Rep. Osborne moved that the House adjourn.  
Motion adopted.

## HOUSE JOURNAL NO. 8

Thursday, June 3, 2021

The House assembled at 9:00 a.m., and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Bob Stewart, Pastor of St. Paul's United Methodist Church in Manchester.

Let us pause for a moment of silence as we remember our colleague, our friend and our brother David J. Danielson who went home to the Lord on Saturday, May 22, 2021. O Living God, you share all our griefs. Give a meaning to that which defies our understanding of all the mysteries of life. Grant that those who mourn may receive your message of love and hope through the scriptures. Through their sadness, open them more to your compassion, and help them live in your strength alone. O Loving and compassionate God we pray for David's friends and his family as they grieve their loss. God of us all, your love never ends. When all else fails, you still are God. We pray to you for one another in our need, and for all, anywhere, who mourn with us this day. To those who doubt, give light; to those who are weak, strength; to all who have sinned, mercy; to all who sorrow, your peace. We pray for your Shalom O God of us all. O God, to us you have entrusted the task of governing this state. The State of New Hampshire. Make us faithful in our service. In our discussions, give us clarity and understanding of differing views. In our voting, give us wisdom and integrity. Be with each of us this day as we make decisions for all those that we represent. May our voice be a voice that is pleasing to your ears, O God. Be with us and guide us through this day we pray. Amen.

Representative Peter Bixby, member from Dover, led the Pledge of Allegiance.

The National Anthem was sung by the member from Exeter, Representative Lisa Bunker.

### COMMUNICATION

April 21, 2021

Mr. Paul Smith  
Clerk of the House of Representatives  
State House  
Concord, NH 03301

Dear Paul:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Hillsborough County District No. 21  
Bill Boyd, r, Merrimack (139 Joppa Rd.) 03054

Sincerely, William M. Gardner, Secretary of State

**HOUSE RESOLUTION NO. 13****Memorializing David Danielson of Bedford**

**WHEREAS**, we have learned with profound sorrow of the death of our friend and colleague, Representative David J. Danielson, who was serving his fifth term as a State Representative, representing the citizens of Hillsborough County District 7, the town of Bedford; and,

**WHEREAS**, a native son of New Hampshire, Dave Danielson heeded the call to public service and served over two decades in the New Hampshire National Guard, retiring as a First Sergeant, further serving his community as a town councilor for 12 years, planning board member for 6, as well as numerous other community boards, commissions, and committees; and,

**WHEREAS**, a well-respected member of the House of Representatives, known for his ability to bridge the partisan divide and make anyone he worked with comfortable, David Danielson further served this House as an Assistant Majority Leader, and was currently serving as a Vice Chair of Division II of Finance; and,

**WHEREAS**, appointed in 2015 to the commission to study the economic impact of the arts and culture in New Hampshire and often joking that he knew nothing about art, he quickly became a staunch supporter of the arts, traveling statewide to lend his voice and talents, and becoming the 2017 Advocate of the Year by the New Hampshire Citizens for the Arts; and,

**WHEREAS**, above all, David J. Danielson was a devoted husband, father, and grandfather, often sharing pictures of his granddaughters with anyone who would look, and leaving a hole behind in the hearts of everyone who knew him; now, therefore, be it,

**RESOLVED**, by the House of Representatives in Regular Session convened, David J. Danielson be granted the highest praise and accolades and our profound thanks for his service to his country, the state, and the town he called home for many years, and, be it further,

**RESOLVED**, that expressions of our most heartfelt sympathy be extended to his family and that a suitable copy of this Resolution be prepared for presentation to them.

Offered and adopted unanimously by the House of Representatives

**UNANIMOUS CONSENT**

Rep. Graham requested Unanimous Consent of the House regarding the passing of the member from Bedford, the Honorable David Danielson, and addressed the House.

**MOTION TO PRINT REMARKS**

Rep. Cushing moved that the remarks made by Rep. Graham during Unanimous Consent be printed in the Permanent Journal.

Without objection, the Speaker ordered.

**REMARKS**

**Representative Graham:** Thank you, Mister Speaker. Last week, under a beautiful sky, our friend and colleague, David Danielson, was laid to rest at the NH Veterans Cemetery. He left behind his wife Mary, his son and daughter-in-law, and his precious grandchildren. A 21 year veteran of the NH National Guard, David retired as a First Sergeant, after serving in the 197th Battalion Communications Unit. I have known David for many years, meeting him right after settling in Bedford. At the time, David was in the middle of his 12 year stint as a member of the Bedford Town Council – that was following his 6 years on the planning board. David also served on the Southern NH Regional Planning Commission, and worked on the development of the Bedford Master Plan. It was through his work on these boards that Bedford transitioned into having a vibrant business district, while still maintaining the feel of a New Hampshire town. David was one of those increasingly rare individuals – a native Granite Stater who believed that service to his nation, his state, and his community are the hallmark of a citizen. David was a gentleman and a true statesman, making friends wherever he went with a kind word and his warm smile. Here in the State House, he was always willing to work across party lines to achieve results. While David knew compromise was an opportunity to advance an issue, and not a four-letter word, he also stuck to his convictions, even in the face of fierce pressure. We know this political, civic-minded side of David, but he was so much more than just an office holder. He truly cared about the citizens of our state. David was recognized as the Arts Advocate of the Year for his championing of support for the arts. He was also passionate about the need to support those with mental health challenges and developmental disabilities, and was lauded for his work on the Governor's Commission on Mental Health. David will be truly missed by all those who had the pleasure of knowing him. We should feel fortunate to have served with him, and strive to continue our work in the People's House with passion and dignity as he did throughout his time here. Shakespeare has Macbeth anguish. Out, out, brief candle! Life's but a walking shadow, a poor player, that struts and frets his hour upon the stage, and then is heard no more. But some like our friend David rise above this and leave a lasting light that shines into the future. Let each of us strive to be such a light as we do the peoples work in the days, weeks and years ahead. Thank you, Mister Speaker, and since we have already had a moment of silence for my friend David J. Danielson, I ask that each of you keep David and his family in your prayers.

**CONSENT CALENDAR**

Rep. Osborne moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**SB 146-FN**, adopting omnibus legislation relative to the environment, removed by Rep. Silber.

**SB 131-FN**, adopting omnibus legislation relative to vehicles, municipal water maintenance certificates, nondriver's picture identification, and firefighter and emergency medical services decals, removed by Rep. Walsh.

**SB 103-FN**, relative to nexus provisions for certain disaster-related or emergency-related work performed in the state, removed by Rep. Bixby.

Consent Calendar adopted.

**SB 16**, amending the alimony statute due to changes in federal tax law. **OUGHT TO PASS.**

Rep. Debra DeSimone for Children and Family Law. This bill simply revises the formula for term alimony due to changes in the Federal tax guidelines. Vote 14-0.

**SB 14**, relative to the direct shipping of liquor. **OUGHT TO PASS.**

Rep. John Hunt for Commerce and Consumer Affairs. This bill allows the New Hampshire Liquor Commission to register trade names with the Secretary of State with which to operate as a direct shipper of liquor and wine in this and other jurisdictions. This was a request of the Liquor Commission and the committee unanimously endorsed the change. Vote 19-0.

**SB 18**, permitting tastings by liquor manufacturers at farmers markets. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Potucek for Commerce and Consumer Affairs. This bill amends RSA 179:44 to allow liquor manufacturers to join wine manufacturers, beverage manufacturers, nano-breweries and brew pubs in their ability to provide tastings at farmers markets. The bill now "levels the playing field" for all manufacturers of alcoholic products. The amendment corrects a grammatical issue. The Commerce and Consumer Affairs Committee felt it was only fair for patrons of farmers markets to be able to sample all New Hampshire manufactured alcoholic beverages, and unanimously supported this bill. Vote 19-0.

**Amendment (1403h)**

Amend RSA 178:6, IV as inserted by section 2 of the bill by replacing it with the following:

IV. A liquor manufacturer may provide to visitors of legal drinking age at its facility samples of liquor manufactured on the premises for tasting. Samples may be provided either free or for a fee and shall be limited to one 1/2-ounce sample per label per person. Samples sold under this section shall be subject to fees as established in paragraph VI. ***A liquor manufacturer that produces fewer than 10,000 bottles during their licensing year and that operates and produces liquor solely within the state may transport to and sell its products at a farmers market at retail in the original sealed containers and may offer samples as provided in this paragraph.***

**SB 36**, relative to residency under auto insurance policies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Christy Bartlett for Commerce and Consumer Affairs. This bill repeals the requirement that applicants for coverage under new policies of automobile insurance sign statements of residency. The residency form was originally passed over a decade ago when neighboring states had very high insurance rates. More recently it has come to the attention to the New Hampshire Insurance Department that the residence forms have become a burden to New Hampshire auto insurance buyers who normally would get their insurance with just a phone call. The amendment clarifies the exemption provision. The entire committee felt it is pro consumer and good for business to repeal the requirement for these forms to be signed prior to purchase of a new car. Vote 19-0.

**Amendment (1303h)**

Amend the bill by replacing section 2 with the following:

2 Automobile Insurance; Cancellation; Grounds. Amend RSA 417-A:4, IV to read as follows:

IV. ~~[Failure to sign the New Hampshire residency form as required by RSA 417-A:3-b.]~~ ***Named insured was not a resident of the state of New Hampshire at the time the policy was issued or renewed, unless the insured vehicle at issue was exclusively garaged in New Hampshire when the policy was issued or renewed.***

**SB 49**, relative to the New Hampshire trust code. **OUGHT TO PASS.**

Rep. John Hunt for Commerce and Consumer Affairs. This bill expands the list of persons who may represent the interests of certain beneficiaries, clarifies the meaning of "second trust" in a decanting, and allows trustees to engage in investing strategies focused on social, environmental, governance, or other values or beliefs of the persons interested in the trust, at the express direction of those persons. As we try to be a leader in trust law, the committee felt that this bill makes worthy and appropriate additions to New Hampshire's trust law. Vote 19-0.

**SB 66-FN**, allowing on-premises licensees to transport beverages and wines for delivery to consumers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Potucek for Commerce and Consumer Affairs. This bill allows an on-premise licensee to purchase a restaurant delivery license in order to deliver beverages and wine with food ordered from the on-premise licensee. The law is modelled after the Governor's emergency order. Adoption of this legislation will make this a permanent option. The amendment repeals a sunset provision and makes the law effective upon signing by the Governor. Vote 17-0.

**Amendment (1495h)**

Amend the bill by replacing all after section 1 with the following:

2 Effective Date. This act shall take effect upon its passage.

**SB 97**, adopting omnibus legislation relative to health insurance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joseph Depalma IV for Commerce and Consumer Affairs. This bill only included two parts addressing health insurance and was therefore a significantly reduced omnibus bill. The committee amendment removed the first part, relative to direct primary care referral parity since it was controversial and needed work. As amended, the bill addresses one subject only. It prohibits pharmacy benefit managers from prohibiting in-network retail pharmacies from certain ancillary services. The amendment also adds new language to ensure the prohibitions in the bill as introduced would also apply if a pharmacy benefit manager is actually owned by a health insurance company. Vote 17-0.

**Amendment (1606h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to in-network retail pharmacies.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Pharmacy Benefits Managers; Prohibited Acts. Amend RSA 402-N by inserting after section 4 the following new section:

402-N:4-a Prohibited Acts. A pharmacy benefit manager shall not, either directly or indirectly:

I. Prohibit an in-network retail pharmacy from:

(a) Mailing or delivering a prescription drug to an enrollee as an ancillary service of the in-network retail pharmacy provided that confirmation of delivery is obtained.

(b) Charging a shipping or handling surcharge to an enrollee who requests that the in-network retail pharmacy mail or deliver a prescription drug to the enrollee as an ancillary service provided the enrollee receives a disclosure from the in-network retail pharmacy regarding any surcharge to be charged to the patient for the delivery of a prescription drug, including that the surcharge may not be reimbursable by the plan sponsor or pharmacy benefit manager.

(c) Offering the ancillary services described in subparagraph I(a) to an enrollee.

II. Charge an enrollee who uses an in-network retail pharmacy that offers to mail or deliver a prescription drug to an enrollee as an ancillary service a surcharge for the delivery of a prescription drug or copayment that is higher than the surcharge or copayment the enrollee would pay if the enrollee used an in-network retail pharmacy that does not offer to mail or deliver a prescription drug to an enrollee as an ancillary service.

III. For purposes of this section, a retail pharmacy shall not include a "mail-order pharmacy" as defined in RSA 318:1, VII-b.

2 New Section; Health Carriers; Prohibited Acts. Amend RSA 420-J:7-b by inserting after paragraph XI the following new paragraph:

XII. A health carrier shall not, either directly or indirectly:

(a) Prohibit an in-network retail pharmacy from:

(1) Mailing or delivering a prescription drug to an enrollee as an ancillary service of the in-network retail pharmacy provided that confirmation of delivery is obtained.

(2) Charging a shipping or handling surcharge to an enrollee who requests that the in-network retail pharmacy mail or deliver a prescription drug to the enrollee as an ancillary service provided the enrollee receives a disclosure from the in-network retail pharmacy regarding any surcharge to be charged to the patient for the delivery of a prescription drug, including that the surcharge may not be reimbursable by the plan sponsor or health carrier.

(3) Offering the ancillary services described in subparagraph I(a) to an enrollee.

(b) Charge an enrollee who uses an in-network retail pharmacy that offers to mail or deliver a prescription drug to an enrollee as an ancillary service a surcharge for the delivery of a prescription drug or copayment that is higher than the surcharge or copayment the enrollee would pay if the enrollee used an in-network retail pharmacy that does not offer to mail or deliver a prescription drug to an enrollee as an ancillary service.

(c) For purposes of this section, a retail pharmacy shall not include a "mail-order pharmacy" as defined in RSA 318:1, VII-b.

3 Effective Date. This act shall take effect 60 days after its passage.

## AMENDED ANALYSIS

This bill prohibits certain acts relative to pharmacy benefits managers.

This bill also prohibits certain acts relative to health carriers and in-network retail pharmacies.

**SB 138**, relative to the definition of an “investment metal contract”. **OUGHT TO PASS.**

Rep. Keith Ammon for Commerce and Consumer Affairs. Under the current law, any New Hampshire investor in investment metals or investment gems must have them here in New Hampshire. This legislation allows New Hampshire investors to hold their investment metals and/or gems in another state. Vote 19-0.

**SB 40**, relative to informed consent to search a motor vehicle and amending the statutory requirements for a search warrant. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Chris True for Criminal Justice and Public Safety. This bill amends the RSA’s so that they are compatible with the statutes concerning electronic warrants. The bill also allows for law enforcement officers to search a motor vehicle without a warrant provided there is video and audio or the written consent of the operator detailing that the operator has been explicitly informed of their right not to consent and that not consenting shall not be a basis for probable cause nor reasonable suspicion. The amendment simply adds the word ‘solely’ to the section of the operator cannot be further detained solely for refusing to consent to a search. Vote 18-3.

**Amendment (1357h)**

Amend RSA 595-A:10, I(d) as inserted by section 1 of the bill by replacing it with the following:

(d) The operator cannot be further detained solely for refusing to consent to a search.

**SB 60-FN**, prohibiting the transport of an open container of marijuana in a motor vehicle or OHRV. **INEXPEDIENT TO LEGISLATE.**

Rep. Casey Conley for Criminal Justice and Public Safety. This bill would establish new rules for transporting cannabis that are akin to the state’s open container law for alcohol. The bill would require motorists to store unsealed cannabis containers in the trunk or another place least accessible to the driver. Among the many problems with this bill, however, is that the least accessible place is not defined. This bill also would create hardships and the threat of fine and loss of license for the state’s 11,000 therapeutic cannabis patients, and treat their medicine differently from more harmful narcotic prescriptions. Lastly, the penalties in this bill exceed that of New Hampshire’s carefully negotiated cannabis decriminalization program. The majority shares the concern of the prime sponsor about the risks from motorists driving while impaired. But this bill as written would have little to no effect on that problem and create new problems for people who can legally possess cannabis, and are among the least likely to operate a vehicle after ingesting it. Vote 18-0.

**SB 46**, relative to the use of electronic poll books by cities and towns. **OUGHT TO PASS.**

Rep. Ross Berry for Election Law. This bill makes permanent the option for towns and cities to use electronic poll books that are currently permitted by RSA 652:27 on a trial basis only. The electronic poll books must be approved by the Secretary of State and the Secretary is required to prepare instructions on how to use them at least once a calendar year. The towns that have used electronic poll books report that they are easy to use and decrease wait times at the polls. Vote 20-0.

**SB 83**, adopting omnibus legislation relative to elections. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter Torosian for Election Law. This bill was a five part omnibus bill that, as amended, now has three parts. The committee agreed that two parts should be eliminated. The first part of the bill that was eliminated attempted to address the appearance of conflict presented when moderators are doing their job at the polls and also on the ballot as a candidate for office. The proposal provided that moderators could not be in the area with ballots or counting, the core of their constitutional duties. The Secretary of State agreed this was an appearance of a conflict but it was not clear that this would resolve all the associated issues. The committee amendment also removed a requirement that the Secretary of State develop an election information portal by January 1, 2022. Testimony received that it was not feasible to get this done by the target date and there were still major decisions to be made as to interconnectivity. The committee agreed that three parts of the bill as received should go forward. In the first part the fees for recounts are raised. The new fee schedule increases the fee for recount of all positions to a level that better covers the cost of the recount, and helps to discourage frivolous recounts for races where there is a large margin between the vote cast for the applying candidate and a candidate declared elected. The second part of the bill relates to the itemized statements filed by political committees and candidates. The requirements of filing, electronically and by hand, are clarified to ensure compliance and legibility. The committee amendment specified the font size of electronic documents be at least 12 point font. Finally, the third part of the bill, as amended, clarifies RSA 32:13, II that authorizes a local governing body to make expenditures between the beginning of the fiscal year and the date a budget is adopted. It allows those expenditures which are reasonable in light of appropriations and expenditures which were approved for the same purposes in the immediately preceding fiscal period. This new provision eliminates the confusion when fiscal years are not calendar years and ensure the expenditure comparison is only to the prior fiscal period. This amendment was necessary for municipalities that have town meetings after the start of their fiscal year. Vote 20-0.

**Amendment (1608h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Sponsorship. This act consists of the following proposed legislation:

Part I: LSR 21-0226, relative to recount fees, sponsored by Sen. Gray, Prime/Dist. 6.

Part II: LSR 21-0521, relative to itemized statements filed by political committees and candidates, sponsored by Sen. Gray, Prime/Dist. 6.

Part III: LSR 21-0853, providing for optional town meeting procedures and allowing preprocessing of absentee ballots, sponsored by Sen. Kahn, Prime/Dist. 10; Sen. Prentiss, Dist. 5; Sen. Rosenwald, Dist. 13; Sen. Perkins Kwoka, Dist. 21; Sen. Soucy, Dist. 18; Sen. Cavanaugh, Dist. 16; Sen. Watters, Dist. 4; Rep. Parshall, Ches. 10; Rep. Fenton, Ches. 8.

The secretary of state may require that the applying candidate pay the estimated additional costs of the recount prior to commencing the recount.

2 State General Election Recounts; Reference Changed. Amend RSA 660:6, III to read as follows:

III. If any person who has applied for a recount loses the recount by a margin of less than one percent of the total votes cast in the towns which comprise the district for the office recounted, the secretary of state shall return to the person within 10 days of the recount any fees that were paid in excess of those required by RSA 660:2, ~~[I:]~~ **II.**

3 Effective Date. Part I of this act shall take effect 60 days after its passage.

**PART II****Relative to Itemized Statements Filed by Political Committees and Candidates.**

1 Political Expenditures and Contributions; Reports of Receipts and Expenditures. RSA 664:9-a and RSA 664:9-b are repealed and reenacted to read as follows:

664:9-a Reports of Receipts and Expenditures Filed Electronically. A political committee of a candidate or a candidate may file such candidate's report of receipts and expenditures, pursuant to RSA 664:6, RSA 664:7, and RSA 664:7-b, electronically online by using the New Hampshire Campaign Finance System, which may also be used to register, file reports, and search information filed by candidates, political committees, and candidate committees.

The political committee of a candidate or a candidate shall file an amended copy of such candidate's report within one week after being notified by the secretary of state or attorney general's office that such report is non-compliant.

3 Effective Date. Part II of this act shall take effect 60 days after its passage.

2 Effective Date. Part III of this act shall take effect September 1, 2021.

### AMENDED ANALYSIS

This bill adopts legislation:

I. Relative to recount fees.

II. Relative to itemized statements filed by political committees and candidates.

The amendment ratifies additional amendments to both codes adopted in 2020 and early 2021. The amendment harmonizes SB 15 with HB 72 that passed the House on the consent calendar on March 7th, 2021. Vote 17-0.

#### AMENDED ANALYSIS

This bill ratifies certain amendments to the state building code and state fire code adopted by the fire marshal and state building code review board in 2015, 2016, 2019, 2020, and 2021.

**SB 33**, relative to Native American name restoration. **INEXPEDIENT TO LEGISLATE.**

Rep. Carol McGuire for Executive Departments and Administration. This bill attempted to create a process to restore Native American names to locations or geographic features in the state. It was amended in the Senate, but the sponsor brought an amendment to the hearing to fix issues identified after the Senate passed the bill. The commission on Native American Affairs and several groups of Native Americans opposed the bill. This bill is not necessary, as the current naming process for geographic features works well, and all interested parties seem to prefer the current state of affairs. Vote 19-0.

**SB 42**, restricting public officers from engaging in certain private dealings. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mark Alliegro for Executive Departments and Administration. This bill updates and slightly expands existing statute (RSA 95:1), which went into effect in 1975. RSA 95:1 specifies that a public office holder may not engage in private sales in excess of \$200 with the state or political subdivision in which he or she holds office, except by open, competitive bidding. This bill as amended, revises current statute in the following two ways: (1) It applies the same standard for services as previously indicated for the sale of goods, specifying the term of such service to be one year; (2) It updates the permissible dollar amount from \$200 to \$1,000 to accommodate the rise in costs that have occurred between 1975 and the present. In summary, this is a simple, common sense bill that fortifies the existing conflict of interest statute. Vote 19-0.

#### Amendment (1281h)

Amend the bill by replacing section 1 with the following:

1 Public Officials Barred from Certain Private Dealings. Amend RSA 95:1 to read as follows:

95:1 Public Officials Barred From Certain Private Dealings. No person holding a public office, as such, in state or any political subdivision governmental service shall, by contract or otherwise, except by open competitive bidding, buy real estate, sell or buy goods, commodities, or other personal property of a value in excess of [~~\$200~~] **\$1000** at any one sale, ***or provide services of a value in excess of \$1000 in any one year***, to or from the state or political subdivision under which he ***or she*** holds [his] public office.

#### AMENDED ANALYSIS

This bill prohibits a public official from contracting with the state or a political subdivision for goods or services valued at more than \$1000 unless the contract is obtained through open competitive bidding.

**SB 57**, relative to allowing pharmacy technicians and interns to remotely perform non-dispensing tasks. **OUGHT TO PASS.**

Rep. Tony Lekas for Executive Departments and Administration. This bill would allow pharmacy technicians and interns to work remotely when performing administrative activities that do not require the physical possession of prescription drugs. These are activities such as prescription transfers, claims adjudications, refill authorizations, and entering patient and prescription information into a pharmacy's electronic database. This has been permitted by Emergency Order #13. This bill would permit it to continue after the end of the state of emergency. The activities performed by pharmacy technicians and interns will continue to be governed by the rules of the Pharmacy Board. Vote 19-0.

**SB 58**, relative to the administration of occupational regulation by the office of professional licensure and certification. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen Pearson for Executive Departments and Administration. The purpose of this lengthy bill is to streamline the administrative work of the Office of Professional Licensure and Certification (OPLC). The bill primarily makes the application process the same for all 54 boards within the OPLC. It moves the authority of the various boards to set their per-diem rates to the OPLC. The bill makes the requirement for a quorum uniform across the boards. It also centralizes the authority of the OPLC to set procedures and fees. The amendment added sections changing the requirement for physical signatures to electronic signatures and it streamlines the procedure for contracting services for investigators, hearing officers, legal counsel, and experts. The OPLC was created to allow for the centralized administration of certain functions and this language moves the agency forward toward this mandate. Vote 18-0.

**Amendment (1531h)**

**SB 104-FN-A**, adopting omnibus legislation relative to the classification of state employee positions and reverse auctions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen Pearson for Executive Departments and Administration. This bill, as amended, is an omnibus bill containing 3 parts. Part 1 establishes an unclassified salary grade for 16 management-level positions in the executive branch. Some of these positions were formerly classified and others were at a different pay level in the unclassified system. All of these changes were adopted by the Joint Committee on Employee Classification and now need to be codified. Part 2 establishes a procedure for the use of reverse auctions to price state contracts. Part 3 was added by the committee amendment and makes certain administrative functions in the department uniform such as the authority of the commissioner to appoint certain positions rather than the Governor. It also cleans up some language. Vote 18-0.

### **SB 106**, adopting omnibus legislation relative to codes. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Carol McGuire for Executive Departments and Administration. This bill is a request of the State Fire Marshal and includes two sections. The first section repeals a voluntary certification for fire equipment (sprinklers and alarms, primarily) because these requirements have been included in the mandatory electrical and plumbing codes. It was thought when creating this certification that it might move towards a mandatory license for fire equipment, but other codes have taken precedence and such a license is no longer in consideration. The second section includes a study committee to recommend the next version (2018) of the building codes and fire code, as amended by the technical committees. The committee amendment requires this committee to evaluate the process for updating the codes and suggest improvements. Vote 19-0.

**SB 114-FN**, relative to protecting the safe use and enjoyment of publicly-accessible recreation areas. **INEXPEDIENT TO LEGISLATE.**

Rep. Tony Lekas for Executive Departments and Administration. This bill as amended by the Senate has almost nothing to do with the title. It would just add some additional requirements to the training required for all law enforcement officers. The Police Standards and Training Council is currently involved in rulemaking which is expected to address the areas included in this bill. That rulemaking process should be permitted to proceed. If the result is not satisfactory, the legislature can address it in the future. Vote 17-2.

**SB 133-FN**, adopting omnibus legislation relative to occupational licensure. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Carol McGuire for Executive Departments and Administration. This is an omnibus bill on professional licensing, consisting of 13 unrelated sections, plus one added via a non-germane amendment. Each is described below with the effect of the committee amendment. Part I specifies the State Fire Marshal's ability to grant an assembly permit in an area without another authority. Part II repeals the interstate compact for emergency medical technicians. Part III expands who can chair a hearing of the Board of Nursing to any qualified person appointed by the board. All of these parts were all accepted with no further amendment. Part IV more narrowly specifies the representation of some members of the professional standards board in the Department of Education. The amendment deleted this part as unnecessary. Part V adopts the Audiology and Speech-Language Pathology interstate compact and the Occupational Therapy compact. This part was amended to confirm that any cost due to these compacts would be covered by the Office of Professional Licensure and Certification (OPLC) from its license fees. Part VI creates a new board and licenses music therapists. This part was deleted as unnecessary. HB 209, which had a similar intent, had been recommended Inexpedient to Legislate by the committee earlier this year. Part VII establishes a standard procedure for investigations, hearings, and appeals within the OPLC. This part was amended to clarify that this procedure did not replace existing investigation procedures for the boards that already have them. Part VIII narrowed the scope of "skilled professional medical personnel" to registered nurses for the purpose of qualifying patients for in-home Medicaid services. This part was deleted as too restrictive. Part IX provides "temporary health partners" a path towards licensure as nursing assistants. This part was amended to eliminate the deadline for having completed at least 100 hours of work and clarify that their on-the-job experience was equivalent to the necessary classroom training. Part X allows emergency medical service units to receive letters of concern, if appropriate, rather than limiting the options for disciplinary action to license suspension or revocation. It was accepted as submitted. Part XI allows schools of barbering and cosmetology to be parts of other schools, (Concord High School, for one) and establishes an apprenticeship certificate (not a license) for training which does not require submitting social security numbers. This part was amended slightly to incorporate the House position from HB 575 and include the certificate language in other parts of the cosmetology statute. Part XII adds a new license level for remote-only psychology treatments from out-of-state professionals. It was amended to better define this license and provide a path to full licensure. Emergency license holders can convert to this "tele-pass" license with minimal additional requirements. Part XIII establishes some exemptions to the requirement for certified food protection managers and was not changed by the committee. Part XIV allows child care workers to qualify as assistant teachers by "life experience," rather than formal education. The committee amendment specifies the types of experiences we considered appropriate. This section was added to the bill via a non-germane amendment. To a large degree, this bill, as amended, consists of administrative changes rather than policy decisions. All are supported by the OPLC and the relevant boards. Vote 19-0.

