HOUSE OF REPRESENTATIVES

REPORT OF COMMITTEE

The Committee on Health, Human Services and Elderly Affairs to which was referred HB 1099,

AN ACT prohibiting the department of health and human services from requiring vaccine passports for services. Having considered the same, report the same with the following amendment, and the recommendation that the bill OUGHT TO PASS WITH AMENDMENT.

Rep. Leah Cushman

FOR THE COMMITTEE

Original: House Clerk
Cc: Committee Bill File

COMMITTEE REPORT

Committee:	**Health, Human Services and Elderly Affairs**
Bill Number:	**HB 1099**
Title:	**prohibiting the department of health and human services from requiring vaccine passports for services.**
Date:	**February 14, 2022**
Consent Calendar:	**CONSENT**
Recommendation:	**OUGHT TO PASS WITH AMENDMENT 2022-0491h**

STATEMENT OF INTENT

This bill serves to clarify that the Department of Health and Human Services (DHHS) is included in entities prohibited from requiring the Medical Freedom in Immunizations Act. It further ensures that DHHS shall not require proof of vaccination for any of the programs, benefits or services it provides.

Vote 21-0.

05/04

Amendment to HB 1099

Amend the title of the bill by replacing it with the following:

AN ACT relative to medical freedom in immunizations.

Amend the bill by replacing section 1 with the following:

1 Communicable Disease; Medical Freedom in Immunizations. Amend RSA 141-C:1-a, I to read as follows:

I. Every person has the natural, essential, and inherent right to bodily integrity, free from any threat or compulsion by government to accept an immunization. Accordingly, no person may be compelled to receive an immunization for COVID-19 in order to secure, receive, or access any public facility, any public benefit, or any public service from the state of New Hampshire, ***the New Hampshire department of health and human services,*** or any political subdivision [~~thereof~~] ***of the state of New Hampshire***, including but not limited to counties, cities, towns, precincts, water districts, school districts, school administrative units, or quasi-public entities.

2022-0491h

AMENDED ANALYSIS

This bill clarifies that no person shall be required to receive a Covid-19 vaccination in order receive benefits or services from the department of health and human services.

UNAPPROVED

HOUSE COMMITTEE ON HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

PUBLIC HEARING on Bill # HB1099

BILL TITLE: **An Act prohibiting the department of health and human services from requiring vaccine passports for service.**

DATE: **02/1/2022**

ROOM: **LOB 210-11** **Time Public Hearing Called to Order: 2:47pm**

Time Adjourned: 3:42pm

Committee Members: Reps. M. Pearson, Layon, Folsom, Acton, McMahon, Cushman, Gay, B. King, Kofalt, MacKay, DeLemus, Weber, Knirk, Nutter-Upham, Salloway, Snow, Cannon, Schapiro, Woods and Merchant,

TESTIMONY

Representative Torosian - introduced the bill -
Last year DHHS held round tables to discuss vaccine passports
No vaccine passports should be created or mandated.
The ban is against any non-reversible medical procedure.
Define "passport"

Frederick Ponemah, no address provided - support
Please do not allow people to die and discriminate against them for not having a vaccine

Russan Chester, Bedford - support
State legislators should protect their citizens against federal mandates even if it means losing funding

Kelly Potenza, Rochester - support
Last year's HB220 did not go far enough in protecting NH citizens

Dr. Jay Korsen, Manchester - support
It is a shame that we even have to pass this type of legislation to protect citizens

Katherine, - support
Arrests happening
VAERS - instant deaths are also happening

Abby Rogers, Anne Marie Mercuri, DHHS
Some language changes by amendment would make this better and willing to work with members of the committee in drafting.

Respectfully submitted,

Rep. Beth Folsom, Clerk

To: Representative Mark Pearson and Members of the Health and Human Services Elderly Affairs Committee

From: Anne Marie Mercuri, Immunization Section Chief, Division of Public Health Services Department of Health and Human Services

---

RE: 1099 Prohibiting the Department of Health and Human Services from requiring vaccine passports for services.

Good morning Chairman Pearson and Members of the Committee:

My name is Anne Marie Mercuri and I am the Section Chief for Immunization at the Division of Public Health Services, Department of Health and Human Services. The Department opposes HB1099 as it is in conflict with some provisions currently in effect in RSA 141-C.

