METHODOLOGY:

This bill repeals the "fetal life protection act," which restricts access to abortion after 24 weeks. This bill may reduce the number of felony may have an impact on the New Hampshire judicial and correctional systems. The systems cannot determine how many fewer charges would be brought as a result of the changes contained in this bill, therefore the fiscal impact is indeterminable. However, the provided impact the potential costs associated with these penalties below.

Judicial Branch	FY 2023	FY 2024 through 12/31/2023	FY 2024 (Starting 1/1/24 with repeal of Felonies First)
Routine Criminal Case	$644	$657	$779
Appeals	Varies	Varies	Varies

Judicial Council	FY 2023	FY 2024
Public Defender Program	Has contract with State to provide services.	Has contract with State to provide services.

Contract Attorney - Felony	$82.50/case $105 administrative fee $200 incarceration fee (If applicable)	$82.50/case $105 administrative fee $200 incarceration fee (If applicable)
Assigned Counsel - Felony Travel time to court does not count toward the cap.	$90/Hour up to $5,500	$90/Hour up to $5,500
Assigned Counsel - Supreme Court Appeal	$125/Hour up to $10,000	$125/Hour up to $10,000

It should be noted that persons needs to be found indigent and have the potential of being incarcerated to be eligible for indigent defense services. Historically, approximately 85% of the indigent defense caseload has been handled by the public defender program, with the remaining cases going to contract attorneys (14%) or assigned counsel (1%). Beginning in March of 2021, the public defender program had to cease intake of new cases due to excessive caseloads. Due to the closure, the contract and assigned counsel programs have had to absorb significantly more cases. The system is experiencing significant delays in appointing counsel and the costs of representation have increased due to travel time and multiple appointments.

Department of Corrections	FY 2023	FY 2024
FY 2022 Average Cost of Incarcerating an Individual	$64,223	$64,223
FY 2022 Annual Marginal Cost of General Population Inmate	$6,123	$6,123
FY 2022 Average Cost of Supervising an Individual on Parole/Probation	$688	$688

The Department notes any increase in the incarcerated population will have a direct impact on overtime costs given the Department's history of challenges associated with recruitment and retention. In addition, the NH State Prison for Men has a degrading infrastructure which will only be exacerbated if an increase in the inmate population were to occur.

NH Association of Counties	FY 2023	FY 2024
County Prosecution Costs	Indeterminable	Indeterminable
Estimated Average Daily Cost of Incarcerating an Individual	$105 to $125	$105 to $125

Many offenses are prosecuted by local and county prosecutors. While the Department of Justice has concurrent jurisdiction with county prosecutors in certain circumstances, the Department has limited resources and does not typically involved in appeals. The Department may be able to absorb the cost within existing budgetary resources, but if not, it may need additional funding. Repeal of the felony life pr fewer prosecutions and added expenditures for the Department and local prosecutors.

In addition to the felony penalty in existing RSA 329:46, RSA 329:47 provides for misdemeanor penalties and RSA 329:48 provides for a violation penalty. Repeal of these sections may decrease state expenditures for the following reasons;

- Repeal of RSA 329:47 provides for civil penalties, could result in fewer civil cases in the superior court and appeals.

- RSA 329:47 provides for review by the New Hampshire Board of Medicine. Repeal of this provision may decrease the potential for hearings before the Board of Medicine, decrease possible appeals of Board decisions to the Supreme Court and costs and decrease the need for the Department of Justice to represent the Board in any appeals.

COMMITTEE REPORT

Committee:	**Judiciary**
Bill Number:	**HB 271-FN**
Title:	**repealing the fetal life protection act.**
Date:	**March 8, 2023**
Consent Calendar:	**Regular Calendar**
Recommendation:	**WITHOUT RECOMMENDATION**

Statement in support of Ought to Pass: Members in support of Ought to Pass on this bill do so based on their objections to both the process in which the language of the Fetal Life Protection Act of 2022 (FLPA) reached the Governor's desk and was signed into law, and to the violation of free choice and the punitive provisions of the Act. We believe the enactment of the FLPA last year marks the first time in 40 years that the government of New Hampshire has infringed on the reproductive freedom of its citizens. We further believe the FLPA also was an anomaly for its provisions that invaded the privacy of discussion of an individual and their medical care provider regarding essential health care decisions. This bill would repeal the FLPA that we believe bypassed the rules of process for House bills by being inserted in the budget bill and signed into law by the Governor, and having nothing at all to do with state funding. This bill would repeal all portions of the FLPA, including the unconscionable provisions that criminalize the frequently ambiguous facts around life and death decisions that medical care providers face when providing medical care to patients. Supporters of Ough to Pass believe strongly that the FLPA should be repealed and proponents of the act will then have the opportunity to introduce this substantive topic that will follow the consideration process outlined in the Rules of the House for all policy legislative initiatives.

Amendment:

Rep. Rebecca McBeath

Statement in support of Inexpedient to Legislate: This bill seeks to repeal the Fetal Life Protection Act (FLPA). The current act allows abortion through 24 weeks and beyond in the case of fetal abnormalities incompatible with life or in circumstances where continuation of the pregnancy threatens the life of the mother or risks substantial impairment of her health. The current law gives women the freedom and reproductive liberty to make abortion decisions with their healthcare provider for abortions up to 24 weeks. Repealing this act would allow for abortions beyond 24 weeks, when a baby is viable and could otherwise live outside of the womb. To be clear, repealing this act would make it legal to abort a baby right up until birth. Those recommending Inexpedient to Legislate feel it is unethical to cause the death of a baby who would be viable outside of the womb. Polling data has made clear that the majority of NH citizens are in favor of the law as it stands today.

TESTIMONY

* Use asterisk if written testimony and/or amendments are submitted.

1. Rep Marjorie Smith, Sponsor.

- - This is her 13th term and she has always sought to protect common policy.
- - The finance trailer bill is intended to provide language in support of the budget.
- - In complete violation of policy, a section was included in HB2 that had nothing to do with the budget, language was added in regarding abortion restriction.
- - She respects the tradition of individuals living free of government interference.
- - She doesn't believe abortions are being provided in the state after 24 weeks anyways, isn't aware of any providers equipped to handle such a procedure in the state.
- - Doesn't believe the state has an interest until the point where a fetus can survive on its own, outside of the womb.

2. Honorable Tom Sherman, MD, Supports.

- - When this was originally passed, it was a solution in search of a problem.
- - Elective late term abortions aren't performed in NH.
- - Dartmouth providers believe this ban puts patients at risk, until it can be confirmed the mother's life is at risk.
- - Doesn't provide an exception for rape or incest.

3. Rep. Jeanine Notter, Opposes.

- - Current legislation only prohibits abortion when the baby can survive outside the womb.

4. Honorable Kurt Wuelper, Opposes.

- - HB 625 which contained the same content as in HB2, passed House and Senate and it wasn't signed by the governor, so this was instead was put into HB2. HB 625 had full hearings and votes.

5. Kayla Montgomery, Planned Parenthood, Supports.

- - Sexual assault victims, including children are denied abortions after 24 weeks.
- - People should have the freedom to make their own private medical decisions.
- - Planned parenthood Manchester does abortion up to 15w6d surgically, and Keene does up to 11w medically.
- - Wants to remove barriers where exceptions have to be interpreted, and may be interpreted differently at different centers.

6. Rep Sellers, Opposes.

- - Agrees with Rep.M. Smith that nothing should be put into a budget.
- - We don't track abortions in NH, so we don't know if abortions have been provided after 24 weeks before this law was enacted.

7. Bob Dunn, Roman Catholic Bishop of Manchester, Opposes.

- - The law that is in place today is consistent with Roe v Wade, that abortion be legal until viability, with exceptions for life and health of the mother.

8. Danielle Pimentel, Americans United for Life, Opposes.

- - Removes necessary protections for the health and safety of women and babies.
- - Abortion on demand in late term pregnancy is only allowed in 6 states and NH shouldn't be one of them.

9. Allyson Bodell, Opposes

- - During a late term abortion, baby is broken up with forceps and taken out in pieces.
- *Provided written testimony.

10. Michelle Cilley Foisy, Supports.

- - Had to abort daughter Kayla, at 22 weeks due to a fatal fetal anomaly.
- *Provided written testimony.

11. Maura Casey, Supports.

- - Had to abort her baby with Trisomy 18 at 14 weeks.
- - Medical providers told her that her baby wouldn't feel any pain during the abortion process.

12. Peter Hogan, Opposes.

- - High school student, at 24 weeks a baby can survive outside of the womb.
- - An unborn child should have the right to life.
- - Described the process of pregnancy and when certain functions develop.

13. Omer C, Ahern, Jr, Opposes.

- - Opposes HB 271, agrees with remarks of Rep. Seller and Mr. Hogan.

14. Laura El-Azem, Opposes.

- - Left

15. Phyllis Woods, Opposes.

- - Maybe we aren't doing abortions after 24 weeks now anyways, but we shouldn't start.
- - 43 states have restrictions 24 weeks or earlier.

16. MaryAnn Cooper, Opposes.

- - If there are defects in the fetal life protection, please work on them, but ITL this.

17. Sheila Marshall, Opposes.

- - Opposes the bill and agrees with everything Mr. Hogan said.