F. A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action.

G. Joint Investigations

1. In addition to the authority granted to a member state by its respective state occupational therapy laws and regulations or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

H. If an adverse action is taken by the home state against an occupational therapist's or occupational therapy assistant's license, the occupational therapist's or occupational therapy assistant's Compact privilege in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an occupational therapist's or occupational therapy assistant's license shall include a statement that the occupational therapist's or occupational therapy assistant's Compact privilege is deactivated in all member states during the pendency of the order.

I. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

J. Nothing in this Compact shall override a member state's decision that participation in an Alternative Program may be used in lieu of adverse action.

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The Commission shall defend any member, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

### SECTION 9. DATA SYSTEM

A. The Commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

#### SECTION 10. RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. The Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

C. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

D. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

E. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least thirty (30) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

1. On the website of the Commission or other publicly accessible platform; and

2. On the website of each member state occupational therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

F. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

G. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

H. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty five (25) persons;

2. A state or federal governmental subdivision or agency; or

3. An association or organization having at least twenty five (25) members.

I. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

L. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

M. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures

provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule;

or

4. Protect public health and safety.

N. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

#### SECTION 11. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

##### A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

##### B. Default, Technical Assistance, and Termination

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

- a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and
- b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

##### C. Dispute Resolution

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

##### D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member

state in default to enforce compliance with the provisions of the Compact and its promulgated rules and by-laws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

#### SECTION 12. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR OCCUPATIONAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

#### SECTION 13. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

#### SECTION 14. BINDING EFFECT OF COMPACT AND OTHER LAWS

A. A licensee providing occupational therapy in a remote state under the Compact privilege shall function within the laws and regulations of the remote state.

B. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

C. Any laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

D. Any lawful actions of the Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

E. All agreements between the Commission and the member states are binding in accordance with their terms.

F. In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

4 Effective Date. Part IV of this act shall take effect July 1, 2021.

The board, council, or commission may hold a settlement agreement hearing prior to its approval of the settlement agreement.

IV. In all instances, settlement discussions engaged in by the parties at prehearing conferences may be conducted off the record.

V. The board, council, or commission may dispose of issues or allegations at any time during an investigation or disciplinary proceeding by approving a settlement agreement or issuing a consent order or an order of dismissal for default or failure to state a proper basis for disciplinary action. Disciplinary action taken by the board at any stage of a proceeding, and any dispositive action taken after the issuance of a public hearing notice, shall be reduced to writing and made available to the public. Such decisions shall not be public until they are served upon the parties.

VI. No civil action shall be maintained against the board or any member of the board or its agents or employees, against any organization or its members, or against any other person for or by reason of any statement, report, communication, or testimony to the board or determination by the board in relation to proceedings under this chapter.

### 310-A:1-k Penalties.

I. Upon making an affirmative finding that a licensee or certificate holder has committed professional misconduct, boards, which shall include all boards, councils, and commissions within the office of professional licensure and certification, may take disciplinary action in any one or more of the following ways:

- (a) By reprimand.
- (b) By suspension of a license or certificate for a period of time as determined reasonable by the board.
- (c) By revocation of license.
- (d) By placing the licensee or certificate holder on probationary status. The board may require the

person to submit to any of the following:

- (1) Regular reporting to the board concerning the matters which are the basis of the probation.

(2) Continuing professional education until a satisfactory degree of skill has been achieved in those areas which are the basis of probation.

(3) Submitting to the care, counseling, or treatment of a physician, counseling service, health care facility, professional assistance program, or any comparable person or facility approved by the board.

- (4) Practicing under the direct supervision of another licensee for a period of time specified by the board.

(e) By assessing administrative fines in amounts established by the board which shall not exceed \$3,000 per offense, or, in the case of continuing offenses, \$300 for each day that the violation continues, whichever is greater.

II. The board may issue a non-disciplinary confidential letter of concern to a licensee advising that while there is insufficient evidence to support disciplinary action, the board believes the licensee or certificate holder should modify or eliminate certain practices, and that continuation of the activities which led to the information being submitted to the board may result in action against the licensee's license. This letter shall not be released to the public or any other licensing authority, except that the letter may be used as evidence in subsequent adjudicatory proceedings by the board.

III. In the case of sanctions for discipline in another jurisdiction, the decision of the other jurisdiction's disciplinary authority may not be collaterally attacked and the board may impose any of the sanctions set forth in this chapter, but shall provide notice and an opportunity to be heard prior to imposing any sanctions.

IV. In cases involving imminent danger to life or health, a board may order suspension of a license or certification pending hearing for a period of no more than 10 business days, unless the licensee or certified individual agrees in writing to a longer period. In such cases, the board shall comply with RSA 541-A:30.

V. Any person whose license has been suspended or revoked by the board may apply to the board, in writing, to request a hearing for reinstatement. Upon a hearing, the board may issue a new license or modify the suspension or revocation of the license.

VI. For any order issued in resolution of a disciplinary proceeding by the board, where the board has found misconduct sufficient to support disciplinary action, the board may require the licensee or certificate holder who is the subject of such finding to pay the office a sum not to exceed the reasonable cost of investigation and prosecution of the proceeding. This sum shall not exceed \$10,000. This sum may be imposed in addition to any otherwise authorized administrative fines levied by the board as part of the penalty. The investigative and prosecution costs shall be assessed by the board and any sums recovered shall be credited to the office's fund and disbursed by the office for any future investigations of complaints and activities that violate this chapter or rules adopted under this chapter.

VII. When an investigation of a complaint is determined to be unfounded, the board shall dismiss the complaint and explain in writing to the complainant and the licensee or certificate holder its reason for dismissing the complaint. After six years, the board may destroy all information concerning the investigation, retaining only a record noting that an investigation was conducted and that the board determined the complaint to be unfounded. For the purpose of this paragraph, a complaint shall be deemed to be unfounded if it does not fall within the jurisdiction of the board, does not relate to the actions of the licensee or certificate holder, or is determined by the board to be frivolous.

VIII. Whoever, not being licensed or otherwise authorized to practice according to the laws of this state, shall advertise oneself as engaging in a profession licensed or certified by the office of professional licensure and certification, shall engage in activity requiring professional licensure, or in any way hold oneself out as qualified to do so, or call oneself a licensed professional, or whoever does such acts after receiving notice that such person's license to practice has been suspended or revoked, is engaged in unlawful practice. After hearing and upon making an affirmative finding of unlawful practice, the board, council, or commission may take action in any one of the following ways:

(a) Issue a cease and desist order against any person or entity engaged in unlawful, which shall be enforceable in superior court.

(b) Impose a fine not to exceed the amount of any gain or economic benefit that the person derived from the violation or \$10,000 for each offense, whichever amount is greater. Each violation of unlicensed or unlawful practice shall be deemed a separate offense.

(c) The attorney general, board, council, or commission, or prosecuting attorney of any county or municipality where the act to unlawful practice takes place may maintain an action to enjoin any person or entity from continuing to do acts of unlawful practice. The action to enjoin shall not replace any other civil, criminal, or regulatory remedy. An injunction without bond is available to any board, council, or commission.

#### 310-A:1-l Rehearing; Appeals.

I. Any person who has been refused a license or certification by the board, which shall include all boards, councils, and commissions within the office of professional licensure and certification, or has been disciplined by the board shall have the right to petition for a rehearing within 30 days after the original final decision.

II. Appeals from a decision on rehearing shall be by appeal to the supreme court pursuant to RSA 541.

III. No sanction shall be stayed by the board during an appeal.

3 Effective Date. Part V of this act shall take effect January 1, 2022.

### PART VI

Relative to temporary licensure of certain licensed nursing assistants.

1 Statement of Purpose. The general court acknowledges the critical importance of ensuring the quality, accessibility, and sustainability of Medicaid services provided in nursing homes, and recognizes the critical shortage of licensed nursing assistants throughout the state. The purpose of this act is to strengthen the frontline staffing in nursing homes. The general court finds that during the COVID-19 pandemic federal regulatory and statutory provisions were waived to facilitate the hiring of nurse aides by nursing homes. Under state emergency order, these individuals were allowed to work in nursing homes as temporary health partners following no less than 8 hours of training provided either by a national association or a New Hampshire educational program. As a matter of public policy, the general court finds that these workers were indispensable as facilities struggled with staffing issues, particularly during outbreaks of the COVID-19 virus. Accordingly, this act shall provide the board of nursing with the additional authority to expand the workforce of licensed nursing assistants by recognizing the service of temporary health partners during the COVID-19 pandemic.

2 Special Licensure as a Licensed Nursing Assistant; Applicants Who Served as Temporary Health Partners.

I. Persons who have worked no fewer than 100 hours as temporary health partners in a licensed nursing home and have demonstrated, through their work experience during a national and state public health emergency, the competency to transition to status as a licensed nursing assistant, shall be deemed to have taken a board-approved nursing assistant course and may apply for a license as a licensed nursing assistant in New Hampshire.

II. Notwithstanding any provision of law to the contrary, the state-approved training program for licensed nursing assistants shall take into account the training and experience acquired during the COVID-19 pandemic to transition these individuals to placement on the state's licensed nursing assistant registry pursuant to RSA 326-B:26. Such individuals shall be subject to all continuing education requirements under RSA 326-B:31.

III. For purposes of this act:

(a) "COVID-19" means the novel coronavirus first identified in 2019, or SARS-CoV-2.

(b) "Temporary health partner" means anyone authorized to work in a nursing home by Emergency Order 42 issued by the governor on May 11, 2020, and required to complete training of no less than eight hours and work under the supervision of an RN, APRN, or LPN, as is required of LNAs under RSA 326-B:14.

3 Effective Date. Part VI of this act shall take effect upon its passage.

### PART VII

Relative to the revocation of licensure for licensed emergency medical service units and emergency medical service vehicles.

1 Emergency Medical and Trauma Services; Revocation of License. Amend the introductory paragraph of RSA 153-A:13, I to read as follows:

I. The commissioner ~~shall~~ **may** deny an application for issuance or renewal of a license, or **issue a letter of concern**, suspend, or revoke a license, when the commissioner finds that the applicant is guilty of any of the following acts or offenses:

Each cosmetologist, cosmetology instructor, or cosmetology school license issued under this chapter shall expire on the last day of the birth month of the licensee in the even year next succeeding its date of issuance. Any personal license **or apprentice certificate** which has expired may be renewed within 6 months by payment of the renewal fee and a late fee established by the board. After 6 months and within 5 years, a personal license **or apprentice certificate** may be renewed by paying the renewal fee and a late fee established by the board. **SB 85-FN**, establishing a broadband matching grant initiative and fund. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Tracy Emerick for Finance. This bill establishes the broadband matching grant initiative and fund. Because the COVID-19 pandemic has shown the absolute necessity for broadband Internet access for all New Hampshire residents for work, education, medicine, social interaction, and other purposes, this bill establishes a matching grant that utilizes state and federal funds which shall be matched by a political subdivision, private funds being essential to improved broadband access. The general court recognizes that a public-private partnership is essential to developing broadband access required in New Hampshire. With the passage of the

federal ARA, the state expects to receive infrastructure money from the federal government that can be used to fund the state's matching grant portion. The amendment allows either the Office of Strategic Initiatives (OSI) or the Department of Energy to manage the grant process. The amendment is necessary because OSI would disband after the passage of the budget. Vote 21-0.

**Amendment (1328h)**

Amend the bill by replacing all after section 3 with the following:

4 New Subdivision; Broadband Matching Grant Initiative; Department of Energy. Amend RSA 12-P by inserting after section 15 the following new subdivision:

**Broadband Matching Grant Initiative**

**12-P:16 Broadband Matching Grant Initiative Established.**

I. There is hereby established within the department of energy a broadband matching grant initiative, the purpose of which shall be to provide matching grants to broadband providers, political subdivisions, and communications districts in order to improve broadband availability across the state. When awarding grants, the department shall take into consideration broad geographic coverage of broadband services in New Hampshire and participation of political subdivisions and broadband providers in the grant process that will support business and residential users.

II. Eligible projects shall provide high speed Internet access in unserved areas of the state that lack access to broadband services, as defined in RSA 38:38, I(f), from at least one broadband provider.

III. Any broadband provider, political subdivision, or communications district formed under RSA 53-G shall be eligible for a grant of up to 50 percent of the total eligible costs of a project. Projects under construction at the time of application shall be ineligible. Projects in the planning stages shall be eligible.

**12-P:17 Program Guidelines; Rulemaking.**

I. The department of energy shall adopt rules under RSA 541-A, relative to grant application and distribution procedures.

II. The rules shall, at a minimum, include the following:

(a) Establishment of a technology-neutral competitive grant process based on objective criteria.

(b) Establishment of a challenge process, with reasonable timelines, through which information may be provided to the state to ensure that funds are not used to build projects in served areas or areas where construction of a network to provide broadband service is planned to be complete within one year.

(c) A method to ensure an applicant's trade secrets, financial information, and proprietary information submitted as part of an application are exempt from disclosure under RSA 91-A.

(d) Establishment of a process that promotes faster service, up to and including gigabit service.

III. The department of energy shall ensure that any grants awarded to broadband providers are provided with an appropriate level of consultation with the local governing bodies and a determination that the grants advance the goal of deploying broadband to unserved areas within communities.

IV. Eligible costs for the program shall include, but are not limited to:

(a) Costs associated with access to utility poles and other necessary structures.

(b) Construction of broadband network infrastructure in eligible areas.

(c) Construction of service connections to individual homes or businesses.

(d) Upgrades to existing infrastructure that currently provides service that does not meet the minimum definition of broadband in RSA 38:38, I(c).

(e) All other costs directly attributable to the construction project. In cases where a cost is shared with another ongoing project, shared costs shall be prorated.

(f) Planning costs related to network design and program eligibility.

V. Eligible costs shall not include any operating expenses or other recurring costs.

VI. The broadband provider, political subdivision, or communications district shall provide a minimum of 50 percent of the total cost of the project. Sources of the match may include revenue bonds issued by the political subdivision, bonds issued by the communication district, or private investment by broadband providers either jointly or independently. Sources of the match provided by broadband providers shall not include other federal or state funding awarded specifically to support the expansion of broadband networks.

VII. The department of energy shall not, as a condition of an award of grant money, impose any requirement, rate regulation, or other term or condition of service that differs from the applicant's terms or conditions of service in its other service areas.

**12-P:18 Broadband Matching Grant Fund.**

I. There is hereby established the broadband matching grant fund. The fund shall be kept separate and distinct from all other funds and shall be continually appropriated to the commissioner of the department of energy for the purposes of this subdivision. In addition to state appropriations, the department may accept gifts, grants, and donations for deposit into the fund.

II. Any federal funds received by the state for the purposes of expanding or improving Internet access that are not otherwise committed to other programs or required by the federal legislation authorizing the funds shall be deposited into the broadband matching grant fund.

5 New Subparagraph; Dedicated Funds; Broadband Matching Grant Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (364) the following new subparagraph:

(365) Moneys deposited in the broadband matching grant fund under RSA 12-P:18.

6 Contingency. If HB 2 of the 2021 general legislative session becomes law and includes provisions establishing a department of energy, sections 4 and 5 of this act shall take effect on July 1, 2021, and sections 2 and 3 of this act shall not take effect. If HB 2 does not become law, and/or does not include provisions establishing a department of energy, sections 2 and 3 of this act shall take effect on July 1, 2021, and sections 4 and 5 of this act shall not take effect.

7 Effective Date.

I. Sections 2-5 of this act shall take effect as provided in section 6 of this act.

II. The remainder of this act shall take effect on July 1, 2021.

#### AMENDED ANALYSIS

This bill establishes the broadband matching grant initiative and fund in the office of strategic initiatives. The bill also includes contingent provisions to establish the initiative within the department of energy.

#### **SB 51, relative to the sale of lobster meat. OUGHT TO PASS.**

Rep. Timothy Lang for Fish and Game and Marine Resources. This bill, a.k.a. the Lobster Roll Bill, reduces licensing and regulations on restaurants. Currently, if a restaurant sells pre-processed and packaged lobster meat, they are required to purchase a license from Fish and Game. This bill would remove that requirement if the restaurant purchased from a licensed supplier. If a restaurant has live lobsters, they must still get the license. This bill is supported by the restaurant and lodging industry, the lobster industry, as well as the Fish and Game Department. Vote 18-0.

#### **SB 45, relative to the controlled drug prescription health and safety program. OUGHT TO PASS WITH AMENDMENT.**

Rep. William Marsh for Health, Human Services and Elderly Affairs. This bill makes necessary changes to the administration of the controlled drug prescription health and safety program administered by the Office of Professional Licensure and Certification so that the program can be accessed for the purposes of licensing boards, and not be accessed by retired individuals who no longer require access. The amendment introduces contingency language, as the program was moved from RSA 318-B to RSA 126-A in HB 2. It also includes a fix for a drafting error related to retired practitioners found by stakeholders. Vote 21-0.

#### **Amendment (1253h)**

The office may enter into agreements or contracts to facilitate the confidential sharing of information relating to the prescribing and dispensing of schedule II-IV controlled substances, by practitioners within the state and to establish secure connections between the program and a practitioner's electronic health record keeping system. An electronic health record keeping system may allow for the query and retrieval of the provider specified, individual's program information for display and retention in the patient's medical information; provided that nothing in this section shall allow the electronic health record keeping system owner or license holder to perform data queries unrelated to individuals under the practitioner's care. The electronic health record keeping system owner or license holder shall be responsible for ensuring that only authorized individuals have access to program information. The program shall record and retain in its database what information was transferred and the identity of the organization who received the information. The program shall include this information when a patient requests a report pursuant to RSA 318-B:35, I(b)(1).

In lieu of posting a sign, the practitioner may provide such notice in written material provided to the patient.

4 Providing Controlled Drug Prescription Health and Safety Information. Amend RSA 318-B:35, I(a)(2) and (3) to read as follows:

## AMENDED ANALYSIS

This bill modifies requirements for participation in and sharing of information from the controlled drug prescription health and safety program.

**SB 120**, relative to physician assistant medical services through the Manchester Veterans Administration Medical Center. **OUGHT TO PASS WITH AMENDMENT.**

Rep. William Marsh for Health, Human Services and Elderly Affairs. This bill makes necessary changes to the licensing requirements for physicians assistants at the Manchester VA Medical Center to accommodate existing practice. The amendment cleans up language regarding supervision by out of country physicians put into the bill by the other body with the misunderstanding that it had been in existing law. Vote 21-0.

**Amendment (1187h)**

Amend the bill by replacing section 1 with the following:

1 Physician Assistants; Manchester Veterans Administration Medical Center. Amend RSA 328-D:2-a to read as follows:

328-D:2-a Licensure Requirements Suspended; Manchester Veterans Administration Medical Center.

I. New Hampshire state licensure laws, rules, and regulations for physician assistants are hereby suspended for those physician assistants ~~[from other states or countries]~~ ***licensed by another state or territory of the United States or another country*** who are employed by the United States Department of Veterans Affairs and who are offering medical services to patients ~~[of the Manchester]~~ ***offered through the*** Veterans Administration Medical Center (VAMC) ~~[at licensed medical facilities outside of the Manchester VAMC]~~, provided that such physician assistants are acting within the scope of their employment at the VAMC and possess a current license in good standing in their respective state, ***territory***, or country of licensure. ***Physician assistants who are employed by the United States Department of Veterans Affairs and who are offering medical services to patients of the Veterans Administration Medical Center (VAMC) and requesting licensure in New Hampshire may be supervised by physicians licensed in any state or territory of the United States provided the supervising physician possesses a current license in good standing in their respective state or territory of the United States.***

II. The acting director of the Manchester VAMC shall submit to the executive director of the New Hampshire office of professional licensure and certification, or designee, a list of all out-of-state or out-of-country ***licensed*** physician assistants offering services in the state of New Hampshire ***and out-of-state licensed physicians accepting supervisory responsibility of physician assistants.***

III. Nothing in this section shall be construed to preempt or supplant an individual licensed medical facility's policies regarding the emergency credentialing of physician assistants or any other medical personnel.

**SB 96-FN-A**, relative to implicit bias training for judges; establishing a body-worn and in-car camera fund and making an appropriation therefor; amending juvenile delinquency proceedings and transfers to superior court; and establishing committees to study the role and scope of authority of school resource officers and the collection of race and ethnicity data on state identification cards. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joe Alexander for Judiciary. This bill stemmed from recommendations of the Governor's Commission on Law Enforcement Accountability, Community, and Transparency (LEACT) that was formed in the summer of 2020. The LEACT Commission brought together stakeholders from all areas of the law enforcement accountability debate; the Human Rights Commission, mental health, and others in order to compromise on policy in the wake of the death of George Floyd. The bipartisan majority of the Judiciary Committee believes that the recommendations of the LEACT Commission puts NH in front of many other states by creating compromise from all stakeholders. Members of the LEACT Commission testified in support of the policies in this bill. The amendment removes a section of the bill which simply encouraged the court system to conduct implicit bias training. The majority of the Judiciary Committee believes that there is incredible merit when all sides of a debate come together to compromise on a bill. This bill is governing done right. Vote 20-1.

**Amendment (1391h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to establishing a body-worn and in-car camera fund and making an appropriation therefor; amending juvenile delinquency proceedings and transfers to superior court; and establishing committees to study the role and scope of authority of school resource officers and the collection of race and ethnicity data on state identification cards.

Amend the bill by deleting section 9 and renumbering the original section 10 to read as 9.

**AMENDED ANALYSIS**

This bill:

- I. Amends the municipal retention schedule for certain police non-criminal internal affairs investigations.
- II. Requires the memorandum of understanding between a school district and a school resource officer to be made public and establishes a committee to study the role and scope of authority of school resource officers.
- III. Establishes a body-worn and in-car camera fund and makes an appropriation therefor.
- IV. Amends the juvenile delinquency statutes to exclude any child under 13 years of age unless he or she has committed a violent crime, and removes certain criminal offenses as the basis for transferring a delinquent child to superior court.
- V. Establishes a committee to study whether the state should collect race and ethnicity data to be included on state identification cards.

**SB 126-FN**, adopting omnibus legislation on landlord tenant proceedings. **OUGHT TO PASS.**

Rep. Charlotte DiLorenzo for Judiciary. Part I of this bill permits tenants who have received a seven-day notice to quit for nonpayment of rent to make payments up to the date of the eviction hearing. This does not extend the time of the overall eviction process, but it does give the tenant time to apply for rental assistance through federal relief CARES Act funding for income eligible renters whose income was reduced due to the COVID-19 pandemic. Part II enables tenants to apply for and receive rental assistance payments and requires agencies who provide rental assistance to process payments for rent arrearages without a notice to quit for non-payment and without requiring a housing quality inspection of the tenant's apartment. This saves time, speeds up the process, and the agency makes a direct payment to the landlord. Part III was filed at the request of the New Hampshire Human Rights Commission. This part of the bill is a much-needed housekeeping measure that updates and replaces sections of the New Hampshire Fair Housing Statute to mirror language and definitions that are compliant with existing US Department of Housing and Urban Development (HUD) regulations. HUD's Fair Housing Law applies to the rental and sale of real estate. Under RSA 354-A, the New Hampshire Human Rights Commission has the power to receive, investigate, and pass upon complaints of illegal discrimination. Part III allows New Hampshire to have a work share agreement once again with HUD. The HUD funds will reimburse the commission for expenses incurred for their work on fair housing and will leverage the commission's expenses. This will allow the New Hampshire Human Rights Commission to be reimbursed by HUD for the work the commission does. Vote 20-0.

**SB 143-FN**, adopting omnibus legislation relative to certain agency requests. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Edward Gordon for Judiciary. This bill, as amended, is omnibus legislation which includes eight distinct parts. Part one provides for representation of juveniles by legal counsel from the onset of a delinquency filing in the Circuit Court. The second part establishes a quality assurance program for mediation and arbitration services. The third part allows judicial referees to issue orders in uncontested cases. The fourth part authorizes a Supreme Court Justice to sit in cases in the Circuit Court. The fifth part allows for payment of legal services other than counsel when necessary to provide adequate representation in certain cases. The sixth part clarifies the standard to be met in order to obtain a license to engage in the sale of insurance in this state. Part seven creates a program providing for a \$500 incentive for persons to enroll in the New Hampshire National Guard. And finally, part eight restricts state and local law enforcement from engaging in forfeiture of property unless the seized property includes more than \$100,000 in United States currency. The amendment to this bill removes controversial provisions from part one of the bill regarding the scope of representation for minors. The amendment also deletes five other provisions which were contained in the omnibus legislation. It removes a provision giving authority to Health and Human Services to recoup overpayments made to benefit receivers by withholding their future benefits. It removes a provision authorizing the application of a penalty assessment on violations, a practice which is already engaged in by the court system. It removes a requirement for reporting of cybersecurity incidents and setting cybersecurity standards for political subdivisions. It removes a provision requiring the collection of data regarding emergency medical services which appeared to be an intrusion on personal privacy. And finally, the amendment removes a provision which would give the Attorney General the authority to overrule the Victim's Assistance Commission. This bill contains many important provisions and received, as amended, the unanimous approval of the House Judiciary Committee. Vote 21-0.

**Amendment (1431h)**

Amend the bill by replacing all after the enacting clause with the following:

7 Effective Date. Part I of this act shall take effect January 1, 2022.

The judicial council shall pay the cost of such appointment, including counsel and investigative, expert, or other services and expenses necessary to provide adequate representation, from funds appropriated for indigent defense pursuant to RSA 604-A. Prior to obtaining investigative, expert, and other services necessary to provide adequate representation, counsel shall apply to the court and, upon finding that such services are necessary and that the person is financially unable to obtain them, the court shall authorize counsel to obtain the necessary services on behalf of the person for whom temporary guardian or guardianship of the person and estate, or person or estate, is sought.

#### AMENDED ANALYSIS

This bill reestablishes the commission to study the incidence of post-traumatic stress disorder in first responders. This bill also reestablishes the commission to study grandfamilies in New Hampshire.

**SB 84**, relative to village district public bodies. **OUGHT TO PASS.**

Rep. Tony Piemonte for Municipal and County Government. This bill provides that every legislative body, governing body, board, commission, or committee of any village district shall be deemed a "public body" under RSA 91-A and shall be subject to all applicable provisions of that chapter. Vote 17-2.

**SB 87**, adopting omnibus legislation relative to municipal finance. **OUGHT TO PASS.**

Rep. Tom Dolan for Municipal and County Government. This bill makes common sense updates on method of payments, water fund expenditures, and the proper use of capital funds. Vote 19-0.

