HOUSE RECORD

First Year of the 155th Session of the General Court
Calendar and Journal of the 1997 Session

Vol. 19 Concord N.H. Wednesday, June 18, 1997 No. 74

Contains: Hearings, Notices, Work Sessions, Committees of Conference Statements

HOUSE CALENDAR NOTICE

MEMBERS OF THE HOUSE:

The House will meet on Wednesday, June 18th at 1:00 p.m. to consider any committee of conference reports that may be received from the Senate.

HB 1, the budget, HB 2, the trailer bill, HB 25, the capital budget, and HB 50, kindergarten, are still in the possession of the Senate because they are the subject of a motion to reconsider. When action is completed, or when the motion is withdrawn, these bills will require a 2/3rds vote to be taken up by the House because they will have been received after the deadline. Absent the provision contained in previous Joint Rules which allowed stopping the legislative clock for 24 hours, it has been our policy to have the House operate on real time.

Please be sure to bring your committee of conference reports on these four bills, which were distributed earlier this week, as no additional copies will be available.

I know the whole House joins me in congratulating House Sergeant-at-Arms Rob Johnson and his wife Carrie on the birth of their son Colt on June 9th. Representative Bob Johnson is the proud grandfather.

Thank you for your cooperation and endurance as we try to bring the first year of the session to a close.

Donna Sytek, Speaker

NOTICE

There will be a Republican Caucus on Wednesday, June 18 at 12:30 p.m. in Representatives Hall.

Rep. Robert L. Wheeler, Majority Leader

NOTICE

There will be a Democratic Caucus on Wednesday, June 18 at 11:00 a.m. in Rooms 305-307 of the Legislative Office Building.

Rep. Peter Hoe Burling, Democratic Leader

NOTICE

During the summer months, the Clerk's Office will be publishing Calendars every two weeks. Members and staff who need to schedule meetings should make arrangements with the Clerk's Office for room availability/assignment and publication of meeting notices. Please note Calendar will

close on Wednesdays.

CLOSES NOON WEDNESDAY: TO BE MAILED THURSDAY:

COMMITTEE OF CONFERENCE STATEMENTS FOR HOUSE BILLS NOT YET ACTED UPON BY THE HOUSE

(Note: These bills are still in the Senate's possession and may not all be before us on June 18.)

REGULAR CALENDAR

HB 1, making appropriations for the expenses of certain departments of the state for the fiscal years ending June 30, 1998, and June 30, 1999.

The state budget accepted by House and Senate conferees is a balanced \$5.6 billion spending plan for the next biennium. \$1.9 billion are net general fund appropriations. It eliminates the general fund deficit for 1997 and provides for a \$3.3 million general fund surplus at the end of the 1998/99 biennium. These numbers reflect the agreed state employees' pay raise, the kindergarten program and all other legislative specials.

This is an honest budget. The revenue estimates are prudent and attainable, and the appropriations adequate to enable the state to fulfill its responsibilities. No games were played with lapse estimates.

The budget represents a significant increase in funding for municipalities in almost every category from revenue-sharing to highways to education. Due to the Senate's unwillingness to increase the cigarette tax beyond 12 cents, cuts had to be made in the House position. These came largely in the health and human services area. However, the House prevailed in allowing great flexibility in how these cuts are to be implemented and in preserving long-overdue provider rate increases.

A more complete explanation of the budget will be available prior to its consideration by the House.

Rep. Neal M. Kurk

HB 2, relative to state fees, funds, revenues, and expenditures.

This is the "trailer bill" that contains statutory changes necessary to implement the state budget (HB 1-A). Key provisions include:

1. authorizing the state employees' pay raise;
2. strengthening the authority of the division of information technology management as overseer of the state's computerization program;
3. extending the telephone tax to pay telephone calls;
4. providing for a "tax amnesty" to raise additional revenue;
5. funding the state's share of the October 1996 federal disaster assistance grant;
6. backing up any shortfalls in projected revenues from contracted third-party reimbursement efforts through utilization of the Health Care Transition Fund (HCTF);
7. funding Health and Human Services Department computer needs from the HCTF (\$19.8 million in federal funds; \$14.8 million in HCTF funds);
8. bringing all classified state employees under a single employee bargaining committee;
9. allocating the kindergarten bonding authority among various fiscal years;
10. implementing a personnel hiring delay program to save \$3.5 million over the next biennium;
11. increasing the tobacco tax by an additional 12 cents (new rate: 37 cents) (HB 564);
12. changing the law relating to political committees (HB 430 was not agreed to in conference committee; a subsequent agreement was reached and is contained in HB 2); and
13. implementing a new tax structure for horse and dog racing, as a result of which the tracks get a \$ 3 million tax break, with most of the break going to the dogs (SB 216).

The conference committee report on this bill needs to be read - carefully.

Rep. Neal M. Kurk

HB 25, making appropriations for capital improvements and establishing a committee to study federal buildings and patients needs relative to the veterans' home.

HB 25 is the capital budget, representing the state's capital improvement program for the upcoming biennium and after the usual give and take common to the committee of conference exercise. The conferees were able to reach accord on a plan to take care of the most pressing capital improvements throughout the State.

