THE COMMITTEE ON Energy and Natural Resources

to which was referred **SB 111-FN**

AN ACT authorizing a reliability indexing credit pilot program.

Having considered the same, the committee recommends that the Bill

BE RE-REFERRED TO COMMITTEE

BY A VOTE OF: 5-0

Senator David Watters
For the Committee

SB 111-FN creates a pilot program to support energy storage by offering reliability indexing credits. The bill allows the Public Utilities Commission to approve multi-year agreements and provides a cost recovery mechanism for utilities. The program aims to enhance grid reliability, support market participation, and could include up to 200 megawatts of energy storage. The Department of Energy will study the program and report their findings by December 1, 2025. The bill is expected to have an implementation cost exceeding \$100,000, assessed to electric distribution utilities.