**SB 88**, adopting omnibus legislation relative to broadband. **OUGHT TO PASS.**

Rep. Jim Maggiore for Municipal and County Government. This bill is omnibus legislation comprised of three LSRs which, as combined, will improve access, timing and efficacy of municipal broadband infrastructure projects. These improvements to statutes and processes will allow municipalities throughout our state to capitalize on broadband infrastructure funding opportunities from the American Rescue Plan Act. Part I of the omnibus bill permits the governing bodies of multiple municipalities to cooperate on creating communication district planning committees to study the issue of creating communication districts within each community as provided in NH RSA 53-G. With this improvement, the municipalities can begin the study process without waiting for legislative approval at town meeting or on the official ballot. Eventual creation of a municipal communication district in each community would still require legislative approval. Part II of the omnibus bill requires the NH Public Utilities Commission to adopt rules created by the Federal Communication Commission for One Touch Make Ready. One Touch Make Ready streamlines the process for attachments on utility poles, reducing costs, time, and disruptions in telecommunication and broadband service. Part III of the omnibus bill ensures that municipalities receive the necessary information in response to a Request for Information (RFI) for broadband projects that require bonds as provided in NH RSA 33:3-g, and states the NH Office of Strategic Initiatives shall maintain a list by town of all providers interested in receiving RFIs. "Counties" and "communications districts" are added to "municipalities" as entities that may request the RFI. The combined effect of these parts in one omnibus piece of legislation is better access, speed, and reliability of broadband infrastructure for NH. Vote 19-0.

**SB 28**, naming a courtroom in the second circuit courthouse in Plymouth in honor of Judge Edwin W. Kelly. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Karen Ebel for Public Works and Highways. This bill, as amended, will name a courtroom in the second circuit courthouse in Plymouth in honor of Judge Edwin W. Kelly and a roundabout on Route 11 in New London for New London resident, Jessie W. Levine. Judge Kelly is a highly regarded state judge, who recently retired after 30 years of distinguished service. Among his many accomplishments, the committee heard testimony that his transformative work brought New Hampshire's court system into the modern era. He oversaw technological advances, the consolidation of the court system resulting in greater efficiency and service, instituted regular judicial education and a systematic judicial evaluation process and was praised for his demeanor, fairness and legal knowledge. Naming this courtroom for Judge Kelly is a much-deserved honor showing the state's appreciation for his remarkable, tireless work in the cause of justice. The amendment will name the Route 11 roundabout in New London for Jessie W. Levine, the former New London town manager who oversaw its development and construction. During her 20 years in municipal and county government, Ms. Levine was a dedicated, innovative, compassionate public servant. Ms. Levine's managerial career took her from New London to Hanover, Bedford, and finally to a position as Sullivan County's manager. A recognized leader, she held many state and local volunteer positions, always working in support of better government for the citizens of the Granite State. The New London Board of Selectmen enthusiastically support the naming of the roundabout in her honor. Vote 20-0.

**Amendment (1112h)**

Amend the title of the bill by replacing it with the following:

AN ACT naming a courtroom in the second circuit courthouse in Plymouth in honor of Judge Edwin W. Kelly and naming a roundabout in New London in honor of Jessie Levine.

Amend the bill by replacing all after section 1 with the following:

2 Jessie Levine Roundabout. Pursuant to RSA 4:43, the roundabout located at N.H. route 11, also known as the intersection of Newport Road and County Road in the town of New London, is hereby named the Jessie Levine Roundabout in honor of municipal and county government leader and New London resident, Jessie W. Levine. Among her many career achievements in the pursuit of good local government, Ms. Levine advocated for and oversaw the roundabout construction while serving as New London's town administrator. An appropriate marker may be placed on the center island of the roundabout.

3 Signage. The cost of design, construction, maintenance, and installation of any signage, replacement signage, or other markers authorized under section 2 of this act shall not be a charge to the state. However, the design, construction, and installation of any signage or other markers authorized shall be approved by the department of transportation.

4 Effective Date. This act shall take effect 60 days after its passage.

**AMENDED ANALYSIS**

This bill renames a courtroom in the second circuit courthouse in Plymouth in honor of Judge Edwin W. Kelly and names a roundabout in the town of New London in honor of Jessie Levine.

**SB 32**, relative to the fallen state troopers' memorial. **OUGHT TO PASS.**

Rep. Mark McConkey for Public Works and Highways. This bill streamlines the disbursement of funds raised to permit the timely construction of the Fallen State Troopers' Memorial. Each separate part of the memorial has a separate contractor which requires separate approval by the Governor and Executive Council. This bill will expedite the construction process by requiring that only the final design of the memorial has to be approved by the Governor and Executive Council. Vote 19-0.

**SB 78-FN**, relative to continually appropriating the renewable energy fund to the public utilities commission. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Douglas Thomas for Science, Technology and Energy. This bill allows the expenditure, without interruption, of funds accumulated in the renewable energy fund. Since 2017, these expenditures were often delayed for administrative purposes by the transition from one fiscal year to the next. As amended by the committee, the funds can be spent from one year to the next without interruption unless there is no budget due to a veto or a failure to pass a budget. Then, approval by the fiscal committee will be required. The committee amendment also adds hydrogen derived from water as a permissible fuel to qualify for renewable energy credits under the renewable portfolio standard. Vote 20-0.

**Amendment (1562h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to continually appropriating the renewable energy fund to the public utilities commission, and relative to clarifying certain electric renewable energy classification.

Amend the bill by replacing all after the enacting clause with the following:

1 Renewable Energy Fund; Continual Appropriation. Amend RSA 362-F:10, I to read as follows:

I. There is hereby established a renewable energy fund. This *nonlapsing* special fund shall be ~~[nonlapsing]~~ *continually appropriated to the commission to be expended in accordance with this section; provided however if there is no adopted state operating budget, then during the period in which there is no adopted state operating budget, the fiscal committee of the general court may upon request of the commission approve expenditures from the renewable energy fund.* The state treasurer shall invest the moneys deposited therein as provided by law. Income received on investments made by the state treasurer shall also be credited to the fund. All payments to be made under this section shall be deposited in the fund. Any remaining moneys paid into the fund under paragraph II of this section, excluding class II moneys, shall be used by the commission to support thermal and electrical renewable energy initiatives. Class II moneys shall primarily be used to support solar energy technologies in New Hampshire. All initiatives supported out of these funds shall be subject to audit by the commission as deemed necessary. All fund moneys including those from class II may be used to administer this chapter, but all new employee positions shall be approved by the fiscal committee of the general court. No new employees shall be hired by the commission due to the inclusion of useful thermal energy in class I production.

2 Electric Renewable Portfolio Standards; Electric Renewable Energy Classes; Class I. Amend RSA 362-F:4, I (c) to read as follows:

(c) Hydrogen derived from biomass fuels, *water*, or methane gas.

3 Effective Date. This act shall take effect July 1, 2021.

**AMENDED ANALYSIS**

This bill provides that moneys in the renewable energy fund shall be continually appropriated to the public utilities commission for the programs and expenditures funded from the fund. The bill also clarifies the renewable energy class for hydrogen derived from water.

**SB 22-FN**, relative to the sale of Lucky 7 tickets. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick Abrami for Ways and Means. This bill, as amended, has three provisions related to Lucky 7. First, for electronic Lucky 7, the bill provides that the devices capable of displaying the outcome on a video monitor shall provide the player with the option of printing a paper ticket. Current rules require that the device print the paper result whether or not the paper result is requested by the player. Testimony made it clear that it is rare that a player will look at this paper that simply falls into a bucket on the floor near the machine. The committee agreed this was wasteful and served no purpose. Second, the bill changes the deal size from 3,500 to giving the Lottery Commission the ability to authorize deal sizes that do not exceed 14,000. With larger deal sizes comes the ability to offer larger dollar prizes for winning tickets which the committee endorsed. Third, this bill corrects an omission from last term when the legislature changed statute to allow a \$1.00 Lucky 7 ticket pack or ticket card as long as a \$0.50 option was still available. This action eliminated the \$0.25 ticket completely. An amendment was required to modify the bill language to ensure that the \$0.25 ticket can be offered only at charitable organizations that would like that ticket amount to be offered at their establishment. The amendment still requires \$0.50 tickets to be sold when \$1.00 tickets are sold. Vote 20-1.

**Amendment (1491h)**

Amend the bill by replacing section 3 with the following:

3 Lucky 7 Ticket Prices. Amend RSA 287-E:20, II to read as follows:

II. The price of any lucky 7 ticket pack or ticket card shall ~~[be either \$.50 or]~~ *not exceed* \$1, provided that at any location where a charitable organization offers \$1 tickets for sale the charitable organization shall also offer \$.50 tickets for sale.

**SB 23**, changing the requirement that a member of the sponsoring charitable organization be present during certain games of chance. **OUGHT TO PASS.**

Rep. Paul Tudor for Ways and Means. This bill makes changes to the requirement that charitable organizations shall be present and on site at least once per day during gaming operations per RSA 287-D:14, XI. Charitable organizations in the past had a much larger role in gaming operations. Today, the game operators control the day-to-day operation and the charitable organization member simply shows up, signs the affidavit, and leaves. They provide no oversight during the charitable event. This bill repeals RSA 287-D:14, XI, eliminating the requirement. Vote 24-0.

**SB 25**, relative to charity gaming licenses. **OUGHT TO PASS.**

Rep. Hershel Nunez for Ways and Means. This bill only changes procedures and dates for renewal of gaming licenses from annually on application date to the end of each year at an annual expiration date at the end of December. This returns the process to a previous standard that was changed, the department feels this works better for them. Vote 24-0.

**SB 48**, relative to the formula used to determine current use tax rates. **OUGHT TO PASS.**

Rep. Walter Spilsbury for Ways and Means. The Senate passed this bill 24-0 and it was referred to the Ways and Means Committee, which unanimously concurs. Currently, the formula used by the Department of Revenue Administration to assist the current use board in their determination of current use tax is the only tax rate determination that New Hampshire law allows to be kept confidential. This bill makes a simple, direct step in the direction of transparency by requiring disclosure of that rate-setting formula. In contrast, the underlying data on private properties may still be kept confidential, consistent with shared understandings when that data was gathered. But the cash-flow based valuation formula could no longer be a secret. This affects, for example, timberlands and the ability to predict consequences of logging, where it values not the timber itself but rather the land underneath the trees that generate the timber. At hearing, no opposition to this bill was received. In the spirit of open government, we should all agree that this is the sort of formulation that should be a matter of public record and open to review. Vote 24-0.

#### REGULAR CALENDAR

**SB 93-FN**, relative to permanency planning under the child protection act. **OUGHT TO PASS.**

Rep. Debra DeSimone for Children and Family Law. In crafting this legislation, the Model Court's Executive Committee (MCEC) carefully considered the report and recommendations of the Committee to Study Whether Modification Should Be Made to the Timeframe for Determining Permanency to RSA 169-C:24-b, chaired by Representative (and former Circuit Court Judge) Ned Gordon. This bill addresses this and several permanency or post-permanency issues that have been identified by the Model Court including 1) Adoption is a permanency plan; 2) Termination of parental rights is a legal step towards the finalization of such plan; 3) Specifying other circumstances for when a subsequent permanency hearing shall or may be conducted; and 4) Allowing for earlier permanency hearings. If this bill is passed there will be clarity on several permanency concerns. This will allow the Model Court to properly revise our existing permanency protocols to implement best practices for achieving timely permanency for New Hampshire's most vulnerable children. Vote 14-0. Committee report adopted and the bill was ordered to third reading.

**SB 94**, relative to juvenile diversion programs. **OUGHT TO PASS.**

Rep. Cody Belanger for Children and Family Law. It is the opinion of the committee that this bill will allow police officers and juvenile probation and parole officers to refer a juvenile for a needs assessment without taking the minor into custody. The majority believes this will reduce the recidivism rate among juveniles being detained at the Sununu Youth Service Center (SYSC). Vote 13-1. Committee report adopted and the bill was ordered to third reading.

**SB 35**, relative to membership in risk pools. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Dawn Johnson for the Majority of Commerce and Consumer Affairs. This bill allows founding organizations of existing pooled risk management programs to obtain certain coverage through the risk pool if the governing board approves their participation. The majority of the committee felt that this legislation sets a precedent that does not conform with the intent of the law. Risk pools are similar to the federal large employers ERISA health plans that are set up for employees. In this case, the risk pool is for public school teachers and the intent of the bill is to allow the teachers union employees, who are not teachers, to take advantage of the teacher's health plan. The union is free to set up their own ERISA plan or buy their health insurance through the New Hampshire small employers insurance market. Vote 10-9.

Rep. Constance Van Houten for the Minority of Commerce and Consumer Affairs. The minority of the Committee on Commerce and Consumer Affairs believes that the founding organizations of existing risk pool management programs should be able to participate in the risk pool that they actively support. Passage of this bill would allow founding organizations to join public risk pools and obtain insurance coverage upon approval of the governing board of the risk management program. There would be no cost to taxpayers.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Van Houten spoke against.

Rep. Hunt spoke in favor.

On a division vote, with 196 members having voted in the affirmative, and 172 in the negative, the majority committee report was adopted.

**SB 38**, relative to the organization of alternative treatment centers. **OUGHT TO PASS.**

Rep. Christy Bartlett for Commerce and Consumer Affairs. This bill has come before the legislature in the past. Alternative treatment centers dispense medical cannabis. It is now a mature business serving over 10,000 NH patients. However, these businesses are restricted to being able to organize as non-profits only. This restricts their ability to raise capital and borrow money to grow their businesses. As federal law is in conflict with state law, these businesses pay much higher interest rates when they are able to use credit. This cost is passed onto their clients. These same clients who need the legally-acquired medical cannabis cannot be covered under insurance and must pay higher rates than those in neighboring states that do not operate under the same conditions. We heard a great deal of testimony from these patients about their needs for the prescriptions and balancing those costs with other life costs. Some are forced to have to cross state lines to purchase cannabis more cheaply and transport it back home illegally. This bill would allow these licensed treatment centers to operate as any other business does in a for-profit basis. This is no longer an experiment to see whether the products are safe and effective. This has been established, but by tying the hands of the businesses from being unable to raise capital, we are restricting them. This is a pro-business bill and good for NH patients. Vote 11-8.

Committee report adopted and the bill was ordered to third reading.

**SB 59**, relative to the collaborative care model service delivery method. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Keith Ammon for the Majority of Commerce and Consumer Affairs. This bill requires individual and group insurers to reimburse a primary care physician for the treatment of mental health and substance use disorders provided through the psychiatric collaborative care model. The process for collaborative care is already available from all New Hampshire health insurance companies and therefore this legislation is unnecessary. The intent of the bill was to inform and educate primary care doctors to take advantage of the psychiatric collaborative care method. The majority of the committee felt that this is an inappropriate use of state law and urge medical professional organizations to use continuing education as a means to get the word out rather than adding a new statute that most doctors would never see or know about. Vote 10-9.

Rep. Christy Bartlett for the Minority of Commerce and Consumer Affairs. This bill has bi-partisan sponsorship and had unanimous support previously, so it is hard to understand why it has met such a strong headwind in our House committee. This allows for the primary care physician and the specialist to work together to meet the needs of the patient without having to be referred. We heard testimony from the NH Psychiatric Society and several insurance carrier representatives that this is the state of the art standard of practice. It reduces the additional costs to the patient and allows the trusted physician to be able to consult with the psychiatrist. It is common knowledge that in the state of NH, we have a shortage of psychiatric care providers. This bill helps to address our work force issue and would encourage access to care for the patients and for the psychiatrists to be reimbursed by the insurance carriers for care provided. There is a direct correlation between healthcare costs and health insurance premiums. When the healthcare costs decrease, the insurance premiums are affected, as well.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Burroughs spoke against.

Rep. Hunt spoke in favor.

On a division vote, with 196 members having voted in the affirmative, and 174 in the negative, the majority committee report was adopted.

**SB 107**, relative to financial assistance for businesses affected by the COVID-19 pandemic. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Bonnie Ham for the Majority of Commerce and Consumer Affairs. This bill provides that new businesses affected by the COVID-19 pandemic will be eligible for federal relief funds. The intent of the bill was to make sure that the new businesses that were started after March 2020 would be allowed to receive funds going forward. The Main Street Program, which was based on looking back to 2019, has ended, so there is no need for this legislation since all businesses, new or old, can qualify for any new money, assuming that they comply with the new federal rules. Vote 11-7.

Rep. Christy Bartlett for the Minority of Commerce and Consumer Affairs. The Commerce Committee heard from several new businesses that were not eligible for the Main Street Relief Fund because they were established after May 26, 2019. As anyone who has opened a new business knows, the first year is the most vulnerable and planning and financing a new business doesn't start on that first day. Months of planning and

sacrifice are invested before that door opens. The NH legislature says they support businesses and entrepreneurs in our state, yet, have voted against allowing these businesses to be covered. This bill is a “shall” for the new money that is forthcoming to support businesses affected by the pandemic, if they qualify, based on the federal guidelines. The minority of the committee would like to be sure that those new businesses that have survived this pandemic year and need some help to continue, will be eligible for the new funds. In case there is any doubt that there is a need, there were 68 people who signed in to support this bill and 0 opposed.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Bartlett spoke against.

Rep. Hunt spoke in favor.

Rep. Espitia requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**SB 124-FN**, adopting omnibus legislation relative to insurance. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John Hunt for the Majority of Commerce and Consumer Affairs. This bill adopts legislation relative to travel insurance, domestic insurance company investments, self-service storage insurance, and Medicare supplemental insurance. The sections on travel and storage facilities are to allow these entities to offer insurance products. The section on domestic insurance companies is to allow them to take advantage of new investment opportunities. Finally, the Medicare section requires that upon a Medicare eligible disabled member attaining the age of 65, no issuer shall continue to charge that member the under age 65 premium. Vote 18-1. Rep. Max Abramson for the Minority of Commerce and Consumer Affairs. The minority objected to the Senate's decision to send four separate bills over as a single omnibus bill. This practice was widely opposed by the general public last year, and, an election having ensued, it seemed that a clear mandate existed to limit each bill to a single subject. Problems were created at the public hearing as witnesses and members of the committee were forced to address questions and issues that they weren't prepared to handle. Different parts of the bill contained their own definitions, forcing members to compare those definitions in order to ask questions. Part of our time handling these four bills was spent discussing the germaneness of each part and trying to find inconsistencies. Witnesses had to sign up in support of the bill even if some might have opposed other parts of it. Worse, some members of the House might be forced to vote against four bills at once because they differ with only one of them. Every bill is guaranteed its own hearing and vote on the floor. Mergers of this sort deny the voters the right to see how their elected representatives voted on issues that matter to them. For this reason, the minority believes that committees should have the ability to divide such bills and send them on individually.

The question being adoption of the majority committee report of Ought to Pass.

Majority committee report adopted and the bill was ordered to third reading.

**SB 125-FN**, relative to beverage manufacturer licenses. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John Hunt for the Majority of Commerce and Consumer Affairs. This bill makes changes to the requirements for serving samples for beverage manufacturers and nano breweries; provides for contract brewing arrangements for nano breweries and brew pubs; and allows for intrastate direct shipping by beverage manufacturers, nano breweries, brew pubs, wine manufacturers, importers, wholesalers, or retailers. The intent of this was to even the playing field for all beer producers and also to allow for them to ship in state. The majority of the committee felt this legislation was timely and address the inequities among the various producers. Vote 13-6.

Rep. Jane Beaulieu for the Minority of Commerce and Consumer Affairs. The minority opposes the amended version of this bill which makes several major changes that adversely impact the 3 tier system. This omnibus bill is complex and should be studied later this year by a Commerce subcommittee with the goal of forming a study commission to thoroughly review all the liquor licenses currently in statute. The Liquor Commission identified several provisions that could impact future revenues of the commission. For these reasons we voted to recommend this bill be found Inexpedient to Legislate.

**Majority Amendment (1237h)**

Amend RSA 178:27-b as inserted by section 5 of the bill by replacing it with the following:

178:27-b Direct to Consumer Shipments of Alcohol to New Hampshire Residents.

The beverage manufacturer shall pay an annual fee of \$336 to the commission for the beverage manufacturer retail outlet. The beverage manufacturer may transport beverages it manufactures to its beverage manufacturer retail outlet for sample or sale. Visitors of legal drinking age at the beverage manufacturer retail outlet may be provided with samples of beverages manufactured by the licensee in this state for tasting. A beverage manufacturer may either provide samples for free or for a fee which shall be limited to one 4-ounce sample per label or one 16-ounce glass per person. At such times as food is available, a beverage manufacturer may serve no more than one additional 16-ounce glasses per person in any areas approved by the commission. For the purpose of this section, food and non-alcoholic beverages may be provided by a properly-licensed third party food vendor, prepared on or off the premises.

Amend the bill by inserting after section 7 the following and renumbering the original section 8 to read as 12:

9 Beverage; Definition. Amend RSA 175:1, VIII to read as follows:

VIII. "Beverage" means any beer, wine, similar fermented malt or vinous liquors and fruit juices, and any other liquid intended for human consumption as a beverage having an alcoholic content of not less than 1/2 of one percent by volume and not more than 6 percent alcohol by volume at 60 degrees Fahrenheit and specialty beer as defined in RSA 175:1, LXIV-a. The commission may approve any fermented malt beverage, **other similar fermented and brewed beverage**, or mead greater than 6 percent but not to exceed 8 percent or any cider greater than 6 percent or any specialty cider greater than 8 percent and not to exceed 12 percent alcohol by volume at 60 degrees Fahrenheit. A beverage shall not be considered a product classified by the commission as a domestic wine as defined in RSA 175:1, LXVII, or a table wine as defined in RSA 175:1, LXIX, or a fortified wine as defined in RSA 175:1.

10 Nano Brewery; Samples. RSA 178:12-a, II(e) is repealed and reenacted to read as follows:

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Beaulieu spoke against.

Rep. Hunt spoke in favor.

On a division vote, with 238 members having voted in the affirmative, and 134 in the negative, the majority committee report was adopted and the bill was ordered to third reading.

**SB 34-FN**, relative to the definition of a controlled drug analog and prohibiting the sale or possession of synthetic urine and urine additives. **OUGHT TO PASS.**

Rep. John Bordenet for Criminal Justice and Public Safety. New Hampshire's definition of a controlled drug analog is inconsistent with the federal definition, does not provide prosecutors with clear guidance, and requires prosecutors to prove who manufactured the drug, the manufacturer's intent, and when the drug was manufactured. This bill creates a new definition of a controlled drug analog giving prosecutors a clear legal standard to follow to provide that a controlled drug analog has the same effects of a particular controlled drug or a controlled drug class. Clarifying the definition of a controlled drug analog will assist New Hampshire's law enforcement in combating the spread of synthetic drugs, including fentanyl. The bill also prohibits the sale or possession of synthetic urine and urine additives, which are specifically used to avoid a banned or illegal substance from being detected from a drug test. Vote 13-8.

#### MOTION TO LAY ON THE TABLE

Rep. Klein-Knight moved that **SB 34-FN**, relative to the definition of a controlled drug analog and prohibiting the sale or possession of synthetic urine and urine additives, be laid on the table.

On a division vote, with 135 members having voted in the affirmative, and 237 in the negative, the motion failed.

The question now being adoption of the committee report of Ought to Pass.

Rep. Klein-Knight spoke against.

Rep. Bordenet spoke in favor.

Rep. Prout requested a roll call; sufficiently seconded.

and the committee report was adopted and the bill was ordered to third reading.

**SB 110**, relative to animals in motor vehicles. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Ray Newman for the Majority of Criminal Justice and Public Safety. This bill allows a person to rescue a confined animal endangered by extreme temperatures under certain circumstances. Specifically, it allows any individual to take action to rescue an animal confined within a vehicle endangered by extreme temperatures, provided that such actions are expressly authorized by a law enforcement officer and witnessed by another individual. It also provides that no authorized individual shall be liable for damage reasonably necessary to rescue the confined animal. The bill was suggested by a 17-year-old student and is well intentioned. However, after hearing testimony and discussing the bill in committee it became apparent that; deputizing citizens, requiring the solicitation of a witness, documenting identifying information about the witness, and assuring that an untrained citizen could accurately assess the condition of the animal, presented obstacles to the effectiveness of this bill. Testimony of a first responder indicated that deciding what action to take in these instances was difficult even for a well-trained individual. Finally, there was concern for the danger that might be present when the owner of the vehicle returned to find a citizen had broken the window, no matter how well intentioned the person was. Vote 16-5.

Rep. David Meuse for the Minority of Criminal Justice and Public Safety. In 2020, there were 31 incidents in the US involving pets dying from heat stroke in cars—and those were just the ones that were reported. This bill would allow an individual to intervene without being liable for damages to take necessary action to save an animal endangered by extreme temperatures in a vehicle, as long as, authorization is obtained from a law enforcement officer and that any action taken is witnessed by another individual. This bill is different from similar bills introduced in previous sessions because a law enforcement officer may authorize a party to intervene without the officer actually being present on-scene—a potentially life-saving measure when the nearest officer may not be available or may be on the other side of town. Unlike previous versions, this bill also has the support of the American Kennel Club. The minority feels the bill balances the need to protect the property of the vehicle owner with the strong desire to protect the life of an innocent animal.

**MOTION TO LAY ON THE TABLE**

Rep. Abbas moved that **SB 110**, relative to animals in motor vehicles, be laid on the table.

On a division vote, with 210 members having voted in the affirmative, and 158 in the negative, the motion was adopted.

**REGULAR CALENDAR CONT'D**

**SB 122-FN**, adopting omnibus legislation relative to certain crimes and judicial processes and procedures. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Bordenet for Criminal Justice and Public Safety. This bill contains three parts. Part one exempts from prosecution victims of human trafficking, it is not a blanket exemption of all crimes. Part two includes great-grandparent and great-great-grandparent as a grandparent. This is needed for children who become victims of the opiate problem. Part three would establish a council on autism spectrum disorders. The committee believes these three measures are worthwhile. Vote 15-6.

**Amendment (1308h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to exemptions from prosecution for victims of human trafficking, guardianship by grandparents, and making changes to the membership of the council on autism spectrum disorders.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Trafficking in Persons; Definitions. Amend RSA 633:6 by inserting after paragraph VI the following new paragraph:

VII. "Victim of human trafficking" means:

(a) An individual who, at any point in time, was the victim of a trafficking in persons offense under RSA 633:7, I-III, whether or not the offense was prosecuted; or

(b) An individual who at any point in time was the victim of a severe form of trafficking in persons offense under 22 U.S.C. section 7102(11)(A), whether or not the offense was prosecuted.

2 Trafficking in Persons. RSA 633:7, VI is repealed and reenacted to read as follows:

VI. No victim of human trafficking shall be prosecuted for any offense, where the otherwise chargeable conduct was committed as a direct result of being trafficked, provided that the conduct chargeable did not involve an act of violence or a threat of violence as defined in RSA 625:9, VII.

VII. A victim of human trafficking who was under 18 years of age at the time of the offense shall not be subject to juvenile delinquency proceedings under RSA 169-B for any otherwise chargeable offense, where the conduct was committed as a direct result of being trafficked, provided that the conduct chargeable did not involve an act of violence or a threat of violence as defined in RSA 625:9, VII.

VIII.(a) This paragraph shall apply to:

(1) An individual convicted for an offense which was committed as a direct result of being trafficked;

(2) An individual who was under 18 years of age at the time of the offense, who was adjudicated as delinquent for an offense which was committed as a direct result of being trafficked; or

(3) An individual who entered into a diversion agreement in lieu of further criminal proceedings for an offense which was committed as a direct result of being trafficked.

(b) A victim of human trafficking who was subject to adjudication as specified in VIII (a) above, may, at any time, file a motion with the circuit court, district division or superior court to vacate a conviction, adjudication of delinquency, or diversion agreement, and the related court records and arrest records, for any offense. A copy of the motion to vacate shall be provided to the agency that prosecuted the offense.

