TESTIMONY

* Use asterisk if written testimony and/or amendments are submitted.

Introduced by prime sponsor, Rep Alissandra Murray

- Codifies data to be reported
- may bring an amendment to further align this with the existing program reports
- specifically interested in where the individuals who are stopped reside
- out of 1722 "contacts" only 4 required reporting to federal border patrol
- who are the others being stopped and detained?
- Having a fuller picture of the data will help us make better decisions when allocating funds
- This data is already allocated but just not included on the report

Respectfully submitted,

Rep. Alissandra Murray, Clerk

Kent Hackmann

While I question the danger of illegal immigrants and drugs entering from Canada, I support the additional reporting requirement.

Deborah Klein Walker

This is a stupid move...having diversity in all aspects of policy will help to improve the health and wellbeing of all NH residents. We also need to assure that everyone is in the pool for hiring, etc. A meritocracy is diverse so we should not be afraid of aspiring for health equity and environmental justice.

June Garen

This legislation would add access to facts and figures regarding the efficacy of expenditures. Good common sense bill and it should be supported by anyone who is and advocate for fiscal responsibility.

Simon Berrio

I'm in southern Coos County and support the additional LE presence brought by the northern border initiative even if it is over an hour north of me. Per a 25 October release by Swanton Sector USBP, they apprehended 19,385 criminals from 97 different countries in fiscal year 24. Per their 2 October release, that was more than the last 17 fiscal years combined. How many in New Hampshire? Hardly any. Much of this is to do with geography and how soft the governments on the other parts of Swanton Sector are, but some is also due to our presence on the border. Peelian Principles and the absence of that specific crime call our presence on the border a success.

Besides the border efforts that presence has aided a county where we might be lucky to have six cops on duty throughout the entire county at night. Last I heard was 50 US national encounters in the last six months and contained to a small portion of our most sparsely populated county. That shows Troop F needs some more permanent bodies here.

I fully support any bill that adds transparency to any government spending and law enforcement actions.

Karen Bemis

My name is Karen and I vote in Bristol. I SUPPORT this bill because we should be the full data of people crossing our borders.

James Verschueren

This bill assures us, he public, about how well our tax dollars are being spent. Put the informaton into the light of day and, if the money is being well spent, great; if not, rethink what we are doing. Vote OTP.

Sandra Gauci

.I support this bill because so far the facts show almost NO incidents on our northern border. We are spending a lot of money on that border security, and we should have the data to see if this is a worthwhile investment, not just a political agenda.

Patricia Anastasia

This is needed to provide transparency to the non-lapsing Northern Border Alliance Fund. This northern border program needs to be held accountable to the NH taxpayers who fund their work.

Lindsay Doyle

No way are you effectively creating a list of people to be targeted later. Why do you need their race? Why are you creating a list even if there is no offense. Smells like natiz bs to me.

Joshua Custer

A Fucking BOUNTY system?!

Charles Bouvette

The bill does not provide any information on the purpose of the report and what it will be used for, therefore capturing the information on race could be used as justification for further legislation to profile or discriminate based on statistics obtained in this report, or could be used to identify and combat bias and profiling by the agency. Since it is unclear I would oppose this bill until it can be clarified and guidelines included for how this data may be used.

Daniel Richardson

Introduction of identity data collection in form of PERCEIVED race is divisive and unnecessarily. It is sufficient to determine the country of origin to effectively DEPORT them.

Lindsay Dearborn

I support HB 343. There was no apparent need for the northern border alliance program at the time it was proposed and funded. This bill would expand reporting requirements and spur the collection of data on the implementation of the program, its effectiveness, and the populations affected. What is it supposed to do and is it working? This kind of reporting is needed to assess both the utility of the program and whether NH needs to continue to spend important financial resources on it. I urge committee members to support HB 343.

Amelia Thompson

We need good data in order to make effective policies.

Catharine Farkas

A tempest in a teapot.

Elisebeth Bardo

No arrests have been made- this is a waste.

Margit Turcotte

I support this bill adding a layer of reporting/accountability

Adam Whittier

This positive bill would add or expand reporting requirements to this program, giving us more data on how the program is working and who is being impacted by it. NH's citizens deserve to have this information.

Sharon Racusin

YES, collect data and make sure that the money spent is well spent. There is little obvious reason to support this program now when there is NO revenue coming into this state and so much money was spent on a false narrative.

Shirley Montgomery

I support this bill which will require more specific information about the people stopped at the border and how the allocated funds are spent. While this program was created tp address the problem of unauthorized crossing by immigrants into New Hampshire from Canada. Data reported for 2024 shows no stops of illegal immigrants.