18. Roy Dennehy, Knights of Columbus, Opposes.

- - This is a human rights issue. A fetus is an unborn child and needs to be protected.

19. Rep. Karen Reid, Opposes.

- - Nurse of 30 years, who took an oath to do no harm.
- - When society kills its children, what is next? Elderly assisted suicide, like Canada?
- - Lets not be a culture who accepts death as a normal outcome.

20. Beth Scaer, Opposes.

- - Repealing this would allow a baby who is just weeks away from being born, to be killed.
- - Late term abortion is a gruesome, inhumane and bloody procedure.
- - Late term abortion can never be used in an emergency, as it is a procedure that takes days to dilate the cervix.
- - As Dr Sherman said, late term abortion is risky to the mother.
- *Provided written testimony.

21. Ian Huyett, Cornerstone, Opposes.

- - Opposes abortion being legal just weeks before birth.
- - Mass until Dec 2020 had a felony abortion prohibition without exception for fatal fetal anomalies.
- - If our law is going to cause physicians to flee, did they in Mass?
- - Poll after poll has shown 65% of voters are in favor of abortion restrictions.

22. Dick LaPlume, Opposes.

- - One of 13 kids.
- - Allowing abortion all the way up until birth is unnecessary.

23. Rep. Kelly Potenza, Opposes.

- - Knocked on every door in Rochester and believes most everyone she spoke with agrees with the current law, once they actually know what it is.

24. Kathy Holmes, Opposes.

- - What is the driving force that is pushing abortions later and later? It's money.
- - Late term organs are valuable, how can we be opposed to slavary but in favor of selling baby organs?

25. Jason Hennessy, NH Right to Life, Opposes.

- - Baby was born in a tent outside in Manchester, they went searching and found him and he survived.
- - If we passed this law, all that desire we had to protect that baby, wouldn't have applied to him one week before.

- - Repealing this would legalize abortion through birth.
- - Over 70% polled in NH agrees with restricting abortion.

-Respectfully Submitted,

Rep. Katelyn Kuttab, Clerk

HB 271 Repeal of the Fetal Life Protection Act

Allyson M. Bodell

2/15/23

Hi I'm Allyson Bodell.

I oppose the repeal of the Fetal Life Protection Act. I think if you knew more about abortions you would oppose it too.

Let me explain what happens. I warn you it is very graphic. To perform an abortion first the mother is anesthetized. The doctor uses an instrument called forceps. Forceps are basically big tweezers. The forceps is inserted into the womb and pulls out parts of the fetus. The legs are usually pulled out first. Then he takes arms and the rest of the body. Finally the head is squashed because it is too large to fit through the canal.

You may wonder if the fetus feels pain. Has anyone ever heard of Dr. Ben Carlson? He is a pediatric neuro surgeon. He specializes in preborn babies. For example, conjoined twins, also known as Siamese twins. He discovered that fetuses do wince in pain when he would attempt his surgery. All of his tiny patients would have anesthesia for all their surgeries just like their mothers.

In closing my hope is that you realize that fetuses are tiny living babies' not just masses of cells.

Does anyone have any questions?

Thank you for your time and understanding.

HB 271: repealing the fetal life protection act

Good afternoon Mr.Chair and House Judiciary Committee,

My name is Michelle Cilley Foisy. I live in Temple and I am here today in support of HB 271, repealing the fetal life protection act.

Before telling my daughter Kayla's abortion story at 22 weeks due to a fatal fetal anomaly to the New Hampshire House Judiciary Committee last February, I had never told our story in public. Over the last year I have had the honor of meeting people from all over the state while advocating for reproductive rights. Through my own storytelling, I have in turn heard many stories of abortion. Stories of relief for their life and future ahead after having an abortion, stories of loss of dearly wanted pregnancies, and stories of self love after enduring a horrifying sexual assault. On this journey I have learned that Granite Staters overwhelmingly believe in and support legal and safe accessible abortions for all, but New Hampshire's abortion ban puts politicians between patients and providers.

18 years ago as I sat with my husband in the perinatologist's office, we were devastated by the news we had just received. We learned that our second child, who we desperately wanted, had no chance of surviving outside of my body due to her fatal anomalies. Though my heart was crushed, I felt the most incredible compassion and empathy from our medical provider. Listening to him explain our options with the patience and understanding he exemplified with us on that day is something I will never forget. The relationship we developed in a very short amount of time was a bond I cannot describe and a trust that cannot be felt without living the experience itself. Without my provider's expertise, I firmly believe my life would not be as it is today as a mother of six living children. A medical provider that has the burden to share the horrible news that a wanted pregnancy will not have the outcome once dreamed of, deserves compassion as well. All medical professionals enter the world of medicine with the desire to help others and as their oath states, to do no harm. New Hampshire's abortion ban criminalizes doctors for doing their job and working with their patients to get the care they need, just as my doctor did on that fateful day.

As a person who has had an abortion later in pregnancy, I understand the complexity of reproductive health care. Families in New Hampshire can face harrowing circumstances and have to make difficult choices. Letting Kayla go from the body that was not able to sustain her life outside of mine was our way of setting her soul free. For me and my family, choosing abortion was a true act of love. Last year, the New Hampshire Legislature took an important step to mitigate some of the harm caused by the state's abortion ban, adding an exception for fatal fetal diagnoses. However, all patients, including survivors of sexual assault, deserve access to abortion care. Studies show that survivors of rape, incest, and sexual assault can experience delayed decision making due to trauma. HB 271 removes barriers to care for patients who should not need to disclose their personal circumstances within an arbitrary time limit. Granite Staters know what's best for their lives and they must have the freedom and privacy to

make decisions about their pregnancy in consultation with their medical providers and families. I urge you to support HB 271. Thank you for your time.

Testimony on Bill HB271
House Judiciary Committee
Beth Scaer
2/15/2023

Committee Members,

Thank you for taking my testimony.

My name is Beth Scaer and I am a mother from Nashua. I am here to speak in defense of NH's Fetal Life Protection Act which protects healthy babies just a few weeks from being born from being killed in an abortion. I have included a picture of an abortion at 23-weeks with my testimony, a week before the Fetal Life Protection Act kicks in. It describes in detail what happens in an abortion at this late stage of pregnancy as described by a doctor experienced in performing these abortions:

- The body parts are grasped at random with a long toothed clamp.
- The body parts are pulled from the fetal body out the vaginal canal.
- The remaining body parts are grasped and pulled out.
- The head is grasped and crushed in order to remove it from the vaginal canal.
- The placenta and remaining contents are suctioned from the uterus.

As you can see, this is a gruesome procedure. Who here on the committee or who among any of those testifying in support of repealing the Fetal Life Protection Act could stand to watch such a bloody procedure? Medical professionals who perform these abortions have to harden their hearts to the inhumanity of what they are doing.

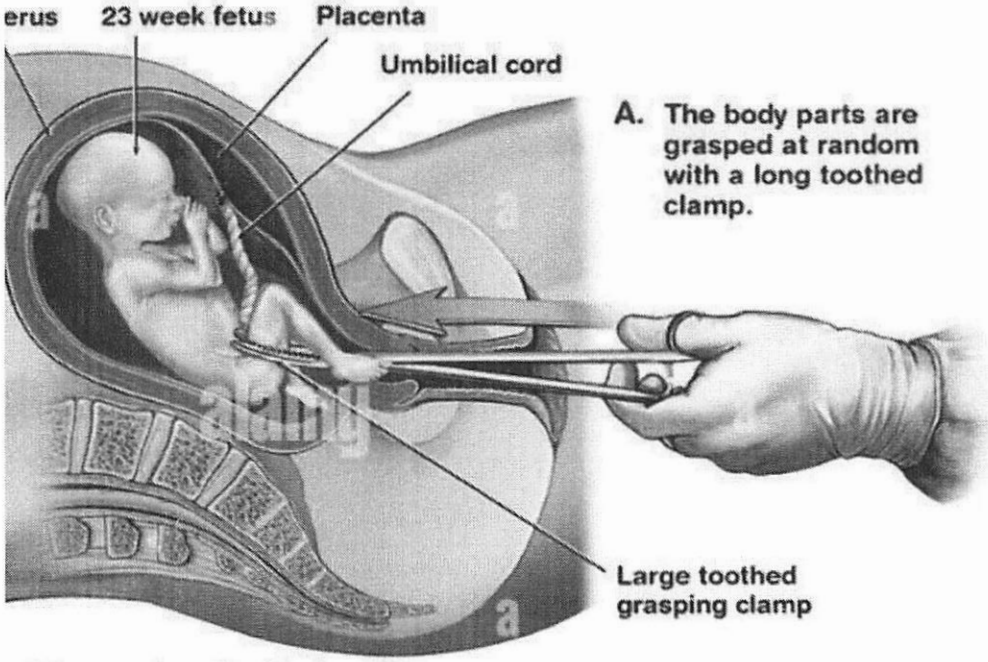

Many workers who have left the field confessed that they became suicidal after participating in these procedures.

And late-term abortions cannot be used to save a pregnant mother in the case of an urgent medical condition because it takes multiple days to open up the cervix wide enough to extract the fetus. And because of the size of the baby, these procedures are dangerous for the mother's health. It is much safer for her to have an early delivery or a Caesarean section and give birth to a live baby then to go through this gruesome procedure.

