AN ACT relative to long-term care eligibility and making an appropriation therefor.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 New Paragraphs; Application for Assistance. Amend RSA 167:8 by inserting after paragraph
2 II the following new paragraphs:

3 III. Notwithstanding any other provision of this chapter, within 90 calendar days of the
4 receipt of a long-term care medical assistance application by the department of health and human
5 services, the department shall grant provisional eligibility on his or her application for Medicaid
6 nursing facility services if the facility agrees through contract to comply with the terms of the
7 contract and the provisions of this chapter. Such provisional eligibility shall be made without regard
8 to whether the application is deemed complete.

9 IV. The department shall maintain the applicant's provisional eligibility and make
10 payments for care at the same nursing facility rate as a fully eligible individual, until a
11 determination is made on the individual's application for nursing facility services. Provisional
12 eligibility shall terminate 18 months from the application date unless otherwise terminated as a
13 result of a final determination approving or denying the application or as otherwise provided for in
14 this section. In the event that final approval of the application is not entered within 12 months of
15 the application, the provider of care may, within 45 days, commence an action pursuant to RSA 151-
16 I:2 for the appointment of a special Medicaid representative. If an action is not commenced timely,
17 or if the facility otherwise requests at any time, then provisional eligibility shall terminate.

18 V. The department shall distribute state funds as payments to providers for services
19 rendered to individuals provisionally eligible under this section upon execution of contract approved
20 by governor and council. Once a final determination has been made on an application, any provider
21 who received payments under this section for services rendered for a provisionally eligible individual
22 shall reimburse the department the total amount received for services rendered for that
23 provisionally eligible individual. Any facility who fails to reimburse the department for services
24 rendered shall be subject to sanctions in accordance with the terms of the contract.

25 VI. Notwithstanding any other provision of law, if expenditures for the purposes of this
26 section are greater than the amounts appropriated, the commissioner of the department of health
27 and human services may request, with prior approval of the joint legislative fiscal committee of the
28 general court, that the governor and council authorize additional funding to address the provisional
29 eligibility shortfall. Upon fiscal committee and governor and council approval, the governor is
30 authorized to draw a warrant from any money in the treasury not otherwise appropriated.
