MEMBERS OF THE HOUSE:

I hope the following procedures for use during Committees of Conference will be helpful. If any questions arise as we go through this process, please do not hesitate to contact me.

Donnalee Lozeau, Deputy Speaker

1997 HOUSE COMMITTEE OF CONFERENCE PROCEDURES

- The Chairmen of the policy committees will receive bills amended by the Senate and should check with their committees to determine whether the committee will concur, non-concur, or request a Committee of Conference.
- When a committee requests that the bill be sent to a Committee of Conference, the Speaker generally will appoint members from those committees which have heard the bill. Chairmen will recommend members for appointment. If the bill has gone to more than one committee, the members may come from the different committees. Chairmen should recommend only those members from their policy committees. In the case of a bill which has gone to a policy committee and Finance, one slot is generally reserved on the four member Committee of Conference for a member from the Finance Committee.
- For House bills in Committee of Conference, the House Committee of Conference Chairman shall set the time and place of the first meeting and shall chair each meeting of the Committee of Conference. Each meeting shall be posted in the Clerk's Office and outside the committee room at least 24 hours in advance.(House Rule 43(b)(3))
- The House and Senate Committees of Conference on a bill shall meet jointly but vote separately while in conference.
- The Committee of Conference may not change the title of the bill. The Committee also may not add amendments to the bill which are not germane to the subject matter of the bill or contain subject matter that has been indefinitely postponed. A non-germane amendment is one in which the subject matter is not contained in either the House or Senate version of the bill.(House Rule 49 (b))

The sponsor of a bill which is in Committee of Conference shall be granted a hearing upon request.

- A unanimous vote of both the House and Senate Committees of Conference voting separately is necessary for an agreed upon report to be sent to the House and Senate.
- Reports of all Committees of Conference must be filed with the Office of Legislative Services by June 5, at 5 p.m. All Committee of Conference members must sign all Committee of Conference reports in the Office of Legislative Services.
- The first-named House member on all bills in Committee of Conference must prepare an analysis of the report for printing in the House Calendar. This blurb should contain a complete explanation of all changes made to the bill since it was passed by the House.
- All Committee of Conference reports shall be distributed in seat pockets to be acted on some subsequent day.
- A Committee of Conference report on either a House or Senate bill may be placed on the Consent Calendar only upon a unanimous vote of all House conferees.(House Rule 49 (d)).

UPDATE ON CALENDAR MAILINGS

It now appears there is nothing more that can be done about the late delivery of our Calendars. The Post Office can't guarantee next-day statewide delivery. For the last six weeks, we have monitored each mailing, hoping we would see a delivery improvement based on our efforts each Friday morning to hand-carry the 400 stamped envelopes to the Concord Post Office to meet the 11:00 am departure of the truck bound for the Manchester distribution center. This effort has not made a major impact. Calendars still arrive late throughout the state but, for the most part, the lateness is random with no discernable geographic pattern, except in the towns with zip codes starting with 035, 036 and 037. Late-delivery in those towns results primarily because that mail is shipped from Concord to Manchester to White River Junction for distribution. In general, some Calendars are delivered Saturdays; some delivered Mondays; some later. In one frustrating case, a Representative in one town receives his Calendar each Saturday but a second Representative from that same town frequently receives his Calendar on Monday. Part of the overall problem appears to rest in the Manchester distribution center. Another part of it results from local post offices closing at noon each Saturday before all of the mail is placed in the local boxes. In short, there is no guarantee you will receive your Calendar each Saturday following a Friday mailing. As you continue to receive your Calendar later than Saturday each week, please continue to bring me your envelopes with the date of receipt notated.

Leo J. Callahan, Assistant Clerk
