

State of New Hampshire HOUSE RECORD

Second Year of the 155th Session of the General Court Calendar and Journal of the 1998 Session

Vol. 20 Concord N.H. Friday, May 1, 1998 No. 39

Contains: Hearings, Notices and Work Sessions, Reports and Amendments for May 7

HOUSE CALENDAR

NOTICE

MEMBERS OF THE HOUSE:

The House will meet on Thursday, May 7th at 10:00 a.m. Future sessions are tentatively scheduled for May 14, 20, and 21.

Because many bills have been received later than anticipated, it is unlikely that we can meet the current schedule. At the upcoming session we anticipate that there will be a motion to amend the provisions of House Rule 64 relative to deadlines for conference committees.

Speaker of the US House, Newt Gingrich, will address the House and Senate in Joint Convention on May 7.

Donna Sytek, Speaker

NOTICE

There will be a Chairmen and Vice Chairmen's meeting Tuesday, May 5th at 9:00 a.m. in Room 201, LOB.

Donna Sytek, Speaker

NOTICE

There will be a Republican Caucus on Thursday, May 7th at 9:30 in Representatives Hall.

Rep. Robert Wheeler, Majority Leader

NOTICE

There will be a Democratic Caucus on Thursday, May 7 at 9:15 a.m. in Rooms 305-307 of the Legislative Office Building.

Rep. Peter Hoe Burling, Democratic Leader

Parliamentary Points to Ponder

When a bill has been amended in the second house and passed with amendment, it is returned by that house to the house of its origin with a message stating the facts and requesting the house where the bill originated to concur in the amendment.

Mason's Legislative Manual

Section 766 Paragraph 1

When House bills are amended by the Senate, they are returned to the House to see if we agree with their amendment. The practice has been for the committee chairman to consult with the committee and make a recommendation to the House in the form of a motion to concur, to non-concur, or to non-concur and request a committee of conference to sort out our differences. When the motion is to concur or non-concur (each of which is a final action) I will be requesting that the chairman provide a brief explanation either orally or in written form so that members may cast a more informed vote.

House Continuing Education

TOPIC: Electric Utility Restructuring

PRESENTERS: Representative Jeb Bradley, Chairman

Representative Cliff Below, Senior Democratic Member

Science, Technology and Energy Committee

DATE: Thursday, May 7

TIME: Noon or whenever the House breaks for lunch

PLACE: Room 100, State House

No one expected deregulation of the last major monopoly to be easy, but it has proved more difficult than even the pessimists forecast. Secret mediations, negotiations, offer and counter-offers, Public Utility Commission orders, Federal court injunctions have all delayed the process. Our two speakers have been deeply involved throughout and can separate the wheat from the chaff.

CONSENT CALENDAR

CRIMINAL JUSTICE AND PUBLIC SAFETY

SB 465-FN, relative to the disposition of firearms which are voluntarily surrendered to the state. OUGHT TO PASS WITH AMENDMENT

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill amends RSA 159:25 by eliminating state agencies from the "voluntary surrender and destroy" firearms programs. Testimony indicated that only 3 or 4 firearms were surrendered to the state police in 1997. This is not a big problem. For those people who want their firearms destroyed, they can turn them in to their local police departments who do have the authority to destroy them. The committee also amended RSA 159:6-c, Appeal from Denial, Suspension, or Revocation of a Pistol Permit. Presently, if a permit is denied, suspended or revoked, a person may appeal the action to the district court within 30 days and after a hearing the court must issue its decision within 14 days. To this part of the statute, we added that "the burden shall be on the issuing authority to demonstrate by clear and convincing proof why any denial, suspension, or revocation was justified." Failure to do this will result in a court order to issue or reinstate the petitioners pistol permit. Vote 13-0.