- Currently RSA 141-C:1-a states that with the exemptions of paragraph II and III no person may be compelled to receive an immunization for COVID-19 in order to secure, receive or access any public facility, any public benefit, or any public service. The addition of this language is therefore unnecessary as documentation of vaccination in any form is not required by the Department unless where COVID-19 vaccination requirement is authorized under paragraph II and III.
- Where COVID-19 vaccination is required, a standardized document of vaccination is necessary to serve as evidence of vaccination. Currently, COVID-19 vaccination records are issued by providers who administer vaccination to the vaccine recipient or recipient's guardian at the time of vaccination. Copies of vaccination records can be obtained from the provider at the request of the vaccine recipient or recipient's guardian. In addition, for individuals who have their vaccination record sent to NH Immunization Information System (NHIIS), a copy of vaccination record may be obtained by accessing the NHIIS patient portal (requires two factor authentication email or phone number) https://www.vaccines.nh.gov/vaccination-record-instructions or by making a request in writing https://www.dhhs.nh.gov/dphs/immunization/documents/req-imm-vacc-record.pdf
- The Department opposes 1099 as the language as written as the definition of "Vaccine passport" broadly includes any standardized documentation that an individual has been vaccinated against COVID-19.

- Vaccine passports are commonly defined as physical or digital forms **certifying** that a person has taken the COVID-19 vaccines for purpose of granting travel or entry into establishments, activities, and events that requires a vaccine passport. The vaccine passport should not be confused with Digital Vaccination/Immunization records which are a convenient option for individuals to voluntarily share their immunization information.
- Digital vaccination records helps individuals to retrieve their immunization records easily, they no longer need to carry around multiple documents. Unlike a paper record, a securely encrypted QR code used in digital vaccines record do not expose personal medical information. Individuals with digital immunization records can share a scannable QR code on their smartphone or if the individual prefers they can print a paper copy with QR code that confirms their immunization status.

Thank you for the opportunity to testify today. I would be happy to answer any questions you may have.

---

788 Kent Street
Berlin, NH 03570
January 31, 2022

To the House Health, Human Services & Elderly Affairs,

My name is Lori Korzen and I live in Berlin, New Hampshire. I am writing today to show my SUPPORT for Bill HB 1099. Please know that this is the first letter I have ever written to a committee about a bill, so please forgive me if it is not in proper form.

I believe that any sweeping mandates in regards to Covid 19 masking and/or vaccinations are NOT in the best interest of the public. We need to come away from this "one size fits all" legislation and begin to treat the public as people who are capable of making their own choices for their own lives. If our government representatives feel that they can legislate people into submission, without any liability for those choices then we are no longer free people.

Speaking specifically on the Covid 19 vaccinations, I contend that these vaccines are far too new to force on people when we still have no idea of any long-term side effects or issues that may come from these vaccines. Ignoring the fact that we do not know what these vaccines could do to people in the short or long term is a travesty in America. You can not mandate something for people while relieving yourself from liability. Will this committee be held liable for any issues that might come about from the mandate?

Please allow me to briefly explain my own situation and relate it to this unamerican mandate. Back in the late 1960's my mother suffered from 3 miscarriages, as a result, she was prescribed a "safe and effective" drug that had been in use for years and helped women support a pregnancy to term. The drug was "Diethylstilbestrol" (aka DES) which had been used for 30 years, since the 1940s and was touted as a synthetic form of estrogen, a well-known well-understood hormone that all women produced naturally. This drug did help many women to become mothers and again was known to be "safe and effective."

In 1970 my own mother took this drug, which did indeed help her to become a mother and she considered it a miracle drug giving her the opportunity to become a mom. In the last month of my pregnancy, reports started surfacing that although the drug was safe and effective for the Mothers, some of the offspring of those Mothers were starting to show a higher incidence of having cancer. The drug was pulled from the US in 1971, the very same year that I was born.

Upon further research, the daughters of those given DES were found to have developed about 40 times the risk of developing Clear Cell Adenocarcinoma, a higher risk of breast cancer, were twice as likely to develop pancreatic cancer and a higher risk of infertility. All of these long-term effects of a once thought "safe and effective" drug. Sound familiar?