The reason that Planned Parenthood and the other abortion businesses are so determined to repeal the Fetal Life Protection Act is because it draws attention to the inhumanity of abortion. It is the same reason they fought tooth-and-nail against the passage of NH's Fetal Homicide Law. It demonstrates that the baby is human and deserving of protection.

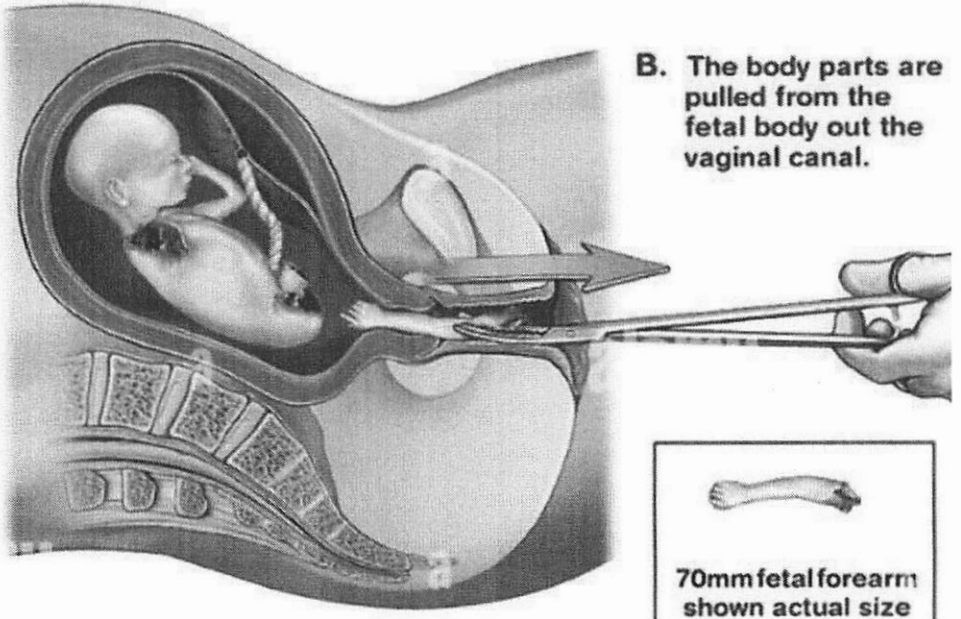

Please vote ITL on HB271 to protect innocent babies from a gruesome death and their mothers from physical harm and the abortion workers from the serious mental health repercussions of participating in these inhumane procedures.

Americans United for Life

Written Testimony of Danielle Pimentel, J.D.
Policy Counsel, Americans United for Life
In Opposition of House Bill No. 271
Submitted to the House Committee on Judiciary
February 15, 2023

Dear Chairman Lynn, Vice-Chair Wallace, and Members of the Committee:

My Name is Danielle Pimentel, and I serve as Policy Counsel at Americans United for Life ("AUL"). Established in 1971, AUL is a national law and policy nonprofit organization with a specialization in abortion, end-of-life issues, and bioethics law. AUL publishes pro-life model legislation and policy guides on end-of-life issues,[1] tracks state bioethics legislation,[2] and regularly testifies on pro-life legislation in Congress and the states. Our vision at AUL is to strive for a world where everyone is welcomed in life and protected in law. As Policy Counsel, I specialize in life-related legislation, constitutional law, and abortion jurisprudence.

Thank you for the opportunity to provide written testimony against House Bill No. 271, "Repealing the Fetal Life Protection Act" ("HB 271" or "bill"). As the bill's name indicates, HB 271 would repeal the Fetal Life Protection Act. The Fetal Life Protection Act requires that a health care provider determine the gestational age of an unborn child before performing an abortion, directs a health care provider to perform an ultrasound if the provider knows that the unborn child is at least 24 weeks' gestation, and prohibits abortions at 24 weeks' gestation. The Fetal Life Protection Act allows for exceptions in cases of fetal abnormalities and medical emergencies.

I have thoroughly examined HB 271, and it is in my opinion that the bill removes necessary protections for the health and safety of pregnant women and their unborn children, and is inconsistent with New Hampshire's legitimate interest in protecting human life. For these reasons, I urge you to oppose this bill.

I. Later-Term Abortions Carry High Risks to Women

If HB 271 is passed, abortion-on-demand will be allowed in New Hampshire up until a baby's birth date, which will subject women to higher risks of l

complications and maternal death. When the Supreme Court decided *Roe v. Wade* in 1973, the Court erroneously failed to consider the impact of abortion on maternal health. In fact, no medical data was entered into the legal record. In 1973, there were few, if any, peer-reviewed studies related to the long-term risks of abortion.[3] Now, it is well-known that abortion harms women, and the risk of harm increases substantially with gestational age. Thankfully, the Supreme Court overruled *Roe* and corrected the record in *Dobbs v. Jackson Women's Health Organization*, recognizing that states have a legitimate interest in protecting maternal health and safety.[4]

It is undisputed that abortions carry a higher medical risk when done later in pregnancy. Even Planned Parenthood states on its national website that, "[t]he chances of problems gets higher the later you get the abortion, and if you have sedation or general anesthesia. . . ," which would be necessary for an abortion at or after 20 weeks of gestation.[5] Ten percent of women undergoing abortions experience immediate complications such as blood clots, hemorrhage, incomplete abortions, infection, and injury to the cervix and other organs.[6] Approximately 1/5 of these complications are life-threatening.[7] After 20 weeks' gestation, the risk of experiencing a major complication during an abortion is significantly higher.[8] Specifically, "the risk of death increases by 38% for every week after eight weeks gestation."[9]

Because HB 271 allows abortion-on-demand up until birth, more women will experience life-threatening complications from later-term abortions, which will likely increase the number of maternal deaths. The women of New Hampshire deserve better than to be subjected to later-term abortion procedures that threaten their

health and safety. This Committee can protect the maternal health of its citizens by rejecting HB 271.

II. New Hampshire Has a Legitimate Interest in Preventing Fetal Pain

By opposing HB 271, this Committee will protect New Hampshire's legitimate interest in preserving prenatal life and mitigating fetal pain.[10] Currently, New Hampshire permits abortion up until 24 weeks' gestation. However, repealing the Fetal Life Protection Act will allow abortions up until birth. In effect, HB 271 will leave unborn babies who can experience pain from abortion unprotected.

Current medical science has firmly established the existence of pain in preborn infants at or before 20 weeks.[11] In 2019, scientists even found evidence of fetal pain as early as 12 weeks' gestation.[12] Another study from 2010 found that "the earlier infants are delivered, the stronger their response to pain"[13] because the "neural mechanisms that inhibit pain sensations do not begin to develop until 34-36 weeks[] and are not complete until a significant time after birth."[14] As a result, unborn children display a "hyperresponsiveness" to pain.[15] According to one group of fetal surgery experts, "[t]he administration of anesthesia directly to the fetus is critical in open fetal surgery procedures."[16] Given the substantial medical evidence illustrating that preborn babies can experience pain by at least 20 weeks, if not earlier, it is well within New Hampshire's legitimate interest to oppose HB 271 and minimize fetal pain as much as possible.[17]

III. New Hampshire's Ultrasound Requirement Furthers the State's Legitimate Interest in Protecting the Life of the Mother and her Unborn Child

The Fetal Life Protection Act requires a health care provider to perform an ultrasound if the provider knows that the unborn child is at least 24 weeks' gestation. This provision promotes women's physical and psychological health as well as advances New Hampshire's legitimate interest in protecting unborn life. Ultrasounds are the only method of diagnosing ectopic pregnancies, which, if left undiagnosed, can result

in infertility or even fatal blood loss.[18] Furthermore, an ultrasound enables healthcare providers to date the gestational age of an unborn child more accurately. Accurate dating of pregnancy both protects the woman by ensuring that the appropriate abortion procedure is performed and provides relevant information necessary to make an informed decision, since the risks of abortion increase as gestational age increases.

Ultimately, the Fetal Life Protection Act ensures the protection of unborn children after 24 weeks' gestation who can feel pain while also greatly reducing the risks women face when seeking an abortion. HB 271 seeks to repeal these essential protections, thereby endangering the lives of mothers and their unborn children. Thus, rejecting HB 271 is necessary to further New Hampshire's legitimate interest in protecting the health and safety of its citizens, both in and out of the womb.

IV. Numerous States Have Enacted Strong Pro-Life Limits After the United States Supreme Court overturned *Roe v. Wade*

In *Dobbs*, the United States Supreme Court overturned *Roe* and *Planned Parenthood of Southeastern Pennsylvania v. Casey* and held that "[t]he Constitution makes no reference to abortion, and no such right is implicitly protected by any constitutional provision."[19] Now that the Supreme Court has recognized that the federal Constitution does not protect abortion as a purported fundamental right, the abortion issue has been returned to the People and the democratic process. Several states have acted on the legitimate interest of protecting both maternal health and the unborn. For example, at least 3 states maintain an enforceable limitation on abortion at 24 weeks LMP (last menstrual period), including Nevada, Massachusetts, and Pennsylvania. Other states have enacted even stronger pro-life limits. Eighteen states have laws that protect life starting at conception,[20] and 3 states have laws that protect life after a fetal heartbeat is detected at or after 6 weeks' gestation.[21] On the contrary, only six jurisdictions explicitly endorse abortion-on-demand throughout pregnancy.[22] By rejecting HB 271, New Hampshire will join numerous other states that have affirmed their legitimate interest in protecting life.

