

1 Committee of Conference Report on HB 1550, requiring electric bills to include the cost of
2 compliance with renewable energy standards.

3
4 Recommendation:

5
6 That the House recede from its position of nonconcurrence with the Senate amendment, and
7 concur with the Senate amendment, and

8 That the Senate and House adopt the following new amendment to the bill as amended by the
9 Senate, and pass the bill as so amended:

10
11 Amend RSA 378:49, II(c) as inserted by section 1 of the bill by replacing it with the following:

12
13 (c) Provide such information to electric customers at least annually in conjunction with
14 billing, whether distributed through the mail or online, or other mailed or online communication to
15 customers, as approved by the commission, including the commission's estimated cost on a per
16 kilowatt-hour basis for compliance with the electric renewable portfolio standard under RSA 362-F
17 for the prior compliance year. The estimated cost for the compliance year shall be calculated once
18 per year and provided in the customer's December bill, whether distributed through the mail or
19 online. Each customer's bill shall identify the cost as an estimate and provide a link to information
20 about the electric renewable portfolio standard, including its benefits, at the public utilities
21 commission's website. The costs for a utility to provide this information shall be recovered from
22 electric customers through the distribution rates of the respective electric distribution utility.
