HOUSE RECORD

First Year of the 155th Session of the General Court
Calendar and Journal of the 1997 Session

Vol. 19 Concord N.H. Friday, October 3, 1997 No. 89

Contains: Hearings, Notices, Work Sessions and Unsigned Sponsor List

HOUSE CALENDAR NOTICE

MEMBERS OF THE HOUSE:

Thanks to everyone for your cooperation in getting your bills filed in a timely manner. There were 623 LSR's filed by House members. Along with the 175 re-referred bills from 1997, it appears we will have as many bills to consider in 1998 as we did in 1996.

If you have not yet taken advantage of the direct deposit option for your mileage checks, please consider contacting Carol Dunning, Director of Member Services, in the Speaker's Office. Our State Treasurer, Georgie Thomas, tells me that this convenience for us also saves the state about \$6 of the \$10 cost of issuing *each* check. Let's pitch in and save this unnecessary expense.

Donna Sytek, Speaker

MEMBERS' NOTICES

The following notices are published in the House record as a courtesy to the member(s) requesting publication. These are not official public notices and will be limited to legislative policy or social activities and political meetings or events. Publication should not be construed as support for either the events listed or the view espoused by the individual or organization sponsoring the event.

The NH Council on Applied Technology and Innovation invites all House members to an afternoon seminar on the latest telecommunication development statewide. It will take place at 12:30 p.m. on Monday, October 6 in Rooms 302-304, LOB. We believe everyone will be interested in this presentation by Frank Windsor of the NHPTV Knowledge Network. It will cover three subjects: NHnet, WINGS and Integrated Community Networks (ICN). The NHnet project will feature a public/private partnership to integrate existing networks into a very high-speed, wide-area Intranet, and will demonstrate specific applications in education, commerce, state and local government, and health care using such technologies as cable, microwave, fibers and direct broadcast satellite. The WINGS project aims to assess telecom needs of local governments, public safety, libraries, schools and health care providers, help build partnerships and develop a statewide interactive network. ICN is a telecom network which supports economic development by involving schools, colleges, hospitals, businesses and governments. We believe attendees will consider this look ahead at future electronic capabilities to have been time well spent.

Rep. Naida L. Kaen

An organizational meeting for legislators interested in forming the Bipartisan Legislative Caucus for Young Children will be held Thursday, October 9 from 1:30 to 3:00 p.m. in Room 202, LOB.