[20] States that have laws protecting life at any gestation age include Alabama, Arkansas, Arizona, Idaho, Indiana, Kentucky, Louisiana, Missouri, Mississippi, North Dakota, Oklahoma, South Dakota, Tennessee, Texas, Utah, Wisconsin, West Virginia, and Wyoming.

[21] States that have laws protecting life at the detection of a fetal heartbeat include Georgia, Iowa, and Ohio.

The Fetal Life Protection Act reduces the risks women face when seeking late-term abortions, furthers the state's legitimate interest in mitigating fetal pain and preserving fetal life, and is consistent with other states' life-affirming measures. For these reasons, I strongly encourage this Committee to protect maternal health and prevent fetal pain by voting in opposition of HB 271.

Dear House Judiciary Committee

I am against bill HB271. Please vote no and protect living babies in the womb. Please see pictures of the 9 months of stages of life in the womb and review for yourselves the baby growing each month in his or her mother's womb (see the baby with the heart beat). There are many reasons for voting NO on HB271.

1. God's laws are first. "Thou Shalt Not Kill" is one of the Ten Commandments that God gave us. Killing an innocent, living baby is against the law of God.
2. People don't have a constitutional right to kill or murder. God's laws are first. Abortion is the murder of a child. This is no different than if a two year old child was murdered; we have jail to keep murderers behind bars.
3. Every person has a God given purpose in this life. The human being who is aborted (aka murdered) may have been the one to cure cancer or might have saved someone in this room from choking in the future.
4. Many women want to keep their baby, but don't know where to turn. We need more communication to pregnant women about agencies that help pregnant women have their babies and keep them and be told about adoption agencies and how adoption works if that is their choice.
5. Do you want to be remembered for protecting life or killing life?

You have a huge responsibility to protect human life. Please vote NO on bill HB271 and don't repeal the Fetal Life Protection Act. Please keep God's commandment of "Thou Shalt Not Kill" and vote NO. Also, save women and men from having a lifetime of abortion guilt. Thank you.

February 14, 2023

To the assembled members of the Judiciary Committee of the New Hampshire State Legislature, in consideration of House Bill 271.

Your Honors,

Thank you all for your service to our communities and to our State.

It is my understanding that nearly 60% of New Hampshire citizens identify their religious affiliation as "Christian".

The Bible is renowned to be the number one best selling book of all time, so if I may, I would like to reference it as part of my testimony.

King David wrote in the Psalms,

> "I praise you [God], for I am fearfully and wonderfully made.
> Wonderful are your works. My soul knows it very well." Psalm 139:14

For me, the greatest wonder of this verse, is not that the human body is so complex and ingenious. The human body is truly wonderful, with some 40 trillion cells, all working together in harmony. But there is a much greater and deeper "wonder" that the Psalmist realized. King David realized he was … "**made**".

Before everything that is made, there is a maker, whether it be a popsicle stick or a person. The very complexity of our bodies and their amazing systems and design are, to many, clear evidence of a designer.

My dear legislators, what do you think?

I appreciate that some serving on this Committee may not share my Christian affiliation, but as a Christian, I would greatly appreciate, that as you consider HB271, you would also include in your consideration … the lives of the unborn. Truly, each one, a work in progress … each one, precious to its Maker.

Respectfully yours,
Dave Whitney

Testimony on Bill HB271
House Judiciary Committee
Beth Scaer
2/15/2023

Committee Members,

Thank you for taking my testimony.

My name is Beth Scaer and I am a mother from Nashua. I am here to speak in defense of NH's Fetal Life Protection Act which protects healthy babies just a few weeks from being born from being killed in an abortion. I have included a picture of an abortion at 23-weeks with my testimony, a week before the Fetal Life Protection Act kicks in. It describes in detail what happens in an abortion at this late stage of pregnancy as described by a doctor experienced in performing these abortions:

- The body parts are grasped at random with a long toothed clamp.
- The body parts are pulled from the fetal body out the vaginal canal.
- The remaining body parts are grasped and pulled out.
- The head is grasped and crushed in order to remove it from the vaginal canal.
- The placenta and remaining contents are suctioned from the uterus.

As you can see, this is a gruesome procedure. Who here on the committee or who among any of those testifying in support of repealing the Fetal Life Protection Act could stand to watch such a bloody procedure? Medical professionals who perform these abortions have to harden their hearts to the inhumanity of what they are doing.

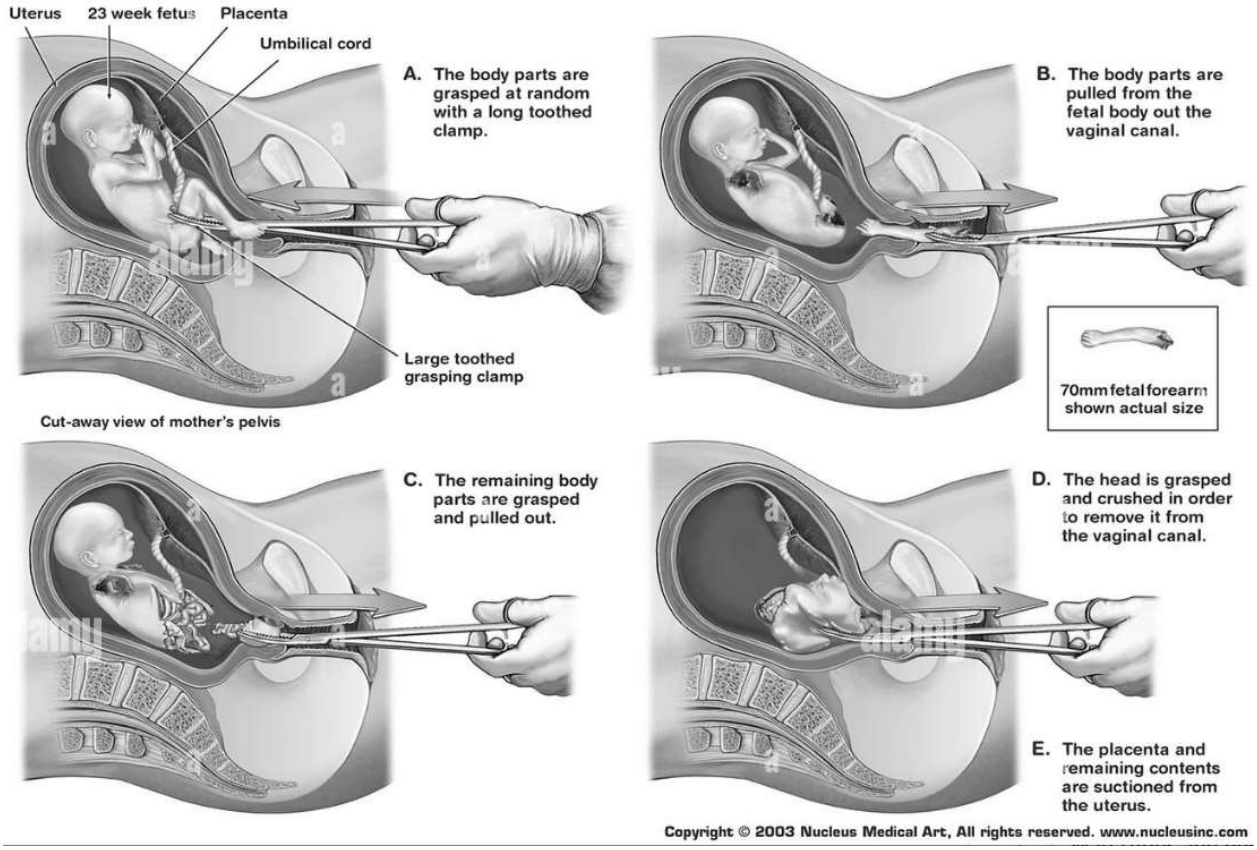

Many workers who have left the field confessed that they became suicidal after participating in these procedures.

And late-term abortions cannot be used to save a pregnant mother in the case of an urgent medical condition because it takes multiple days to open up the cervix wide enough to extract the fetus. And because of the size of the baby, these procedures are dangerous for the mother's health. It is much safer for her to have an early delivery or a Caesarean section and give birth to a live baby then to go through this gruesome procedure.

Why are Planned Parenthood and the other abortion businesses so determined to repeal the Fetal Life Protection Act? Its because it draws attention to the humanity of the unborn child. It is the same reason they fought tooth-and-nail against the passage of NH's Fetal Homicide Law.

Please vote ITL on HB271 to protect innocent babies from a gruesome death and their mothers from physical harm and the abortion workers from the serious mental health repercussions of participating in these inhumane procedures.

WOMEN'S FOUNDATION

To: Chairman Lynn and the House Judiciary Committee
Re: HB 271, Repealing the Fetal Life Protection Act
Date: February 15, 2023
Position: OUGHT TO PASS

The New Hampshire Women's Foundation invests in equality and opportunity for New Hampshire women and girls through research, education, advocacy and grantmaking.