The first time I was diagnosed with cancer, I was 19 years old and I have struggled with this my entire life. When my husband and I decided to start a family, it took years before we had to come to the harsh realization that I would never become a biological mom. I do not know if you can truly understand the ramifications of this unless you too have been declared infertile, but I can tell you from experience that it is completely devastating.

The hard truth here is that WE DO NOT KNOW the long-term ramifications of what this vaccine (or the wearing of masks) can do to us or our children. Due to this hard truth, we can not DEMAND the public get this new vaccine.
If you are unwilling or unable to take liability for these decisions there should be no mandates!

Sincerely,

Subject: HB 1099
Importance: Normal

Dear HHSEA Committee:
Please support HB 1099; this bill will prohibit the department of health and human services from requiring vaccine passports for services. While this bill could be broader to prohibit discriminatory vaccine passports across the board, it is a start to prohibit the from getting involved in promoting them. Plain and simple : Vaccine Passports will destroy our personal freedoms and is contrary to the Constitution of the United States and New Hampshire.
Thank you,
David ST. Lifer Marlborough, NH Jan. 31, 2022

Re HB 1099

Gentles:

Christ and I Love you and all people.

Please know that I support HB 1099 which is needed to stop the requirements of vaccine passports. My wife and I volunteered in adaptive skiing for 12 years and served tons of kids that were autistic due to vaccine damage and so we are cautious about vaccines in general. Additionally, we find the current C19 Virus and it's associated shot to be in themselves extraordinarily harmful, and not at all helpful as put forth.

One size fits all does not work in any health care challenges. People are unique and we should allow for all citizens to freely navigate their way to optimal health. Withholding health care because one has not rolled over and submitted to what one finds to be a damaging protocol, is an incredibly revolting, putrid concept. It is not at all in keeping with the genesis of this state or nation.

Live free or die is our motto. What in the world is going on here with these massive infringements on our freedom to choose our best route to health care and our right to privacy for the same?

Thanks for your good service,

Anthony Dreux Fallon

Subject: Opinion 1099
Importance: Normal

Committee members:

HB1099 needs to pass. We are entring a post-Covid environment with the Omicron variant superceding Delta these last sevearl weeks. Masks have been proven ineffective, and two weeks ago the Pfizer chief admitted that the COvid “vaccine” is obsolete because the technology used to develop it was based on Sars-Cov2, and was never adapted to affect Delta variant and certainly not Omicron. And then there’s the criminal activity against testing experimental biological agents (the Covid “vaccine”) on children.

It’s over.

Nobody seeking medical care who has not been vaccinated should be denied service because those people are very likely more protected from Delta and OMicron than the nurses and Doctors who were forced to take the “vaccine” or lose their jobs in many cases. Those “vaccinated have been proven to be more contagious and “spreaders”.

Support HB 1099

Respectfully,
Joe Torelli

Dear Committee Members,

Please support HB 1099, prohibiting HHS vaccine passports for services. The dangers of heading in this direction are terrifying to consider. To maintain our freedoms in this state and country, we must never allow the creation of a system that requires "vaccine passports" to receive services or participate in society in any way. Health choices are private and personal, between patient and doctor. These choices should never be dictated to anyone or used against people if they do not "comply." Please protect NH citizens' privacy and right to informed consent.

Respectfully,
Rebecca Schwab

Importance: Normal

Dear Members of the Committee of Health and Human Services and Elderly Affairs,

My name is Amanda Mastroianni. I live in Merrimack, NH.

Vaccination should always be up to the individual without coercion or punitive measures of any kind including the removal of services that are available to the public.

Please support HB1099.

Thank you!

Subject: Please support HB1224-FN, HB1604-FN, HB1003, and HB1099
Importance: Normal

Dear House Committee of Health, Human Services and Elderly Affairs,

HB1224
Yes, please prohibit employers and places of public vaccination from discriminating on the basis of vaccination status. When I refused my employer's demand that I sign up for its new "personal risk" monitoring database, I was effectively forced to quit after ten years there, even though the employer rescinded their demand in the face of increasing judicial opposition to the federal mandates. I was denied a raise and bonus, I was told that my opinion was bad for teamwork, and the best projects and employees were taken away from me. Five years ago, I had been paid a retention bonus by the same company (Siemens) because I had been deemed critical to their success. The only thing that changed was my opposition to their enforcing political mandates.

