I. The presence of unapproved substances in the illicit drug supply poses an immediate and severe threat to the health and safety of the citizens of New Hampshire.

II. The state of New Hampshire currently provides widespread access to harm-reduction testing resources.

III. The intentional adulteration of controlled substances with unapproved additives demonstrates a reckless disregard for human life.

6 New Section; Criminal Adulteration and Distribution of Adulterated Controlled Substances. Amend RSA 318-B by inserting after section 2-e the following new section:

318-B:2-f Criminal Adulteration and Distribution of Adulterated Controlled Substances.

I. A person is guilty of a class B felony if they knowingly combine, mix, or adulterate a controlled substance with any substance not approved for human consumption, with the intent to distribute the resulting mixture. The state may establish intent through the presence of processing equipment, including but not limited to, scales, cutting agents, blenders, presses, or the simultaneous possession of a controlled substance and an unapproved additive in a manufacturing context.

II. A person is guilty of a class A felony if they possess with intent to distribute, or distribute, any controlled substance which they know or have reasonable cause to believe contains an unapproved additive. For the purposes of this section, "reasonable cause to believe" includes the failure to utilize accessible harm-reduction testing resources or the distribution of substances in a market known to be contaminated with unapproved additives.

III. The penalties provided for in this section shall be in addition to, and not in lieu of, any other penalties or offenses provided for under this chapter or any other provision of law, and shall not be construed to limit the state's authority to prosecute any other applicable criminal offense.

7 New Paragraph; Unlawful Purpose; Hemp-Derived Products. Amend RSA 179:50 by inserting after paragraph IV the following new paragraph:

V. All licensees shall comply with the provisions of RSA 439-A:4 relative to certain hemp-derived products containing THC prohibited.

8 Contingency. If HB 1630 of the 2026 regular legislative session becomes law, section 3 of this act shall not take effect and section 7 of this act shall take effect January 1, 2027. If HB 1630 of the 2026 regular legislative session does not become law, section 3 of this act shall take effect January 1, 2027 and section 7 of this act shall not take effect.

9 Effective Date.

I. Sections 3 and 7 of this act shall take effect as provided in section 8 of this act.