Women, and all people who can become pregnant, should have access to the full range of reproductive choices, including abortion. All Granite Staters should be able to access the reproductive healthcare they need in their own state without experiencing shame or stigma or criminalizing providers who care for women in complex circumstances.

We support HB 271, which would repeal the 2021 abortion ban, because arbitrary abortion bans harm women and families in complex circumstances, and the "Fetal Life Protection Act" creates inequitable access to care for Granite Staters.

Arbitrary Bans Harm Women and Families in Complex Circumstances
Arbitrary bans on abortion later in pregnancy harms women and families who have to make decisions in complex circumstances. The Fetal Life Protection Act criminalizes doctors and providers who provide crucial care for women who face these complex circumstances.

The Abortion Ban Creates Inequitable Access to Care
A 24-week abortion ban places an inequitable burden on some people who will be forced to seek abortion in another state who may not have the means to do so. This would include low-income women, women living in rural areas, those without access to transportation and survivors of domestic violence and control who are limited in their movement and travel. A 24-week abortion ban in New Hampshire targets women who need local, compassionate, reliable and affordable care the most.

Conclusion
We believe women and people who can become pregnant should have access to the full range of reproductive health care, including abortion, free from shame and stigma. We urge the Committee to recommend HB 271 Ought to Pass.

Derek Tremblay

I think all preborn humans are endowed with God-given rights. Bankshot!

Patrick Kiefer

The fetal life protection act was approved to ensure the right to life for preborn children after 24 weeks of gestation. This is a small but important protection for some preborn girls and boys. To repeal this legislation would be a very sad step in our state.

I am requesting that this bill be voted down.

Veronica Molloy

The Fetal Life Protection Act is a recently enacted law which morphed into being after many hearings and deliberations in legislative committees as well as in the House and the Senate chambers as legislators ruled on similar proposals. Decades of study and re-writes on similar bills initiated through both the Senate and the House have taken place before ratification of The Fetal Life Protection Act. More than a significant opportunity occurred over those years of study and deliberation for public testimony and for professional input. All of this mass of information including public and professional testimony contributed and was considered in crafting the existing Fetal Life Protection Act. Clearly, NH's Fetal Life Protection Law was well vetted and created by due process. There is no justification to abolish the Act.

Jordan King

Having a better education of mental health reduces harmful stigmas and misinformation about mental illness. I could have benefited a lot from better education on this topic in high school, and from my peers having it too.

Annamarie Saenger

The ban on abortions after 24 weeks gestational age is an overreach of state power, violates any concept of 'medical freedom', and is an unnecessary interference in the ability of doctors to provide necessary care to individual patients, according to individual medical circumstances. Medical decisions should be left to trained healthcare providers and the individual directly, medically impacted.

Karin Barndollar

I support passage of this bill

Susan Pagano

To keep NH a state where people want to live in we need to repeal all restrictions on abortion.

Margery Phillips

I support this bill

Margaret Russell

Late term abortions (after 24 weeks) are rare and answer the need to protect the life and health of the woman or in the case of fetal abnormality that is incompatible with life. Late Term abortions must be legal in NH for women in our state to receive appropriate and necessary reproductive health care. Doctors and women should not have to fear adverse legal repercussion for decisions made in difficult, emotionally fraught, and often physically dangerous conditions.

Scott Carpenter

This bill would undermine the only protection there is for the voiceless and innocent unborn by removing the protections of the Fetal Life Protection Act. Please for the love of life and the true nature of love itself, oppose this bill and protect innocent babies!!

Karen Bridgeo

Please repeal the current 24 week abortion ban. The decision to bring another life into the world should be the responsibility of the pregnant woman with the advice of her health care professionals. If the abortion ban had been instituted with concurrently funding of programs to support the life of mom and child, then it would truly be "Pro-Life." The way it is currently legislated brings more heartache and pain into the world, not less.

Thomas Westheimer

NH citizens should have the right to abortion before 24-weeks in New Hampshire under state law

Mary Alison Wilder

Abortion is health care. By supporting this bill, I'm supporting access to health care as a fundamental right for all people.

Eleanor Morrison

Leave FLPA alone. It protects the unborn fetus against murders

Alan Zuckerman

It's simply a natural right. Those who don't agree can take their own course. Live Free Or Die.

Patricia Anastasia

I support HB271 which will repeal the fetal life protection act. The fetal life protection act takes difficult medical decisions out of the hands of the women who are affected by them. Abortion is a medical decision and must remain in the hands of women and their doctors. Women and their doctors who make these difficult and dangerous decisions should not be subject to legal action.

Monica Staples

People who spent time earning degrees in order to become educators should be the ones selecting course material for students. If parents have feeling that are that strong about their children being exposed to material that they object to, private school or homeschooling are always options. An entire school full of children should not be denied the ability to broaden their horizons and expand their knowledge because one parent or a small group of parents objects to it.

Stefne Ricci

I believe in safe and accessible abortions and this law helps that

Paul Fitzgerald

I am definitely opposed to repealing the FLPA

MaryDover Cooper

During last session of your legislative body.Fetal Life Protection Act was passed;

We who know the value of this measure strongly urge you not to erase this saving gift to NH's citizens, mothers,babies, and infact all citizens who suffer from loss of somany lives sinc 1973. Mary Ann Cooper

Repealing the Fetal Life Protection Act, as the name suggests is a straightforward repeal of RSA 329:43 - RSA 329:50, which is the whole statute passed in 2021 and enacted in January of 2022 that protects babies in the womb of 24 weeks gestational age or older. The baby is viable and can feel pain. In that sense, what is the difference between our current laws that penalize for murder. A 24-week old baby is a human being. By opposing this bill, you are acknowledging that you are protecting that human life just like you protect all other human life from murder.

Darrell Van Wagner

I oppose this bill. Please stand in favor of protecting life in the womb of 24 weeks gestational age or older.

The House Judiciary Committee:

The NH Constitution recognizes God (Article 5) and recognizes that the best and greatest security to government is morality and piety, rightly grounded on high principles (Article 6).

[Art.] 5. [Religious Freedom Recognized.] Every individual has a natural and unalienable right to worship God according to the dictates of his own conscience, and reason; .....

[Art.] 6. [Morality and Piety.] As morality and piety, rightly grounded on high principles, will give the **best and greatest security to government, and will lay, in the hearts of men, the strongest obligations to due subjection; and as the knowledge of these is most likely to be propagated through a society,** .....

Without God, without morality and piety, a culture and nation self-destruct. This is occurring in some of our cities and states today as individuals without morality are not held accountable for their actions. There is lawlessness.

The Moral Compass points to God, and man was created in His Image. To kill the unborn, to violate laws and not be held accountable is to destroy that Moral Compass.

Please vote "ITL" (Inexpedient to Legislate) on HB271 and HB224.

Thank you for your time and service.

Twyla Richett

The fetal life protection act should remain as it is. Life is precious and should be protected. My son with Down syndrome is a reminder to me every day that every life is important. He is a bundle of joy in so many people's lives! Please stand for protecting NH's children!!

Andrea Folsom

In the live free or die state where a bipartisan majority supports access to abortion, a right to reproductive freedom is a must. Repeal the abortion ban now.

Nancy Sartori

Please help protect the most innocent of human lives. The unborn are the most defenseless of all!

dee nolin

I am opposed this bill as it will allow for virtually unrestricted abortions should it be passed. The present bill protects the unborn, viable child from 24 weeks until birth. It is NOT overly restrictive to allow for the ultrasound. It is NOT overly restrictive to prevent a mother from killing a viable child.

WARREN WITKOWSKI

Life needs to be protected at all stages by all means possible. I oppose repealing this act which may have already saved unborn lives.

Deborah Lievens

I believe that NH should join other states in the union that do not limit a woman's choice to have an abortion

Krissy Mendez

I am a mother who experiences life threatening conditions when pregnant. I almost lost my life in childbirth, and for the sake of my other children, it is necessary to have the right to choose between losing my own life or aborting a pregnancy if these extenuating circumstances are to ever arise. This is the case for so many women even in the US with full access to medical care. It is wrong to expect a woman to lose her life if caused by pregnancy. I am in support of banning abortions except under extenuating circumstances such as medical risk to mother or baby, and results of rape.

Simone Cushing

We must protect our most vulnerable, the innocent life of child,

Loriann Safford

A 24-week abortion ban is VERY moderate. Please do not allow unrestricted abortions up to full-term. Thank you.

Daniel Birck

Do not take away life for those babies still protected. Give them life so they can receive hugs and live.

Patricia S Rizkallah

This bill, if passed, would remove all restrictions to late term abortions in our state. Therefore, children born beyond 24 weeks gestation can survive outside the womb. Let us not kill them!

James and Jennifer Bobolia

As a Family Nurse Practitioner and a pro-life resident of NH, I oppose any change to the current fetal protections after 6 months of gestational age. The current restrictions are a common sense approach which still allows for abortion in the event of life threatening complications. There are no restrictions prior to 6 months which allows a pregnant woman ample time to chose an abortion if that is her choice. Please vote ITL on this bill. Thank you.

Tara Tracy

The current abortion ban MUST be repealed.

Amy.Louise.Lee Lee

Criminalizing health care professionals will jeopardize the safety of patient care and worsen the already critical shortage of physicians in the state.