EDUCATION

SB 448, establishing a committee to study joint maintenance agreements in school districts. OUGHT TO PASS

Rep. Susan B. Durham for Education: Joint maintenance agreements have not been used in the last 40 years. However, due to the interest shown by Barnstead and Pittsfield in this option in the last year, this is a good time to study such agreements. Implications of this option on cooperative school districts should be reviewed for such issues as governance, collective bargaining, and apportionment of costs. Vote 15-1.

ENVIRONMENT AND AGRICULTURE

SB 402, extending the reporting date for the pet overpopulation committee. OUGHT TO PASS WITH AMENDMENT

Rep. William R. Phinney for Environment and Agriculture: This bill codifies the present pet overpopulation committee. It is changed from an appointed committee to a permanent committee with staggered terms of appointments and the committee becomes a permanent part of RSA 437:A. The committee is required to submit an annual report and include the House Environment and Agriculture Committee. Vote 13-0.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 1680-FN-A-L, relative to administration of retiree's health benefits by the New Hampshire retirement system and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will increase the number of unclassified positions at the New Hampshire retirement system. These two positions will process the paper work necessary for retirees who have health insurance with deductions from their annuity checks. The system is mandated by law to do this for the various political subdivisions and does this for retired state employees. The work load has increased tremendously since the system first started this function. The cost of these employees will be met through the administrative account. Vote 15-0.

SB 322, repealing the prospective repeal relative to an exemption for certain rules regarding the radiological health program from drafting and numbering requirements of the rulemaking process. OUGHT TO PASS

Rep. Robert E. Murphy for Executive Departments and Administration: In 1995, it was determined that in order to ensure compatibility between state and federal regulatory criteria for radioactive materials and timely licensing of the same for use by academic institutions, businesses, and industries, the rules of the division of public health services should be exempted from the drafting and numbering requirements of RSA 541-A. This was accomplished by the enactment of RSA 541-A:21 IV in 1994. Again, this section was repealed to be effective July 1, 1999 by SB 74, Chapter 179:3, Laws of 1995. This bill would re-instate the original exemption of the requirement for drafting and numbering of RSA 541-A at the request of the agency. Vote 14-0.

SB 352, relative to continuing education requirements for electrologists. OUGHT TO PASS WITH AMENDMENT

Rep. Mary Stuart Gile for Executive Departments and Administration: This bill addresses continuing education requirements

for the renewal of licenses to practice electrology. The amendment requires applicants to complete continuing education hours related to the practice of electrology during the two years prior to application for renewal and specifies that half of such continuing education be in live courses. Vote 17-0.

SB 364, establishing a committee to study the feasibility and advisability of consolidating building trades under a single licensing board. OUGHT TO PASS

Rep. Miriam D. Dunn for Executive Departments and Administration: It is most timely that this study committee be created to resolve inefficiencies and confusion for the public now present in multiple boards and multiple trades in the building industry. The feasibility of consolidating these trades should be considered, including consultation with the list of ten "non-voting" members stated in the bill. Vote 15-0.

SB 504-FN, relative to members of predecessor systems of the New Hampshire retirement system. OUGHT TO PASS WITH AMENDMENT

Rep. Merton S. Dyer for Executive Departments and Administration: There is one individual remaining in the predecessor systems to the New Hampshire retirement systems. This individual would now like to join the New Hampshire retirement system. This bill will allow this to occur with the payment of any accrued liability by the individual involved. There will be no cost to the state or political subdivisions involved. Vote 14-0.

FINANCE

HB 1672-FN-A-L, replacing the business profits tax and the business enterprise tax with a reform business tax and establishing a committee to recommend a rate for the reform business tax. REFER FOR INTERIM STUDY

Rep. Kenneth L. Weyler for Finance: This bill proposes to replace the business profits tax and business enterprise tax with a single tax. The sponsor was the only one who spoke in favor; one other spoke against. The sponsor admits the bill is a work in progress and requests further study. The Committee felt it was time to examine the dynamic of the two taxes. Vote 20-2.

