect of the bill divided the money 60% to agencies and centers for women in crises pregnancies, 40% to agencies and centers for expenses, counseling, training and advertising. No money goes to any agency or center that even talks about abortion; unfair because clinics do tell women adoption is an option. What if a woman changes her mind during the adoption process? Does she have to return the money spent on her? Having a child is a woman's right regardless of what she chooses to do with that child. No woman should be forced to choose. It can be just as emotional to put a child up for adoption. No adoption is free. Costly adoptions were one key phrase used during testimony. It's costly because people want a baby, and someone figured out how to make money by selling babies. In the meantime, millions of children in the United States sit in foster homes because of neglect, abandonment and abuse, waiting to be adopted or even placed in a foster home. As was clearly stated, if this is about adoption, the plate should say choose adoption, not choose life, but both are political statements.

This is not something the committee wants to do to force the DOS to make a political statement regardless of our beliefs. It was suggested that the people would be better served if the money were donated to an agency or center of their choice, better yet become a foster parent.

Vote 15-0.

A few adult adoptees ~~were~~ were offended that the bill was being used as an excuse for a pro-life stance. One referred to the bill as a wolf in sheep's clothing. ~~If this was a positive statement~~ If they were truly inspired for adoption the plate would make that statement choose adoption not choose life.

~~This was compared to the conservation plate, there is a difference between planting trees and flowers and a child's life.~~

If the State is forced to provide a political forum for one group through the license plate then all groups have to be given the same opportunity, does the Hemlock Society get to say choose death, does the KKK get to say white only, do Skinheads get to have a plate saying hail Hitler. However offensive these statements sound, they are a reality to demanding the Dept. of Safety who actually owns these plates to be the sponsor of a political message.

The prime sponsor says the current N.H. background state name and motto shall remain ~~besides the rumbling system~~ there is no room left for the wording choose life for adoption.

The bill also states that no money goes for administrative fees. Isn't the State entitled to those fees if they collect and distribute the funds.

Dept. of Safety estimates if they issue 5000 special plates it cost $7,500.00, there is no net for the State.

Other States that have a population close to N.H.'s have seen very little financially coming in. In N.H. the conservation, variety, and Veterans plates are slowly selling. These people will more likely not be purchasing another special plate.

The financial aspect of the bill divided the money 60% to agencies and centers for women in crises pregnancies, 40% to agencies and centers for expenses, counseling, training and advertising. No money goes to any agency or center that even talks about abortion, only as because clinics do tell women adoption is an option.

~~But I was suggested that the people would like a plate issued by the D.M.V. that would donated to an agency or center that they choose, but I was told not because of cost.~~

3.

What if a woman changes her mind during the adoption process. Does she have to return the money spent on her?

Having a child is a woman's right, regardless of what she chooses to do with that child. No woman should be forced to choose. It can be just as emotional to put a child up for adoption. No adoption is free.

Costly adoptions was one key phrase used during testimony. It's costly because people want a baby and someone figured out how to make money by selling babies. In the meantime millions of children in the U.S. sit in foster homes because of neglect, abandonment and abuse waiting to be adopted or even placed in a foster home.

As was clearly stated if this is about adoption, the state should say choose adoption not choose life but both are political statements. This not something the committee wants to do to force the Dept. of Safety to make a political statement regardless of our duties.

It was suggested that the people would be better served if the money was donated to an agency or center of their choice, better yet become a foster parent.