This is insane. We're empowering quidnuncs and martinets to persecute good people. There is no question that New Hampshire is a more totalitarian, less tolerant state today than it was two years ago. Please, please stop this nonsense, and stop it now, and add some protections so it won't happen again the next time some power-hungry politicians foment a crisis instead of reminding us that we have nothing to fear but fear itself.

HB1604
Yes, state medical facilities should provide medical freedom regarding immunizations. What a mess we've created! We started with President Trump's "Operation Warp Speed," which created a completely lopsided compensation process that encourages only the first pharmaceutical companies to promote only the first vaccine. It took less than 10 months to develop the first wave of vaccines, but what has happened in the fourteen months since? Are better vaccines available everywhere? Are ethically-sourced vaccines that don't rely on human fetal testing available for people who are concerned about that? Are vaccines that deal with more than the one spike protein, vaccines that can address variants like Delta and Omicron, available? No, no, and no, because President Biden has only doubled-down on the original demand that the first, limited, primitive vaccines be administered universally, even as their efficacy wanes. The first step to getting better vaccines is to stop the tyrannical demands that everyone be vaccinated, re-vaccinated, boosted, re-boosted, and re-boosted again for the sole purpose of making Pfizer richer. Where's any drug company's motivation to research something better when the government is busy forcing everyone to re-buy a product that's already researched?

HB1003 and HB1099
Yes, we should stop healthcare providers from denying care to anyone. I'm horrified that we're moving into a world where doctors can choose not to treat subsets of patients, period. I don't think this has happened since Hippocrates. In wartime, doctors treat the wounded enemy. What are we becoming?

Thank you.

Importance: Normal

Dear committee member,
As we merge out of the mess that our state and the federal government have made in the way they've dealt with covid over the last two years and simply made things worse as well as taking our precious freedoms away, I am asking you to support the following bills. It is horrific to think that a new type of discrimination is emerging as to whether one is vaccinated or not, and we must stop it in its tracks. The Constitution should always be your guide, not whatever our unelected officials of the administrative state are thrusting upon us.

Please support HB1224-FN, prohibiting state and local governments from adopting certain mandates in response to COVID-19; and prohibiting employers and places of public accommodation from discriminating on the basis of vaccination status.

Please support HB1064-FN, including state medical facilities in the statute providing medical freedom in immunizations.

Please support HB1003, prohibiting health care providers from refusing to provide care or services based on patient vaccination status.

Please support HB1099, prohibiting the department of health and human services from requiring vaccine passports for services.

Thank you for doing the right thing,
With my best regards,
Enid Mackenzie
Goffstown.

Re: SB288

Dear Committee Members:

I am writing to you today as a concerned citizen of New Hampshire. I urge you to support SB288. It is a primary duty of the government to protect the natural rights of its citizens. No school or child care facility should be able to force injections on our most vulnerable citizens, especially when children are not at risk from COVID-19, children have never been vectors for the disease, and the available vaccines do not stop COVID transmission.

I feel compelled to write to you today to express my concerns regarding mandates for the Covid vaccine. We ALL should be able to make our own medical choices without the interference from the government.

These vaccines do NOT provide "immunity" like a true vaccine should. I have had many vaccines and I am NOT anti-vaccine. I am ANTI-MANDATE. I know several people that have been fully vaccinated, and still got Covid! Johns Hopkins has reported that there are over 140 Million people that have already had Covid, but yet our government agencies (FDA, CDC) do not recognize natural immunity. A study out of Israel shows that natural immunity gives you 27 times the protection than the Covid vaccine! (Johns Hopkins)

There has not been enough research on the **long-term effects** of this experimental MRNA vaccine. The Vaccine Adverse Event Reporting System (VAERS) has registered over 875,651 adverse events through November 5, 2021, including over 18,000 deaths.

