Bill Analysis: This bill makes an appropriation for the design, planning, construction, and site work for a new legislative parking garage and for the costs for razing the department of justice building.

This bill also renames the capital budget overview committee to be the capital project overview committee and creates the joint legislative parking garage oversight commission.

Rep. Shurtleff	Rep. Weyler	

Who supports the bill: Representative Emerick

Who is neutral on the bill: Commissioner Arlinghaus

Summary of testimony presented in support:

Representative Emerick, Prime Sponsor:

- This bill appropriates $25 million to build a new parking garage where the Department of Justice currently sits. It includes raising that building and the current Storrs Street legislative parking garage. It establishes a commission to oversee the project. Upon completion of the project the commission is eliminated.
- Senator Bradley sought confirmation the House would like to amend the bill to add the Chief Operating Officer of the General Court and a representative of the City of Concord to the commission. Representative Emerick confirmed same.

Neutral Information Presented:

Commissioner Charlie Arlinghaus, Department of Administrative Services:

- Senator Birdsell inquired about the original cost of the proposal. Commissioner Arlinghaus explained a good ballpark estimate is $50,000 per parking space. The Commissioner has committed to build the garage for $25 million. It will contain approximately 375 spaces.
- Senator D'Allesandro referenced a former study performed on the legislative parking garage. Commissioner Arlinghaus suspected Senator D'Allesandro was referencing a study done by Lavallee Brensinger Architects. The garage needs to be designed to fit into the historical district. It is a very wet piece of property, leading to questions about footings. Soil sampling and traffic studies will probably need to be done. We don't wish to be a blight on the city's landscape. Commissioner Arlinghaus was unsure how useful past studies would be.
- Senator Rosenwald wondered if ARPA funds could be used rather than general surplus funds. In addition, what would we be doing with the land on Storrs Street after the demolition? Commissioner Arlinghaus explained we have air rights on Storrs Street. He doubts if anything will happen, with the exception of discussions with the city to perhaps relinquish the air rights. The discussions will be amicable. He doubts the parking garage will be replaced with another such structure. Regarding funding, there is no restriction on whichever funds are used. Are ARPA funds available?
