MEMORANDUM

TO: Amy L. Newbury
Director

FROM: Robert M. Buxton *RMB*
Director

DATE: February 3, 2025

SUBJECT: Division II Finance Request

Attached to this memo you will find supporting documentation surrounding the distribution of Federal Emergency Management Agency (FEMA) disaster relief funds through the public assistance program and mitigation program. Additionally, you will find documentation surrounding the distribution of 2020 Emergency Management Performance Grant (EMPG) and the associated management cost with the COVID-19 Pandemic.

Throughout the COVID-19 response, the federal government provided several funding opportunities to assist Federal, State and Local communities in responding and recovering from the COVID-19 Pandemic. On April 3, 2020, the President of the United States declared a Major Disaster Declaration for the COVID-19 Pandemic. The incident period was open from January 1, 2020 through May 11, 2023. This incident period provided opportunity for the development of projects to address the response and recovery to the pandemic. Additionally, the federal government provided mitigation monies and emergency preparedness funds to assist states with this response. Funds were distributed from the federal government to the states. The states then facilitated the subrecipient distributions. In total, \$352,998,534 in funds were distributed across the state through these programs. The following is the breakdown by program.

- Public Assistance \$329,038,753
- Mitigation Funds \$8,016,440
- EMPG \$839,945
- Public Assistance (DOS) \$9,330,977
- Management Cost \$5,772,417

It should be noted that we are currently working through the final payments under the associated programs and will be working through the closeout process with FEMA over the next six to eight months. This means the final accounting cannot be calculated until this process is completed. So, the presented figures will fluctuate throughout the closeout process.

If you should have any follow up questions, please contact me.

cc: Commissioner Robert Quinn
