In the Year of Our Lord Two Thousand Twenty Five

AN ACT relative to record requests by health care providers.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 Medical Records. Amend RSA 332-I:1, I to read as follows:

2 I. All medical information contained in the medical records in the possession of any health
3 care provider, or in the possession of any third-party vendor with whom a health care provider
4 contracts to store, handle, and issue copies of such medical records, shall be deemed to be the
5 property of the patient. The patient or the patient's requestor shall be entitled to a copy of such
6 records upon request, as regulated by the Health Insurance Portability and Accountability Act of
7 1996, as amended ("HIPAA").

8 (a) For purposes of this section, a "requestor" means the patient's personal
9 representative, ***the patient's health care provider***, an individual authorized to access the
10 patient's medical record through a valid power of attorney, or the patient's attorney.

11 (b) For any request made by a requestor, the cost for electronic copies of the patient's
12 medical records, and all related services, shall be charged at a reasonable rate not to exceed \$50.00,
13 and the cost for paper copies of the patient's medical records, and all related services, shall not
14 exceed \$5 for the first page, \$.41 per page for pages 2 through 50, and \$.30 per page for pages 51 and
15 higher. If, however, any redactions to the patient's records are specifically requested by the
16 requestor, such as for example, redactions of sensitive information pertaining to HIV status, drug
17 and alcohol use, mental health, or genetic testing, the requestor may be charged a reasonable cost
18 for the labor necessary to complete those redactions, not to exceed \$25 per hour.

19 (c) If a patient's medical records are stored and available in an electronic format, they
20 shall be provided in that format to the requestor. Records which are stored and available in an
21 electronic format shall not be printed and provided in paper format unless specifically requested in
22 paper format by the requestor.

23 (d) All records being provided pursuant to requests by a requestor shall be provided to
24 the requestor within 30 days of the receipt of the request, and any records not provided within 30
25 days shall be provided at no cost, absent an independent intervening force majeure which renders
26 the requested records inaccessible, irretrievable, or undeliverable within this 30-day timeframe.

27 (e) If an incomplete copy of the requested medical records is provided, and additional
28 requests are required to obtain a complete copy of the originally requested medical records, any
29 records provided pursuant to those additional requests shall be provided at no cost.