(c) After a hearing, the court shall grant the motion to vacate the conviction, adjudication of delinquency, or diversion agreement upon a finding by a preponderance of the evidence that the petitioner's participation in the offense underlying the conviction, delinquency adjudication, or diversion agreement was the direct result of being trafficked. A finding by the court that the petitioner was a victim of human trafficking at the time of the offense shall be a prima facie evidence that the petitioner's participation in the offense was a direct result of being trafficked.

(d) The petitioner shall not be required to provide any official documentation indicating that he or she was a victim of human trafficking at the time of the offense. However, if such documentation is provided, it shall be prima facie evidence that the petitioner's participation in the offense was a direct result of being trafficked. In this subparagraph, "official documentation" means:

(1) A copy of an official record, certification, or eligibility letter from a federal, state, tribal, or local proceeding, including an approval notice or an enforcement certification generated from a federal immigration proceeding, that shows the petitioner was a victim of human trafficking; or

(2) An affidavit or sworn testimony from a member of the clergy, a medical professional, a trained professional staff member of a victim services organization, or other professional from whom the petitioner has sought legal counselor other assistance in addressing the trauma and other challenges associated with being a victim of human trafficking.

(e) In determining whether the petitioner was a victim of human trafficking at the time of the offense, the court may consider any other evidence the court finds has sufficient credibility and probative value. Such evidence may include, but is not limited to:

- (1) The affidavit or sworn testimony of the petitioner;
- (2) Branding or other tattoos on the body of the petitioner that identify the petitioner as having had a trafficker;
- (3) Photographic evidence of branding or other tattoos on the body of the petitioner that identify the petitioner as having or having had a trafficker;
- (4) Affidavits or sworn testimony of police, police interview notes, or police reports;
- (5) Affidavits or sworn testimony from any person with firsthand knowledge of the petitioner's involvement in the trafficking or any person who indicates that he or she was trafficked or exploited by the same individual or group of individuals who trafficked the petitioner;
- (6) Financial records showing revenues or expenses from the trafficking;
- (7) Internet listings, print advertisements, or business cards used to promote the petitioner for services; or
- (8) Email, text messages, or voicemail records between the petitioner, the trafficker, or solicitors of sex that reveal aspects of the trafficking, such as examples of trafficker exerting control over the petitioner, evidence of behavior patterns of the trafficker or the petitioner, or discussion of meeting times or payments.

(f) Upon request of the petitioner and in lieu of the personal appearance of the petitioner in the courtroom, a hearing shall be conducted by 2-way electronic audio-video communication, between the petitioner, the judge, and any other present in the courtroom for the hearing, if the petitioner is represented by counsel and upon request of the petitioner, the petitioner's personal appearance shall be waived and counsel for petitioner shall be permitted to appear on the petitioner's behalf.

IX. Upon request of the petitioner, the court shall not disclose or open to public inspection any information identifying the petitioner, including any records of the motion hearing which could provide circumstantial details that may identify the petitioner. Information regarding the petitioner that is sealed pursuant to this paragraph shall be disclosed only to the following:

- (a) The judge of the circuit court, district division or superior court and members of the staff of the court as designated by the judge;
- (b) Parties to the proceedings and their attorneys;
- (c) With the consent of the petitioner, any individual or public or private agency or institution providing educational, medical, or mental health service to the petitioner;
- (d) When necessary for the discharge of official duties, law enforcement officers, prosecutors, or law enforcement or prosecution staff, or
- (e) When authorized by court order, any other person, subject to any conditions imposed by the order, consistent with the petitioner's safety and privacy interests.

X.(a) An order vacating a conviction, adjudication of delinquency, or diversion agreement shall:

- (1) Nullify the conviction, delinquency adjudication, or diversion agreement;
- (2) Vacate the conviction, delinquency adjudication, or diversion agreement due to a substantive defect in the underlying criminal proceedings;
- (3) Remove all civil disabilities and disqualifications imposed as a result of the conviction, delinquency adjudication, or diversion agreement; and
- (4) Place the petitioner in the position of never having been investigated, arrested, convicted, deemed delinquent, or diverted for the offense.

(b) Upon a finding that the petitioner's participation in the offense underlying the conviction, delinquency adjudication, or diversion agreement was a direct result of being trafficked and an entry of an order vacating the conviction, delinquency's adjudication, or diversion agreement the court shall:

(1) Order the conviction, delinquency adjudication, or diversion agreement and any related court records expunged and purged from all applicable state and federal systems. The court shall enter this order regardless of whether the petitioner had any criminal record prior or subsequent to the conviction, delinquency adjudication, or diversion agreement being vacated.

(2) Order the division of state police to purge the conviction, delinquency adjudication, or diversion agreement, and any related court records or arrest records from the criminal history record information repository and all applicable state and federal databases. The clerk of the court shall send a certified copy of the order to the division of state police, which shall carry out the order and shall notify the following of the court's order: the Federal Bureau of Investigation, the New Hampshire department of corrections, and any other criminal justice agency that may have a record of the conviction, adjudication of delinquency, or diversion agreement and related court records or arrest records.

(c) Upon a finding that the petitioner's participation in the offense underlying the conviction, delinquency adjudication, or diversion agreement was a direct result of being trafficked and an entry of an order vacating the conviction, delinquency adjudication, or diversion agreement, the court may, in its discretion, grant other relief to the petitioning victim in the interests of justice.

(d) Vacating a conviction, delinquency adjudication, or diversion agreement shall not affect any right of the person whose offense was vacated to appeal the conviction or sentence.

3 New Paragraph; Guardianship of Minors; Definition of Grandparent Added. Amend RSA 463:2 by inserting after paragraph III the following new paragraph:

III-a. "Grandparent" includes a great-grandparent or great-great grandparent.

4 Council on Autism Spectrum Disorders; Membership. RSA 171-A:32, I is repealed and reenacted to read as follows:

I. There is established a council on autism spectrum disorders to provide leadership in promoting comprehensive and quality education, health care, and services for individuals with autism spectrum disorders and their families. The members of the council shall be as follows:

(a) The governor, or designee.

#### AMENDED ANALYSIS

This bill exempts victims of human trafficking from prosecution, defines "grandparent" for purposes of guardianship of minors, and makes changes to the membership of the council on autism spectrum disorders. Committee amendment adopted.

Committee report adopted and the bill was ordered to third reading.

**SB 141-FN**, relative to the procedure for conducting firearm background checks. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Linda Harriott-Gathright for the Majority of Criminal Justice and Public Safety. This bill seeks to allow the FBI to conduct all National Instant Criminal Background Check System ("NICS") searches concerning the purchase, sale, and transfer of firearms through Federal Firearm Licensed Dealers operating in the State of New Hampshire. This bill effectively repeals the state's partial point of contact system for handguns, called the "gun line" allowing the authority to remain exclusively with the FBI. It also authorizes county sheriffs to conduct NICS background searches for the purpose of approving or denying the return of firearms to individuals who are subject to a protective order for domestic violence or stalking. We heard testimony from gun line users of past delays to access the system, however the calling system has been updated and appears to be working. More importantly we heard testimony from a lawyer, several dealers, and users of the valuable usage of the gun line. The gun line was able to resolve false issues in the NICS system. Specifically, the gun line gave clear directions, in the form of a letter, on how to resolve the issues, however, when issues occur while using NICS, they are non-specific about how to resolve the issues, resulting in additional costs to the buyer and additional delays. The New Hampshire gun line is an additional check beyond the NICS System, and we prefer to continue the extra measure of security check that the gun line provides. Vote 15-6.

Rep. John Burt for the Minority of Criminal Justice and Public Safety. The committee received written and oral testimony from gun owners and dealers about the long term problems at the gun line. Through testimony, the committee learned that the lengthy delays being experienced by handgun buyers are not a new problem. For most of its entire existence, the gun line has been operated in a grossly inefficient manner. However, during the COVID-19 pandemic, the typical hours and days long delays turned into weeks and months underscoring the deep seated fundamental problems with the gun line. The committee heard from gun dealers that their businesses have been harmed by the gun line because oftentimes, customers leave and do not return due to the long delays which can last days or weeks. Licensed firearms dealers told the committee that the gun line is only used for handguns. Buyers of rifles and shotguns are checked by a direct call to the FBI NICS Center. For the vast majority of rifle and shotgun sales, calls to the FBI are answered and the buyers approved in as few as five minutes. Background checks and NICS are a federal mandate and the committee learned that the Federal Government, through the FBI, is able to do a better job of checking backgrounds. The FBI performs this task at no cost to the gun buyer or dealer. The State of New Hampshire is spending hundreds of thousands of dollars to perform a federally mandated check that the FBI will do for free and will complete in minutes instead of weeks or months. A check conducted by the gun line is in addition to the Federal NICS check, not instead of it. If the FBI NICS system is not working, for any reason, the gun line will also be nonoperational.

### MOTION TO LAY ON THE TABLE

Rep. Umberger moved that **SB 141-FN**, relative to the procedure for conducting firearm background checks, be laid on the table.

Rep. Burt requested a roll call; sufficiently seconded.

**(Rep. Steven Smith in the Chair)**

**REGULAR CALENDAR CONT'D**

**SB 154**, prohibiting the state from enforcing a Presidential Executive Order that restricts or regulates the right of the people to keep and bear arms. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John Burt for the Majority of Criminal Justice and Public Safety. This bill as amended by the Criminal Justice and Public Safety Committee will protect New Hampshire citizens from unconstitutional anti-gun overreach by the Federal Government. If the amended version of this bill were to become law, state

and local government officials will be under order not to enforce federal laws which infringe on citizens Second Amendment rights. Over the years, on many topics, attorneys general of both parties have opined that New Hampshire law enforcement should not be enforcing federal laws. This is a simple concept, state and local police are hired, trained and compensated with state and local tax dollars. It makes no sense to divert those scant resources to enforce federal laws that, if they are to be enforced, should properly be enforced by federal law enforcement officers who are hired, trained and compensated with federal tax dollars. If enacted into law, this bill would not be the first time a state has passed a law that combated tyrannical federal laws. In the late 1800s, some northern states, such as Pennsylvania, passed "Personal Liberty Laws" which made it illegal for citizens of the commonwealth to help enforce specific federal laws which were intended to assist southern states in the oppression of minorities. Likewise, Virginia and Kentucky threatened to nullify the Alien & Sedition Acts of 1798, which essentially jailed people for criticizing government officials. This bill as amended, is wholly consistent with U.S. Supreme Court rulings. In 1997 the supreme court ruled in *Printz v. United States* that Congress cannot make states enforce the federal Brady gun control law which attempted to require local sheriffs or police to carry out gun background checks. Vote 11-10.

Rep. Linda Harriott-Gathright for the Minority of Criminal Justice and Public Safety. This bill would prohibit New Hampshire officials from enacting and enforcing federal regulations and executive orders to reduce gun violence. Prohibiting New Hampshire officials from cooperating with federal laws and regulations is a disturbing overreach of the state legislature and a threat to public safety. This bill solves no existing problem in this state but sadly has serious consequences for the people of New Hampshire. Banning New Hampshire law enforcement and judges from helping to stop the sale and creation of illegal weapons, crack down on firearm trafficking or enact programs to reduce gun violence in our streets is not only alarming but likely unconstitutional. Even more concerning is we believe this bill could prohibit state and federal officials from working together if someone sells a 15-round magazine, that NH laws allow, however the federal law maximum is a 10-round magazine, we could not support the federal enforcement. This can also present an issue with the selling of ghost guns in New Hampshire. Similar pieces of legislation brought forth in other states, like Arkansas, have been vetoed due to their unconstitutionality, which should be signal enough to legislators in New Hampshire that this will not stand. While sadly a controversial statement, it is possible to both preserve our Second Amendment freedoms and protect public safety. Efforts by the Biden Administration or any subsequent presidential administration elected by the American people to reduce deadly gun violence should not be blocked here in New Hampshire.

#### **Majority Amendment (1220h)**

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting the state from enforcing any federal statute, regulation, or Presidential Executive Order that restricts or regulates the right of the people to keep and bear arms.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Federal Statutes, Regulations, and Presidential Executive Orders Relating to the Right to Keep and Bear Arms. Amend RSA by inserting after chapter 159-D the following new chapter:

#### **CHAPTER 159-E**

#### **PRESIDENTIAL EXECUTIVE ORDERS AND STATUTORY LAW RELATING TO THE RIGHT TO KEEP AND BEAR ARMS**

159-E:1 Federal Statutes, Regulations, and Presidential Executive Orders Relating to the Right to Keep and Bear Arms. Pursuant to the general court's authority under Part II, Article 5 of the New Hampshire Constitution, the state of New Hampshire, a political subdivision of this state, or any person acting under the color of state, county, or municipal law shall be prohibited from using any personnel or financial resources to enforce, administer, or cooperate with any law, act, rule, order, or regulation of the United States Government or Executive Order of the President of the United States that is inconsistent with any law of this state regarding the regulation of firearms, ammunition, magazines or the ammunition feeding devices, firearm components, firearm supplies, or knives. Silence in the New Hampshire Revised Statutes Annotated pertaining to a matter regulated by federal law shall be construed as an inconsistency for the purposes of this chapter.

159-E:2 Severability. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

2 Effective Date. This act shall take effect upon its passage.

#### **AMENDED ANALYSIS**

This bill prohibits the state of New Hampshire, a political subdivision of this state, or any person acting under the color of state, county, or municipal law from using any personnel or financial resources to enforce,

administer, or cooperate with any law, act, rule, order, or regulation of the United States Government or Executive Order of the President of the United States that is inconsistent with any law of this state regarding the regulation of firearms, ammunition, magazines or the ammunition feeding devices, firearm components, firearms supplies, or knives.

Rep. Ray Newman spoke against.

Rep. Abbas spoke in favor.

Rep. Sylvia requested a roll call; sufficiently seconded.

and the majority committee report was adopted and the bill was ordered to third reading.  
Rep. Harrington voted Nay and intended to vote Yea.

**MOTION TO RECONSIDER**

Having voted with the prevailing side, Rep. Baldasaro moved that the House reconsider its action whereby, on a roll call vote of 199-177, the House adopted the majority committee report of Ought to Pass with Amendment on **SB 154**, prohibiting the state from enforcing any federal statute, regulation, or Presidential Executive Order that restricts or regulates the right of the people to keep and bear arms.

On a division vote, with 169 members having voted in the affirmative, and 209 in the negative, the motion failed.

**(Speaker Packard in the Chair)****REGULAR CALENDAR CONT'D**

**SB 19**, relative to the degree granting authority of Signum university. **INEXPEDIENT TO LEGISLATE.** Rep. Rick Ladd for Education. The committee unanimously voted to recommend this bill Inexpedient to Legislate. This bill authorizes Signum University to grant degrees in New Hampshire; however, due to the recent passage of HB 513 in the House and Senate, which contains the same language as this bill, there is no further need for this bill. Vote 20-0.  
Committee report adopted.

**SB 147-FN**, adopting omnibus legislation relative to student aid, the central registry, transportation of students, and special education costs. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Glenn Cordelli for the Majority of Education. The majority believes that this four-part bill should pass with amendment. As amended, Part I of the bill deletes the requirement that for a graduating high school student to receive a high school diploma, the student shall either 1) file a Free Application for Federal Student Aid (FAFSA) or 2) file a state board of education waiver stating that the student has chosen not to do so. Completing the FAFSA is required by the US government in order for a student to receive federal grants such as the Pell Grant. Currently, New Hampshire public school principals, counselors, or other personnel forward FAFSA information to students and parents, and often provide informative sessions to assist parents and students in understanding the complicated financial aid form. Estimates indicate that the percentage of NH students completing FAFSA forms in various school districts is anywhere from less than 20% to as high as 74%. It is the majority position that graduating high school students and their parents should be informed and provided assistance in completing the FAFSA; however, requiring all students to file or complete a FAFSA waiver in order to graduate is a government overreach. As amended, Part I will only require districts or schools to notify the Department of Education (DOE) of the number and percentage of graduating high school students provided in-person school assistance in completing the complicated FAFSA form. The responsibility, confidentiality, and filing of a FAFSA form is that of students and parents, and not that of the school or government. Part II of the bill was requested by the DOE in consultation with the Department of Safety (DOS). This will allow DOE to submit written requests to DOS for checks in the central registry of founded abuse and neglect reports for applicants seeking teacher credentials. The Part III amendment permits districts to contract with coach carriers to transport students for school activities on trips of at least 150 miles round trip, such as field trips like the longer Washington, D.C. trip taken by many middle schools. There is no current provision in statute permitting school districts to utilize coach bus carriers. As the law is currently written, districts must utilize school buses. The motor vehicle used by the contract carrier of passengers shall bear

a valid state inspection sticker and comply with the applicable provisions of RSA 376, and be operated by a driver who holds a valid commercial driver's license. This amendment eliminates potential liability issues for districts. Part IV, as amended, allows the DOE to set aside additional monies, up to \$250,000 in total, to help mitigate the impact of catastrophic special education costs when emergency assistance is necessary to prevent significant financial harm to small school districts. It further provides a framework to enable the creation of special education risk pools where districts can join in groups of five or more to explore ways to share and mitigate risk for unexpected special education costs and placements. The specifics will be determined within the locally-developed agreements, to allow interested districts to explore a way to avoid significant and unbudgeted new special education costs. This is enabling legislation and provides an alternative to the \$6 million in rainy day funds set aside throughout the state by districts to deal with this exact problem. Vote 11-9. Rep. David Luneau for the Minority of Education. The minority could not support any of the changes to this omnibus bill. Part I of the bill would require schools to provide assistance to students and families for completing the Free Application for Federal Student Aid (FAFSA), and would make completion of the FAFSA, or obtaining a waiver for such, a requirement for high school graduation. Many high school students do not complete the FAFSA because they think they cannot afford post-secondary education. Oftentimes, completion of the FAFSA reveals otherwise and may confirm that the student is qualified for federal Pell grants. This would open the door for many more high school graduates to further their education and obtain degrees or credentials in fields that are in high demand and improve economic opportunities for themselves and our state as a whole. Other states that have done this, including Louisiana and Texas, have seen a significant increase in FAFSA completion rates. The committee amendment eliminates the requirement for schools to provide FAFSA assistance and for students to complete the form. Part III of the bill would make it legal for school districts to contract with commercial transportation service providers, like coach bus companies, to transport students on long distance trips. And it would also place specific requirements on the provider for qualified drivers and vehicle inspection. The committee amendment simply makes the practice of contracting with a coach bus company legal without any steps to assure student safety. Part IV of the bill creates a special fund to pay for special education costs only available to towns with populations of less than 1,000 people. The committee amendment expands this to allow schools to participate in an insurance risk pool that could mitigate unanticipated special education costs, but this could have unintended and even adverse consequences as a public hearing has not been held on this significant policy change. A minority amendment eliminates the entirety of part IV.

1 Special Education; State Aid. Amend RSA 186-C:18, III(a) to read as follows:

III.(a) The state board of education through the commissioner, department of education, shall distribute aid available under this paragraph as entitlement to such school districts as have a special education pupil for whose costs they are responsible, for whom the costs of special education in the fiscal year exceed  $3\frac{1}{2}$  times the estimated state average expenditure per pupil for the school year preceding the year of distribution. If in any year, the amount appropriated for distribution as special education aid in accordance with this section is insufficient

therefor, the appropriation shall be prorated proportionally based on entitlement among the districts entitled to a grant. If there are unexpended funds appropriated under this paragraph at the end of any fiscal year, such funds shall be distributed for court-ordered placements under RSA 186-C:19-b. The state may designate up to \$250,000 of the funds which are appropriated as required by this paragraph, for each fiscal year, to assist those school districts which, under guidelines established by rules of the state board of education, may qualify for emergency assistance [for] ***to mitigate the impact of special education costs. The state may designate up to an additional \$250,000 of the funds which are appropriated under this paragraph for each fiscal year for any community of 1,000 or fewer residents to mitigate the impact of special education costs when emergency assistance is necessary to prevent significant financial harm to such district or community.*** Upon application to the commissioner of education, and approval by the commissioner, such funds may be accepted and expended by school districts in accordance with this chapter; provided, however, that if a school district has received emergency assistance funds for certain children with disabilities, it shall not receive special education aid for those same children with disabilities. If any of the funds designated for emergency assistance under this paragraph are not used for such emergency assistance purposes, the funds shall be used to assist school districts in meeting special education cost increases in their special education programs as provided by this paragraph.

2 Findings. The general court finds that:

I. Under federal and state law, local school districts are required to provide all children with a free appropriate public education (FAPE).

II. The average per student special education cost in 2020 was \$74,000.

III. Special education costs are increasing each school year.

IV. Only 15 percent of the funds necessary to pay for mandated special education services are provided by the federal government.

V. Only 20 percent of the funds necessary to pay for mandated special education services are provided by the state of New Hampshire.

VI. The remaining 65 percent of the funds necessary to pay for mandated special education services are borne by local school district taxpayers.

VII. Local school district budgets must be finalized prior to the start of the next school year and before the number of special education students and associated services are known.

VIII. Consequently, last minute student transfers into the district as well as unforeseen special education services for those students can far exceed the budgets for these services.

IX. Districts with smaller tax bases struggle to meet these unexpected special education costs.

X. To compensate for lack of funds, districts may compromise the quality and quantity of the services provided to our children. Consequently, our children do not get the services they need to enable them to grow to their fullest potential.

XI. To compensate for lack of funds, districts often move money from programming in one area to provide mandated funding in the areas of special education.

XII. To ensure that all our children receive and enjoy their basic right to a public education, it is a valid public purpose that the general court may promote mechanisms that provide special education funding stability to local school districts.

XIII. Recognizing the risk, some districts in the state purposely create non-lapsing special education capital reserve accounts as "rainy-day" funds.

3 Purpose. The purpose of this act is to:

I. Provide the legal mechanisms necessary to create and maintain a special education cost recovery pool.

II. Permit local school districts to voluntarily join a risk pool of the type outlined in RSA 5-B which may self-insure or include an insurance agreement to be offered within the pool to members.

III. Minimize the state regulatory oversight of the pool.

IV. Provide legal protections to the local school districts that enter into pool agreements.

V. Provide local school districts with information necessary to:

(a) Understand the extent of special education aid coverage available to them.

(b) Understand the methods used to determine policy premiums.

(c) Compare past special education costs borne by the district with the cost of pool coverage.

(d) Make informed decisions prior to each year's school district budget formation.

(e) Promote the general welfare by providing districts with options to cover unanticipated special education costs.

(f) Recognize the need to protect student privacy by maintaining control over student data by the department of education.

4 New Subparagraph; Pooled Risk Management. Amend RSA 5-B:3 by inserting after subparagraph (g) the following new subparagraph:

(h) Unanticipated special education cost recovery.

5 New Chapter; Pooled Risk Management for Unanticipated Special Education Cost Recovery. Amend RSA by inserting after chapter 186-C the following new chapter:

CHAPTER 186-D  
SPECIAL EDUCATION RISK MANAGEMENT ASSOCIATION

186-D:1 Definitions. In this chapter:

I. "Cost predictor spreadsheet tool" means an actuary-designed tool that can be used to predict future school district special education obligations based on past claims analysis.

II. "Risk pool" means a non-lapsing reserve account held by the state treasurer from which all cost recovery funding is derived. The account held by the treasurer may be funded by member school district assessments, insurance proceeds, interest, or other sources.

III. "RSA 5-B special education cost recovery association" means a voluntary group of at least 5 school districts that form an association under the RSA 5-B risk pool provision specifically to deal with special education cost recovery.

IV. "RSA 5-B special education cost recovery association governing board" means a group of at least 5 superintendents elected from the association members.

V. "Unanticipated special education cost recovery" means the program providing school districts with expanded pathways to recover those costs that are directly associated with special education provided to students assigned to the school district and payable under RSA 186-C:18 that occur after school budgets are fixed.

186-D:2 Risk Management Association. No fewer than 5 school districts, by resolution of their governing bodies, may form an RSA 5-B special education cost recovery association under the laws of this state to develop and administer a risk management program for the purpose of recovering unanticipated costs of special education. The members of the association may agree to pool self-insurance reserves, risks, claims, losses, and the expenses of administrative services associated with them. Each district shall be represented by its superintendent, or designee. The members of the association shall elect a governing board from among the members. The RSA 5-B special education cost recovery association governing board shall consist of no fewer than 5 member superintendents, or designees, with diversity in terms of district size and geographic region represented. Each board member shall serve one 3-year term and may only serve one term in each 9 year period. The chairperson of the governing board shall be chosen by the board. Minutes of each meeting shall be kept and made available to the public. There shall be one 2-week period annually, to be decided by the governing board, when new districts shall be allowed to join the association.

186-D:3 Duties of the Department of Education. The department shall:

I. Provide all school districts with materials to facilitate the formation of an association under RSA 186-D:2.

II. Update the department website to include the name of each special education cost recovery association with contact information, current membership, a description of the risk pool association, and the advantages and disadvantages of the program.

III. Gather current student data regarding claims and costs which shall be redacted to exclude, to the greatest extent possible, personal student information for all requests for proposals.

IV. Arrange one or more educational opportunities for interested school districts. Topics shall include but not be limited to: risk pools, risk calculators, premium predictors, required information for actuarial calculations, the effects of claims on future premiums, and the advantages and disadvantages of using insurance products to achieve the goals of the association.

V. Annually assist the risk pool governing board by calculating the unreimbursed special education amounts to be paid to the risk pool member districts from the risk pool funds held by the state treasurer.

186-D:4 Requests for Proposals.

I. The department of education shall be the sole drafter of requests for proposals in order to protect all student privacy provisions. Proposals shall be submitted no later than June 30 and shall require a contract duration of not less than 3 years. The proposals shall be for the purpose of soliciting bids with actuarial firms specifying:

(a) Annual cost, based on actuarial calculations, of self-funding a reimbursement pool including individual cost structure for each school district's unreimbursed costs directly associated with special education provided to students assigned to the school district and payable under RSA 186-C:18.

(b) The bids may also indicate recommendations for options that exist for using insurance products, including re-insurance, to achieve the same result as the self-insurance risk pool along with the advantages and disadvantages of each. The commissioner of the department of education may grant bidders access to data, including claims history, to the extent necessary to achieve accuracy of the annual cost. All data shall be protected under signed confidentiality agreements and shall be devoid of sensitive personal student information to the extent possible. The department of education shall impose a one month deadline after issuance of the request for proposals to receive bids. Any bids received by the department after the deadline shall be returned to the sender unopened and shall not be considered for acceptance. The department shall specify the minimum threshold for bid acceptance. Acceptance criteria shall include, but not be limited to, weighted factors such as insurance coverage, financial stability of the proposing insurance carrier, bond rating of the company, and insurance maintenance costs in any not included in the premiums. The bids that meet the minimum threshold shall then be ranked by the department based on the bid premium costs for each level of insurance coverage specified in the request for proposals.

II. The governing board of the association shall select the most qualified proposal. The board shall decide whether to self-fund or provide insurance products, or both, to the members and shall notify the department of education which shall then notify the selected bidder.

III. If the decision is to purchase an insurance product each member district shall be notified and shall be responsible for its share of the premium. Should the insurance agreement require a vote at town meeting, a majority vote of those present and voting shall be required to approve the agreement. The association shall be responsible for informing each member school district of the process and timing of the billing, the handling of late premiums, the lapsing of premiums, and the adjudication process in case of disputes.

IV. If the decision is to self-fund, the association board shall provide each member with an outline indicating, at minimum, the cost for the district and the risk pool reimbursement period, which shall be not more than 3 months after the state has reimbursed each school district in the association for the final portion of special education state aid under RSA 186-C:18. Any eligible special education expenses incurred by a member school district that were not reimbursed by the state and were not reimbursed by a purchased insurance product through the association shall be reimbursed by the risk pool to the full extent permitted by the risk pool governing agreement.