Joyce Brown

Dear Members of the Judiciary Committee, I beg of you to please consider the lives of our most innocent and helpless citizens as you hear this bill. I ask you to look at the baby in the womb as a future citizen of your state, one who should have the right to Life, Liberty and the Pursuit of happiness, just as each one of you had. We must see and recognize the value of each individual life. NO Person has a "Right" to kill another human being, do you agree with that? If you view killing another human being as wrong, then you must oppose this bill. We have to speak up for those who cannot defend themselves. Please carefully consider this as you make your decisions. Thank you for your valuable service.

Diana Lacey

I support repeal because I am a born and raised Granite Stater and I expect us to fully live up to the promise of freedom I have taken such pride in when I say, “We are the live free or die state.” Never have I ever been so disappointed and felt so betrayed by our beloved legislature as when they infringed on my God given right, as a human being, by restricting my right to seek medical attention for a pregnancy, including up to abortion any time it may be needed. That decision, is between me and God. No one walks in my shoes - ever - and no one has any right to tell me what to do with my body. This is NH; please repeal this law and restore my faith in who we really are and the promise of liberty we stand for. Thank you.

R Joseph Garon

Please support the most innocent lives of the unborn and turn back this culture of madness. Thank you

Curtis Register

We need the codification in law the right to abortion up to 24 weeks and we should not be arbitrarily banning abortion based on a fixed integer. Viability is not a set amount of time. These decisions should be made with the individual and her doctor. No other individual has the right or the knowledge to make a good enough decision for the woman or the baby. We certainly should not be criminalizing doctors for doing their jobs and protecting their patients. Women should retain control of their bodies. The government has no right to intrude on the personal decisions and bodily autonomy of any of its citizens. We should be protecting individual liberties not attacking them.

Christine Templeton

The fetal life protection act should remain intact and it’s more than reasonable.

Joanne Ciarletta

Please oppose this bill

Doug Sanderson

I support the fetal life protection act and do not want it appealed

Robert and Mary Pomeroy

Please stop the madness!! Support a womens right to control her body!! Keep government out of our lives.

Jacob Wagner

All human lives are equal and worthy of protection.

LS Elisabeth Swiriduk

When you take a moment to thank your parents for choosing to give you life, then you understand why it is so important to advocate for the Pre-Borns. They are depending on our voices! Sanctity of Life is so important to embrace. For me, and my family, our family Cornerstone is built on Jesus Christ, our Lord and Savior, God's only Son. God's Word, The Bible, speaks very clearly about the sanctity of life.

Respectfully and sincerely, please do NOT pass these two HB Bills (HB271 and HB224). There are so many more options to protect the lives of these unborn children. Ultimately, our U. S. Constitution protects them! These little ones deserve to live from the moment of conception, never mind taking their lives in mid-term and later!

I have to ask this question because it keeps coming to my mind. How many of you have ever watched an abortion in process? God has created us in His image. Unfortunately, we all have inherited a sinful nature and many have hardened their hearts and minds to protecting the rights of the Pre-Born children.

Thank you for your time and honest endeavor to listen to our voices today. We continue to pray for each one of you and for God to give you wisdom in making the right decision; whether it is popular or not. It is the right decision to defend our Pre-Borns.

Every woman has the right to control her own body. This right to healthcare should be verified.

Mark French

My spouse and I are extremely opposed to repealing the Fetal Life Protection Act. Making it easier to kill unborn human babies is wrong. Even in cases of rape or incest, it is not right for the baby to receive the death sentence for someone else's crime.

Gail Knowles

Abortion is a part of women’s health care. No politicians should decide what should be between a woman, her family, and her doctor.

Lori Avery

Abortion is healthcare! I support a repeal of the NH 24 week abortion ban.

Harold Guptill

Please kill this bill in committee. Every human being, including those in the womb, are precious. We need to protect the life of those who cannot speak for themselves.

Steve Pauwels

This legislation would restore open season on unborn children. It is horrific. I oppose HB271. Decent people will stand against it

Chris Perl

I oppose this bill

Laura Rundell

If one of the values of the Granite State is limited intrusion of government into the private lives of individuals, it should not interfere in the decision made between a doctor and their patient.

Bonnie Provost

I oppose the removal of NH's modest protection for pre born babies at 6 months.
I oppose moving NH to the extreme position of allowing abortion up until birth.

Edward Frost

As a priest I believe that all human life carries the full dignity of carrying the image of God.
As a husband and father, I understand some unplanned pregnancies are devastating and I DO support early-term abortion, and access to the 'morning after pill', as a socially necessary accommodation for unwanted pregnancies and for pregnancies as a result of rape, incest and to medically protect the life of the mother when absolutely necessary.
As a hospital chaplain, I have (albeit rarely) held 24 week early-birth children in my arms and baptized them. They are children with all the rights to survive that we afford any patient in our healthcare system. Therefore, I cannot support late-term abortion after 24 weeks of pregnancy.
I oppose this bill and encourage our legislators to also.

Rebecca Evan

I am an Obgyn in NH. And I support a repeal of the NH 24 week abortion ban. Abortion care is healthcare.

Nancy Sirois

My name is Nancy Sirois, I oppose: HB 271

Fetal Protection Act involves children up to 24 weeks which equals 6 full months in utero. In less than one week, the baby recognizes her mother's voice, and some simple tunes she has heard often. She can stick out her tongue. She will respond to loud noises and her mother's touch. She is about 13 or so inches long and weighs about 1.5 pounds. She is viable outside the womb. I challenge you to find a 24 week fetal model and hold it in your hands. Just seeing the size and weight is impressive. At this point, a woman has had more than ample time to decide she doesn't want this child.

You still think 6 months doesn't go far enough? Too restrictive? Have you heard how a 2nd Trimester Abortion is executed? After 13 weeks, the child is too big for a suctioning machine and forceps. The D&E [Dilitation & Evacuation] method is used. The cervix needs extra help to open wide enough to accommodate the size of the child, and once the cervix is dilated, the doctor dismembers the body and crushes the skull to make it easier to remove from the mother's womb. Remember, she can feel and react to pain as early as 8 weeks in utero.

If you really believe that abortion is safe and should remain legal, then you should actually see how it is done. We are told it is 'too graphic' to show an abortion. Is it easier to pretend that we don't know what we can not see. In the end, someone has to reassemble the child to make sure they have 'gotten' all her parts. I am so glad they have stopped the medieval practice of "Hang, Drawn and Quartering' of executing people. How come this protection doesn't apply to the most vulnerable among us?

Gail Laker-Phelps

I firmly believe that each person should make their own health and reproductive decisions! For some reason our current and recent governing bodies feel that this is their business, but only with regard to female citizens! Why no regulation on male citizens? Let's treat ALL of our New Hampshire citizens / residents equally and PASS CACR2.

Peter Chamberland

I absolutely oppose the passing of this bill to repeal the Fetal Life Protection Act. Everything should be done to protect the life of the unborn and remember that it was a 6 month old baby in the womb that first recognized, Mary, the mother of Jesus. Keep this bill in place and do not repeal it.

Kimberly Peace

I support this bill!

Irene Noonan

RE; HB 271…..New Hampshire has a well known and established motto. ‘Live free or Die’ passage of the above bill would replace our motto with ‘Die because we will not allow one to live free’. As elected officials you are called to support the constitution to the best of your ability considering the public’s intent balanced with sound and reasonable facts. Please consider these sound and reasonable facts below: ‘Over 70% of NH residents agree with abortion restrictions, 43 states have protections at 6 months or earlier, and only 7 countries (including North Korea and China) allow for such abortion extremism.’ Our great nation opposes North Korea & China’s human rights abortion policies…..let New Hampshire become a great supporter of ‘FREE LIFE & NOT DEATH aka/ABORTION’ and any bill such as this one to allow death versus life.
Please do the compassionate RIGHT thing…BE A LIFE LOVER NOT BABY HATER! Vote FOR LIFE

Ann Rettew

People need to make their own reproductive decisions with the advice and care of medical practitioners. Reproductive care is a private medical decision, not a political one.

Jane Boyer

I believe in reproductive freedom.

Alicia Blow

I strongly oppose this bill. Why would anyone think that it is okay to kill and dismember a baby who is fully developed, with lungs, a heart, and a brain? This is cruel. Do No Harm. The baby at this stage is fully developed. The mother should be referred to counseling as well as an adoption agency if this is the mindset she is taking.

Elizabeth Bissonnette

A post 24 week fetus is indeed a life capable of surviving outside the womb and therefore needs to be protected. The FLPA needs to remain NH law.

Jacob West

I am opposed to this bill because it is contrary to what our government is called to do. Protecting the innocent should be of utmost importance to our elected officials and this bill is contrary to that.

Kim Bruneau

I oppose this bill because I feel that abortion is wrong. After 24 weeks is criminal. Please do not allow this bill to pass.

Michael Pelletier

I strongly oppose NH House bills 271 and 224. No one who supports these bills would have a voice if they had been aborted. None of the contributions they have made to other causes would have been made had they not been permitted to live.
"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."

Apparently it isn't EVIDENT to EVERYONE!

Thank you.

I am strongly in favor of a pregnant person's right to make their own pregnancy-related health care decisions, up to and including termination of that pregnancy if needed, without any interference of state law.

