SENATE BILL ***425-FN***

AN ACT relative to the establishment of an election information portal.

SPONSORS: Sen. Gray, Dist 6; Sen. Bradley, Dist 3; Sen. Daniels, Dist 11; Sen. Avard, Dist 12; Sen. Ward, Dist 8; Sen. Birdsell, Dist 19; Sen. French, Dist 7; Sen. Perkins Kwoka, Dist 21; Sen. Soucy, Dist 18; Sen. Watters, Dist 4; Sen. Sherman, Dist 24

COMMITTEE: Election Law and Municipal Affairs

ANALYSIS

This bill authorizes the secretary of state to develop an election information portal.

Explanation: Matter added to current law appears in ***bold italics.***
Matter removed from current law appears [~~in brackets and struckthrough.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

SB 425-FN - AS INTRODUCED

22-2895
11/08

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Two

AN ACT relative to the establishment of an election information portal.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 Purpose. It is the intent of the legislature to modernize the application processes for new voter registration, requesting absentee ballots, and requesting changes to name, domicile, and party affiliation in the statewide voter database.

2 New Subdivision; Election Information Portal. Amend RSA 652 by inserting after section 27 the following new subdivision:

Election Information Portal

652:28 Election Information Portal.

I. The secretary of state is hereby authorized to develop, in consultation with the department of information technology, the department of safety, division of motor vehicles, and city and town clerks and supervisors of the checklist, an online election information portal which citizens may use to:

(a) Complete a new voter application.

(b) Request an absentee ballot.

(c) Request changes to the statewide centralized voter registration database, such as name, domicile address, mailing address, and party affiliation.

II. Voters electing to use the portal shall provide the same information and pursuant to the same time frames as outlined in statutes related to voter registration and maintenance of the statewide centralized voter registration database, including RSA 654:7, RSA 654:8, RSA 654:16 through RSA 654:19, and RSA 654:34, except that the information may be provided in a format the secretary of state deems suitable for electronic submission. Any information submitted to the portal shall be handled in a manner consistent with relevant voter and election laws, including RSA 654, and shall be retrievable and printable at any time including during the processing of the information. In addition, nonpublic data related to individual voter data shall remain confidential.

III. The secretary of state shall not implement any election information portal established pursuant to this section, such that the public can access or otherwise utilize such portal, until January 1, 2023.

3 Effective Date. This act shall take effect 60 days after its passage.

SB 425-FN- FISCAL NOTE
AS INTRODUCED

AN ACT relative to the establishment of an election information portal.

FISCAL IMPACT: **[X] State** **[ ] County** **[X] Local** **[ ] None**

	Estimated Increase / (Decrease)			
STATE:	**FY 2022**	**FY 2023**	**FY 2024**	**FY 2025**
Appropriation	$0	$0	$0	$0
Revenue	$0	$0	$0	$0
Expenditures	$0	DoIT: $1,668,550/ Sect of State: Indeterminable	DoIT: $3,555,000/ Sect of State: Indeterminable	DoIT: $6,326,000/ Sect of State: Indeterminable
Funding Source:	[X] General	[ ] Education	[ ] Highway	[ ] Other

LOCAL:

Revenue	$0	$0	$0	$0
Expenditures	$0	Indeterminable Decrease	Indeterminable Decrease	Indeterminable Decrease

The LBA has reached out to the Department of Saftey and will include the fiscal impact once received.

METHODOLOGY:

This legislation would authorize the development of an election information portal that would allow authorized citizens to access three distinct capabilities:

- Complete a new voter application.
- Request an absentee ballot.
- Request changes to the statewide centralized voter registration database, such as name, domicile address, mailing address, and party affiliation.

The Department of Information Technology (DoIT) states this bill will increase State General Fund expenditures in FY 2023 and beyond. The DoIT states the following components would need to be built to implement the provisions of this bill:

Web Portal

This would be the destination web site for the election information portal. Information would be organized according to the State of New Hampshire web design principles incorporating usability so that information is easy to access and understand. Accessibility will be "built in" as it is with all new websites we develop.