V. The selected bidder shall create or update a cost predictor spreadsheet tool so all the school districts may develop budgets and test various situations to arrive a reasonable special education expense prediction. Specific situations built into the spreadsheet shall include, but not be limited to, full or limited state funding and changes in student population or cost trends. The spreadsheet shall be able to determine rates and district contributions for membership in the risk pool with additional data updates possible to maintain accuracy. The department of education may limit the usage or sharing of the spreadsheet if they solely determine that student privacy may be compromised. The spreadsheet tool and each subsequent revision shall be the sole property of the department of education.

VI. All costs associated with the establishment of the risk pool including filing fees, requests for proposals, education and training for prospective members of the association, and the actuarial services and cost predictor spreadsheet tool shall be the responsibility of the department of education for the first 5 years after the effective date of this chapter.

VII. All costs associated with the administration of the risk pool after the filing fees are paid and all costs after the initial 5 year period shall be the responsibility of the association governing board. The governing board may pay those costs from the risk pool fund and shall adjust member district yearly charges to reflect the administration costs by separate line item.

VIII. Risk pool funds shall be held in a non-lapsing account by the state treasurer. The governing body may withdraw the funds only by written request with signed board approval. The fund withdrawals shall be kept to a minimum number each year. Funds shall only be removed for payment of unreimbursed costs of all member districts and for administrative costs.

IX. The risk pool may be terminated by a resolution of the association governing board and notification to the secretary of state, the department of education, and the state treasurer. All funds shall be distributed to the districts after a professional audit to determine the rightful share. Disputes may be directed to the attorney general.

6 Effective Date. Part IV of this act shall take effect 60 days after its passage.

**ENROLLED BILLS REPORT**

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 302, 305, 332, 345, 401, 425 and 461.

Rep. Hill, Sen. Avard for the Committee

The House reconvened at 1:05 p.m.

**(Speaker Packard in the Chair)****MOTION TO RECONSIDER**

Having voted with the prevailing side, Rep. Homola moved that the House reconsider its action whereby, on a voice vote, the House adopted the committee report of Ought to Pass on **SB 38**, relative to the organization of alternative treatment centers.

Rep. Homola spoke against.

On a division vote, with 114 members having voted in the affirmative, and 257 in the negative, the motion failed.

**REGULAR CALENDAR CONT'D**

**SB 148-FN**, adopting omnibus legislation relative to vocational and career education, environmental education, and emergency plans for sports injuries. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Glenn Cordelli for the Majority of Education. There was bi-partisan support for passage of this omnibus bill. Part I repeals statutes that are outdated due to a reorganization of service provisions several years ago and allows for state Board of Education rulemaking for the provision of vocational rehabilitation services. The amendment for Part II of the bill received unanimous support from the committee. The amendment makes needed policy change to RSA 188-E:8 regarding transportation support for students traveling from a high school to a career and technical education (CTE) center. Currently, there are three districts that transport students from a district high school to a CTE center located within the district: Exeter, Nashua, and Manchester. Although these districts incur transportation costs, they do not qualify for CTE center travel reimbursement. Amending language removes the word “sending” district as the qualifier to receive state assistance and replaces it with “resident” district. This means the resident district, not the sending district, will be reimbursed transportation costs. The amendment also addresses support for certain situations in which it is less costly for the district to allow a student(s) to self-transport to the center. District CTE transportation is currently reimbursed at a rate of 10 cents per student per mile, and not the actual cost incurred. For FY 20, the reimbursed amount was \$680,000. The actual amount spent by districts was over \$2.6 million. Based upon district and department approval, self-transporting is reimbursed at 25 cents per student per mile. As with current law for regular high school programming, this bill enables 10<sup>th</sup> grade CTE students to be eligible for dual and concurrent enrollment. NH students are encouraged to access career and technical education to learn and apply technical, academic, and employability skills needed for NH’s growing economy. CTE is identified in statute as a critical and necessary component for the opportunity for an adequate education. Part III of the bill was amended to expand required district emergency plans for student injuries and emergencies related to cocurricular activities to include clubs, performing groups, intramurals, and athletics. The plans shall include procedures for handling emergencies or a student sustaining an injury while participating in a school sponsored cocurricular activity, as well as identify trained staff attending the activities. The plans are required to be posted and made available to emergency services, including fire department and law enforcement. Access, filing, and confidentiality of student-participant medical information shall be managed in accordance with the Health Insurance Portability and Accountability Act (HIPAA) and the Family Educational Rights and Privacy Act (FERPA). This is a student safety issue. Part IV of the bill relates to postsecondary career schools and was amended to exclude entities with an annual gross tuition income of \$100,000 or less. This was done based upon Department of Education discussion with yoga studios who train individuals to be yoga trainers but have lower incomes and need not be considered career schools. The amendment to Part V deletes references to climate and amends within the criteria for an adequate education a broader appreciation for the complexity of the physical, chemical, and biological processes that take place on the earth to enable students to understand and appreciate the world of engineering, socio-economic, and geopolitical challenges around them and their environment. This legislation also amends current criteria for an adequate education by including outdoor recreation that further enables career and technical education center instruction and curriculum to prepare job-ready students for NH’s tourism and outdoor recreation industry. An appreciation and understanding of outdoor recreation benefits students and the state’s economy. Vote 12-8.

Rep. David Luneau for the Minority of Education. The minority could not support all of the changes to this omnibus bill. Part III of the bill requires schools to establish an emergency action plan for responding to serious or potentially life-threatening sports-related injuries, including policy on hydration, the location of automated external defibrillators (AEDs), and identification of trained personnel, all based on best practices developed by trainers’ associations and the Korey Stringer Institute. The committee amendment expands the requirement to include all co-curricular activities, and drops all references to emergencies that are much more common during athletics, and more alarming; drops all references to the best practices proven to save lives. Current law already requires emergency plans to be in place for all school-related events, but does not contain language necessary for consistent response to sports-related emergencies. The minority believes that the emergency plans should focus on sport injuries with specific directives on the need for athletic trainers with respective protocols for injured students to return after recovery. Since sport injuries are more severe

and numerous in contrast to co-curricular incidents, the minority believes that more specific attention should be focused on sports. A minority amendment restores the focus of these emergency plans to sports-related injuries. For these reasons, the minority could not support this bill as amended.

Rep. Ladd spoke against.

On a division vote, with 176 members having voted in the affirmative, and 202 in the negative, the minority committee amendment failed.

The question being adoption of the majority committee report of Ought to Pass with Amendment.

Majority committee report adopted and the bill was ordered to third reading.

**SB 31**, relative to voter checklists and modifying the absentee ballot affidavit. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Peter Hayward for the Majority of Election Law. This bill modifies the actions taken by Supervisors of the Checklist so that, upon adding applications to the checklist, they record prior registration location information in our statewide voter registration database. This bill also provides a process for the exchange of information with other states and directs the Secretary of State to develop the process for the exchange of such information securely. It also simplifies, clarifies, and modernizes the absentee ballot request process and the affidavit form by eliminating redundant language. The committee amendment returns the provision for claiming a disability as the reason for requesting an absentee ballot to its pre-emergency order status by deleting a reference to infectious diseases. The majority of the committee notes that there was no testimony provided that concerns over infectious diseases had been an issue for voters prior to 2020 and that the language of bill failed to define such a condition. Vote 14-6. Rep. Russell Muirhead for the Minority of Election Law. This bill simplifies the absentee ballot envelope, something that the minority appreciates could make absentee voting easier for many voters. It also directs voter checklist supervisors to utilize a digital statewide voter registration database, which we hope could eventually be used to facilitate an easier process for voter registration. While the minority appreciates both of these effects of the bill, we nonetheless oppose it as amended because the amendment deletes from the original bill language that would allow disabilities including "medical conditions that pose a risk of infection to others" as a qualifying condition for absentee voting. We think that voters suffering from communicable diseases should qualify and be encouraged to vote by absentee ballot.

#### Majority Amendment (1486h)

Amend the bill by replacing section 2 with the following:

2 Absentee Affidavit Envelopes. Amend RSA 657:7, II to read as follows:

II. Affidavit envelopes of sufficient size to contain the ballots on which shall be printed the following:

For the purposes of this certification, the term "working" shall include the care of children and infirm adults, with or without compensation.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Hayward spoke in favor.

On a division vote, with 214 members having voted in the affirmative, and 162 in the negative, the majority committee report was adopted and the bill was ordered to third reading.

**SB 89, adopting omnibus legislation relative to election procedures and registers of probate. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Ross Berry for the Majority of Election Law. This is an omnibus piece of legislation that came to the committee with 5 parts and, as amended, contains 4. Part I is a housekeeping measure meant to clear up any confusion about the roles of city clerks in the election process by making clear that they are the ones in charge of running elections for New Hampshire's cities. Part II prohibits the photographing by a voter of any other person casting a ballot, or their ballot, who is within the guardrail. This is to ensure that voters have the confidence that their vote is secret. Part III, as amended by the committee, creates a study committee for the auditing of elections results and ballots. A part reinstating the duties of the registrar of probate was eliminated by the committee in response to testimony that the duties had been assumed by the court for over a decade and there was no practical way to implement the provisions for this elected county position. The committee amendment also added a new Part IV that asserts New Hampshire's right to run its own elections by specifically prohibiting the implementation of the procedures and requirements stemming from the "For the People Act of 2021" on any election where the Federal Government is not permitted direct oversight, including but not limited to: state, county, municipal, and presidential races. Consistent with our Constitution, current New Hampshire election law would remain in full force. Whether the federal legislation will pass and its exact impact is yet to be determined and can be assessed in the second year of this session as there are no federal elections until the fall of 2022. There are a variety of means in which the law could be implemented that would leave our state election procedures intact. The majority of the committee disagreed that the supremacy clause or federal constitution would affect continuing state processes – S1 on its face applies only to federal elective offices – and urges adoption of the bill to ensure that whatever processes are adopted, NH shall continue to conduct elections in compliance with its own constitution. Vote 11-8.

Rep. Paul Bergeron for the Minority of Election Law. This bill, as amended, proposes to create separate election procedures for federal offices and for state and local offices - on one election day - and addresses a federal proposal which hasn't even become law: U.S. House Resolution 1. This bill is blatantly unconstitutional. The Supremacy Clause of the US Constitution establishes that the federal constitution, and federal law generally,

take precedence over state laws. Kansas enacted a similar law with a bifurcated system, and it was overturned by federal courts. No other state currently has a two-tiered election system. The bill does not provide any of the specific procedures and requirements that will be needed to create parallel election systems or offer any estimates on what the costs for doing so would be. A major rewrite of all of our election laws will be required if this bill passes – but we have no idea what those changes could entail, how they would be implemented, or how they will be paid for. SB 89 in its original form was a thoughtful and necessary bill intended to assist our hardworking NH election officials and voters. In its amended form, SB 89 would create a logistical nightmare for state elections. It would violate the supremacy clause of the U.S. Constitution, double the work of election officials, increase costs to taxpayers, and create vast, unnecessary confusion for voters throughout the state.

and the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

On a division vote, with 200 members having voted in the affirmative, and 174 in the negative, the majority committee report was adopted and the bill was ordered to third reading.

**SB 105**, adopting omnibus legislation relative to memorials and commemorations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Carol McGuire for Executive Departments and Administration. This bill came to the House as a small omnibus bill with three unrelated sections. Part 1 declared “My 603” a state song, part 2 declared Metastatic Breast Cancer Day, and part 3 declared April 8, 2024 Solar Eclipse Day. The committee amendment deletes parts 1 and 2, leaving only the declaration of Solar Eclipse Day. There was strong, unanimous support for declaring this day, as there will be a total eclipse in northern Coos county and the entire state will be above 95% coverage. This is a prime tourism and educational opportunity, but preparations need to begin now. Part 2 of the bill was problematic, not because the disease is not serious or worthy of commemoration, but because the committee has found that once a “day” gets added to statute, it tends to be forgotten. Supporters who need to arrange a memorial and petition the governor to declare a special day are more active and more involved. In addition, the state already has, in statute, Cancer Prevention Month, Cure All Cancers Month, and Childhood Cancer Month, and the federal government has established a Breast Cancer Month, so a specific Metastatic Breast Cancer Day seemed redundant. Part 1 raised questions about copyrights that neither the sponsor nor the songwriter was able to address. “My 603” as a title may be dated if New Hampshire gets another area code, which seems likely in the near future. Finally, New Hampshire already has ten state songs and the committee felt adding an eleventh was superfluous, regardless of the quality of the song. Vote 14-4.

**Amendment (0901h)**

Amend the title of the bill by replacing it with the following:

AN ACT establishing April 8, 2024 as solar eclipse day.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent.

I. Since before recorded history, human action, imagination, and passion have been inspired and guided by the celestial bodies, none more important than our sun, the source of all life on Earth, and our moon, our constant reminder of beauty, change, and hope in times of darkness.

II. On April 8, 2024, the Sun, the Moon, and we here on Earth will perfectly align in a total solar eclipse, an exceptional and providential occurrence over the ages, reminding our species once again of just how small we are, how insignificant our differences are, how vast and powerful the universe that sustains us is, and how we are all, indeed, intimately and irrevocably connected to one another.

III. New Hampshire will have the unique good fortune of being in the path of totality of this magnificent phenomenon, in perfect alignment with our sun and moon.

IV. Moreover, New Hampshire, in the same spirit that we welcome all to participate in our unique political landscape, shall once again open its arms so that all people from around the country and in fact the globe can be here at that moment to witness, and be humbled by, the awe-inspiring sight of the heavenly bodies moving in their spheres.

2 Solar Eclipse Day. The governor shall proclaim April 8, 2024 as solar eclipse day in New Hampshire and shall urge all citizens of the state to commemorate the day with appropriate educational activities.

3 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill establishes April 8, 2024 as solar eclipse day.

On a division vote, with 350 members having voted in the affirmative, and 25 in the negative, the committee amendment was adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Committee report adopted and the bill was ordered to third reading.

#### (Rep. Steven Smith in the Chair)

**SB 155-FN**, codifying provisions included in select emergency orders issued by the governor in response to the COVID-19 pandemic. **WITHOUT RECOMMENDATION**

**Statement in support of Ought to Pass with Amendment:** 2021-1685h: This omnibus bill originally had seven sections codifying emergency orders. The first, establishing temporary health partners (THP) as assistants to nurses and licensed nursing assistants, was amended to define THP and clarify their scope of practice. The second, licensing some medical providers during the emergency, was modified for clarity. The third, authorizing pharmacists and pharmacy technicians to administer COVID tests and vaccines, was narrowed to the testing section since vaccinations are covered in another bill. The fourth, allowing out of state pharmacies providing experimental drugs to be temporarily licensed as mail-order pharmacies, was also amended for clarity. The fifth section, protecting the non-conforming use of summer camps unable to operate due to COVID, was amended to cover both 2020 and 2021. A sixth section, on continuing construction during the pandemic, was agreed by all parties to be unnecessary and deleted. Section seven, on expanded outdoor dining, was amended for simplicity and to clarify that local ordinances must be followed, and that any expansion of capacity must be approved by the relevant water and sewer authority (the Department of Environmental Services in the case of septic.) The most important section of the bill was added as a non-germane amendment: it would ban public and private entities, with certain limited exceptions, from requiring employees, customers or anyone else from receiving vaccinations as a condition of their employment, use of accommodation, or a condition of housing. It would further extend the right to claim a religious and or medical exemption to vaccine requirements issued by institutions of higher learning. Elementary and high school students would continue to be vaccinated according to the existing vaccine schedule but any new vaccine not currently identified in the law would have to be approved by the legislature. The members in support of this amendment, while respecting the rights of businesses to conduct their business and deal with employees as they see fit within the limits of the law, feel that a line must be drawn when it comes to mandating citizens obtain and provide proof of certain health care as a condition of employment, residency or being able to engage in commerce. The right of the people to control their own health care must always supersede the rights of business or other citizens need to feel safe at the expense of others.

Rep. Terry Roy

**Statement in support of Ought to Pass with Amendment:** 2021-1646h: This omnibus bill came to the ED&A Committee with seven components most of which dealt with codifying licensure or certification provisions which were put in place temporarily to accommodate the health care needs of Granite Staters during the Covid-19 pandemic. The committee held several lengthy subcommittee meetings involving those providers and the Office of Professional Licensure and Certification (OPLC) to ensure that our final product included the proper vetting, credentialing and investigation for the safety of the populations that they serve. These include Temporary Health Partners (THPs) who took care of menial tasks freeing nursing professionals to do the more critical medical processes for patients. This amendment will allow THPs to become certified to work under supervision of RNs, LPNs or LPAs under federal waivers. It also authorizes the emergency licensing of certain medical providers, e.g. recently retired physicians and senior nursing students who were enabled to work in various undermanned health care facilities. These licenses will expire on or before January 31, 2022. It also permits out-of-state pharmacies to be temporarily licensed as mail-order pharmacies until January 31, 2022. Another section assures the continuation of pre-existing, non-conforming use status of summer camps which were in danger of losing that status because they were not able to operate during 2020 and/or 2021. And the final section allows our hard-pressed hospitality sector restaurants to continue using expanded outdoor dining with local approval so long as they do not exceed either waste disposal limits of the Department of Environmental Services or water and sewer limits permitted by local authorities. A few sections were deleted because the subcommittee found that the need had already lapsed. Each of these sections and dele-

tions in this germane amendment were carefully examined, changed as necessary and adopted unanimously by the bipartisan members of the committee. The non-germane amendment which was proposed to this bill was rejected by the opponents because it deals solely with medical issues which should have been sent to the committee with expertise in that field.

Rep. Dianne Schuett

Rep. Roy moved Ought to Pass and offered floor amendment (1864h).

**Amendment (1864h)**

Amend the title of the bill by replacing it with the following:

AN ACT codifying provisions included in select emergency orders issued by the governor in response to the COVID-19 pandemic, prohibiting discrimination on the basis of vaccination or immunity status, relative to childhood immunization, and relative to the immunization registry.

Amend the bill by replacing sections 1 and 2 with the following:

1 Temporary Health Partner Authorized in Skilled Nursing Facilities under Federal and State Waivers.

I. In this section, "temporary health partner" means an individual who has been hired pursuant to federal and state waivers of certain qualifications for long-term care facility staff.

II. To address staffing shortages at long-term care facilities and meet the needs of some of New Hampshire's most vulnerable populations, the position of temporary health partner (THP) is hereby authorized to work in a skilled nursing facility, notwithstanding any provision of RSA 326-B:14, provided that:

(a) The THP completes training of no less than 8 hours, provided by a national association such as the American Health Care Association or by a New Hampshire educational program.

(b) THPs shall work under the supervision of an RN, APRN, or LPN, as is required of LNAs under RSA 326-B:14.

(c) The scope of work authorized to be performed by THPs is limited to the work set forth in this section and shall be performed in accordance with the resident care plan.

(d) The THP has demonstrated competency, as determined by the employing long-term care facility, prior to performing any of the activities set forth in this section.

III. Scope of work for a temporary health partner (THP):

(a) The THP is a temporary position limited to assist LNAs and nurses in their daily tasks. Each of these tasks shall not be performed without proper training and demonstrating competency in such tasks. The THP shall work under the direction and supervision of licensed nurses to assist nurses and LNAs to provide services set forth in each resident care plan. Before performing any tasks described in subparagraph (b), the THP shall have been trained and demonstrated competency to perform such tasks, and shall review and adhere to the resident care plan. The facility shall provide direction and oversight to the THP.

(b) After the employing facility ensures skill competency, the THP may perform any of the following activities:

(1) Nutrition and elimination assistance. Assist with elimination, including toileting and peri-care, and assist with routine ostomy care.

(2) Comfort care and end-of-life care. Assist with promoting comfort and sleep, assist with end-of-life care, and assist with physical care of body after death.

(3) Activities of daily living. Assist with bathing, oral care, denture care, grooming, shaving, nail care, and dressing and undressing.

(4) Infection control practices. Assist with hand hygiene, standard and transmission-based precautions, cleaning and disinfection, utilization of personal protective equipment (PPE).

(5) Positioning, moving, and restorative care. Assist with ambulation or walking and occupied bedmaking.

III. The position of THP shall not be considered a substitute for licensure as an LNA under RSA 326-B:14 but is intended to assist the work of LNAs. The THP shall not perform services independently and shall be supervised by licensed nurses at all times.

2 New Section; Office of Professional Licensure and Certification; Emergency Licensing Process. Amend RSA 310-A by inserting after section 1-g the following new section:

(a) The out-of-state pharmacy is licensed and in good standing in another United States jurisdiction.

(b) The medical services provided within New Hampshire are in-person or through appropriate forms of telehealth.

(c) The out-of-state pharmacy presents to the office of professional licensure and certification evidence that they are licensed in good standing in another jurisdiction. (d) Such out-of-state pharmacies shall be subject to the jurisdiction of the board of pharmacy while acting under an emergency mail-order pharmacy license.

II. The office of professional licensure and certification, in consultation with the board of pharmacy, shall provide assistance and guidance, as necessary, to out-of-state pharmacies regarding the requirements of this section.

(a) Its failure to operate during the summer of 2020 and/or 2021; or

(b) Its operation for a shorter season or at a reduced capacity during the summer of 2020 and/or 2021.

II. The summer camp's status or ability to operate as a pre-existing, non-conforming use shall not be in any way affected by its failure to operate during the summer of 2020 and/or 2021, or its operation for a shorter season or at a reduced capacity during the summer of 2020 and/or 2021.

7 Liquor Licenses and Fees; Authorization for Other Areas; Expansion of Outdoor Dining. Amend RSA 178:24 to read as follows:

178:24 Authorization for Other Areas. A business holding a license authorizing the consumption of alcoholic beverages on its licensed premise may petition the commission for permission to extend service for beverages and liquor to any clearly defined area under the control of the licensee. ***In addition, a licensee may expand into a shared space, such as a sidewalk or street, with the approval of local officials.*** Petitions shall include written plans and diagrams that shall provide detailed information on the proposed extension of alcohol service. Petitions shall also conform to local zoning requirements and include the written approval of local officials. ***Businesses served by a waste disposal system, as defined by RSA 485-A:2, XI, shall obtain approval from the department of environmental services for any expansion under this section. Businesses that are on municipal sewer may expand seating as permitted by the municipality.*** The commission may approve plans submitted by licensees and may add such terms and conditions as it deems appropriate to preserve public health and safety. The commission may deny, in its discretion, any petition under this section which constitutes a risk to public health, safety, or welfare of any community.

8 Prospective Repeals. The following are repealed:

I. RSA 310-A:1-h, relative to emergency licensing procedures.

II. RSA 318:37-a, relative to out-of-state pharmacies temporarily licensed as mail-order facilities.

9 New Subdivision; State Commission for Human Rights; Prohibition on Discrimination Based on Vaccination or Immunity Status. Amend RSA 354-A by inserting after section 17 the following new subdivision: Discrimination Based on Vaccination or Immunity Status Prohibited

354-A:17-a Discrimination Based on Vaccination or Immunity Status. It shall be an unlawful discriminatory practice for any person or government entity to deny an individual access to goods, services, employment, housing, education, or places of public accommodation based on an individual's vaccination status or immunity status. For purposes of this subdivision, and except as authorized herein, it shall be unlawful:

I. For a person or government entity to ask about or make decisions based on vaccine status or immunity status in matters of housing.

II. For a person or government entity to ask about or in any way discriminate against an individual based on vaccine status or immunity status in matters of public accommodation, to include public and private transportation.

III. For the state or any political subdivision to pass any law, rule, ordinance or order that would require a vaccine or proof of vaccine status or immunity status by any citizen of New Hampshire.

IV. For any public or private university, college or other secondary school to require students or parents or guardians of minor students to provide proof of vaccination or immunity documentation where:

(a) A physician licensed under RSA 329, or a physician exempted under RSA 329:21, III, certifies that vaccination against a particular disease may be detrimental to the student's health.

(b) A student or the parent or legal guardian of a minor student objects to vaccination because of religious beliefs, and the student or the parent or guardian of a minor student signs a notarized form stating that the student has not been vaccinated because of religious beliefs.

(c) A physician licensed under RSA 329, or a physician exempted under RSA 329:21, III, certifies that the student has sufficient antibody levels or previously contracted the illness for which vaccination is required, and is therefore immune.

V.(a) For an employer to ask about or make employment decisions based on an individual's vaccine status or immunity status except as provided in subparagraph (b).

(b) If the employer is a health care provider licensed under RSA 151, a public or private employer of emergency response/public safety workers as defined in RSA 281-A:2, V-c, a public school or a child day care provider licensed under RSA 170-E, the employer may inquire as to vaccination status, and require vaccination of employees, where a direct threat is determined to exist that cannot be eliminated or reduced by reasonable accommodation.

(1) In this subparagraph, “direct threat” means a significant risk of substantial harm to the health or safety of the individual or others that cannot be eliminated or reduced by reasonable accommodation. The determination that an individual poses a “direct threat” shall be based on an individualized assessment of the individual’s present ability to safely perform the essential functions of the job. This assessment shall be based on a reasonable medical judgment that relies on the most current medical knowledge and/or on the best available objective evidence. In determining whether an individual would pose a direct threat, the factors to be considered include:

- (A) The duration of the risk;
- (B) The nature and severity of the potential harm;
- (C) The likelihood that the potential harm will occur; and
- (D) The imminence of the potential harm.

(2) Subparagraph (b) shall not apply where no direct threat exists or where:

(A) A physician licensed under RSA 329, or a physician exempted under RSA 329:21, III, certifies that vaccination against a particular disease may be detrimental to the employee’s health.

(B) An employee objects to vaccination because of religious beliefs, and the employee signs a notarized form stating that the employee has not been vaccinated because of religious beliefs.

(C) A physician licensed under RSA 329, or a physician exempted under RSA 329:21, III, certifies that the employee has sufficient antibody levels or previously contracted the illness for which vaccination is required, and is therefore immune.

10 Communicable Disease; Immunization. Amend RSA 141-C:20-a, I to read as follows:

I. All parents or legal guardians shall have their children who are residing in this state immunized against certain diseases. These diseases shall include ~~but not be limited to,~~ diphtheria, mumps, pertussis, poliomyelitis, rubella, rubeola, ~~and~~ tetanus, **and varicella**. ~~[The commissioner shall adopt rules under RSA 541-A relative to other diseases which require immunization.]~~ **Any new vaccine, or additional disease for which immunization is required, shall be approved by the legislature and governor through the legislative process and specified in statute.**

11 New Paragraph; Communicable Disease; Immunization Registry. Amend RSA 141-C:20-f by inserting after paragraph II the following new paragraph:

II-a. Each patient, or the patient’s parent or guardian if the patient is a minor, shall be given the opportunity to opt-in to the immunization registry. No patient’s immunization or vaccination information shall be entered into the registry without the explicit, written, opt-in consent of the patient, or the patient’s parent or guardian.

12 Effective Date.

and the amendment failed.

Reps. Vandecasteele and Mark Pearson voted Nay and intended to vote Yea.

The question now being adoption of the motion of Ought to Pass.

**MOTION TO PRINT DEBATE**

Rep. Grote moved that the debate on Amendment (1864h) on **SB 155-FN**, codifying provisions included in select emergency orders issued by the governor in response to the COVID-19 pandemic, be printed in the Permanent Journal.

Without objection, the Speaker ordered.

Objection was made.

On a division vote, with 271 members having voted in the affirmative, and 97 in the negative, the motion was adopted.

