THE COMMITTEE ON Transportation
to which was referred **SB 560**

AN ACT modernizing the New Hampshire coordinate
system.

Having considered the same, the committee recommends that the Bill
OUGHT TO PASS

BY A VOTE OF: 4-0

Senator Denise Ricciardi
For the Committee

SB 560 modernizes New Hampshire's land surveying and mapping framework by adopting the latest coordinate standards released by the National Geodetic Survey. By aligning state law with these updated federal definitions, the bill ensures that property boundaries and public works projects remain precise as GPS technology improves. This transition would maintain New Hampshire's eligibility for federal funding while allowing our mapping systems to update automatically with future national advancements.
