STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty Five

A RESOLUTION calling for policymakers locally and nationally to fully consider all relevant information and factors pertaining to climate change before pursuing courses of action that could adversely affect any economy or environment.

1 Whereas, climate change is occurring and has occurred throughout all of time; and

2 Whereas, it is crucial that policy decisions and lawmaking relating to climate reflect all relevant
3 research; and

4 Whereas, there is a documented pattern of suppression of some climate perspectives and data;
5 and

6 Whereas, fraudulent research and media reporting threaten the development of practical and
7 well-founded climate policies; and

8 Whereas, the many historically wrong climate predictions by so many climate activists should
9 require caution by contemporary policymakers in developing long-term climate policies; and

10 Whereas, there is a long history of climate alarmism and intimidation by special interests that
11 have had chilling effects on the proper discourse and dialogue necessary to effectuate the best public
12 policies; and

13 Whereas, there is a wide spectrum of opinion regarding the true impact of human behavior on
14 climate change; now, therefore, be it

15 Resolved by the House of Representatives, the Senate concurring: that the New Hampshire
16 house of representatives supports the proper consideration of all relevant data and perspectives as
17 climate policy is developed on every level throughout the United States of America.
