METHODOLOGY:

This bill repeals the Committee for the Protection of Human Subjects, and with it the administrative support functions provided by the Department of Health and Human Services. The Department states that administrative support is currently provided through a contract with the Mental Health Center of Greater Manchester at an annual cost of \$63,000 per year. The Department anticipates that the bill will result in a net savings of \$59,000 per year, as \$4,000 each year will still be needed to comply with federal rules regarding maintenance of records. Although statute currently allows for the establishment of fees to fund administrative support for the committee, the Department indicates that such support is currently generally funded. The resulting cost reduction will therefore be a general fund savings. Since the bill as amended takes effect January 1, 2027, this fiscal note assumes that only half of the savings will be realized in FY27.