### DEBATE ON FLOOR AMENDMENT (1864H)

#### ON SB 155-FN

**Representative Marsh:** Thank you, Mister Speaker. I rise today in opposition to amendment (1864h) to SB 155 specifically the second half. This part prohibits discrimination based on vaccination status for all vaccinations, not just Covid. And while this has a limited exception for healthcare facilities and first responders, the federal statute quoted in section 9, part 5 does not just apply to medical facilities. It applies to all employers. What about meat packing plants for instance? Around the country numerous people have contracted Covid and some have died in meat packing plants. New Hampshire actually has 12 meat packing plants according to google maps. Is it not reasonable to want employees to be vaccinated to prevent a threat to our food supply? Without asking about vaccinations, how would employers comply with the OSHA bloodborne pathogens standard which requires all employers to offer hepatitis B vaccination to unvaccinated employees coming into contact with blood. Section 9 would make it an unlawful discriminatory practice for any person or governmental entity to deny an individual access to goods, services, employment, housing, education or places of public accommodation based on an individual's vaccination status or immunity status. The Governor's economic reopening task force always upheld the right of any private business to have stricter rules than the state mandated if they felt that necessary to protect their employees or their patrons. We felt each private business knew their business better than we did. Why would we interfere with the private businesses right to protect themselves, their employees and their patrons? In contrast, this amendment confers upon those who refuse to take reasonable precautions the right to go wherever they want and potentially infect whomever they encounter. This language mirrors HB 506 which the Health, Human Services and Elderly Affairs Committee reported Inexpedient to Legislate on a 15-6 vote. Both types of measles, rubella and rubeola are dangerous for pregnant women. This amendment applies to measles vaccination. The American College of Obstetrics and Gynecology says both kinds of measles are associated with significant risks to unborn babies, including miscarriage and stillbirth. While rubella remains well controlled, in 2019 we had a rubeola outbreak involving 31 states. If this amendment were to become law, by the language in section 9, it would be illegal for a pregnant mother to deny services to someone who might give measles to her unborn child. Is it right to use the force of law to compel a mother to put their baby at risk? Section 10 is a rewrite of the immunization statute, incorporating changes to HHS and EA has rejected multiple times over the years. Removing the commissioner's authority to add diseases to the list rapidly by rulemaking is senseless when our children just missed a year of in-person education due to a pandemic. Given how connected our world is today, it is highly likely another virus will emerge requiring a rapid response. Five recent near misses should have made us aware of the possibility of a pandemic like Covid. We had SARS in 2003, H1N1 influenza in 2009, MERS in 2012, Ebola in Africa in 2014 and Zika in 2015. And to correct a statement made earlier today, yes, we do have an approved vaccination for Ebola. We could bring it out if we needed to. The question is not whether we will have another pandemic, but when will it happen? Section 11 is a rewrite of HB 221. HHS reported that bill Inexpedient to Legislate on a 14-7 vote. We heard testimony that a similar measure in the State of Texas substantially raised the cost of the vaccine registry. The Journal of Public Health Management Practices in September 2010 reported that it raised the cost to the healthcare system 10-fold from 29 cents to \$2.65 per child. Medically this amendment makes no sense. We all want to return to normal where people can again have large group gatherings. A voluntary gathering of people who share the knowledge that they have been vaccinated allows this to happen safely. If people don't want to get vaccinated, they don't need to participate. But as a state we need to move on from social distancing measures and the draconian effect on the economy. Vaccination allows us to do so safely and so the public interest is to encourage vaccination and the voluntary sharing of that vaccination data. Last, this amendment is unnecessary. Federal law already prohibits mandating vaccines unless there is a direct threat pursuant to 29CFR 1630.2R which is quoted in the bill. The Equal Employment Economic Opportunity Commission has upheld this provision and there is considerable case law about employees being terminated for refusing vaccinations. We do not need to prohibit a vaccine requirement in state law because there is already such a provision in federal law. But if we want to edit state law anyway, we have before us later in this session another bill to block employer mandated Covid-19 vaccinations without the unintended consequences of this one. That is amendment (1758h) to SB 123 from Labor. Please join me in pushing the red button against this expensive medically unsound and completely unnecessary amendment. I thank you and I do not yield to questions.

**Speaker Steven Smith:** The member from Deerfield, Rep. Roy, is recognized to speak in support of the amendment.

**Representative Roy:** Thank you, Mister Speaker. SB 155 makes permanent certain emergency orders issued by the Governor during the state of emergency. The omnibus bill originally had 7 sections codifying emergency orders. The first establishing temporary health partners as assistance to nurses, licensed nursing assistants was amended to define temporary health partners and clarify their scope of practice. The second, licensing some medical providers during the emergency was modified for clarity and the third authorizing pharmacists and pharmacy technicians to administer Covid tests and vaccines was narrowed to the testing section since vaccines are covered in another bill. The fourth allowing out of state pharmacies providing experimental drugs to be temporarily licensed as mail order pharmacies was also amended for clarity. The fifth section protecting nonconforming use of summer camps unable to operate due to Covid-19 was amended to cover both 2020 and 2021. A sixth section on continuing construction during the pandemic was agreed by all parties to be unnecessary and was deleted. Section seven on expanded outdoor dining was amended for simplicity and to clarify that local ordinances must be followed and that any expansion of capacity must be approved by the relevant water and sewer authority with the Department of Environmental Services in the case of septic. These changes were agreed to by the committee as a whole as Ought to Pass. At the same time, a nongermane amendment was brought to the committee. This amendment sought to ban so-called vaccine passports from use by government agencies. While considering this amendment, several disturbing trends came to light. First, on a positive note, it appeared that at neither the state nor federal level were vaccine passports appearing to be used. Both our Governor and President Biden indicated that this was not something that either the state or federal government were interested in pursuing. Problem solved, right? Not so fast. As with any bill brought before ED&A committee, we look into it from all sides before deciding whether to recommend it positively or negatively to the House. This amendment was no different. My first inclination was that it was not necessary and that it perhaps even over-politicized a health issue that has already been so twisted and tortured by politicians and pundits alike that the average citizen no longer knows what to believe. One day it's Chinese bats. The next it's a secret plot by the Chinese government resembling a James Bond plot whose goal was to cripple the US economy and prevent Donald Trump from being reelected. One day we shouldn't wear masks. The next we should wear two masks. One day Dr. Fauci is brilliant according to several administrations, both Democrat and Republican. Just yesterday we see emails from a foyer request seemingly indicating that he knew it was not likely natural and he was involved in funding the work that created it. So who knows anymore? This of course explains my initial reticence of having our committee wade into this quagmire in the first place. That being said, during my research, I discovered that vaccine passports were indeed coming, just not from the direction we were expecting. I started receiving constituent contacts complaining that their employers were demanding that their employees receive the Covid vaccine or be terminated. Now I'm not talking about hospital workers. I'm talking about office workers, machinists, regular people with regular jobs having absolutely nothing to do with healthcare. This caused me to investigate why this was occurring. Was it just employers trying to create a safer workplace? Was there something else at play? Well as the old saying goes, follow the money. It turns out that embedded in the American Rescue Plan Act was a provision for businesses to obtain tax credits for employees taking time to get the Covid shot or who miss work because they fall ill from the side effects of the Covid shot. Also included are new threats from OSHA regarding workplace safety due to Covid-19. There is also talk of workman's compensation insurance discounts for employers mandating a vaccine as part of a company wellness program. In short, possible motive discovered. But in all this, what we have failed to discuss is what do the people want? As a society, do we want to force our citizens to take experimental vaccines every time a new virus rears its head? Do the people consent? Time after time in this body, we have had the important debate about whether healthcare decisions are an extremely private matter between a patient and their doctor and it is a worthy debate to have. Does my body, my choice only apply to abortion? What about new advances in science? What if we determine someone's characteristics can be genetically altered in utero? Would we allow mandated gene therapy? After all propensity for carrying certain diseases costs billions in healthcare. What about vaccines for the flu? Will employers mandate those next? The list could go on and on anywhere the imagination leads you. Any potential illness or condition that cost employers money in the form of missed work or higher insurance premiums could be the next mandated vaccine or treatment. Some have said well let them get another job. Really? After decades with a company, having built seniority, vacation time, pension benefits, they should just go? And go where? The more companies that adopt this, the choices will shrink. The bottom line is that our citizens are asking for this protection. They are begging for it. The question is which of us will have the courage to say people first. Republicans, we traditionally are seen as pro-business. That's not because of the old talking points we get kickbacks and donations. If so, I have seemed to have missed mine because I never got a penny. No, Republicans stand up for businesses because we believe that the free market and a less regulated business environment leads to innovation and innovation leads to better and higher paying jobs. Democrats have traditionally been seen as pro union and suspicious of big business and interested in everything from raising the minimum wage to limiting CEO pay. Why? Because they believe these things lead to better jobs and higher pay for workers. We want the same things. We are just different in how we get there.

But this, this is not about any of that. This is not about politics as evidenced by my friend and colleague who just spoke. I am actually glad that he spoke although I don't know how I can hope to debate an esteemed eye doctor on the topic of possibly manmade weaponizing infectious diseases. Well I can because this is not about medicine. It's about freedom and as a disabled veteran I know a thing or two about freedom. I also know a thing or two about the effects of medicine gone wrong. Because of the injuries I incurred in the military, I had to have a spinal fusion. After that, still having pain, I was referred for spinal injections. Because of those I developed a disease called adhesive arachnoiditis, a non-curable disease that causes all the nerves in my spine to stick together with scar tissue. It is likely I will end up in a wheelchair and die eight years earlier. This treatment was highly recommended by the medical field yet we are finding out that more and more people are developing this disease as spinal injections become more common. But this highlights my point that we all disagree at some level about this which is exactly why it should be left to the individual citizens to decide what's right for themselves. We've heard something about protecting pregnant women by allowing workplaces to mandate vaccination against certain diseases. This is not new. Somehow women have been managing to have healthy babies without mandating vaccines to everyone around them since well forever. Tap water is possibly dangerous because of fluoride and chlorine. Shall we mandate wells for Poland Spring? This is about allowing workplaces, schools and the government to dictate what experimental cocktail you inject into your and your children's bodies. Long term effects? Who knows? How could we? It's brand new. It's not even approved for use, except for emergencies. Now, as for telling businesses how to manage their employees. We have come together before, Democrats and Republicans, to tell businesses how they cannot treat our people. In the 1800's we battled giant plantations in the South who complained that if we took their slaves away, they would suffer. We fought the bloodiest war in American history over that. In the end the people won. During the turn of the century, together we fought businesses who said they needed child labor and unlimited work weeks.

**Speaker Steven Smith:** The member will suspend for a second. I feel like we have strayed way down the road from the amendment and I ask that you tighten it up a little bit.

**Representative Roy:** Okay. Although I disagree with the Speaker. During the turn of the century together we fought businesses as they said they needed child labor and unlimited work weeks and no paid overtime; a day people won. Time and time again we stood together and the people won. We stood together against businesses that said serving people of color would hurt their business. Together we said no. We fought school systems who refused to integrate. The people won. Every time we stand together, the people win. Let us mark today as the latest chapter in that book and let us stand together and give the people a win. God knows they need it. Thank you.

**Speaker Steven Smith:** The House will be in order. A question for the member who just spoke? Will you yield for a question?

**Representative Roy:** At the risk of going too far away from the amendment, I do not yield.

**Speaker Steven Smith:** Member does not yield. The question before the House is whether to adopt amendment (1864h). Rep. Goley requests a roll call. Is that sufficiently seconded? It is sufficiently seconded. Members will take their seats. The question before the House is whether to adopt amendment (1864h). This is a roll call vote. Rep. Allard is recognized for a parliamentary inquiry.

**Representative Allard:** Thank you, Mister Speaker. Mister Speaker, if I know that New Hampshire business community members spoke out against this amendment because it would remove their ability to take reasonable precautions to protect their employees and patrons. And if I know that allowing another committee to reintroduce a bill previously ITL'd by a House Committee through nongermane amendments would establish a hugely disruptive precedent. And if I know that the Labor Committee has an amendment prohibiting employer mandates of emergency use vaccines without unintended consequences of this particular amendment, would I not push the red button and reject this expensive and medically unsound proposal? Thank you.

**Speaker Steven Smith:** Rep. McGuire is recognized for a parliamentary inquiry.

**Representative McGuire:** Thank you, Mister Speaker. If I know that this amendment codifies a number of important emergency regulations that we believe should continue into the future. And if I know that it protects our constituents from discrimination on the basis of their vaccine status, which is important for those who cannot become vaccinated or do not wish to share their medical history. And if I know that it puts into statute the current list of school required vaccinations and requires additional vaccinations to be added by the legislature, not by the Department of HHS would I now press the green button and adopt this amendment?

**Speaker Steven Smith:** Thank you. The question is whether to amend SB 155 with amendment (1864h). This is a roll call vote. If you are in favor, you will press the green button. If you are opposed, you will press the red button. Voting stations will be open for 30 seconds. Have all members present had an opportunity to vote? The House will attend to the state of the vote. 182 having voted in the affirmative, 193 in the negative, the motion fails.

The question now being adoption of the motion of Ought to Pass.

Rep. Grote offered floor amendment (1646h).

**Floor Amendment (1646h)**

Amend the bill by replacing sections 1 and 2 with the following:

1 Temporary Health Partner Authorized in Skilled Nursing Facilities under Federal and State Waivers.

I. In this section, "temporary health partner" means an individual who has been hired pursuant to federal and state waivers of certain qualifications for long-term care facility staff.

Amend the bill by replacing all after section 4 with the following:

5 New Section; Pharmacists and Pharmacies; Out-of-state Pharmacies as Temporary Limited Licensed Mail-Order Facilities. Amend RSA 318 by inserting after section 37 the following new section:

318:37-a Out-of-state Pharmacies as Temporary Limited Licensed Mail-Order Facilities.

I. To protect public health and increase access to medical care in New Hampshire, and to promote and secure the safety and protection of the people of New Hampshire, any out-of-state pharmacy seeking to ship investigational drugs to clinical trial participants who reside in New Hampshire and who are unable to retrieve the investigational drugs from the out-of-state pharmacy due to the novel coronavirus shall be allowed to operate as if the out-of-state pharmacy were licensed as a mail-order pharmacy within the state of New Hampshire if the following conditions are met:

(d) Such out-of-state pharmacies shall be subject to the jurisdiction of the board of pharmacy while acting under an emergency mail-order pharmacy license.

II. The office of professional licensure and certification, in consultation with the board of pharmacy, shall provide assistance and guidance, as necessary, to out-of-state pharmacies regarding the requirements of this section.

6 New Subdivision; Local Land Use Planning; Protection of Pre-existing, Non-conforming Use Status for Summer Camps. Amend RSA 674 by inserting after section 73 the following new subdivision:

I. Notwithstanding any provision of law or municipal ordinance or regulation to the contrary, any summer camp that has been operating in the state of New Hampshire as a pre-existing, nonconforming use under its applicable zoning ordinance that either closed for the summer of 2020 and/or 2021 due to the COVID-19 pandemic, or was forced to operate for a shorter season or at a reduced capacity during the summer of 2020 and/or 2021 due to the COVID-19 pandemic, shall not lose its status as a pre-existing, non-conforming use due to either:

(a) Its failure to operate during the summer of 2020 and/or 2021; or

(b) Its operation for a shorter season or at a reduced capacity during the summer of 2020 and/or 2021.

II. The summer camp's status or ability to operate as a pre-existing, non-conforming use shall not be in any way affected by its failure to operate during the summer of 2020 and/or 2021, or its operation for a shorter season or at a reduced capacity during the summer of 2020 and/or 2021.

7 Liquor Licenses and Fees; Authorization for Other Areas; Expansion of Outdoor Dining. Amend RSA 178:24 to read as follows:

178:24 Authorization for Other Areas. A business holding a license authorizing the consumption of alcoholic beverages on its licensed premise may petition the commission for permission to extend service for beverages and liquor to any clearly defined area under the control of the licensee. ***In addition, a licensee may expand into a shared space, such as a sidewalk or street, with the approval of local officials.*** Petitions shall include written plans and diagrams that shall provide detailed information on the proposed extension of alcohol service. Petitions shall also conform to local zoning requirements and include the written approval of local officials. ***Businesses served by a waste disposal system, as defined by RSA 485-A:2, XI, shall obtain approval from the department of environmental services for any expansion under this section. Businesses that are on municipal sewer may expand seating as permitted by the municipality.*** The commission may approve plans submitted by licensees and may add such terms and conditions as it deems appropriate to preserve public health and safety. The commission may deny, in its discretion, any petition under this section which constitutes a risk to public health, safety, or welfare of any community.

8 Prospective Repeals. The following are repealed:

I. RSA 310-A:1-h, relative to emergency licensing procedures.

II. RSA 318:37-a, relative to out-of-state pharmacies temporarily licensed as mail-order facilities.

9 Effective Date.

I. Paragraphs I and II of section 8 of this act shall take effect January 31, 2022.

II. The remainder of this act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill:

I. Establishes the position of temporary health partner.

II. Authorizes emergency licensing of medical providers.

III. Authorizes COVID-19 testing by pharmacists and pharmacy technicians.

IV. Permits out-of-state pharmacies providing investigational drugs to clinical trial participants in New Hampshire to be temporarily licensed as mail-order pharmacies.

V. Protects the pre-existing, non-conforming use status of summer camps that were unable to operate during the summer of 2020 or 2021 due to COVID-19.

VI. Allows expanded outdoor dining.

Rep. Grote spoke in favor.

Floor amendment (1646h) was adopted.

Motion of Ought to Pass with Amendment adopted and the bill was ordered to third reading.

**SB 82-FN-A**, relative to funding kindergarten adequate education grants and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Karen Umberger for Finance. This bill requested funding for six kindergarten programs; Chester, Salem, Windham, Brookline, Derry and Epsom, that were left out of the FY20/21 budget. These kindergarten programs did not receive the supplemental grants for opening new full day kindergarten programs. Recognizing this error the funding of \$1,906,313 was placed in the House passed budget. Since the funding is already included in the budget no further action is required on this bill. Vote 12-9.

Committee report adopted.

**SB 152-FN-A**, relative to affordable housing program funding. **INEXPEDIENT TO LEGISLATE.**

Rep. Jess Edwards for Finance. The bill has two sections. The first section was passed into law in HB 4, in 2019, as part of the budget. DHHS is actively engaging the Center for Medicare and Medicaid Services to amend the state plan enabling state assistance to individuals and families needing to obtain housing. The second section is being addressed in a Senate omnibus bill which would substitute a Housing Stability Fund for the more narrowly constrained Homeless and Access Revolving Fund. Since progress is being made on both issues, the committee considered the bill redundant, and unanimously recommends Inexpedient to Legislate. Vote 20-0.

Committee report adopted.

**SB 129**, relative to minimizing environmental impacts on the habitats of endangered or threatened species. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James Spillane for the Majority of Fish and Game and Marine Resources. This bill addresses an untenable situation brought about by a supreme court case that reinterpreted the role of Fish and Game in the Department of Environmental Services (DES) land use permitting process. The decision by the court changed the way DES evaluated permits for the last 100 years, and required Fish and Game be part of evaluating all permit requests, even those without any known impact to endangered non-game species and habitats. This requirement caused a critical bottleneck that tripled the time to receive permitting for construction around the state, putting dire financial strain on the industry and costing thousands of jobs. This bill correctly allows Fish and Game to define the scope of their necessary involvement, defines when the Fish and Game non-game and endangered species biologists are required to investigate, and establishes a fund so Fish and Game can accept donations for habitat preservation and mitigation for non-game and endangered species. Vote 10-8.

Rep. Cathryn Harvey for the Minority of Fish and Game and Marine Resources. This is a bill that impacts the habitats of endangered or threatened species. The minority believes that by adding the undefined word “appreciable” when determining the results of the destruction or modification of habitats of such species weakens the Endangered Species Conservation Act, RSA 212-A. The minority further believes the bill provides a mechanism in which realtors and developers may bypass the Endangered Species Conservation Act by making a donation to the nongame species account, the threatened and endangered species account, or the threatened and endangered species compensatory mitigation fund established in this bill.

The question being adoption of the majority committee report of Ought to Pass.

On a division vote, with 190 members having voted in the affirmative, and 181 in the negative, the majority committee report was adopted and the bill was ordered to third reading.

### MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Goley moved that the House reconsider its action whereby, on a voice vote, the House adopted the motion of Ought to Pass with Amendment on **SB 155-FN**, codifying provisions included in select emergency orders issued by the governor in response to the COVID-19 pandemic. On a division vote, with 117 members having voted in the affirmative, and 258 in the negative, the motion failed.

### REGULAR CALENDAR CONT'D

**SB 74**, relative to advance directives for health care decisions. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. William Marsh for the Majority of Health, Human Services and Elderly Affairs. The entire bill is the product of a diverse group of stakeholders, including the Roman Catholic Diocese, who came to consensus about measures to make NH law about advanced directives more accessible to the general public (and therefore more likely to be completed before it becomes necessary) while still retaining the ability of individuals to specify their wishes. A key element is the bill strengthens RSA 137-J:6 “Requirement to Act in Accordance with Principals Wishes and Best Interests” and adds to existing law the requirement for agents and surrogates to act in accordance with this when making decisions. By adding the Physicians Orders for Life-Sustaining Treatment (POLST) to NH law, as the POLST is a signed medical order, we significantly increase the likelihood a person’s wishes will be respected. A closer reading of the bill, especially in tandem with reading the existing law, makes it clear that concerns about aspects of the bill that were later raised, had, in fact have been anticipated and addressed by the stakeholder group that suggested the bill’s language. Vote 16-5.

Rep. Leah Cushman for the Minority of Health, Human Services and Elderly Affairs. This bill changes the advance directive and durable power of attorney (DPOA) form to a more confusing, less transparent version that will result in many people misunderstanding what options they have. It removes the requirement for the advance directive form to have an explicit statement that the signer’s wishes can be overridden and makes it the default. It allows DPOAs to enroll patients in clinical trials for conditions that are not life-threatening. The disclosure statement explains that the default position is that the DPOA can consent to enrolling you in clinical trials unless you write otherwise on the form. Furthermore, the bill strikes language that requires the signer to confirm that they have read and understand the disclosure form. It also removes a section on the current form to write “specific types of treatment that are inconsistent with your religious beliefs or are unacceptable to you for any other reason.” Lastly, it removes the ability of a common law spouse to be considered when choosing a surrogate decision-maker.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Mark Pearson offered floor amendment (1846h).

### Floor Amendment (1846h)

Amend RSA 137-J:1, II as inserted by section 1 of the bill by replacing it with the following:

II. All persons have a right to make health care decisions *and to refuse health care treatments*, including the right to refuse cardiopulmonary resuscitation. It is the purpose of the “Do Not Resuscitate” provisions of this chapter to ensure that the right of a person to self-determination relating to cardiopulmonary resuscitation is protected, and to give direction to emergency services personnel and other health care providers in regard to the performance of cardiopulmonary resuscitation. *Recognizing this right, the refusal of health care treatments is not sufficient to demonstrate that a person lacks capacity to make health care decisions.*

Amend RSA 137-J:1, IV as inserted by section 1 of the bill by replacing it with the following:

*IV. This chapter seeks to simplify and clarify the process by which a person may execute a health care advance directive by combining in one form the durable power of attorney for health care document and the living will, either of which (or both) may be executed by the person. The law recognizes that it is preferable for a person to choose an agent under a durable power of attorney for health care document who can make decisions in real time and under then existing circum-*

*stances regarding health care decisions that best reflect the person's values, as articulated orally or in writing by the person. The law also recognizes that a person may wish to execute a living will that sets forth their wishes about end of life care that would be used by an agent or surrogate as guidance in implementing the person's wishes. The law further recognizes that a person may wish to grant greater power and authority to their named agent than to a surrogate and honors any limitations placed on a surrogate in a person's advance directive.*

Amend RSA 137-J:2, VI as inserted by section 1 of the bill by replacing it with the following:

[V:] **VI.** "Capacity to make health care decisions" means the ability to understand and appreciate generally the nature and consequences of a health care decision, including the significant benefits and harms of and reasonable alternatives to any proposed health care. The fact that a person has been diagnosed with mental illness, brain injury, or intellectual disability, **or has declined a recommended medical procedure or therapy**, shall not mean that the person necessarily lacks the capacity to make health care decisions.

Amend RSA 137-J:2, XXVIII-XXIX as inserted by section 1 of the bill by replacing them with the following:

[XXHH:] **XXVIII.** "Witness" means a competent person 18 years or older who is present when the principal signs an advance directive.

Amend the introductory paragraph RSA 137-J:7, I as inserted by section 2 of the bill by replacing it with the following:

I. A qualified patient's attending [~~physician, PA, or APRN~~] **practitioner**, or a qualified patient's health care provider or residential care provider, and employees thereof, [~~having knowledge of the qualified patient's advance directive~~] shall [~~be bound to~~] follow, as applicable, [~~the dictates of the qualified patient's living will and/or~~] the directives of a qualified patient's designated agent **or surrogate** to the extent they are consistent with this chapter and the advance directive, and to the extent they are within the bounds of responsible medical practice.

Amend RSA 137-J:10, II as inserted by section 2 of the bill by inserting after subparagraph (b) the following new subparagraph:

**(c) The use of this chapter to authorize any health care decision rejected by the patient based primarily, substantially, or solely on a finding that the patient is not capable of making a health care decision because the patient has refused that procedure or therapy.**

Amend RSA 137-J:14, I as inserted by section 5 of the bill by replacing it with the following:

I. The advance directive shall be signed by the principal in the presence of either of the following:

(a) Two or more subscribing witnesses, neither of whom shall, at the time of execution, be the agent **or surrogate**, the principal's spouse or heir at law, or a person entitled to any part of the estate of the principal upon death of the principal under a will, trust, or other testamentary instrument or deed in existence or by operation of law, or attending [~~physician, PA, or APRN~~] **practitioner**, or person acting under the direction or control of the attending [~~physician, PA, or APRN~~] **practitioner**. No more than one such witness may be the principal's health or residential care provider or such provider's employee. The witnesses shall affirm that the principal appeared to be of sound mind and free from duress at the time the advance directive was signed and that the principal affirmed [~~that he or she was aware~~] **awareness** of the nature of the document and signed it freely and voluntarily; or

(b) A notary public or justice of the peace, who shall acknowledge the principal's signature pursuant to the provisions of [~~RSA 456 or RSA 456-A~~] **RSA 456-B**.

Amend RSA 137-J:15, I(a) as inserted by section 5 of the bill by replacing it with the following:

(a) By written revocation delivered to the agent or surrogate or to a health care provider or residential care provider expressing the principal's intent to revoke, signed and dated by the principal; by oral revocation in the presence of 2 or more witnesses, none of whom shall be [~~the principal's spouse or heir at law~~] **a person disqualified from acting as a witness under RSA 137-J:14, I(a)**; or by any other act evidencing a specific intent to revoke the power, such as by burning, tearing, or obliterating the same or causing the same to be done by some other person at the principal's direction and in the principal's **physical** presence;

Amend the bill by replacing section 7 with the following:

7 Advance Health Care Directives. RSA 137-J:19-20 are repealed and reenacted to read as follows:

137-J:19 Advance Directive; Disclosure Statement.

The disclosure statement which must accompany an advance directive shall be in substantially the following form: AN ADVANCE DIRECTIVE IS A LEGAL DOCUMENT. YOU SHOULD KNOW THESE FACTS BEFORE SIGNING IT.

- This form allows you to choose who you want to make decisions about your health care when you cannot make decisions for yourself. This person is called your "agent". You should consider choosing an alternate in case your agent is unable to act.
- Agents must be 18 years old or older. They should be someone you know and trust. They cannot be anyone who is caring for you in a health care or residential care setting.

