Amendment to HR 16

1 Amend the resolving clause of the resolution by replacing paragraphs III and IV with the following:

2

3 III. Urges greater attention and support for local frontline health workers to ensure their  
4 protection and ability to respond effectively during humanitarian and public health crises, including  
5 with adequate personal protective equipment and other essential health product supplies to guard  
6 against disease, and protection of frontline health workers;

7 IV. Gives affirmative recognition, acknowledgment, and appreciation to New Hampshire's  
8 frontline health workforces for their noble and valiant efforts every day, the sacrifices they and their  
9 families made personally, and most especially on the days, weeks, months, and years in the response  
10 to the COVID-19 pandemic;

11 V. Acknowledges the dedication and sacrifices of all frontline health workers, including  
12 those who faced termination for declining the COVID-19 vaccination;

13 VI. Urges greater attention and support for local frontline health workers, including those  
14 who lost their jobs due to vaccine mandates;

15 VII. Encourages policies that recognize and reintegrate these workers into the healthcare  
16 workforce; and

17 VIII. Affirms the importance of medical choice and workplace protections for all health  
18 professionals.