Major General Fund items include: The Dept. of Administrative Services \$7.9 million for a number of much needed repairs and life safety issues throughout a number of state buildings and a new Dover/Durham/Somersworth district court facility; \$4.52 million to the community technical college system for much needed renovations and upgrades; \$12 million to Dept. of Environmental Services for revolving loan funds and computer system; Dept. of Health & Human Services will receive \$11.6 million for various repairs and renovations, a new building at Glencliff Home for the Elderly and money for new equipment at the Public Health lab. The Liquor Commission funding is tabbed at \$3 million, the majority of which is earmarked for the purchase of new "point of sale" cash registers. The big ticket item in the \$2 million Port Authority appropriation is \$1.7 million for maintenance dredging at Hampton/Seabrook Harbor. Dept. of Resources & Economic Development will receive some \$965,000 for a variety of park improvement projects and the Dept. of Safety will see \$1.9 million spent for a new microwave (not oven) system upgrade. The staff at the Supreme Court Building will finally receive new quarters with the \$1.5 million appropriated for a new building and the abandoned railroad and airport acquisition fund will receive a \$2 million transfusion.

One tone set by this capital budget is the start of a trend focusing on repairs and renovations of our existing facilities, some of which have fallen into

an unacceptable level of neglect. The Dept. of Administrative Services, in particular, has received more money and more flexibility in order to get us on the "catch-up" path.

As is always the case, HB 25 does not do everything for everyone or make both sides 100 percent satisfied, but in the spirit of cooperation a mutually satisfactory accord was struck providing an acceptable level of funding and still accomplishing the majority of the most urgent needs of the state.

Rep. Gene G. Chandler

HB 50, increasing aid for kindergarten programs, and establishing a program for the construction of public kindergarten facilities and making an appropriation therefor.

The committee of conference on HB 50 met for 4 days to craft an agreement on a kindergarten proposal that best represents both the House and Senate plans.

The conference report stipulates that \$750 per eligible kindergarten pupil will be paid to school districts that provide and maintain a public kindergarten program, to school districts that contract with other established public kindergarten programs and to school districts that contract with private kindergarten programs to establish approved alternative kindergarten programs. This is an increase from the current law which provides \$500 per pupil.

The conference report establishes eligibility criteria for all kindergarten programs and requires kindergarten programs to meet New Hampshire minimum standards for the approval of schools. An exception to the requirement for minimum standards has been carved out for approved alternative kindergarten programs established by school districts that develop and maintain district kindergarten standards. Local plans for alternative kindergarten programs shall be submitted to the Department of Education for review, not approval. Such local plans shall include such things as a description of the program, an explanation of how the program meets eligibility criteria and minimum standards, a list of the facilities to be utilized, and procedures for coordinating the curriculum with elementary school programs in the district and methods of transporting the students. The language in the conference report and current law do not mandate district provide transportation.

A Kindergarten Construction Program is established to provide grants available to districts without kindergarten in the amount of 75 percent of actual cost of kindergarten facilities, exclusive of land acquisition and core facilities. Grants in the amount of 75 percent are also available to districts with kindergarten programs that need new or renovated kindergarten classrooms. The treasurer is authorized to borrow up to \$22,500,000 over a 5 year period for the purpose of the grant program. The grants are capped at \$6,000,000 for the biennium ending June 30, 1999, at \$5,000,000 for the fiscal ending June 30, 2000, at \$5,000,000 for the fiscal year ending June 30, 2001, and at \$6,500,000 for the fiscal year ending June 30, 2002. The kindergarten construction program replaces the kindergarten building incentive provision in current law.

The report also provides that catastrophic aid shall be fully funded. Additionally the sum of \$10,000,000 each year in the biennium ending June 30, 1999 is appropriated for state aid to education (Augenblick) and the sum of \$1,700,000 is appropriated for postsecondary tuition incentive grants.

Rep. Donnalee Lozeau

HB 723, establishing a New Hampshire health access corporation, continually appropriating a special fund, and allowing the healthy kids corporation to cover adults.

At the request of the Senate, an attempt to find agreement failed. Newly appointed Senate conferees were unable to concur with the House conferees but left with the hope that a new bill to cover uninsured adults would be forthcoming.

NOTICE

The 1997 hard-cover permanent House Journal soon will be sent for typesetting and printing. Orders have to be placed in the House Clerk's office by September 19. Distribution is expected to be in early January of 1998.

Upon request, House and Senate members, as well as heads of state agencies are each entitled to one copy at no cost.

Additional copies plus all copies for non-legislators or non-state agencies will cost approximately \$45 each, plus mailing costs if there are any. If you are a member of the general public or if you are ordering multiple copies, please DO NOT send your money now. You will be billed.

In recent years, printing costs have continued to rise. Once again, an effort is being made to cut waste. The number to be printed will be determined by the number of orders placed. Please do not order a journal if you have no intention of claiming it.

Please clip this form and return it in person or via mail to:

House Clerk's Office, Room 317 - State House, Concord, NH 03301