- This form is an “advance directive” that defines a way to make medical decisions in the future, when you are not able to make decisions for yourself. It is not a medical order (e.g., it is not in and of itself a DNR (do not resuscitate order or (POLST)).

- You will always make your own decisions until your medical practitioner examines you and certifies that you can no longer understand or make a decision for yourself. At that point, your “agent” becomes the person who can make decisions for you. If you get better, you will make your own healthcare decisions again.

- With few exceptions(\*), when you are unable to make your own medical decisions, your agent will make them for you, unless you limit your agent’s authority in Part I.B of the durable power of attorney form. Your agent can agree to start or stop medical treatment, including near the end of your life. Some people do not want to allow their agent to make some decisions. Examples of what you might write in include: “I do NOT want my agent

- to ask for or agree to stop life-sustaining treatment (such as breathing machines, medically-administered nutrition and/or hydration (tube feeding), kidney dialysis, other mechanical devices, blood transfusions, and certain drugs).”

- to ask for or to agree to a Do Not Resuscitate Order (DNR order).”

- to agree to treatment even if I object to it in the moment, after I have lost the ability to make health care decisions for myself.”

- The law allows your agent to put you in a clinical trial (medical study) or to agree to new or experimental treatment that is meant to benefit you if you have a disease or condition that is immediately life-threatening or if untreated, may cause a serious disability or impairment (for example new treatment for a pandemic infection that is not yet proven). You may change this by writing in the durable power of attorney for health care form:

- “I want my agent to be able to agree to medical studies or experimental treatment in any situation.” or

- “I don’t want to participate in medical studies or experimental treatment even if the treatment may help me or I will likely die without it.”

- Your agent must try to make the best decisions for you, based on what you have said or written in the past. Tell your agent that you have appointed them as your healthcare decision maker. Talk to your agent about your wishes.

- In the “living will” section of the form, you can write down wishes, values, or goals as guidance for your agent, surrogate, and/or medical practitioners in making decisions about your medical treatment.

- You do not need a lawyer to complete this form, but feel free to talk to a lawyer if you have questions about it.

- You must sign this form in the physical presence of 2 witnesses or a notary or justice of the peace for it to be valid. The witnesses cannot be your agent, spouse, heir, or anyone named in your will, trust or who may otherwise receive your property at your death, or your attending medical practitioner or anyone who works directly under them. Only one witness can be employed by your health or residential care provider.

- Give copies of the completed form to your agent, your medical providers, and your lawyer.

\* Exceptions: Your agent may not stop you from eating or drinking as you want. They also cannot agree to voluntary admission to a state institution; voluntary sterilization; withholding life-sustaining treatment if you are pregnant, unless it will severely harm you; or psychosurgery.

137-J:20 Advance Directive; Durable Power of Attorney and Living Will Forms. An advance directive in its individual “Durable Power of Attorney for Health Care” and “Living Will” components shall be in substantially the following form:

#### NEW HAMPSHIRE ADVANCE DIRECTIVE FORM

Name (Principal’s Name): \_\_\_\_\_

DOB: \_\_\_\_\_

Address: \_\_\_\_\_

#### I. DURABLE POWER OF ATTORNEY FOR HEALTH CARE

The durable power of attorney for healthcare form names your agent(s) and, if you wish, sets limits on what your agent can decide.

I choose the following person(s) as agent(s) if I have lost capacity to make health care decisions (cannot make health care decisions for myself).

(If you choose more than one person, they will become your agent in the order written, unless you indicate otherwise.)

##### A. Choosing Your Agent:

Agent: I appoint \_\_\_\_\_, of \_\_\_\_\_, and whose phone number is \_\_\_\_\_ to be my agent to make health care decisions for me.

Alternate Agent: If the person above is not able, willing, or available, I appoint \_\_\_\_\_, of \_\_\_\_\_, and whose phone number is \_\_\_\_\_ to be my alternate agent.

If no one listed above can make decisions for you, a surrogate will be assigned in the order written in law (spouse, adult child, parent, sibling, etc.), and will have the same powers as an agent. If there is no surrogate, a court appointed guardian may be assigned.

**B. Limiting Your Agent's Authority or Providing Additional Instructions**

When you can no longer make your own health care decisions, your agent will be able to make decisions for you. Please review the Disclosure Statement that is attached to this advance directive for examples of how you may want to advise your agent. You may write in limits or additional instructions below or attach additional pages.

---

*I have attached \_\_\_ additional pages titled "Additional wishes for my Durable Power of Attorney for Health Care" to express my wishes.*

**II. LIVING WILL**

If you would like to provide written guidance to your agent, surrogate, and/or medical practitioners in making decisions about life sustaining medical treatment if you cannot make your own decisions, you may complete the options below.

CHOOSE ITEM A OR B. Initial your choice:

If I suffer from an advanced life-limiting, incurable and progressive condition:

\_\_\_\_\_ A. I wish to have all attempts at life-sustaining treatment (within the limits of generally accepted health care standards) to try to extend my life as long as possible, no matter what burdens, costs or complications may occur.

OR

\_\_\_\_\_ B. I do NOT wish to have any life-sustaining treatment attempted that I would consider to be excessively burdensome or that would not have a reasonable hope of benefit for me. I wish to receive only those forms of life-sustaining treatment that I would not consider to be excessively burdensome AND that have a reasonable hope of benefit for me. The following are situations that I would consider excessively burdensome: (Cross out and initial any of the below statements # 1-4 if you **disagree**.)

1. I do not wish to have life-sustaining treatment attempted if I am actively dying (medical treatment will only prolong my dying).
2. I do not wish to have life-sustaining treatment attempted if I become permanently unconscious with no reasonable hope of recovery.
3. I do not wish to have life-sustaining treatment attempted if I suffer from an advanced life-limiting, incurable and progressive condition and if the likely risks and burdens of treatment would outweigh the expected benefits.
4. Other situations that I would consider excessively burdensome if I suffer from an advanced life-limiting, incurable and progressive condition: *(I have attached \_\_\_ additional pages titled "Living Will Burdens"):*

---

In these situations, I wish for comfort care only. I understand that stopping or starting treatments to achieve my comfort, including stopping medically-administered nutrition and hydration, may be a way to allow me to die when the treatments would be excessively burdensome for me.

**III. SIGNATURE**

I have received, reviewed, and understood the disclosure statement, and I have completed the durable power of attorney for health care and/or living will consistent with my wishes. I have attached \_\_\_ pages to better express my wishes.

Signed this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_

Principal's Signature: \_\_\_\_\_

(If you are physically unable to sign, this advance directive may be signed by someone else writing your name in your physical presence at your direction.)

**THIS ADVANCE DIRECTIVE MUST BE SIGNED BY TWO WITNESSES OR A NOTARY PUBLIC OR A JUSTICE OF THE PEACE.**

We declare that the principal appears to be of sound mind and free from duress at the time this advance directive is signed and that the principal affirms that the principal is aware of the nature of the directive and is signing it freely and voluntarily.

Amend RSA 137:35, I(a) as inserted by section 12 of the bill by replacing it with the following:

(a) The patient's spouse, or civil union partner or common law spouse as defined by RSA 457:39 *if the principal were currently deceased*, unless there is a divorce proceeding, separation agreement, or restraining order limiting that person's relationship with the patient.

Rep. Mark Pearson spoke in favor and yielded to questions.

Floor amendment (1846h) was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

### MOTION TO LAY ON THE TABLE

Rep. Silber moved that **SB 74**, relative to advance directives for health care decisions, be laid on the table. Motion failed.

The question being adoption of the majority committee report of Ought to Pass with Amendment.

Majority committee report adopted and the bill was ordered to third reading.

### **SB 149-FN**, adopting omnibus legislation on health and human services. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Mark Pearson for the Majority of Health, Human Services and Elderly Affairs. Part I. clarifies Medicaid spend-down requirements by including mental health expenditures as medical expenditures and requiring a report to the Oversight Committee on Health and Human Services to be made by October 1, 2021. The report is to include a description of how the revised spend-down requirements were addressed in remedial staff training and in changes to the policy manual and department publications. Part II allows automated pharmacy systems at long term care facilities and hospices. The amendment removes language granting authority which the Pharmacy Board already has. Part III holds harmless health facilities which provided care in the Covid-19 emergency in accordance with applicable emergency orders. This section does not apply to those actions taken by facilities or by caregivers that were not related to the practice of medicine outside of the current emergency order or rule, or to future actions once the order or rule is no longer in effect. The majority believes that due to the emergency nature of the pandemic, those making good faith efforts in what are uncharted waters should be protected. The question was raised as to the limiting of the hold harmless provisions to just the COVID-19 pandemic. This narrow focus was done intentionally with the thought that legislation addressing future pandemics resulting in emergency orders would best be done separately from the emergency we are currently in. The original Senate bill had a section addressing the proposal for a harm reduction and overdose program in the Department of Health and Human Services. Some were of the belief that this section duplicated legislation already before the Senate. Others believed that this program would be controversial, and rather than risk causing the entire omnibus bill to be defeated, determined that the program should be addressed in a stand-alone bill. Vote 18-2.

Rep. Jim Kofalt for the Minority of Health, Human Services and Elderly Affairs. This omnibus legislation addresses three unrelated topics. Part III of the bill shields health facilities from liability in cases relating to a state of emergency declared under state and/or federal law in response to COVID-19, including liability arising from a patient's death, injury, or damage to property; provided that it happened as a result of compliance with, or reasonable attempts to comply with, emergency orders. Shielding medical professionals from liability shifts their priorities away from patient care and toward compliance with state mandates, making it less likely that they will push back against potentially harmful emergency orders. The minority believes that patients and their families should have access to the same legal remedies that they would have under any other circumstances, that legal criteria already exists to establish whether liability exists, and that no extraordinary exemption from liability is justified in this case.

### **Majority Amendment (1295h)**

Amend the bill by replacing Part II with the following:

#### PART II

II. The board shall adopt rules governing the use of an automated pharmacy system under this section, not later than January 1, 2022, which shall specify:

- (a) Recordkeeping requirements;

**SB 162-FN**, relative to the department of health and human services, the New Hampshire granite advantage health care trust fund, and health facility licensure. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. William Marsh for the Majority of Health, Human Services and Elderly Affairs. This bill was requested by the Department of Health and Human Services (DHHS) and makes numerous revisions to funds, positions, and programs within DHHS offered services, including the therapeutic cannabis program; youth tobacco use; the interstate compact for the placement of children; residential care and child placement licensing procedures; availability of epinephrine auto-injectors and asthma inhalers at recreation camps; the developmentally disabled wait list; the New Hampshire granite workforce program; and child protection investigations. The bill also establishes a public health services special fund and directs certain fees to that fund to be used by the department for program oversight. The largest section of this bill updates the Interstate Compact for the Placement of Children (ICPC), first adopted in 1965, to its current version. The amendment corrects a drafting issue which may have had the unintended consequence of allowing persons with a therapeutic cannabis card to sell cigarettes to minors in New Hampshire. It also adds language to section 48 updating RSA 170-A:2-7 allowing implementation of the updated ICPC. Lastly, it adds language to ensure the courts have the necessary authority to order and review the independent assessments for the Department of Children, Youth and Families youth in placement. This language is necessary to ensure compliance with the Family First Prevention Services Act (2018) as required to access Title IV-E funds. In addition to the funding, we believe this assessment will be a valuable tool in ensuring that youth are only placed in residential placements for therapeutic purposes. In committee, an objection was raised that the new version of the ICPC would allow rule-making by a body not subject to RSA 541-A. RSA 10-A:7, both under current law. This bill as amended would make clear that rule-making is subject to 541-A. Vote 19-2.

Rep. Leah Cushman for the Minority of Health, Human Services and Elderly Affairs. This 72-section omnibus legislation contains mostly housekeeping measure, updating statutes to reflect revisions in funding, programs, and positions within the Department of Health and Human Services (DHHS). However, in the middle of the bill, is a section updating the Interstate Compact for the Placement of Children (ICPC). Within that is an allowance for a state receiving a child under the jurisdiction of NH Department of Children, Youth, and Families (DCYF) to take jurisdiction over that child in an emergency, without any limitations on how long that jurisdiction may last. The minority of the committee therefore believes this bill should be inexpedient to legislate.

#### Majority Amendment (1402h)

Amend the bill by replacing section 12 with the following:

12 Youth Access to and Use of Tobacco Products. Amend RSA 126-K:1 to read as follows:

126-K:1 Purpose. The purpose of this chapter is to protect the citizens of New Hampshire from the possibility of addiction, disability, and death resulting from the use of tobacco products by ensuring that tobacco products will not be supplied to persons under the age of 21. ***This chapter shall not apply to alternative treatment centers registered under RSA 126-X:7 or to individuals who have been issued a registry identification card under RSA 126-X:4 only with respect to the therapeutic use of cannabis; this chapter shall still apply to alternative treatment centers and these individuals with respect to tobacco products.***

Amend RSA 170-A, as inserted by section 48 of the bill, by inserting after RSA 170-A:1 the following new RSA sections:

170-A:2 Financial Responsibility. Financial responsibility for any child placed pursuant to the provisions of the Interstate Compact for the Placement of Children shall be determined in accordance with the provisions of Article XIII of the compact in the first instance. However, in the event of partial or complete default of performance under the compact, the provisions of RSA 546-A and RSA 546-B shall apply.

170-A:3 Designation of Agencies and Officials. The “appropriate public authorities” as used in the Interstate Compact for the Placement of Children shall, with reference to this state, mean the department of health and human services and said department shall receive and act with reference to notices. The commissioner designated in Article VIII, paragraph II of the Interstate Compact for the Placement of Children shall mean the commissioner of the department of health and human services.

170-A:4 Authority. The officers and agencies of this state and its subdivisions having authority to place children are hereby empowered to enter into agreements with appropriate officers or agencies of or in other party states pursuant to Article VII, and Article XVII paragraph II of the Interstate Compact for the Placement of Children. Any such agreement which contains a financial commitment or imposes a financial obligation on this state or subdivision or agency thereof shall not be binding unless it has the approval in writing of the commissioner of the department of health and human services in the case of the state and of the chief local fiscal officer in the case of a subdivision of the state.

170-A:5 Placement by and Jurisdiction of Courts. Any court having jurisdiction to place delinquent children may place such a child in an institution of or in another state pursuant to Article III of the Interstate Compact for the Placement of Children and shall retain jurisdiction unless terminated pursuant to Article IV paragraph IV.

170-A:6 Designation of Administrator.

I. As used in Article VIII of the Interstate Compact for the Placement of Children, the term “executive head” means the governor. The “executive head of the state human services administration” in Article XIV means the commissioner of the department of health and human services.

II. Nothing in this act shall be construed to authorize the establishment of a new division or the hiring of additional personnel to carry out the intent of this compact.

170-A:7 Rulemaking. The commissioner of the department of health and human services shall adopt rules under Article XI of the compact in accordance with RSA 541-A.

Amend the bill by inserting after section 71 the following and renumbering the original section 72 to read as 75:

72 New Section; Delinquent Children; Placement in a Qualified Residential Treatment Program. Amend RSA 169-B by inserting after section 19-c the following new section:

169-B:19-d Placement in a Qualified Residential Treatment Program. For any child placed in a qualified residential treatment program, as defined in the federal Family First Prevention Services Act of 2017, the court shall:

I. Order an assessment to be completed within 30 days of placement by a qualified individual as defined by the federal Family First Prevention Services Act of 2017; and

II. Review the assessment and issue an order approving the placement or changing the placement within 60 days of placement.

73 New Section; Child Protection Act; Placement in a Qualified Residential Treatment Program. Amend RSA 169-C by inserting after section 19-e the following new section:

169-C:19-f Placement in a Qualified Residential Treatment Program. For any child placed in a qualified residential treatment program, as defined in the federal Family First Prevention Services Act of 2017, the court shall:

I. Order an assessment to be completed within 30 days of placement by a qualified individual as defined by the federal Family First Prevention Services Act of 2017; and

II. Review the assessment and issue an order approving the placement or changing the placement within 60 days of placement.

74 New Section; Children in Need of Services; Placement in a Qualified Residential Treatment Program. Amend RSA 169-D by inserting after section 9-c the following new section:

169-D:9-d Placement in a Qualified Residential Treatment Program. For any child placed in a qualified residential treatment program, as defined in the federal Family First Prevention Services Act of 2017, the court shall:

I. Order an assessment to be completed within 30 days of placement by a qualified individual as defined by the federal Family First Prevention Services Act of 2017; and

II. Review the assessment and issue an order approving the placement or changing the placement within 60 days of placement.

#### AMENDED ANALYSIS

This bill makes numerous revisions to funds, positions, and programs within the department of health and human services, including the therapeutic cannabis program; youth tobacco use; the interstate com-

pact for the placement of children; residential care and child placement licensing procedures; availability of epinephrine auto-injectors and asthma inhalers at recreation camps; the developmentally disabled wait list; the New Hampshire granite workforce program; and child protection investigations. The bill also establishes a public health services special fund and directs certain fees to that fund to be used by the department for program oversight and establishes assessment procedures for a child placed in a qualified residential treatment program.

The question being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted and the bill was ordered to third reading.

**(Speaker Packard in the Chair)**

**SB 95-FN**, adopting omnibus legislation relative to access to remote meetings, penalties for violation of privacy, and establishing a committee to study remote meetings. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Michael Sylvia for the Majority of Judiciary. This bill, as amended, establishes a committee to study remote access to meetings under RSA 91-A, the state's right-to-know Law, and review authorizing governing bodies of municipalities to hold virtual meetings. The majority of the committee is pleased by the public participation made possible by the adoption of remote access technology deployed over the past year. This means of access requires no changes to our right-to-know statutes and should continue into the future. RSA 91-A represents a significant portion of bills heard by the Judiciary Committee each year, it is justly an important implementation of the New Hampshire Constitution Part I, Article 8. Changes to this section of our law need and deserve very careful consideration and this study is the proper vehicle to do it with precision. Vote 12-9.

Rep. Timothy Horrigan for the Minority of Judiciary. This bill came to the House as a three-part omnibus bill. The minority believes that all three parts are good, and that the bill should be passed as is, with no amendments. Part I deals with remote meetings. The Governor's emergency orders made various temporary modifications to our open meetings law, allowing public bodies to meet remotely. Those changes proved to be very popular with the public, and the revised procedures have worked very well. Part I, if passed, would write these changes into statutory law and extend them for an additional year, with a sunset date of July 1, 2022. Part II allows the state to charge repeat offenders of RSA 644:9 "Violation of Privacy" with a class B Felony. Under current law, no matter how often a previously convicted offender re-offends, they can only be charged with a class A misdemeanor. Part III simply proposes a study committee.

**Majority Amendment (1435h)**

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to review authorizing governing bodies of municipalities to hold virtual meetings and to study remote access to meetings under RSA 91-A.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to review authorizing governing bodies of municipalities to hold virtual meetings and to study remote access to meetings under RSA 91-A.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Two members of the senate, appointed by the president of the senate.

(b) Three members of the house of representatives, appointed by the speaker of the house of representatives.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall review authorizing governing bodies of municipalities to hold virtual meetings and to study remote access to meetings under RSA 91-A.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2021.

6 Effective Date. This act shall take effect 60 days after its passage.

**AMENDED ANALYSIS**

This bill establishes a committee to review authorizing governing bodies of municipalities to hold virtual meetings and to study remote access to meetings under RSA 91-A.

On a division vote, with 198 members having voted in the affirmative, and 178 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

On a division vote, with 201 members having voted in the affirmative, and 175 in the negative, the majority committee report was adopted and the bill was ordered to third reading.

**SB 134-FN**, adopting omnibus legislation relative to civil actions and criminal liability. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Mark McLean for the Majority of Judiciary. This bill, as amended, is omnibus legislation addressing civil actions and criminal liability. The first part of the bill revisits 2016 legislation which made it illegal to point laser pointers at airplanes, people, and structures. The unintended consequence of the law was that many legitimate uses of lasers, such as medical lasers, research, emergency signaling, land surveying, and construction were all made illegal. Part one of the omnibus bill recognizes this, and grants exemptions for laser use in these areas. The second part of the bill allows for the electronic notarization of documents and recording of property interests. This part of the bill was amended to ensure that electronic signatures consisted of a two-part encryption key as required by the FDIC (Federal Deposit Insurance Corporation), and to exclude the allowance of electronic documents for the recording of plats, maps, surveys, and plats of land. The third part of the bill allows an incarcerated person to apply for parole 12 months prior to the date of eligibility. This will allow resources to be assigned to the applicant so that they can complete training and meet the other pre-requisites to allow the application to go forward. The fourth part of the bill codifies structured settlement protections in law and requires that no transfer of payment rights be effective until the transfer has been approved by a court order based on findings that the transfer is in the best interests of the payee, while also taking into account the welfare of the payee's dependents. The fifth part of the bill establishes the NH Collaborative Law Act, which codifies and standardizes an alternate path where disputes related to divorce, annulment, property distribution, parental rights, and other matters may be resolved outside of the courts. The practice has seen increased usage in recent decades, and this part of the bill provides a guideline to help navigate through the process. The sixth part of the bill deals with probate administration. It establishes guidelines for a waiver of administration where an estate inventory, bond, and accounting of assets may be waived. The bill allows a waiver to be granted when a decedent dies testate and an administrator is appointed with the assent of all the beneficiaries, or if the beneficiary is a trust and an administrator is appointed with the assent of all the trustees. It also allows for a waiver to be granted in certain cases of intestacy, such as when a surviving spouse is appointed to serve as an administrator with the assent of all the other heirs. The bill also clarifies guidelines for distribution on intestacy, provides the Statutory Form Power of

Attorney, and updates the Uniform Disclaimer of Property Interests Act to allow for the disclaiming of interest in, or power over, property. The amended version also adds a provision for supported decision-making in the consideration of guardianships. The seventh part of the bill modifies the process for performing criminal background checks in public and charter schools. The bill directs the superintendent or school CEO to perform criminal background checks on all applicants and instructs that all records gathered must be destroyed within 60 days. The bill shifts the responsibility for performing background checks on substitute teachers and individuals and entities that contract with a school administrative unit from the division of state police to the superintendent. This part of the bill also creates a study committee to examine Department of Education oversight of criminal history background checks by private schools. The eighth part of the bill makes an appropriation of \$210,000 for the biennium ending June 30, 2023 for the purpose of funding mental health intervention training programs through the police standards and training council. The sponsors believed that further training in de-escalation techniques will help reduce unnecessary injury or death in situations where individuals with mental health issues may become belligerent during an encounter with police. It authorizes the Governor to draw a warrant for the sums out of any money in the treasury not otherwise appropriated. The ninth part of the bill authorizes entities that employ drivers in the course of their business to gather driving records on their employees electronically. This would allow for easier flagging of problem drivers as the employers would have access to a continuum of data and not just a snapshot at the time of hiring. This part of the bill explicitly forbids the selling or transferring of any of this data to any other persons or entities. The final part of the bill allows institutions of higher learning to grow, and contract with a private entity to grow, industrial hemp as part of a pilot program or research. The bill was further amended by the committee to recognize hemp as an agricultural product which may be grown as a crop and commercially traded in New Hampshire. Vote 16-4.

Rep. Michael Sylvia for the Minority of Judiciary. The minority of the committee feel that there are too many glaring problems contained in this eleven-part omnibus bill. The most significant are: Part I – which builds upon an unstable foundation referring to a laser pointing device which in 1999 had a common understanding as a hand held laser used to torment cats or distract drivers and pilots; industries have come to use lasers in an extraordinary number of applications and they fear misapplication of the law. This amendment to the statutes is but a poor patch. Part II -among the problems of this part is a fee of \$25 for remote notarization which is 2.5 times the fee for customary in person notarization allowed. Part VI adds a new chapter; unnecessarily instituting the New Hampshire Collaborative Law Act. The process of collaborative law is currently being used and is successful. Supporters seem to think that putting it in statute will bring awareness to the process. If true, are our laws anything more than a marketing campaign? Part IX makes an appropriation of \$210,000 for a program that may not be properly integrated into training programs at police standards and training council. Part X puts drivers' license information at risk of being abused by data harvesting corporations. While data are restricted, a loophole is built into the statute. Part XI allows an institution of higher education to contract out the growing of industrial hemp under the guise of research. Every farmer is a researcher seeking to find the best genetics and methods of producing the best yields from their crops, limiting those allowed to grow limits the degree of learning to those selected by an institution of higher education.

#### Majority Amendment (1341h)

Amend Part I of the bill by inserting after section 1 the following and renumbering the original section 2 to read as section 3:

2 New Hampshire Aeronautics Act; Prohibitions. Amend RSA 422:28, XIV to read as follows:

XIV. ~~[For any person to purposely or knowingly shine the beam of a laser pointing device at an aircraft that is in flight or in the process of takeoff, landing, or taxiing]~~ **For any person in direct or remote control of a laser pointing device to knowingly shine the beam of a laser pointing device at an aircraft that is in flight or in the process of takeoff, landing, or taxiing, except as permitted under RSA 631:3-a, IV.**

Amend RSA 456-B:1, VII as inserted by Part II, section 3 of the bill by replacing it with the following:

**VII. "Electronic signature" means a unique sequence of data that is split into 2 parts that together form a complete encryption key. One part is publicly shared and the other part is kept private and known only by the owner.**

Amend RSA 478-A:2, IV as inserted by Part II, section 10 of the bill by replacing it with the following:

IV. "Electronic signature" means a unique sequence of data that is split into 2 parts that together form a complete encryption key. One part is publicly shared and the other part is kept private and known only by the owner.

Amend RSA 478-A:3, IV, as inserted by Part II, section 10 of the bill by replacing it with the following:

IV. A register of deeds shall accept for recording a tangible copy of an electronic document, other than a plat, map, survey, or plat of land as provided in RSA 478:1-a, containing a notarial certificate as satisfying any requirement that a document accepted for recording be an original, if the notarial officer executing the notarial certificate certifies that the tangible copy is an accurate copy of the electronic document. A notarial certificate in the form provided in RSA 456-B:8, VI, satisfies the requirement of this paragraph.

Amend RSA 408-G:2, as inserted by section 1 of Part V of the bill, by inserting after paragraph X the following new paragraph:

XI. That the payee has the right to negotiate the purchase price offered by the transferee, and the payee is advised to obtain competing offers from other potential transferees.

Amend RSA 408-G:5, as inserted by section 1 of Part V of the bill, by inserting after paragraph III the following new paragraph:

IV. In determining whether a transfer is in the payee's best interest under RSA 408-G:3, I, the court shall consider, among other matters, whether the payee has compared competing offers for the structured settlement payment rights that the payee proposes to transfer.

Amend Part VII of the bill by replacing all after section 10 with the following:

11 Statement of Findings. The general court hereby finds that:

I. Whenever possible, New Hampshire adults should make their own decisions about how to live their lives.

II. The imposition of guardianship necessarily involves the loss of authority over one's own life. Adults with disabilities have a range of strengths and capacities, and guardianship is unnecessarily restrictive in many of those circumstances.

III. Guardianship may be necessary in some cases, but when it is imposed upon a person with a disability that could utilize less restrictive alternatives, it can cause negative impacts to mental and physical health and the ability to function independently.

IV. Supported decision-making is a process which preserves the self-determination of adults with disabilities by providing them with accommodations and supports to enable them to make life decisions.

V. Supported decision-making has in recent years gained recognition and acceptance. It has been promoted as an alternative to guardianship by the National Guardianship Association and the American Bar Association. Nine states have recently adopted statutes which formally establish supported decision-making agreements.

VI. The legal recognition of supported decision-making will promote understanding and acceptance of the decisions of people with disabilities. This will assist in effective relationships between people with disabilities and their caregivers, health care providers, and other third parties.

