

GO-NORTH RHT Fiscal Update

Presented By:
David Chorney, Director of Financial
Sustainability & Policy

GO-NORTH Launch

What RHTP Is (and Isn't)

Is:

- System transformation.
- Coordinated approaches.
- Focus on outcomes and sustainability.
- Cooperative agreement.

Is NOT:

- Traditional grant program.
- Siloed initiatives.
- Short-term rescue funding for existing projects.
- Payment in a lump sum.

Rural Health Transformation Budget Periods

Budget period 1 - awarded December 29, 2025

- Must be fully invested by September 30, 2027

- Achieve Meaningful Outcomes
- Long-Term Impact
- Sustainable

5 Year Project Plan

2026

2027

2028

2029

2030

GO-NORTH Initiatives: Priority Investment Areas

GO-NORTH Initiative	Priority Investment Areas
Population Health	- Local public health infrastructure - Expanding and developing prevention and healthy lifestyle programming in rural New Hampshire - Care coordination and Community Health Workers
Access	Specialty Care via Telehealth: OB, psych, consults, critical care, pharmacy, and EMS. Mobile Integrated Health and emergency medical services Inter-facility transport transformation to support access to appropriate levels of care Perinatal quality collaboratives - Adoption of innovative care models, including integrated primary and behavioral health and home-based care
Workforce	- Developing healthcare workforce pipelines from high school to hire Governor's Scholars Transforming Access in Rural (STAR) communities awards program. - Statewide Clinical simulation network to support clinical education and training - Rural health care provider recruitment and retention support Capital improvement funding to support the creation of childcare facilities within health care organizations.
Technology	- Adoption of technology that has a return on investment, such as clinical efficiency or financial management - Common Community Mental Health Center (CMHC) Electronic Health Records system. Digital Health Infrastructure investments to enhance interoperability, streamlined prior authorization, claims management, and patient access to records - Enhanced cybersecurity * Technology funding is not to support one-time technology purchases with no demonstrated value to burden.
Financial Sustainability	- New Medicaid hospital and primary care payment models - Support provider transitions to value-based care models Capital improvement supports to expand access, reduce long-term operating costs, reduce discharge barriers Inter-facility transport redesign - Technical expertise to support financial sustainability of rural health providers - Initiative aligned capital improvement projects, including supports to expanded access, reduce long-term operating costs, reduce discharge barriers, support population health and prevention programming
