STATE OF NEW HAMPSHIRE

*In the Year of Our Lord Two Thousand Twenty Five*

AN ACT establishing a parents' bill of rights in education.

*Be it Enacted by the Senate and House of Representatives in General Court convened:*

1 1 Declaration of Purpose.

2 I. The general court finds and reaffirms that parents have a fundamental right and  
3 responsibility to direct the upbringing, education, and care of their minor children and that in order  
4 to meaningfully and effectively exercise this right, no educational institution may withhold  
5 information about a child, the child's health, the child's school environment, or the child's in-school  
6 behavior from the child's parent or parents absent a compelling government interest.

7 II. The general court further finds that it is a child's parents who have the responsibility,  
8 means, and resources to ensure that a child receives appropriate health care, social support,  
9 religious guidance, and moral inculcation to develop into happy and productive members of society.

10 III. Accordingly, the general court further finds that it is necessary to establish a consistent  
11 mechanism for parents to be notified of information relating to the health, well-being, and  
12 educational progress of their minor children while those children are in the custody and control of  
13 the public schools.

14 2 New Chapter; Parents' Bill of Rights in Education. Amend RSA by inserting after chapter  
15 189-A the following new chapter:

28 RSA 169-C:3.

29 IV. "School" shall include, without limitation, any school board, school district, school

25 provisions of this chapter are severable.

26 189-B:8 Applicability. No provision of this chapter is meant to restrain or interfere with any  
27 state or local law enforcement agency investigations of criminal violations of New Hampshire law by  
28 a minor.

29 3 Effective Date. This act shall take effect September 1, 2025.

AS INTRODUCED**

AN ACT establishing a parents' bill of rights in education.

**FISCAL IMPACT:**

<b>Revenue</b>	\$0	\$0	\$0	\$0

<b>Expenditures*</b>	\$0	Indeterminable Increase		
<i>Funding Source(s)</i>	General Fund			
<b>Appropriations*</b>	\$0	\$0	\$0	\$0
<i>Funding Source(s)</i>	None			

**\*Expenditure = Cost of bill**

**\*Appropriation = Authorized funding to cover cost of bill**

**METHODOLOGY:**

This bill provides that governmental entities, or any other institution, may not infringe on the fundamental rights of a parent to direct the upbringing, education, and care of his or her minor child without demonstrating that such action is reasonable and necessary to achieve a compelling state interest and that such action is narrowly tailored and is not otherwise served by a less restrictive means. The new statute would include a non-exclusive list of rights of a parent of a minor child. A parent may request from a school district certain required information, and a failure of the district to disclose the information can be appealed, first to the school board and then to the Superior Court. The bill provides for parental rights regarding health care and health care services, criminal and civil remedies for violations, and that a mandatory suspension of credentials or licenses for any teacher, school administrator, or medical or mental health professional, found guilty of violating any section of the law.

The Judicial Branch states this bill would result in an increase to criminal and civil complaints filed in Circuit Court and Superior Court, and there would be an increase in the number of appeals taken to the Supreme Court. The Judicial Branch is unable to estimate the number of such new complaints and petitions and therefore unable to estimate this bill's impact on Branch expenditures in FY 2026 and each year thereafter.

The Department of Education states this bill principally codifies some, not all, of existing regulations required to be followed by schools relative to parental rights and school transparency (this includes only state laws and there are further federal laws that public schools must comply with relative to this topic). The Department states this bill does not impose additional requirements on school districts that would result in additional costs, however, it is possible that with awareness of certain parental rights, school districts may experience an increase in right to know requests, for which requirements exist under the current law.
