Be it Enacted by the Senate and House of Representatives in General Court convened:

1 Committee Established. There is established a committee to study the portability of housing finance authority data.

The committee shall study ways to make data between state housing offices more portable and available to other state housing agencies and the federal Department of Housing and Urban Development (HUD). The committee shall also study how state-level housing programs interact with the federal HUD office, whether housing data stored by state-level housing agencies is portable to other state-level housing agencies in other states, and how a public housing resident in New Hampshire who wanted to move to public housing in another state would have access to any state-level procedures set up in New Hampshire to facilitate this process, and ensure continuity of benefits, both federal and state, throughout the move. The committee may solicit testimony from any individual or organization with information relevant to the committee's objective.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. STATEMENT OF INTENT

This bill asked for a committee to study sharing data between state and federal public housing agencies to eliminate the repetitive information requested for housing. The good intentions of this bill are outweighed by the fact that housing agencies are not state agencies and not all are public housing authorities. TESTIMONY

Rep. Gallager:

- Wants to facilitate people moving from or to public housing. Worried about data sharing within housing authority.

Jack Ruderman (NH Housing/NH Housing Authority):

- They are not a state housing agency.They serve as an authority for NH as a
- private entity.
- Does not know what it would take to transfer data between agencies, since they are not a state agency.
- Believes the study of data sharing would be helpful.

Rep Shane Sirois

Giving state housing data to Feds is an invitation to being more manipulated by the federal government. DO NOT TAKE THE BAIT. What belongs to the Feds for their dollar is theirs... and what belongs to NH for our dollar is ours.
