3 that has an interstate compact with New Hampshire that does not require nonresident pupils to pay  
4 an application fee or tuition.

5           II. The governing body of each school district shall determine the capacity of each school in  
6 the district, including the capacity of each grade level, career and technical education program, and

8           III. The governing body shall develop an open enrollment policy to determine what number  
9 of the total capacity of any grade level or career, and technical education program shall be allotted  
10 for open enrollment pupils.

11           IV. The district shall publish on its website the total capacity, under paragraph II, and the  
12 number of available allocated open enrollments spots, under paragraph III, that are available for  
13 each school, grade level, career and technical education program, and other academic program with  
14 enrollment limitations on or before July 1 and December 15 of each year.

15           V. Each school district in the state shall report annually to the department of education the  
16 number of applications, acceptances, and denials, and the reason for each denial. The department of

1 XII. School boards may adopt application procedures and deadlines for applications for  
2 enrollment; provided that:

3 (a) Applications for enrollment shall be open at least twice per academic year.

4 (b) If the number of applicants for enrollment exceeds capacity as established under

6 opportunity for admissions.

7 (c) The lottery shall be conducted in a fair, transparent, and non-discriminatory manner.

8 (d) Nothing in this section shall prohibit a school board from adopting a policy that  
9 establishes preferences in the lottery for:

10 (1) Siblings of currently enrolled pupils;

11 (2) Children of school employees;

12 (3) Pupils residing within a defined geographical boundary; and/or

13 (4) A student residing in New Hampshire with one or more parent or guardian who is

19 without requirement of reapplication, except in cases of expulsion.

20 XIV. School board policies shall provide an admission preference prioritizing open  
21 enrollment pupils matriculating with the same cohort.

22 XV. For the purposes of open enrollment pupil, neither the resident nor the receiving school  
23 district shall be obligated to provide transportation services for pupils attending a school outside the  
24 pupil's resident district. A parent may provide transportation to a bus stop on an existing route,  
25 unless otherwise determined by an IEP or Section 504 Plan, as determined by the receiving school  
26 district. The receiving district shall provide the parents with information regarding transportation  
27 options.

28 XVI. A pupil may withdraw from an open enrollment school at any time and enroll in a

1 pursuant to RSA 198:38, I(a). The department shall adjust the rates specified in this subparagraph  
2 in accordance with RSA 198:40-d.

3 II.(a) Districts with an existing tuition agreement shall follow the terms of any existing and  
4 active tuition agreement as applicable between both parties. Notwithstanding any provision herein,  
5 nothing in this statute shall relieve a district from providing at least one education option that does  
6 not require additional tuition payment from the parent. A district not operating a school, serving  
7 any grade from kindergarten through grade 12, shall maintain an active tuition agreement that has  
8 been approved by the school board to provide pupils with the opportunity to acquire an adequate  
9 education as defined in RSA 193-E:2.

10 (b) Districts receiving an open enrollment pupil from a resident district that already has  
11 a tuition agreement with the receiving open enrollment school shall not receive an open enrollment  
12 aid amount. The resident district shall follow their tuition agreement and shall receive the adequacy  
13 aid amount as calculated and distributed pursuant to RSA 198:42, III. Open enrollment public  
14 schools shall report to the department of education the number of open enrollment pupils attending  
15 each school.

16 (c) Any district where the number of pupils residing in the district and calculated  
17 towards the open enrollment grant pursuant to paragraph I exceeds the number of resident district  
18 pupils calculated towards the adequacy calculation pursuant to RSA 198:38, I-a shall have their  
19 existing tuition agreement presented by the district to the state board of education. The state board  
20 of education may require the district to enter into a new tuition agreement.

21 III. For a pupil attending an open enrollment school in another school district, the  
22 department of education shall calculate and distribute open enrollment aid payments during the  
23 year in which the pupil is educated as set forth in this paragraph. The first payment shall be 30  
24 percent of the per pupil open enrollment aid amount, excluding differential aid components pursuant  
25 to RSA 198:40-a, II(b)-(d), multiplied by the number of eligible pupils enrolled on October 1st. Such  
26 payment shall be made on November 1st, January 1st, and April 1st. To calculate the final  
27 payment, the department of education shall multiply the per pupil amount, including differential aid  
28 components pursuant to RSA 198:40-a, II(b)-(d), by the average daily membership in attendance for  
29 the full school year, and subtract the total amount of the first 3 payments made. The remaining  
30 balance shall be the final payment paid on October 1st of the following school year.

31 IV. The source of funds for payments under this section shall be moneys from the education  
32 trust fund established in RSA 198:39. The governor is authorized to draw a warrant from the  
33 education trust fund to satisfy the state's obligation under this section. Such warrant for payment  
34 shall be issued regardless of the balance of funds available in the education trust fund. If the  
35 balance in the education trust fund, after the issuance of any such warrant, is less than zero, the  
36 state comptroller shall transfer sufficient funds from the general fund to eliminate such deficit.

4 parent and to the school district.

5           VI. The commissioner of the department of education shall apply for all federal funding  
6 available to open enrollment schools under any federal source of funds. The commissioner shall  
7 expend any such funds received in a manner acceptable to the funding source.

8           VII. A resident district may provide funds, services, transportation, equipment, materials, or  
9 personnel to a school, in addition to the amounts specified in this section in accordance with the  
10 policies of the resident school district.

11           194-D:4 District of Liability for Special Education Services. The resident district shall remain  
12 responsible for educational decision making and the provision of special education and related  
13 services under RSA 186-C, consistent with the child's IEP, for pupils with disabilities who transfer to

AMENDED ANALYSIS

This bill directs the governing body of each school district to establish an open enrollment policy to allow pupils to transfer among schools within the district and from another district in the state. Each school would be required to provide notice of its capacity to accept open enrollment pupils and would require selection by lottery in the event applications exceed capacity. The bill also establishes a funding formula for payments by the department of education from the education trust fund for open enrollment pupils.