Paul Galasso

Hello - I've been a pro-life volunteer at the Pennacook Pregnancy Center in Manchester for 7 years. We support babies and moms in both pre-born and post-birth situations. We also help women that come to us that have aborted their children. These girls and women are typically suffering from depression and anxiety because of their decision to abort. Sometimes they are suicidal. We help by directing them to the appropriate medical professionals in addition to providing emotional and spiritual support. Abortions have many victims - the death of a pre born child, the mother, sometimes the father, grandparents, and potentially other members of the family. The devastation of abortion is seldom considered when debating abortion legislation. Please do not strike down NH's Fetal Protection Act. We are already creating far too many victims with the 24 week limit. Thank you for reading my testimony. Paul Galasso

Deborah Twombly

I support this bill and support a woman's right to have control of her body.

Kathryn Otto

Thank you for NOT repealing the fetal life protection act.

Patti Burwen

We can not allow babies to have their lives ended.

Susan LaPointe

And who speaks for the unborn child??? It IS a child you want to murder.

JANICE WOODS

I AM FERVENTLY OPPOSED TO THIS BILL!! WE CANNOT HAVE ABORTION ON DEMAND THROUGHOUT THE TERM UP UNTIL AND INCLUDING THE BIRTH OF A PERFECTLY HEALTHY BABY! ITS BARBERIC! I AM AND HAVE BEEN EFFECTED PERSONALLY BY ABORTION AND KNOW THAT THE MENTAL ANGUISH AFTERWARDS CAN LIVE ON FOR THE ENTIRE LIFE OF A WOMAN. I BELIEVE THAT THIS BILL NEEDS TO SET LIMITS AND NEEDS TO REPLACE USING ABORTION AS BIRTH CONTROL. PLEASE DO NOT VOTE FOR THIS BILL!

E Ann Poole

I am strongly in favor of repealing New Hampshire’s current abortion ban in its entirety.

Jennifer Bertrand

As a women I fully support the full repeal of the Fetal Life Protection Act. Government has no business coming between a woman and her doctor and a women's decision to carry or not carry a pregnancy. Please support HB 271..

I believe it is important for all people to have reproductive justice and to be able to have autonomy over their own bodies. To that end, I support CACR2

The Unites States Constitution guarantees life, liberty and the pursuit of happiness to all our citizens. Life ends when your heart stops beating. Please respect the life and the rights of the unborn. We know the heart of a fetus is beating by 6 weeks thus indicating life has begun.

Over 70% of NH residents agree with abortion restrictions, 43 states have protections at 6 months or earlier, and only 7 countries (including North Korea and China) allow for such abortion extremism.

HB 271 seeks to remove NH's modest protection for preborn babies at 6 months, moving us to the extreme position of allowing abortion until birth.

Please vote NO.

Thanks you,

God bless you,

Speaking as both an experienced Obstetrical RN and Surgical RN , I strongly OPPOSE this Bill for New Hampshire. The Bill is highly unethical. Please vote it Down.

Robert Plaisted

I am opposed to the repeal of Fetal Life Protection Act. HB 271

Sheridan Lloyd

Please vote FOR HB 271 and allow women to make their own decisions. Keep New Hampshire's moto "Live Free or Die" alive with the freedom of NH women over our own bodies!

James Oakes

All humans, including the unborn, deserve a right to life, liberty and the pursuit of happiness.

Lisa Oakes

All life is precious, especially the life of the most innocent and most vulnerable, an unborn baby in what should be the safety of its mother’s womb.

Shawn Bertrand

A woman should have the right to choose, and professionals in the medical field should not be punished when doing their jobs and keeping women healthy.

Claudia Wells

I oppose this bill as a concerned NH citizen and Registered Nurse licensed in NH. I believe every human has the right to Life, Liberty and the pursuit of Happiness. I believe the able have the duty to protect the most innocent and vulnerable among us.

Candace Bergstrom

Reproductive freedom IS freedom!

Kathy Weiner

It is not for the government to decide whether or not a baby in a woman's womb should live or not. God alone makes that determination. A womb is the place in which the first nine months of a human being lives. Laws do not determine the life of a baby. Every child conceived has the right to be born.

Kari Lamper

I am SUPPORTING this bill.

Bryan Richardson

Please Oppose HB271

Anne Wake-DePasquale

Doctors have an array of reasons for aborting a fetus. It should not matter whether it is at the behest of the pregnant citizen or due to his/her own assessment of the health of the patient, Abortion care must be legal. There should be no bans. This is a private matter. I trust women and their doctors. Why don't our representatives opposing this ban trust them? Why do lawmakers think they know better than medical professionals and the women carrying the fetus? I fully support access to abortion care.

Caren Morell

Stop making medical decisions for women

Jane McCoy

It is the right of every citizen to have autonomy over their own body, this includes reproductive rights!

Herbert Moyer

It is long past time when we should have already codified sensible protections for abortion in New Hampshire. I support HB271, though I want to see as few abortions in America as are feasible!

Phil Lee

I oppose the repealing of this bill. This bill has been voted in already reflecting the will of the majority of the house and their constituents. This bill is standing up for the rights of unborn children all across New Hampshire, it is saving the lives of thousands of people and all they could offer New Hampshire and contribute to mankind. To repeal this bill is to agree to the murder of our future posterity, we have no way of calculating all that abortion has already cost us in America, don't let it continue to grow by repealing this bill.

Phil Lee
Plainfield, NH

Sarah Limoges

All women deserve the right to make their own reproductive decisions. Abortion is a medical procedure, and has nothing to do with politics. Lets protect our women’s rights by trusting women to make the right decisions about their bodies!

Margaret Lunn

When a pregnant mother loses her baby at six months, it is no longer called a miscarriage, but a stillbirth. Abortion after six months gestation is simply infanticide. Over 70% of NH residents support abortion restrictions. Only 7 countries, including China and North Korea, allow this barbaric practice. Please protect pre-born babies.

Darlene Pawlik

Please, vote ITL on this bill. Please,

VANCE POTEAT

To: Members of the House Judiciary Committee:

Thank for you service on this committee and I ask you to vote against this bill. I believe in human life and believe this should stand as it was originally passed.

Thank you for listening.

Vance Poteat - Windham

Eileen Cunis

It is the duty of government to protect the lives of its citizens, and it has been fully established that the unborn are individual human persons. They are as worthy of protection as any other person, regardless of age, sex, race, or economic status. Abortion always destroys at least one life, and has been shown to have the potential to damage the woman physically, mentally, and emotionally.

Sarah Shipton

I am a social worker with experience as a counselor in a reproductive health clinic. It is essential that safe abortion services be available to women and their medical providers.

Amy Paris

Dear members of the Judiciary Committee,

I am a board-certified OBGYN doctor who takes care of women in New Hampshire. Abortion is health care. It is safe, routine, essential, and life-saving. Please protect my patients' access to this critical medical service by repealing the 24 week ban.

Warm regards,

Amy E. Paris, MD, MS, FACOG

Marjorie Barton

Please use your influence to protect our unborn children in NH. Thank you

Arbitrarily banning abortion later in pregnancy and criminalizing doctors harms women and families who have to make decisions in complex circumstances.

Linda Dauer

I wholeheartedly believe that life begins at conception. Preborn lives matter too. Where is their choice?

Deanna Wilson

As a mother of 3 I know that the choice to abort is not a black or white issue. My first son was 5.5 weeks early with retained products of conception that could have killed me had my doctors not acted quickly. With my second son I was put on light duty and not allowed to work for the last few months of my pregnancy. My last son was the hardest and the reason my husband got a vasectomy. I was in the hospital for a week on the worst medication I've ever had in order to stop my labor. They had my husband tour the NICU just in case they were unable to stop my labor. Luckily, they were able to stop it and I was on bedrest at home at 32 weeks with 2 toddlers at home. I know how lucky we were to have a husband who could support us and family close by to help care for me and my kids while he worked. Keep in mind the only underlying medical condition I have is childhood asthma, by all accounts I am as healthy as can be and still had 3 very complicated pregnancies. It is also not just about the life of the mother and child, had any of these pregnancies happened as a single mother or low income family they would have been on the street or I most likely would have died because they couldn't take the time off work that doctors recommended. Abortion is both healthcare and sometimes a financial responsibility. For those opposed to abortion, I suggest you focus on programs that help mothers.

Studies show when more programs and social services are given to mothers abortion rates decline making the a higher percentage of abortions preformed out of medical necessity not financial responsibility.

Paul Wadensweiler

Dear NH House of Representatives,

Abortion is healthcare. It keeps women safe. It honors patient autonomy. It gives families solutions and options in the most trying of times. It is a human right and should be respected as such. Seeing abortions from my perspective as a physician and a support to those I love who have gone through abortion, I have learned that every story is different, but abortion is never an "easy" decision. It is inhumane to cast judgement on that very personal experience and control a woman's choice of how to guide her life and her health. Abortion ultimately offers opportunities for women and their loved ones to thrive in the way that they choose, not how anyone else thinks that they should.

Sincerely,
Paul Wadensweiler, MD, MSc

Martha Huckins

The Bible tells us that we are all "children of God," made in His image. Mother Teresa once said at the National Prayer breakfast in Washington, DC, that the greatest destroyer of peace today is abortion because Jesus said, "if you receive a little child, you receive Me." So every abortion is a denial of receiving Jesus, a neglect of receiving Him.

