

SB 529-FN - VERSION ADOPTED BY BOTH BODIES

05/21/2026 1989EBA

2026 SESSION

26-2134

07/08

SENATE BILL

529-FN

AN ACT giving preference to lumber sourced in the United States on all state-funded building projects.

SPONSORS: Sen. Rochefort, Dist 1; Sen. Pearl, Dist 17; Sen. Avard, Dist 12; Sen. Innis, Dist 7; Rep. A. Davis, Coos 2; Rep. Ouellet, Coos 3

COMMITTEE: Executive Departments and Administration

ANALYSIS

This bill requires that a preference to lumber sourced in the United States be given on all state-funded building projects.

Explanation: Matter added to current law appears in ***bold italics***.
Matter removed from current law appears ~~[in brackets and struckthrough]~~
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty-Six

AN ACT giving preference to lumber sourced in the United States on all state-funded building projects.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 New Paragraphs; Public Safety and Welfare; New Hampshire Building Code; Building
2 Requirements for State Funded Buildings. Amend RSA 155-A:13 by inserting after paragraph II the
3 following new paragraphs:

4 III. The material specification of any state-funded building in New Hampshire shall give
5 preference to lumber harvested in the United States, unless design criteria necessitates utilizing
6 imported sourcing.

7 IV. Construction drawings or design specifications utilizing softwood framing lumber
8 harvested in the United States shall reference United States-sourced spruce-pine-fir lumber
9 (SPFs).

10 2 Effective Date. This act shall take effect 60 days after its passage.

**SB 529-FN- FISCAL NOTE
AS INTRODUCED**

AN ACT giving preference to lumber sourced in the United States on all state-funded building projects.

FISCAL IMPACT: This bill does not provide funding, nor does it authorize new positions.

Estimated State Impact				
	FY 2026	FY 2027	FY 2028	FY 2029
Revenue	\$0	\$0	\$0	\$0
Revenue Fund(s)	None			
Expenditures*	\$0	Indeterminable		
Funding Source(s)	General Fund			
Appropriations*	\$0	\$0	\$0	\$0
Funding Source(s)	None			

*Expenditure = Cost of bill

*Appropriation = Authorized funding to cover cost of bill

METHODOLOGY:

This bill requires material specification of any state-funded building in New Hampshire to prioritize United States harvested lumber. Construction design documents shall specify the use of United States sourced Spruce Pine Fir lumber (SPFs) for softwood framing, unless design needs require imported materials.

The Department of Administrative Services Division of Public Works Design and Construction states that the impact of this bill is indeterminable due to the unpredictable nature of the building industry, which is influenced by factors such as labor costs, market demand, interest and mortgage rates, and tariffs. While framing lumber prices are currently declining due to reduced demand, a future increase in demand could strain domestic production. Combined with tariffs on Canadian lumber, this would likely lead to higher lumber costs in the United States.

It is assumed that any fiscal impact would occur after FY 2026.