I am afraid for my three grandchildren being forced to take this injection in order to attend school. There have been many instances where young boys and men have suffered pericarditis and myocarditis due to the vaccine. I don't want my grandchildren to suffer long term medical problems, or die from a vaccine that is NOT necessary for most children. Children are hardly affected by Covid, so why would we take the risk of side effects from the vaccine, when the virus itself has a 99.998% recovery rate for children. The flu itself is 6 times more deadly for our children, and yet we DO NOT MANDATE the flu shot for children.

Also, the FDA Briefing document - *Vaccines and Related Biological Products Advisory Committee Meeting* of October 26, 2021 (section 5 page 14) changed the formulation of the Pfizer vaccine for 5-11 year olds to include "tromethamine" (Tris) which is considered a "heart attack" drug that stabilizes people who have suffered a heart attack. Why the need to add this additional drug? Why don't the Pharma companies that manufacture these vaccines have some level of liability? If the state forces these vaccines will THEY be LIABLE for any associated adverse medical events?

We used to live in a free country where we were allowed to make informed choices and consent for our own medical care, sadly, this no longer is the case.

Please stand up for the citizens of NH to allow them to continue to make their own medical decisions.

I implore you to Vote AGAINST any Mandates or Vaccine passports!

Respectfully,

Mary Roy

Re HB 1099

Gentles:

Christ and I Love you and all people.

Please know that I support HB 1099 which is needed to stop the requirements of vaccine passports. My wife and I volunteered in adaptive skiing for 12 years and served tons of kids that were autistic due to vaccine damage and so we are cautious about vaccines in general. Additionally, we find the current C19 Virus and it's associated shot to be in themselves extraordinarily harmful, and not at all helpful as put forth.

One size fits all does not work in any health care challenges. People are unique and we should allow for all citizens to freely navigate their way to optimal health. Withholding health care because one has not rolled over and submitted to what one finds to be a damaging protocol, is an incredibly revolting, putrid concept. It is not at all in keeping with the genesis of this state or nation.

Live free or die is our motto. What in the world is going on here with these massive infringements on our freedom to choose our best route to health care and our right to privacy for the same?

Thanks for your good service,

Anthony Dreux Fallon

Today is a critical day. The most important virtue of all the virtues is Courage. Without courage the rest of the virtues are meaningless. Without courage then when the other virtues are at risk you cannot do what is right. So today is a day we have to make a choice. Segregation, Discrimination, censorship is NEVER on the right side of history. There are now 5 year olds that are not allowed to go to a museum if their parents have decided that vaccination is not in their best interest. If you are doing the right thing, force and censorship is never necessary. Gibraltar has 100% vax rates and since then has had 25% of their population test positive, and climbing. Israel has reached the top per capita in the world AGAIN (the most boosted, now with #4 in the world). Discrimination does not belong in New Hampshire! Laws are meant to protect the NATURAL RIGHTS of citizens and freedom of movement and bodily integrity is one of those rights.

Florida already has similar laws in place. They also have a booming economy that is doing better then anywhere else in the country. Follow their lead. Have courage to do what is right and stand up for your values. Stand up for the minority who chooses not to get vaccinated for many personal reasons. Please support bill HB1099

Nicole Sousa

Dear Representatives,

I am writing to urge you to support HB 1099. I unfortunately was unable to attend today's hearing in person.

We are today NH residents because of the loss of religious and medical freedom in New York State. We moved here in 2020 after more than two years of battle and loss against elected representatives and courts in New York who prioritized media optics and lobbyists over the people who elected them, and the scientific data coupled with decades of state public health data.

Words cannot express the ongoing trauma, financial losses, loss of precious times, and future experiences with family and friends, and other incalculable day to day losses we have been subject to as a result of having to choose between an unwanted intervention and living by our consciences.

Words also cannot possibly express the utter fear and anxiety we have experienced as we wonder day after day—after all we did to get to NH to live unencumbered from government imposition in our personal lives—if we will now lose our basic liberties over the vaccine issue again.

It has been enormously difficult to watch hundreds of thousands of families across this nation go through what we have already endured. It's been especially hard to see it begin to happen here in NH.

