METHODOLOGY:

This bill:

- Expands the law enforcement, firefighter, and EMT recruitment and retention program in the Community College System to include public safety communicators and dispatchers.
- Establishes the police standards and training recruitment and retention fund, administered by the Police Standards and Training Council (PSTC) in support of the recruitment and retention program.
- Appropriates \$125,000 in general funds in the fiscal year ending June 30, 2026 (FY 2026) to the Police Standards and Training Council to support the New Hampshire law enforcement officers, professional firefighters, public safety telecommunicators and dispatchers, and emergency medical technicians career development, recruitment, and retention program under RSA 188-F:70.

The Police Standards and Training Council states the appropriated funds would be used to offset costs absorbed by the recruit, or agency, regarding ancillary uniforms and equipment needed by the recruit to attend the academy, as well as to help cover costs of specificied training opportunities for certified officers to help retain them at their respective agencies. To

the extent this bill appropriates only \$125,000 in FY 2026, it is assumed expenditures would be \$125,000 in FY 2026, and indeterminable in FY 2027 and beyond, as no funding source is identified.

The Community College System of New Hampshire states it could see an increase in revenue (up to \$100,000 per year) based on the program expansion and the additional courses that would be eligible under this bill.
