2016-1060s

**AMENDED ANALYSIS**

This bill establishes a commission to extend a request for proposals to provide pre-kindergarten education services to 4 year olds in New Hampshire by creating a "pay for success" partnership between providers of pre-kindergarten education services, investors, independent evaluators of the effectiveness of the education services, and payers who agree to repay the investors if the pre-kindergarten education services resulted in improved third grade reading or reduced need for special education remediation services, or both. The bill authorizes the commissioner of the department of administrative services to enter into pay for success contracts.
