1           (d) The department may provide the following information from the designated  
2 behavioral health access point:

3           (1) All pertinent information obtained from a caller to the enhanced 911 system who  
4 is determined to be in non-emergent behavioral health crisis, when the department transfers the call  
5 to the designated behavioral health access point for non-emergent services for behavioral health  
6 crises; and pertinent information provided by the designated behavioral health access point to  
7 community mental health centers as provided in RSA 135-C and to emergency services agencies.

8           (2) For calls for emergency services placed by the designated behavioral health  
9 access point to the enhanced 911 system regarding individuals at imminent risk for suicide,  
10 homicide, or other crises, the contact information of the emergency services agency to which the  
11 public safety answering point transferred the call.

12           (3) For monitoring trends and quality assurance purposes only, all pertinent  
13 information from a sample of calls to the enhanced 911 system transferred to the designated  
14 behavioral health access point pursuant to subparagraph (1), as well as statistics regarding the  
15 number of calls transferred to the behavioral health access point.

16           6 Effective Date. This act shall take effect 60 days after its passage.
