SB 20-FN- FISCAL NOTE
AS INTRODUCED

AN ACT relative to keno license applications and fees.

FISCAL IMPACT: **[X] State** **[ ] County** **[ ] Local** **[ ] None**

	Estimated Increase / (Decrease)			
STATE:	**FY 2023**	**FY 2024**	**FY 2025**	**FY 2026**
Appropriation	$0	$0	$0	$0
Revenue	$0	Indeterminable	Indeterminable	Indeterminable
Expenditures	$0	$0	$0	$0
Funding Source:	[ ] General Fund	[X] Education	[ ] Highway	[X] Other - Lottery

METHODOLOGY:

This bill, assumed effective in FY 2024, eliminates the current annual license fee of $500 to be a Keno retailer, a source of revenue totaling $115,500 in FY 2022. The Lottery Commission assumes the Keno retailer base will continue to grow at approximately 10% per year from a baseline of FY 2022, and therefore estimates this bill would decrease annual licensing fee revenue by approximately $140,000 in FY 2024, $154,000 in FY 2025, and $169,000 in FY 2026. Furthermore, the Commission assumes the elimination of the Keno license fee would increase the number of retailers seeking to sell Keno, which should increase overall lottery revenues, however, the amount and timing of the offsetting revenue is indeterminable at this time. Ultimately, this bill's net impact on Keno revenue, which is credited to the lottery fund, with net revenues after expenditures being credited to the state education trust fund, is indeterminable, but likely to be immaterial on overall Keno revenue (which exceeded $53 million in FY 2022).

Summary of testimony presented in support:

Sen. Lang said this bill was a request of the agency and does away with the fee the state charges licensees for operating keno. He received an email from the NH Grocer's Association in support of the bill.

Director Charlie McIntyre – NH Lottery Commission with Chief Compliance Officer John Conforti

Part of this bill is a cleanup of the keno bill as requested by JLCAR. The bill also eliminates the $500 license fee to the retail network for keno. It is the only lottery product sold in retail that they charge a license fee for. The fee limited expansion of the network. They sold 53 million worth of keno tickets last year for a profit of $10 million. The license fee is not material for their revenues.

Sen. Murphy asked about the second part of the bill, which changes the language disqualifying anyone convicted of a felony to anyone convicted of a misdemeanor in the last ten years. He asked why that language is there and what crimes it disqualifies.

Mr. Conforti said the issue that came up before JLCAR with regard to keno rules was that there were inconsistent definitions of what was a disqualifying offense within the statute. This language doesn't change who is disqualified; it matches up the language within the statue from top to bottom.

In terms of which crimes are considered misdemeanors, it depends on the criminal record check that comes back with regard to the classification of misdemeanor. Any felony or class A misdemeanor is disqualified. Class B misdemeanors depend on the classification; they research it based on what state the crime took place in.

RE: Senate Bill 20 – *Relative to Keno License Applications and Fees – NECSEMA SUPPORTS*

Dear Members of the Senate Committee on Ways and Means:

The New England Convenience Store & Energy Marketers Association (NECSEMA) represents the convenience store and transportation fuel industries in New Hampshire, and throughout New England. NECSEMA members wholesale and/or retail most of the motor fuels sold in the state. Across New Hampshire, there are over 850 convenience stores (of which 650 sell motor fuels) and employ close to 14,000 people.

Senate Bill 20, as drafted, would eliminate the current annual license fee of $500 to be a Keno retailer in the Granite State. NECSEMA supports this legislation. By reducing or eliminating unnecessary fees and costs associated with operating a business, the state can help small businesses grow and prosper, which in turn will generate far more tax revenue to the state's coffers than is currently collected via the Keno licensing fee.

NECSEMA applauds the foresight of the bill drafters and sponsors, and respectfully request that committee members give the legislation a favorable report. If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Peter A. Brennan, Esq.

Testimony on **SB 20** Re: *relative to keno license application and fees*
Presented by: Kevin Daigle, President & CEO – New Hampshire Grocers Association

NHGA Overview: The New Hampshire Grocers Association (NHGA) represents grocery stores, convenience stores, wholesalers, and distributors operating in New Hampshire. These include the small independent mom-and-pop operators as well as the large, chain operated groups. Annually, the food industry in New Hampshire sells over $12 billion dollars in consumable food and beverage products to consumers through approximately 1,400 stores. Our industry employs over 100,000 full and part-time employees with annual wages over $1 Billion. NHGA works hard to represent the voice of our collective membership to ensure that they're well-informed and are in compliance with state laws and regulations.

NHGA Position: We are here today in support of SB 20.

Since 1967, grocery and convenience stores have been partners with the NH Lottery, selling scratch tickets and lotto games to consumers, as well as the "cashing" of winning tickets for these games up to $599.00. And, as of July 1, 2022, our members are able to sell keno in municipalities where keno has been approved.

The grocers and lottery commission are true partners, and we appreciate the support the NH Lottery has provided to our members through the years, and their ability to recognize the added expenses that our retailers face on a daily basis. Many of our members have taken advantage of the ability to sell keno at their location. However, some still find the $500.00 per location fee an obstacle, and we anticipate that more retailers will apply for keno licensing if the burden of the additional cost for licensing is removed.

Our members are great at promotion, and as you've seen over the years, have truly been great partners in the sale of lottery items throughout the years (i.e. scratch tickets, Powerball, Mega Millions, and more recently keno). We anticipate keno following suit, and seeing an increase in sales which also benefits the state.

We encourage the committee to see the advantage in supporting the passage of SB20. Thank you.