12 Guardians and Conservators; Available Alternative Resource. RSA 464-A:2, II is repealed and reenacted to read as follows:

II. "Available alternative resource" means alternatives to guardianship including, but not limited to, services such as visiting nurses, homemakers, home health aides, adult day care and multipurpose senior citizen centers; powers of attorney, supported decision-making agreements such as those authorized by RSA 464-D, representative and protective payees; and board and care residential care facilities.

13 Guardians and Conservators; Termination of Guardianship. RSA 464-A:40, I is repealed and reenacted to read as follows:

I. A guardianship of the person or of the estate shall terminate upon order of the court, the death of the ward, or upon a finding by the court either that the ward is no longer incapacitated or that the ward's needs are met by available alternative resources.

14 New Sections; Special Education; Supported Decision-Making. Amend RSA 186-C by inserting after section 3-b the following new sections:

186-C:3-c Supported Decision-Making. If adult guardianship is being discussed by the IEP team with a student or the student's family, the team shall inform the student and family of the availability of supported decision-making pursuant to RSA 464-D as an alternative to guardianship. This shall be done promptly when guardianship is first discussed. The IEP team shall make available resources to assist in establishing a supported decision-making agreement. If a supported decision-making agreement is executed, the IEP team shall abide by decisions made by the student pursuant to the supported decision-making agreement.

186-C:3-d Alternatives to Guardianship; Information Resources. The commissioner of the department of education shall develop information resources regarding alternatives to guardianship, including supported decision-making agreements pursuant to RSA 464-D, for children with disabilities who are approaching the age of 18. These resources shall be developed in consultation with New Hampshire disability advocacy organizations and other stakeholders and made available to local education agencies to facilitate their responsibility to provide information to students and families regarding alternatives to guardianship under RSA 186-C:3-c.

15 New Chapter; Supported Decision-Making. Amend RSA by inserting after chapter 464-C the following new chapter:

## CHAPTER 464-D

### SUPPORTED DECISION-MAKING

464-D:1 Purpose. It is the purpose of this chapter to establish and recognize a less restrictive alternative to guardianship for adults with disabilities. The chapter gives legal status to supporters of such adults and to decisions made pursuant to supported decision-making.

464-D:2 Construction and Administration. This chapter is to be administered and interpreted in accordance with the following principles:

464-D:3 Presumption of Capacity.

I. All adults are presumed to be capable of managing their affairs and to have legal capacity.

II. The manner in which an adult communicates with others is not grounds for a determination that the adult is incapable of managing the adult's affairs.

III. Execution of a supported decision-making agreement may not be used as evidence of incapacity in any proceeding.

and the majority committee report was adopted and the bill was ordered to third reading.  
Reps. Lane and Hill declared a conflict of interest and did not participate in the vote.

**SB 61**, prohibiting collective bargaining agreements that require employees to join a labor union. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gregg Hough for the Majority of Labor, Industrial and Rehabilitative Services. This bill would make it illegal for labor unions and others to compel membership and payment of dues to the labor union or elsewhere without the consent of the employee. Labor unions would be free to negotiate with employers

whatever contract they see fit, including the decision to represent all company employees or only union member employees. The committee found that the language in section 273-D:11, duty to investigate, may have put a restrictive burden on county attorneys and did not allow for prosecutorial digression as well as possible double jeopardy issues. An amendment was offered and accepted by the committee to remedy the concerns of this section. Vote 11-9.

Rep. Donald Bouchard for the Minority of Labor, Industrial and Rehabilitative Services. The minority feels that it is unfair for non-union employees to acquire the benefits of a collective bargaining agreement without contributing to the cost. Their fellow employees who belong to the union support that collective bargaining agreement with their union dues. The federal government already protects workers' freedom not to join a union. Workers can decide to opt-out of membership at a unionized workplace and pay a reduced fee (agency fee) that covers the costs that the union pays to negotiate for raises, benefits and to represent employees if they have grievances. Workers living in states that have right to work laws earn about \$1,500 less per year than workers in states without these laws, and the wage penalty is even higher for women and workers of color. According to data from the Bureau of Labor Statistics, the rate of workplace deaths is higher in states that have similar laws like this bill. There is no empirical data that has been peer reviewed, showing states that have right to work laws have attracted businesses exclusively because of this law.

#### **Majority Amendment (1047h)**

Amend RSA 273-D:11 as inserted by section 2 of the bill by replacing it with the following:

273-D:11 Duty to Investigate. The attorney general, or his or her designee, shall investigate any complaints of violation of this chapter, and shall prosecute all persons violating any of its provisions, and use all means at their command to ensure effective enforcement of the provisions of this chapter.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Infantine offered floor amendment (1835h).

#### **Floor Amendment (1835h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Name of Act. It is the intent of the general court that this act be known as "The New Hampshire Right to Work Act."

2 New Chapter; Right to Work. Amend RSA by inserting after chapter 273-C the following new chapter:

#### **CHAPTER 273-D RIGHT TO WORK**

273-D:1 Short Title. This chapter may be cited as "right to work."

273-D:2 Declaration of Public Policy. It is hereby declared to be the public policy of this state in order to maximize individual freedom of choice in the pursuit of employment and to encourage an employment climate conducive to economic growth, that all persons shall have, and shall be protected in the exercise of, the right freely, and without fear of penalty or reprisal, to form, join, or assist labor organizations, or to refrain from any such activity, and that no worker should lose their job, pension, or benefits for not paying an agency fee to a union.

273-D:3 Definitions. In this chapter:

I. "Employer" means any individual, corporation, association, organization, or entity that employs one or more persons. The term includes, but is not limited to, the state of New Hampshire and its agencies, every district, board, commission, instrumentality, or other unit whose governing body exercises similar governmental powers. The term "employer" includes, but is not limited to, employers of agricultural labor.

II. "Labor organization" means any organization of any kind, or agency or employee representation committee or plan, which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of work, or other conditions of employment.

273-D:4 Freedom of Choice Guaranteed; Discrimination Prohibited. No person shall be required, as a condition of employment or continuation of employment:

I. To resign or refrain from voluntary membership in, voluntary affiliation with, or voluntary financial support of a labor organization;

II. To become or remain a member of a labor organization;

III. To pay any dues, fees, assessments, or other charges of any kind or amount to a labor organization;

IV. To pay any charity or other third party, in lieu of such payments, any amount equivalent to or a pro-rata portion of dues, fees, assessments, or other charges of a labor organization.

273-D:5 Voluntary Deductions Protected. It shall be unlawful for any employer to deduct from the wages, earnings, or compensation of any employee any dues, fees, assessments, or other charges, to be held for, transferred to, or paid over to a labor organization, unless the employee has first given authorization of such deductions, which authorization may be revoked by the employee at any time by giving notice of such revocation 30 days in advance of its effective date.

273-D:6 Agreements in Violation, and Actions to Induce Such Agreements, Declared Illegal. Any agreement, understanding, or practice, written or oral, implied or expressed, between any labor organization and employer which violates the rights of employees as guaranteed by the provisions of this chapter is hereby declared to be unlawful, null and void, and of no legal effect.

273-D:7 Penalties. Any person, employer, labor organization, agent, or representative of an employer or labor organization, who directly or indirectly imposes upon any person any requirement prohibited by this chapter shall be guilty of a misdemeanor, and, notwithstanding RSA 651:2, shall be subject for each offense to a fine not exceeding \$1,000.

273-D:8 Civil Remedies. Any person harmed as a result of any violation or threatened violation of the provisions of this chapter shall be entitled to injunctive relief against any and all violators or persons threatening violation, and may also recover any or all damages of any character, including costs and reasonable attorney fees, resulting from such violation or threatened violation, cognizable at common law. Such remedies shall be independent of, and in addition to, the penalties and remedies prescribed in other provisions of this chapter.

273-D:9 Existing Contracts. The provisions of this chapter shall apply to all contracts entered into on or after the effective date of this chapter. This chapter shall not apply to contracts which expire after the effective date of this chapter, but shall apply to any renewal or extensions of such existing contracts.

273-D:10 Exceptions. The provisions of this chapter shall not apply:

I. To employers and employees covered by the federal Railway Labor Act.

II. To federal employers and employees.

III. To employers and employees on exclusive federal enclaves.

IV. Where they would otherwise conflict with or be preempted by federal law.

273-D:11 Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable.

3 Effective Date. This act shall take effect January 1, 2022.

**DEBATE ON SB 61**

**Representative Infantine:** Thank you, Mister Speaker. As always happens before a big bill, there is a lot of changes. In the last couple of days a number of changes were brought to my attention. I made every attempt to make some of those changes yesterday, but was 17 minutes late getting my amendment in to the Clerk's Office. We had floor amendment (1835h) that was prepared by Rep. Abramson and that is what I will be discussing. It was virtually the same as what I was going to propose. In this right to work bill, there were a number of items that people had concern with. The first of which it precluded union members from picketing or boycotting. Many felt that was against people's First Amendment right and that has been stricken. Second part had to do with getting approval or referring or clearance through a labor union. That has been found in other states to be unconstitutional so why would we put it through here just so someone could challenge it? That has been removed. The original bill that came over from the Senate allowed prosecution and fines up to \$1,000 and 90 days in jail. Well, let's be honest when it comes to labor type laws, they are all civil. We don't put people in jail and if you thought about it, who would you put in jail in a situation like this? The entire company? A union steward? Who? It just seemed foolish. Lastly, it had to do with this bill becoming effective upon passage was the original bill from the Senate. I didn't feel that was appropriate just by putting rules in place and other things that need to be in place. It has now been changed to January 1 of 2022. That's the sum total of the changes in amendment (1835h). I would appreciate my colleagues voting in favor of this amendment. Thank you, Mister Speaker.

**Speaker Packard:** The motion before us is the Infantine floor amendment (1835h).

**Representative Infantine:** Mister Speaker, may I have a division vote?

**Speaker Packard:** I was waiting for that. A division has been called. Members will take their seats. The Chair recognizes Rep. Merner for a parliamentary inquiry.

**Representative Merner:** Thank you, Mister Speaker. If I know you can't fix a bad bill with an amendment on right to work, would I not press the red button and vote against the amendment? Thank you.

**Speaker Packard:** The Chair recognizes Rep. Infantine for a parliamentary inquiry.

**Representative Infantine:** Mister Speaker, if I know I disagree and I think this makes a good bill better, I would ask you to vote green.

**Speaker Packard:** This is a division vote. This is on the Infantine floor amendment (1835h). If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members present had an opportunity to vote? The House will attend to the state of the vote. 183 voting Yea, 190 voting Nay, the motion fails. We are back to the original bill as amended. The Chair recognizes Rep. Bouchard to speak against the committee report.

**Representative Bouchard:** Thank you, Mister Speaker. Mister Speaker, I rise in opposition to SB 61. I would like to point out that the National Industrial Recovery Act of 1933 provides for collective bargaining and a 1935 National Labor Relations Act also known as the Wagner Act requires businesses to bargain in good faith with any unions supported by the majority of their employees. As a former union member, a president of a local union as well as a union negotiator of several collective bargaining agreements, I find it unfair for non-union employees to reap the benefits of a collective bargaining agreement without contributing to the cost of the collective bargaining agreement while their fellow employees who belong to the union support that collective bargaining agreement with their union dues. The right to work bill will affect the workforce morale by putting workers who have contributed to the cost of the collective bargaining agreement against those that have reaped the benefits without contributing to the costs. The federal government already protects workers freedom not to join a union. Workers can decide to opt out of membership at a unionized workplace and pay a reduced fee in the form of an agency fee that covers the cost that the union pays to negotiate for raises, benefits and to represent employees if they have grievances at work. What right to work would really do is give some workers a free ride and tell union workers could opt out of paying any fees to a union even though unions would still be legally required to represent them. As a result, non-member employees would receive higher wages and benefits negotiated by a union without paying the cost for negotiating for these benefits.

Those who have grievances at work would receive free representation by the union. By allowing some workers a free ride, right to work would hinder workers who want to come together in unions from getting enough power to negotiate on an even footing with employers for better wages, benefits and working conditions. If an employee is not supportive of the local union, he or she may start an employee-led desertification process that permits employees to petition the labor board for a desertification with signatures from at least 30% of union employees. Wages in right to work states are 3.1% lower than those in non-right to work states. This translates into right to work being associated with \$1,558 lower annual wages for a typical full-time worker. The findings also show that where unions are strong compensation increases even for workers not covered by a collective bargaining agreement. As non-union employers face competitive pressure to match union standards. Likewise, when unions are weakened by right to work laws, all of the state's workers feel the impact. The Bureau of Labor Statistics reported that the rate of fatalities in the workplace is 54% higher in states with right to work laws. Unions also pour a lot of resources into training workers to do their jobs safely. When unions are not able to provide this training, such as apprentice programs, workplace safety suffers. This trend can also be seen with low union density where fatality rates are about twice as high compared to states with high union density. In closing, I infer that the real purpose of the right to work bill is to tilt the balance towards businesses and further rig the system at the expense of our state's working families. Right to work will make it harder for working people to collectively bargain for better wages, benefits and working conditions. That is the purpose and the rational of the right to work movement which is to make everyone an at-will worker. Thank you, Mister Speaker.

**Speaker Packard:** Does the member yield to questions? Member does not yield.

**Representative Baldasaro:** Mister Speaker, is it possible that someone from the committee can get up and answer a question that I have?

**Speaker Packard:** Well we have members on the, supporting the committee report that might answer questions for you.

**Representative Baldasaro:** There's a member right here. Mister Speaker, there's a member here.

**Speaker Packard:** Well we are moving on to the other member first that is speaking and we will work on it Al, but right now we are moving on to the next member on the list to speak. The Chair recognizes Rep. Baxter to speak in favor of the committee report.

**Representative Baxter:** Thank you, Mister Speaker. Mister Speaker, I rise today to support SB 61. Mister Speaker, right to work is one of the most important pieces of legislation we can pass this year for both economic and moral reasons. First, right to work states have experienced higher wage growth. According to the US Chamber of Commerce, personal income grew 50% faster in right to work states. Second, right to work states have experienced faster job growth, especially in the manufacturing industry. This will help grow our small businesses in New Hampshire and attract more young people to move to our state. The Republican party should be the party of the American worker so we should champion this policy which will lead to better wages and better jobs. Morally, no worker in the Granite State should ever be forced between keeping their job to put food on the table or violating their conscience by paying into a union which they morally disagree with. Unions spent over \$250 million in the 2020 election for both conservative and liberal causes. No one should ever be forced to fund political speech that violates their deeply held views. Please empower worker freedom by supporting this right to work legislation. The people of this state desperately need right to work. Let's finally get the job done. Let's do it right now. Fellow Representatives, I urge you to stand with workers, not union bosses, by voting OTP on SB 61. Thank you, Mister Speaker.

**Speaker Packard:** Does the member yield to questions? Rep. Baldasaro you may inquire.

**Representative Baldasaro:** Thank you, Mister Speaker. Thank you, Representative for taking my question on this legislation that is long overdue. My question basically is, do here in the State of New Hampshire, per the supreme court decision, do government employees and county employees are already right to work?

**Representative Baxter:** Thank you Representative. Because of the Janus Supreme Court decision, right to work already applies to government employees.

**Representative Bordes:** Mister Speaker.

**Speaker Packard:** Why does the member rise?

**Representative Bordes:** Parliamentary inquiry.

**Speaker Packard:** You may inquire.

**Representative Bordes:** Having voted on the prevailing side on the previous vote on the floor amendment, I would like to move to reconsider.

**Speaker Packard:** Which floor amendment are we talking? The floor amendment or the majority amendment?

**Representative Bordes:** The floor amendment.

**Speaker Packard:** Okay. You voted on the prevailing side?

**Representative Bordes:** Yes, I did. I request a division vote as well.

**Speaker Packard:** Okay. Can you publicly state your name please?

**Representative Bordes:** Representative Mike Bordes from Laconia.

**Speaker Packard:** Thank you. You requested a division?

**Representative Bordes:** Correct.

**Speaker Packard:** The motion before us. There is already a request for a division. The motion on the floor is to reconsider the vote on floor amendment (1835h). A roll call has been requested. Is that sufficiently seconded? No, it is not sufficiently seconded. This will be a division vote. Members take their seats. The motion before us is reconsideration on floor amendment (1835h). This is a division vote. If you are in favor, you will press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members present had an opportunity to vote? The House will attend to the state of the vote. 178 voting Yea, 193 voting Nay, the motion for reconsideration fails. We are back to the original bill as amended. The Chair recognizes Rep. Soucy to speak against the committee report.

**Representative Soucy:** Thank you, Mister Speaker. As a retired firefighter for the City of Nashua serving 29 years, I'm a proud member of the National Firefighters Association Local 789, serving 9 years as their President, I rise today in opposition to SB 61 right to work legislation. SB 61 is government interference in private business relationships between employers and employees. The New Hampshire legislature has had a long history of not interfering with private business. So I ask why are we doing it now? Why are we interfering in private business? Supporters of right to work suggest that if New Hampshire were to become a right work state it would foster economic growth, however, during the House Labor Committee public hearing, not one person or organization provided any data that supports this theory nor did anyone present data that companies would be lined up at the border waiting to become a right to work state. SB 61 would establish 2 sets of rules for associations. By definition associations are a group of people organized for a joint purpose. These business associations represent many different businesses from different sectors of the business community. The members affiliated with these associations are charged dues. Affiliation with these associations is voluntary. Business or individuals that do not join the association are not represented by that association and rightfully so. Unions by definition are an association as well. It is voluntary to join a labor union. The difference is that if an individual does not join the union, by law, the union must still represent that individual. SB 61 would allow an individual to be represented without bearing any of the cost. This is just not fair. Union associations would be the only business associations forced to provide representation without compensation. In closing Mister Speaker, SB 61 will not bring businesses to New Hampshire, will not create any further freedom for employees or raise wages for our state workers. What it will do is bring government into private business where we have no reason to be. Private businesses make better decisions on their own and do not need government intrusion. I strongly urge this body to vote against SB 61 by pressing the red button. Thank you, Mister Speaker.

**Speaker Packard:** Does the member yield to questions? The member does not yield. The Chair recognizes Rep. Turcotte to speak for the committee report.

**Representative Turcotte:** Thank you, Mister Speaker. Good afternoon fellow representatives. I rise today in support of SB 61. Thirty-six years ago this March I was hired as a pilot at American Airlines. At the same time I joined and became a member of the Allied Pilots Association, an independent union that currently represents 14,500 pilots at American Airlines. I remain a pilot and member of that union today and if I continue to fly until mandatory retirement age, I should have a little over 5 years to go. When I joined the Allied Pilots Association it was what they called an open shop meeting. If you joined, you paid union dues. If you did not join, you did not pay union dues. Without coercion, intimidation or any kind of pressure, back then, almost 99% of the pilots voluntarily joined as I did. During these past 36 years, I've held many national union leadership positions and performed nearly 8 years of full-time union service. I've worked at APA as a negotiator, a contract specialist, one of 18 national board of directors, as the base chairman for 550 pilots at the Boston crew base. That's the equivalent of a local union president. I have represented pilots in termination hearings and the subsequent arbitrations. I've worked for months at a time with national mediators, testified in multiple contractual arbitration as an expert witness, sat on arbitration executive boards and negotiated or approved 2 major seniority integrations. In January of 1999, I was a negotiator and while my daughter celebrated her first birthday here in New Hampshire, I along with a dozen other pilots from our union leadership sat in a Dallas, Texas Federal Courtroom in a contempt of court hearing arising from what the judge would later determine was or he would later rule as an illegal job action. Our pilot union was fined \$42 million. As a negotiator at the time and viewed by the judge as one of the union's leadership, I was held jointly and separately liable for that \$42 million. At that time it was the biggest fine ever levied against a union in the United States. In May of 2001, I was elected as the Boston Chairman. Again that's the equivalent of a union local president. Just a few months later, on September 11, two of the pilots I represented were operating flight 11 to Los Angeles when it became the first plane intentionally flown by terrorists into the twin towers. You can only imagine the next six months to a year of what we dealt with. I relate the last two instances of my 8 years of union service to illustrate that one cannot and should not automatically assume and label a conservative Republican such as myself as being anti-union. In fact, in the first instance you can see I found myself potentially on the hook of a very, very large fine while in the service of my fellow union

pilots. For over 36 years now I've paid between 1 and 1 ½% of my pay to the Allied Pilots Association in the form of union dues voluntarily. Many of you are probably thinking hey, Len, why would anyone voluntarily give up that 1 ½% pay annually? The answer for me is simple. It's about the value received from my union. Put another way, I have and continue to receive an adequate return on my investment. Now I know the return on investment has been good for several reasons. First the pay, benefits, work rules and quality of work life I received as a pilot are very good. Secondly, I have seen firsthand how my dues were utilized as most of my union work was accomplished at our union headquarters in Fort Worth, Texas. Those who have paid with our dues work hard and those dues are used exclusively for the benefit of our 14,500 pilots. As an unaffiliated and independent union, the Allied Pilots Association is as frugal as we are here in New Hampshire. But now for the but. If I ever thought I was not getting a good value, that the money I was giving to the union each month in the form of dues was not giving me an adequate return on my investment, I or anyone else should have the freedom to exercise their individual choice and discontinue paying those union dues until such time as the union again is performing at an acceptable level. You will hear or have already heard that right to work is about union busting. It is not. I hope my brief time here at the mic in our temporary House Chamber has proven that. I stand before you as both a very conservative member of the Republican party and as a strong union leader and advocate as I hope some of these stories have kind of proven to you. Most union members simply pay their dues their entire careers. I've spent nearly a quarter of my time at American Airlines in the form of union leadership. For me it's simple. Right to work is about two things, value received and freedom of choice. In this New Hampshire House of Representatives, there is currently a member who once belonged to my union. The Representative from Kingston was a member of the Allied Pilots Association for his full career at American Airlines. During my last term, the representative who had served the Town of Wentworth was a member of my same union. All three of us supported the Allied Pilots Association for our entire careers and most importantly each of us support right to work. Right to work is not now nor has it ever been a Democrat verses Republican issue. It's about freedom of choice and value received. I would ask each of you to join me in supporting the committee report of Ought to Pass by pressing the green button and I do ask for a roll call vote. Thank you, Mister Speaker.

**Speaker Packard:** Does the member yield to questions? The member does not yield. This is a roll call vote. Is that sufficiently seconded? It is sufficiently seconded. Yes, representative.

**Representative Infantine:** I would like to make a motion to table.

**Speaker Packard:** The motion is in order. A division has been requested. A roll call has been requested. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote on the tabling motion of SB 61. This is a roll call vote. Members take their seats. The question is the tabling motion on SB 61. This is a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members present had an opportunity to vote? The House will attend to the state of the vote. 168 voting Yea, 207 voting Nay, the motion to table fails. We are back to the original motion of Ought to Pass as Amended on SB 61. We have finished debate. This is going to be a roll call vote. Members will take their seats. State your point of order.

**Representative Baldasaro:** Is it a proper motion to make a motion to recess until tomorrow morning?

**Speaker Packard:** Not while we are in the middle of a vote. The motion before us on SB 61 is the majority motion of Ought to Pass as Amended. This is a roll call vote. The Chair recognizes Rep. Merner for a parliamentary inquiry.

**Representative Merner:** Thank you, Mister Speaker. Mister Speaker if I know this bill is government intrusion between employee and employer agreements. And if I know the so-called right to work bill is personal to me as a 40 year member of the Iron Workers in a 3<sup>rd</sup> generation and I know our trade has the highest fatality rates in the business. And I also know in the right to work states, sadly, the rates are 49% higher for fatality rate and workers in those states are more reliant upon the government for support. And if I know the State of Missouri legislature passed right to work but in 2019 the year after Janus, by a 72% margin, they repealed it on a ballot question. And I further know the State of West Virginia Governor has come out strongly with a video in production on this bill to us stating that all the things that we are hearing, creating jobs, bringing in business, is a lie and is saying that right to work has hurt their state. And I also know Mister Speaker that the State of New Hampshire has the lowest unemployment in the United States right now of any state so wouldn't it make sense to push the red button and defeat this motion and keep New Hampshire on the track it is going? Thank you, Mister Speaker.

**Speaker Packard:** The Chair recognizes Rep. Steven Smith for a parliamentary inquiry.

**Representative Steven Smith:** Thank you, Mister Speaker. Mister Speaker if I don't care about talking points. If I know that there are only 4 actionable planks in right to work bill so in terms of those, if I don't believe anybody should be fired or denied employment for choosing to join a union. If I don't believe anybody should be fired or denied employment for choosing not to join a union. If I don't want people to take money out of my paycheck without my permission and donate it to people that I didn't authorize, then would I press the green button?

**Speaker Packard:** The motion before us is the majority report of Ought to Pass as Amended on SB 61. This is a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members present had an opportunity to vote? The House will attend to the state of the vote. 175 voting Yea, 199 voting Nay. The House will be in order. The motion fails. One at a time please. Rep. Osborne. Why does the member rise?

**Representative Osborne:** Motion to table SB 61.

**Speaker Packard:** The motion is in order. Intervening business has taken place.

**Representative Soucy:** Mister Speaker is a motion of Indefinitely Postponement a higher priority?

**Speaker Packard:** No it's not. Motion to table it. Why does the member rise?

**Representative Baldasaro:** Is a motion to recess until tomorrow morning a higher priority?

**Speaker Packard:** We have a pending question, Representative, right now.

**Representative Baldasaro:** I'm asking if it is a higher priority, Mister Speaker.

**Speaker Packard:** No, it is not. The motion is in order. Rep. Osborne has moved to lay SB 61 on the table. A division has been called. A roll call has been requested. Is that sufficiently seconded? It is not sufficiently seconded. This will be a division vote. Members will take their seats. The motion before us is to table SB 61. The Chair recognizes Rep. Osborne for a parliamentary inquiry.

**Representative Osborne:** Thank you, Mister Speaker. So if I saw the poll that came out of St. Anselm this week and I know that the overwhelming and vast majority of Granite Staters wanted and expected us to pass this bill today, would I at least, you know, refrain from rubbing salt in that wound by laying this bill on the table right now?

**Speaker Packard:** The Chair recognizes Rep. Merner for a parliamentary inquiry.

**Representative Merner:** Thank you, Mister Speaker. If I know during testimony and everything with this bill, we had over 30 New Hampshire companies sign up against this right to work bill with not 1 New Hampshire company in favor of this bill, would I now push the red button and oppose this motion?

**Speaker Packard:** This is a division vote on SB 61. The motion is to table. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members present had an opportunity to vote? The House will attend to the state of the vote. 171 voting Yea, 204 voting Nay, the motion to table fails. Rep. Soucy is recognized for a motion.

**Representative Soucy:** I make a motion to Indefinite Postpone.

**Speaker Packard:** The motion is in order. The motion before us is Indefinite Postponement on SB 61. Are you ready for the question? Division has been requested. A roll call has been requested. Is that sufficiently seconded? It is sufficiently seconded. This will be a roll call vote. The motion before us is the move to Indefinitely Postpone on SB 61. This is a roll call vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members had an opportunity to vote? The House will attend to the state of the vote. 196 voting Yea, 178 voting Nay, Indefinite Postponement on SB 61. State your motion.

**Representative Sullivan:** Having voted on the prevailing side, I make a motion to reconsider and ask everyone to vote no.

**Speaker Packard:** Reconsider the Indefinite Postponement?

**Representative Sullivan:** Yes and I ask everyone to vote no.

**Speaker Packard:** The motion before us is to reconsider SB 61 the motion to, to reconsider the Indefinite Postponement. A division has already been called. This will be a division vote. The motion is to reconsider the motion to Indefinitely Postpone. This is a division vote. If you are in favor, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. Have all members present had an opportunity to vote? The House will attend to the state of the vote. 163 voting Yea, 201 voting Nay, the motion to reconsider fails.
