STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Five

AN ACT relative to the expectation of privacy in the collection and use of personal information.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 New Chapter; Protections from Disclosure of Personal Information. Amend RSA by inserting
2 after chapter 507-H the following new chapter:

3 CHAPTER 507-I

4 PROTECTIONS FROM DISCLOSURE OF PERSONAL INFORMATION

5 507-I:1 Definitions. In this chapter:

6 I. "Available to the public" means personal information legally obtained directly or indirectly
7 from either a third party provider of information and services or the individual to whom it relates,
8 directly or through social media, whether or not offered for sale or obtainable without charge, by an
9 individual or organization.

10 II. "Government entity" means municipal, county state or federal department, agency,
11 board, commission, or employee, elected official, or contractor. "Government entity" shall not apply
12 to a federal government agency to the extent that federal statute or the United States Constitution
13 preempts such application.

14 III. "Personal information" means an individual's name, date or place of birth; social
15 security number; address; employment history; credit history; financial and other account numbers;
16 cellular telephone numbers; voice over Internet protocol or landline telephone numbers; location
17 information; biometric identifiers including fingerprints, facial photographs or images, retinal scans,
18 genetic profiles, and DNA/RNA data; or other identifying data unique to that individual.

19 IV. "Third party providers of information and services" means individuals or organizations
20 that collect personal information about an individual in connection with providing the following
21 kinds of services to that individual: cellular and land-line telephone, electric, water, or other
22 utilities; Internet service providers; cable television; streaming services; social media services; email
23 service providers; banks and financial institutions; insurance companies; and credit card companies.

24 507-I:2 Protection from Disclosure of Personal Information; Consent.

25 I. An individual shall have a reasonable expectation of privacy in personal information,
26 including content and usage, given to or held by third party providers of information and services,
27 and not available to the public. Unless specifically authorized by law, third party providers of
28 information and services shall not disclose personal information of an individual to anyone unless:

29 (a) Such individual has given explicit consent for the disclosure of such information to
30 one or more others;

1 (b) The third-party provider of information and services has reason to believe that such
2 disclosure is necessary to prevent, detect, protect against, or respond to past, present, or expected
3 criminal or fraudulent conduct, identity theft, harassment, or deceptive or malicious activity;

4 (c) An emergency exists where there is an immediate danger of death or serious physical
5 injury to an individual or substantial loss or destruction of property if the information is not
6 disclosed; or

7 (d) The information is disclosed in accordance with RSA 507-I:3.

8 II. If a third party provider of information and services seeks to obtain consent from an
9 individual to disclose to others personal information given to or held by such provider, the procedure
10 by which it does so shall meet the following requirements:

11 (a) The communication to the individual by which consent is sought shall be simple,
12 clear, and unambiguous; and shall state the purpose or purposes for which the information is to be
13 disclosed;

14 (b) The communication shall be separate from any other communication sent to the
15 individual by the third party provider of information and services; and

16 (c) The communication shall be structured so that the individual is required to respond
17 by performing an affirmative act to “opt in” in order to grant consent.

18 507-I:3 Disclosure of Personal Information to Government Entities.

19 I. A third-party provider of information and services may disclose to a government entity
20 personal information of an individual without the consent of the individual in the following
21 circumstances:

22 (a) When requested to do so by a government investigative, regulatory, administrative,
23 or adjudicative body or agency acting within the scope of its authority.

24 (b) When required to do so by a subpoena duly issued by a government investigative,
25 regulatory, administrative, or adjudicative body or agency acting within the scope of its authority, by
26 a duly empaneled grand jury, or by a court.

27 (c) When compelled to do so pursuant to a duly issued search warrant or pursuant to a
28 judicially recognized exception to the requirement for a search warrant.

29 (d) When requested by the division of emergency services and communications for
30 purposes of responding or assisting with emergency 911 telecommunications.

31 (e) In an emergency, where the immediate danger of death or serious physical injury to
32 an individual or substantial loss or destruction of property requires the disclosure, without delay, of
33 personal information concerning a specific individual, telephone number, username, or other unique
34 identifier, and where judicial process cannot be obtained in time to prevent the identified danger.

35 (f) When specifically authorized by other law.

36 II. When a government entity seeks the disclosure of personal information from a provider of
37 information and services pursuant to RSA 507-I:3, I(a) or I(b), the request or demand for such

1 information shall not require production of the information sooner than 10 days from the date the
2 request or demand is made. Within 5 days of receiving such request or demand, the provider shall
3 notify the individual to whom the information pertains that the request or demand has been made so
4 that such individual has an opportunity to pursue judicial remedies to prevent compliance with the
5 request or demand if there are valid grounds to do so; provided, however, that no such notice shall be
6 given if (i) the government entity seeking the information demands that such notice not be provided
7 and furnishes the provider with the basis of its authority to make such demand; or (ii) a court has
8 issued an order that such notice not be given.

9 III. When a provider of information and services discloses personal information of an
10 individual in an emergency situation covered by RSA 507-I:2, I(c), or when a government entity
11 seeks disclosure of personal information from a provider of information and services pursuant to
12 RSA 507-I:3, I(c), I(d), or I(e), the provider shall contemporaneously with such disclosure provide
13 notice that it has made the disclosure to the individual to whom the information pertains; provided,
14 however, that no such notice shall be given if (i) the government entity seeking the information
15 demands that such notice not be provided and furnishes the provider with the basis of its authority
16 to make such demand; or (ii) a court has issued an order that such notice not be given.

17 507-I:4 Waivers. No third-party provider of information and services may require a waiver from
18 the provisions of this chapter as a condition for any individual to do business with it.

19 507-I:5 Remedies.

20 I. Any person who knowingly violates the provisions of this chapter shall be guilty of a
21 violation if a natural person, or guilty of a misdemeanor if any other person.

22 II. The attorney general shall have exclusive authority to bring a civil action against any
23 third party provider of information and services who violates this chapter to recover on behalf of the
24 public or any individual or entity aggrieved by such violation. In any such action, the attorney
25 general shall be entitled to recover the greater of actual damages or \$1,000 for each violation of this
26 chapter.

27 III. Nothing in this chapter shall be construed as providing the basis for, or be subject to, a
28 private right of action for violations under this chapter.

29 507-I:6 Federal Preemption. If federal law preempts any provision of this chapter, that
30 provision shall not apply.

31 2 Regulation of Biometric Information; Collection of Biometric Data Prohibited. Amend RSA
32 359-N:2, I(c) to read as follows:

33 (c) Obtain, retain, or provide any individual's biometric data except as set forth in this
34 chapter *or in RSA 507-I*.

35 3 Effective Date. This act shall take effect on January 1, 2026.
