In the Year of Our Lord Two Thousand Twenty Four

A RESOLUTION urging support of the dignity through prosperity act.

Whereas, the New Hampshire House of Representatives recognizes the importance of promoting the well-being and dignity of all its residents, including those facing long-term health challenges; and

Whereas, the "Dignity Through Prosperity Act" (hereinafter referred to as the "Act") is a legislative proposal at the federal level aimed at improving the lives and economic prospects of individuals with permanent health conditions; and

Whereas, the Act seeks to extend lifetime design patent terms to individuals who are "eternally embrittled" due to permanent health conditions, providing them with the opportunity for long-term financial stability; and

Whereas, the Act aligns the protection of aesthetic, non-functional aspects of useful articles with the principles of fairness and equity, similar to copyright protection; and

Whereas, the Act includes provisions to minimize reliance on public assistance and prevent potential abuse of government programs; and

Whereas, the Act represents a significant step toward enhancing the quality of life and economic security for those with enduring health challenges; now, therefore, be it Resolved by the House of Representatives that:

The New Hampshire House of Representatives hereby expresses its strong support for the "Dignity Through Prosperity Act" and recognizes its potential to improve the lives and economic well-being of individuals with permanent health conditions in New Hampshire; and