Identity and Access Management (IAM)

Given the recent dramatic increase in fraudulent on-line activities it will be important to provide top tier IAM capabilities for this portal to:

- Identity Proof all new users – Using technology, subscription services and existing business processes (like REAL ID) establish that the individual who's identity is being represented is actually that same individual who is representing.
- Strong Authenticate all users so that compromised credentials of individual(s) does not lead to misuse of people's identities and fraudulent activity on the portal.
- Offer self service Identity and Authentication help for users to improve satisfaction and efficiency.

Applications to Support the Three Capabilities

Design, develop, test and implement three applications that allow authorized users to complete a new voter application, request an absentee ballot and request changes to the statewide centralized voter registration database, such as name, domicile address, mailing address, and party affiliation. These applications will have to operate within the constraints of all applicable statutes and support appropriate business processes to maintain or enhance existing business processes for the Secretary of State's office and the managers of the lists.

DMV Interfaces

Develop the necessary data interfaces with DMV systems to validate and-or update information as needed.

Program Management

The DoIT anticipates that a competitive procurement would be completed to acquire the necessary professional services to assist with design, tools selection and implementation, but the DoIT will need to manage and maintain the program during the procurement and implementation as well as once it is up and operational. The DoIT anticipates the need for a Business System Analyst II as the overall Program Manager and an Administrator I to assist with the details of operating a program of this size and scope. This bill does not appropriate or authorize the funding for these two positions.

The DoIT makes the following assumptions related to the fiscal impact:

- Minimal state staff, two full time equivalents, is included for procurement, implementation, and operation. State staff will conduct a competitive procurement to acquire the expertise to design and implement. Ongoing technical and user support

staff (Maintenance and Operation) will be at all times so these services will be included in the procurement as well.

- Some of the services required for the IAM pieces are user subscription based so cost estimates of these services are based on anticipated growth of users over time.
- Costs for Identity Proofing can be reduced for those voters who have REAL ID.
- The IAM pieces of the system will be reusable for other important capabilities in the state. The benefits of this approach are the state only pays for this capability for a citizen once and the cost burden of the IAM pieces to the Election Information Portal should diminish over time as costs are shared with other agency implementations.
- 50% adoption rate for REAL ID (300,000 voters) for all fiscal years.
- FY 2023 cost be the implementation of the IAM and integration to DMV as well as the new voter registration system.
- FY 2024 assumes a 25% adoption rate of eligible voters (200,000 users) and assumes 50% are in REAL ID, meaning less calls to verify identity proofing solutions. There is also assumed maintenance and operation costs at three full time equivalents.
- FY 2025 assumes a 50% adoption rate of eligible voters (300,000) and continues to assumes 50% are REAL ID. Maintenance and Operations is increased to four full time equivalents.

	FY 2023	FY 2024	FY 2025
Identity and Access Management (IAM)			
Licenses	$245,550	$2,511,000	$5,022,000
Implementation	$750,000	$0	$0
Integration DMV	$75,000	$0	$0
Maintenance & Operations - Managed Services	$0	$750,000	$750,000
IAM Total	**$1,070,550**	**$3,261,000**	**$6,022,000**
Applications to Support the Three Capabilities	**$375,000**	**$75,000**	**$75,000**
Business Systems Analyst II	**$117,000**	**$115,000**	**$121,000**
Administrator I	**$106,000**	**$104,000**	**$108,000**
Grand Total	**$1,668,550**	**$3,555,000**	**$6,326,000**

The Department of State indicates there will be an indeterminable increase in State expenditures to design, create and implement a voter portal. However, they are unable to determine the cost.

The New Hampshire Municipal Association states the fiscal impact of this bill would be an indeterminable decrease in local expenditures. The new portal would result in time savings for

city and town clerks and supervisors of the checklist and a reduction in expenditures for mailing absentee ballot applications and absentee registration forms.

Who supports the bill: 76 people signed up in support of the bill. Full sign in sheet available upon request.

Who opposes the bill: 2 people signed up in opposition of the bill. Full sign in sheet available upon request.

