Amendment to HB 1742

1 Amend RSA 362-A:9, XXIII(b)(3) as inserted by section 1 of the bill by replacing it with the following:

2

3 (3) Retroactively apply net metering credits for exported kilowatt-hours for a period
4 of up to 4 monthly billing cycles prior to the effective re-enrollment date, with such credits based on
5 the applicable net metering tariff in effect for the customer-generator during the period of
6 inadvertent dis-enrollment from utility default energy service. Any credits from energy exported
7 more than 4 months prior to the customer notifying the utility shall not be recoverable from the
8 utility.
