**SB 87-FN- FISCAL NOTE**  
AS AMENDED BY THE SENATE (AMENDMENT #2025-0562s)

AN ACT relative to one day liquor license requirements and making salons and barber shops eligible for on-premise licenses.

**FISCAL IMPACT:** This bill does not provide funding, nor does it authorize new positions.

Estimated State Impact				
	FY 2025	FY 2026	FY 2027	FY 2028
<b>Revenue</b>	\$0	Indeterminable Increase	Indeterminable Increase	Indeterminable Increase
<i>Revenue Fund(s)</i>	Liquor Fund			
<b>Expenditures*</b>	\$0	\$0	\$0	\$0
<i>Funding Source(s)</i>	None			
<b>Appropriations*</b>	\$0	\$0	\$0	\$0
<i>Funding Source(s)</i>	None			

\*Expenditure = Cost of bill

\*Appropriation = Authorized funding to cover cost of bill

**METHODOLOGY:**

This bill allows for-profit organizations to receive a one-day liquor license and makes barber shops, salons, and spas eligible for on-premises licenses. The Liquor Commission indicates the bill would increase revenue to the Liquor Fund by an indeterminable amount in FY 2026 and in each year thereafter.

Sections 1 and 2 of the bill would allow a for-profit or organization to obtain up to 6 one-day licenses in a calendar year. The Commission indicates the fee for a one-day license is \$100 per day. The Commission does not have information on how many organization may apply or information on how many for-profit organizations have been denied a license in the past. The Commission expects an increase in the number of new licenses issued and believes that, as this change becomes more widely known, more licenses will be issued.

Section 3 of the bill would allow licensed barbers, hair salons and spas to apply for a cocktail lounge license for a \$480 fee. The Commission provided the following information and assumptions concerning this provision of the bill:

- Based on information from the Office of Professional Licensure and Certification (OPLC), there are 2,267 active shops. The Commission notes this data does not distinguish between barbers and salons and suggests the language may need to be amended to match the types of licenses issued by the OPLC.

- If all 2,267 active shops applied for an annual fee of \$480, the maximum possible increase in license revenue would be \$1,088,160.
- While it is not possible to predict the actual increase in revenue, the Commission suggests the annual increase in revenue would fall between \$100,000 and \$500,000.

It is assumed that any fiscal impact would occur after FY 2025.