Summary of testimony presented in support:

Senator James Gray

- This bill allows the Secretary of State to establish an election information portal.
- This portal will make it easier for citizens to register to vote and to make changes as needed.

Liz Tentarelli – League of Women Voters

- The leagues mission of empowering voters will be fostered by this and they fully support the election information portal.

Summary of testimony presented in opposition: None

Neutral Information Presented:

Dennis Goulet – Department of Information Technology, Commissioner

- He would like to explain the fiscal note.
- Anything that enhances citizen services on a digital platform they like to see happen.
- The challenging part of developing this will be making sure that if someone is coming to the portal they are who they say they are.
- They have been wanting to work on a citizen access portal and they targeted Identity Access Management in the fiscal note
- There are two parts, identity proofing, you are who you say you are and then when you access the portal again, you are the same person.
- The cost over time will grow but will be shared by other entities that will be using it as well.
- The Secretary of State's office and other entities would like to have a business one stop.

- Businesses could log in and have access to everything they might need to do business in the state of New Hampshire.
- Multiple state agencies have requirements for strong identity proofing such as HHS and the Unemployment Security Office.
- Over time, if they create a citizen access portal and fund it through this bill they can use it for other purposes in the future and the cost will get shared out based on usage.
- They have a licensing system that is used by multiple agencies who are billed by usage. OPLC, who uses it most, covers most of the cost.
- They have been putting together ARPA funding requests to develop a citizen access portal which is the biggest share of the cost due to the identity proofing that needs to be done.
- They believe the demand for online services has grown since the pandemic.
- Senator Soucy asked if the portal cost as represented in the fiscal note has the potential to be shared by several different agencies.
    - Mr. Goulet answered that yes over time. What they considered for the ARPA funding request was to name two or three agencies that wanted to be first in the program and fund that. Over time they would add other agency functions who will then share the cost. The benefit to the citizens is that they will have access to multiple state agencies with one portal.
- Senator Birdsell asked how the portal will be funded.
    - Mr. Goulet replied that he is not certain how this could be funded. There are HAVA funds that can be used. There are other options for funding and he would not be adverse to seeing ARPA funds for at least the citizen access portal part of it. He could separate each phase of the development and use funding that is specific for the phase.

Testimony

LEAGUE OF WOMEN VOTERS® OF NEW HAMPSHIRE

4 Park St Room 200
Concord, NH 03301

www.LWVNH.org

January 24, 2022

To Senate Election Law and Municipal Affairs Committee

From Liz Tentarelli, president, League of Women Voters NH
LWVNewHampshire@gmail.com

Re: **SB 425 Establishment of an election information portal**

It is not often that I get to testify in favor of a bill that has all members of the committee as co-sponsors. This is one of those rare opportunities and I intend to enjoy it fully.

I commend the initiative of Sen. Gray on this bill, who handed me a draft amendment two years ago to institute an election information portal. I recall my response was to say, "You are my new BFF," which was totally inappropriate in the context of a public hearing. But it was sincere.

The League's mission of empowering voters will be fostered by this election information portal. Only 8 states, at last count I can find, don't have online voter registration. While this portal may not create that per se, it comes mighty close, letting potential voters do much of the registration process in advance, from the comfort of their desks.

As Martha Stewart would say, "It's a good thing."

League of Women Voters supports SB ~~345~~ 425.

Committee Report

STATE OF NEW HAMPSHIRE

SENATE

REPORT OF THE COMMITTEE
FOR THE CONSENT CALENDAR

Monday, January 24, 2022

THE COMMITTEE ON Election Law and Municipal Affairs

to which was referred **SB 425-FN**

AN ACT relative to the establishment of an election information portal.

Having considered the same, the committee recommends that the Bill

OUGHT TO PASS

BY A VOTE OF: 5-0

Senator James Gray
For the Committee

This bill authorizes the Secretary of State to develop an election information portal. The portal will modernize the application and updating process for voter registration, requesting absentee ballots, and requesting changes to name, domicile and party affiliation in the statewide voter database.

Tricia Melillo 271-3077
