Amendment to SB 74-FN

1 Amend the bill by replacing all after the enacting clause with the following:

2

3 1 New Section; Reporting Requirements. Amend RSA 20 by inserting after section 6 the  
4 following new section:

5 20:6-a Reporting Requirements. All state departments administering permitting programs that  
6 regulate the use of real property or the construction or operation of stationary structures,  
7 infrastructure, or facilities on real property shall, beginning on April 30, 2027, and on each April 30  
8 thereafter, report in writing to the senate president, the speaker of the house of representatives, the  
9 chair of the senate executive departments and administration committee, and the chair of the house  
10 executive departments and administration committee on the previous calendar year's permitting  
11 activity. Such reports shall identify each permitting program administered by the department,  
12 enumerate the categories of permits the department has the authority to issue within each program,  
13 and for each such category of permit state:

14 I. The statutory timeframes associated with that application type, if applicable.

15 II. The number of applications received during the calendar year for such permit types and  
16 the number of permits the department granted or denied, the number of applications withdrawn by  
17 the applicant, the number of applications voided, and the number of applications pending a decision  
18 at the end of the calendar year.

19 III. The number of applications that were pending at any time without a decision for more  
20 than 60, 120, and 180 calendar days after an administratively complete application was submitted to  
21 the department. For each group, summarize the primary reasons applications are delayed by giving  
22 the number waiting for technical evaluation, waiting for a field inspection, waiting for another  
23 agency, delayed due to an application backlog, or other reasons as appropriate for the permit.

24 2 Effective Date. This act shall take effect 60 days after its passage.