Abortion is a selfish act and a mortal sin. Each life is precious and could contribute to the well being of our world.

We as a society, should not enable women to make this life and death decision and to take it lightly.

Please defeat this bill.

Sharon Eaton

Please support HB 271. New Hampshire is a state that prides itself on its self governance and the protection of individual's rights. Individuals should know that they have the right to make their own medical decisions without the intrusion of anyone else. Reproductive care is deeply personal & individual, and often has significant financial impacts in the lives of New Hampshire residents. Please take action to ensure that all individuals have their reproductive rights protected and respect for their own bodily autonomy.

Andrea Rebeck

In a state whose motto is “Live Free or Die” it is unconscionable that the government feels it has the right to tell the majority of its population (50.1%) that they cannot control what happens to their own body. The current abortion ban should never have been passed or signed into law.

The life and welfare of the pregnant person should be everyone’s primary concern. Mature religions recognize this, and accept that the decision to terminate a pregnancy is best left up to that person and their family. Even in parts of the US where fundamentalist religions don’t allow abortions, a majority of the population has shown that they respect a person’s right to make their own reproductive decisions. And how can a person “live free” if their doctors face criminal charges for doing what they feel is best for their patients’ health and wellbeing?

New Hampshire’s law implementing a 24-week abortion ban has no place in a state that would like to move into the future, attract companies with good-paying jobs and their employees who can make positive contributions to our communities. We are surrounded by states that honor women’s rights and respect their needs. Why would productive, valuable people choose to come here when they are treated as if it were 1955 and their most intimate lives were controlled by the State?

This is the 21st century and our legislature needs to pass HB 271 to show that we truly are a state where ALL its residents can “Live Free.”

Matthew Persechino

I believe safe access to abortion and reproductive health care is a human right.

Kara Martinez

Access to abortion care is necessary for women’s rights -

Gary Myler

Please oppose this bill and support life for the unborn, as all life is ordained by God.

Greg Vaccaro

I think the fetal life protection act is common sense. Without it, a life in the womb is only protected if someone attacks the mother. Please do not repeal this act.

Frank Lunn

After all the debate and work to pass the Fetal Life Protection Act, I cannot believe that it is under attack. Please protect innocent life which begins upon fertilization of the egg!
OPPOSE THIS BILL,!

Mark Pitman

Women should have the freedom to determine their own reproductive rights. The State should not be intruding on these very personal decisions.

Wynne Graves-Moody

I fully support this bill. This decision is strictly between a woman and her care provider.

Rev. Sammy Holland

Our church supports bodily autonomy and reproductive rights. Furthermore, as a citizen, I do not believe politics should come between doctors and patients. The fetal life protection act needs to be repealed to ensure ALL people receive the best treatment.

Susan Skinner

We must finally, permanently protect the right of women to control their own reproductive health. Please support this proposed constitutional amendment.

William Brown

I support the decision of women.

Shannon Best

Please vote no on this bill in recognition that the lives of unborn human children are worthy of legal protection

Christina Chretien

I oppose the pro arbortion bills & support the pro life bills.
Thank you,
Christina

Kathleen Edelblut

Aren’t you glad someone cared enough to protect your life when you were in the womb? Every person deserves the same protection, even if it isn’t their biological mother. A human is a human no matter how small.

Jane Woodward

I strongly support the right to make my own healthcare decisions with my doctor. Please.

Jessica Jordan

Politicians do not belong in the exam room. Even having a partial ban at 24 weeks means my medical information would be subject to investigation, denying me my right to privacy.

Brandon Latham

Freedom of choice and individual rights and responsibility are the New Hampshire way.

Alan Ciano

Support the life of the preborn

Noel Carlos Carneiro

I strongly oppose the pro-abortion bill and support the pro-life bills

Sister Mary Agnes Dombroski

The Fetal Life Protection Act must stay in place to protect in utero babies 6 months and older. HB271 seeks to repeal the Fetal Life Protection Act and that is why I oppose it.

Ann Dupuis

I oppose pro-abortion and support the Pro-Life bills.

John Wagner

Do not try to turn back the clock and open up NH again to the evil inherit in aborting a viable baby, a 24+ week old human being, in the womb.
If not now, someday, people will look back on these times (as we look back on the euthanasia, the killing mills of the Nazis, the oppressive chattel slavery of the Old South, the slave traders) and wonder how it could be that so many supposedly decent, educated people got things so wrong that they actually enabled and supported the killing and oppression of innocent human beings.

Janelle Schilling

I am a pro-life woman. This is the one area in human civilization where scientific facts are overridden by lies. It is a fact that life begins upon conception. It is a fact that a 19 week old survived outside the womb in California. To repeal the FPLA is taking a step backwards in protecting the most vulnerable among us. The womb, which should be the safest place on earth for a person, has become the most dangerous. Please stand up for life. Don't disregard science and humanity.

Peter Lanzillo

House Judiciary,

Repealing the Fetal Life Protection Act is UNEXCEPTABLE!

Please do not vote for this bill!

Hudson resident,

Peter Lanzillo

Walter Stapleton

We worked hard to pass HB-625 and HB-2 to protect viable and fully developed human life in the womb from wanton and barbaric destruction in the third trimester! This bill would send us backwards when 70+ percent of voters want these reasonable restrictions on abortion. Please vote to ITL this hideous, wrong and misguided bill!

Denise Carver

I support Pro-Life and oppose any bill that repeals a childs right to life.

Laurette Young

I oppose this bill. I am totaly against abortion of any form.

Michael Johnson

We as a community need to take a stance that protects the most vulnerable and promote the dignity of all lives.

George Hildreth

We must protect those innocent fetal lives, who cannot protect themselves. Do not vote for this bill opening unborn children to slaughter. We must act civilly in our society or civilization will head toward collapse.

Susan Zelie

Please consider some protection for the unborn children who will be the citizens of NH into the next century. I know we can do this while also helping mothers in crisis. We are a compassionate people.

Charlotte Constantian

Preborn babies must be protected at any age. It is our responsibility.

Kyle Allen

Our unborn have the same rights to live free (and not die) as any of us other citizens. A society such as ours in New Hampshire must recognize life and support it, especially those of the most marginalized, oppressed, vulnerable and persecuted.

Jonathan Connell

I urge you to vote no on HB271.

Richard Dotchin

I cannot condone the murder of a fetus. Responsible members of the public should take those steps necessary to avoid getting pregnant.

Chris Williams

Members of the Judicial Committee,

I am writing to ask that you would consider opposing the moving of HB271 beyond this committee.

I am asking your consideration for the right of the unborn child to life. Why? Because I have watched prematurely born children fight for life. Life naturally fights to survive. A baby may not be able to vocalize its desire to live, but it definitely shows its will to live in its fight to adapt and survive in an environment it was not quite ready to be in. We know that it is fact that babies have been born before 24 weeks of age (as early as 20 weeks) and have survived. Unfortunately, I have watched unborn children under 24 weeks clearly fight for life as they struggle against various methods of abortion. They react to instruments inserted into the womb or obviously struggle in solution injected into the womb. Why? Because life naturally fights to survive. Some unborn still have a heartbeat after extracted. To repeal the current New Hampshire law that protects life in the womb after 24 weeks would be a step backward.

This is a life, different from the mother by DNA and blood type. The unborn is a life inside of the body of its mother that cannot speak for itself. It is not a blob of tissue, it is a growing, responsive, human being with brain and heartbeat.

It seems that many on both sides of this issue can agree that the life of the unborn is sustainable or viable after 24 weeks. Every life has rights please listen to the cry of the unborn even though others will not. Protect those lives that cannot protect themselves.

Daniel Richardson

"A mother's love for her child is like nothing else in the world. It knows no law, no pity, it dares all things and crushes down remorselessly all that stands in its path." - Agatha Christie
Valentines Day - Never give in to Satan's devils.

Fouad Faris

I am voicing my opposition to this bill in the strongest way I possibly can. Abortion is a barbaric practice at any time, but to seek to repeal the Fetal Life Protection Act, which only applies to those babies who are 24 weeks or older, meaning they are viable, is wrong. We should do all we can to protect those who are most vulnerable in our state, and there are none more vulnerable or innocent than the pre-born. Thank you for the opportunity to share my thoughts. I hope that they will be taken into account.

Brian Abasciano

I am writing to urge you to vote against HB 271, which would repeal the Fetal Life Protection Act, which took us from radically allowing abortion up to birth for any reason to a modest ban on late-term abortions. The fact is that the law does not stop or even inconvenience the vast majority of abortions. It restricts abortion from 6 months on and falls within the legal framework laid out in Planned Parenthood v. Casey. But allowing abortion for any reason up to birth is monstrous. Everyone has a right to life, including the defenseless. Please do not let deceptive scare tactics turn you against the important and rather moderate Fetal Life Protection Act, Please oppose HB 271.

Jenn Berkeley

With over 330,000,000 abortions a year, you can't tell me they all are a result of rape/incest, abusive relationships. Most are done for convenience sake. Imagine your babies, your families babies being ripped apart, or a drill through its scull. Please do the right thing