Some representatives seem to believe that the principle of my body my choice is contradictory to public health. I guess they haven't heard the repeated reminders from the CDC and WHO about COVID-19 vaccines not preventing infection with or transmission of the virus? What else could explain support of vaccine-based exclusion unless they were utterly unaware of the facts? A vote in support of this bill is NOT an anti-vaccine or anti public health stance. It is doing your duty and enabling all people in NH to be free from government-imposed control over their lives, bodies, livelihoods, and ability to participate in society as an equal. Supporting this bill will not prevent anyone from using available interventions or taking a preventative medical treatment. It will not prevent businesses or patients from allowing their patrons to do so.

Please, do your part to stop creating an entire sub-class of people with less access and basic rights in the state of NH. Please consider what will be irrevocably lost if we continue down this path as a nation and in NH. Please support HB 1099.

Sincerely,
Christine Macpherson,
Chesterfield

Dear Members of the Health, Human Services and Elderly Affairs Committee,

As a citizen of North Hampton, NH I would like to register my SUPPORT for all four bills, HB1224, HB1604, HB1003 and HB1099, being heard on Tuesday, Feb. 1. Although they all approach the issues differently, they all prevent entities from using COVID19 vaccination status as a requirement for a service and/or employment. I do not think people should be discriminated against because of their COVID vaccination status. It is wrong. In fact I don't think it is anybody's business if one has been vaccinated anymore than it is their business if one has diabetes or AIDS or has undergone a colonoscopy. This is private medical information. Since people who have been COVID19 vaccinated can transmit the virus as easy or easier than someone unvaccinated, COVID vaccination is no more a matter of PUBLIC health but private health.

Please support these four bills. Thank you!

Please SUPPORT – HB 1099, prohibiting the department of health and human services from requiring vaccine passports for services. While this bill could be broader to prohibit discriminatory vaccine passports across the board, it is a start to prohibit the State from getting involved in promoting them.
Thank you,
David Cory

Honorable Committee Members ~

Please support HB 1099 prohibiting vaccine passports for services.

There is much that still is unknown about these experimental vaccines that are still under emergency use authorization and in the trial phase. This bill discriminates against those that are unable, unwilling, or waiting for informed consent before agreeing to the vaccination.

Thank you for your consideration, Linda

I am writing to you today to ask you to support HB1099 . If history has taught us anything , it was that folks who require “papers” are the bad guys. My medical information is my private information and is not up for debate or for public use in order to conduct business or daily activities. It’s appalling that I even have to write this email to request that my state elected officials protect my God given rights . Please support HB1099 , freedom and liberty.

Thank You

HB 1099 - AS INTRODUCED

2022 SESSION

22-2422
05/10

HOUSE BILL ***1099***

AN ACT prohibiting the department of health and human services from requiring vaccine passports for services.

SPONSORS: Rep. Torosian, Rock. 14; Rep. Littlefield, Belk. 3; Rep. Andrus, Merr. 1; Rep. J. Smith, Carr. 5; Rep. True, Rock. 4; Rep. Green, Rock. 13; Rep. Blasek, Hills. 21

COMMITTEE: Health, Human Services and Elderly Affairs

ANALYSIS

This bill provides that the department of health and human services shall not require a vaccine passport for services.

- -

Explanation: Matter added to current law appears in ***bold italics.***
Matter removed from current law appears [~~in brackets and struckthrough.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

HB 1099 - AS INTRODUCED

22-2422
05/10

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Two

AN ACT prohibiting the department of health and human services from requiring vaccine passports for services.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 Communicable Disease; Medical Freedom in Immunizations; Vaccine Passports Prohibited. Amend RSA 141-C:1-a, I to read as follows:

I. Every person has the natural, essential, and inherent right to bodily integrity, free from any threat or compulsion by government to accept an immunization. Accordingly, no person may be compelled to receive an immunization for COVID-19 in order to secure, receive, or access any public facility, any public benefit, or any public service from the state of New Hampshire, or any political subdivision thereof, including but not limited to counties, cities, towns, precincts, water districts, school districts, school administrative units, or quasi-public entities. ***The department of health and human service shall not require a vaccine passport as a condition of eligibility for or access to department programs, benefits, or services. In this section, "vaccine passport" means standardized documentation that an individual has been vaccinated against COVID-19.***

2 Effective Date. This bill shall take effect 60 days after its passage.