SB 405-FN, relative to a specific time period by which the state is required to have an audited financial statement available to the public. OUGHT TO PASS WITH AMENDMENT

Rep. Robert G. Holbrook for Finance: In the interests of good open government, the annual audit of the state's finances should be in a regular timely basis which this bill will require with an exception if a good cause of extension is approved by the Fiscal Committee. Vote 19-1.

HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

SB 360, establishing a child and family resource group to study and make recommendations concerning the development and coordination of wellness and primary prevention programs. OUGHT TO PASS

Rep. Barbara C. French for Health, Human Services and Elderly Affairs: This bill establishes a child and family resource group to study and make recommendations concerning the development and coordination of wellness and primary prevention programs. The intent of this bill is to provide input necessary to implement this program. Vote 13-0.

SB 383, establishing a committee to study the use of telemedicine. OUGHT TO PASS WITH AMENDMENT

Rep. Michael Morello for Health, Human Services and Elderly Affairs: The use of telemedicine has great potential for the medical field. There was no opposition to the passage of this bill. It is an extension of current practice through use of new technology. However, further study of this technology is recommended. There are questions on establishing guidelines and/or licensing, questions on quality of care, liability and privacy. Vote 13-0.

SB 473-FN, relative to child day care providers. OUGHT TO PASS

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: This bill is the result of the study committee on SB 103, Chapter 64, Laws of 1997. It requires licensed providers to carry insurance or to disclose to parents that they are uninsured. It requires unlicensed providers who receive compensation from the state to register with health and human services and to provide a list of those in contact with children so that criminal checks can be made and corrective action taken, if needed. It further requires the commissioner to make certain changes in certification and safety requirements. Vote 13-0.

JUDICIARY AND FAMILY LAW

SB 385, requiring the clerks of the superior courts to notify the appropriate regulatory board when a health care provider is convicted of a felony. **OUGHT TO PASS**

Rep. Sandra B. Keans for Judiciary and Family Law: This is a consumer oriented bill. It provides that any licensed practitioner who is convicted of a felony will have his or her name forwarded to the appropriate regulatory board to be placed on file. It would still be the client's responsibility to call the appropriate board to get any information on that practitioner. Vote 14-0.

SB 392, relative to requirements for law enforcement personnel who conduct interviews of minors. **OUGHT TO PASS WITH AMENDMENT**

Rep. Wayne T. Moynihan for Judiciary and Family Law: This bill modifies sections of RSA 169-C, the statute that establishes the civil process associated with the protection of children from abuse and neglect through the District court and DHHS/DCYF. Existing language in RSA 169-C:38 IV and V allows that, under certain circumstances, police or DCYF officials may interview a child "without the consent or notification of the parent or parents," and that in such cases "every effort" would be made to video-tape or record the interview. Significant evidence was presented to the committee establishing that under the existing language some interviews with children are only partially recorded; that video taping of such interviews is more possible today; that video taping is a more desirable public policy; and that complete taping or recording should be accomplished in all cases, regardless of whether the parents have or have not consented to the interview. The bill as amended corrects the problems that were demonstrated. Vote 15-1.

SB 394, providing for revocation of wills by divorce. **OUGHT TO PASS**

Rep. Wayne T. Moynihan for Judiciary and Family Law: This bill modifies RSA 551:13 on the "revocation of wills" by providing that, after a divorce of a married couple by a decree of the Superior Court, those portions of the parties' last will and testament that had been signed prior to the divorce and that left property to the former spouse are automatically revoked by law. If former spouses still wish to benefit the other former spouse by will, they may do so by signing a new will after the divorce. If a couple is legally separated, but not divorced, the revocation does not occur. If a divorced couple subsequently remarries, the terms of the will, if never changed, are revived. The majority concluded that, since the divorce process results in a just and generally equitable distribution of a married couple's real and personal property, it is good public policy to prevent the unintended windfalls that have and could again benefit a former spouse because a person neglected to promptly change their will after a divorce. The bill came to the House with the full support of the Senate Judiciary Committee. It was also endorsed by the ad hoc Probate/Trust Committee organized by the probate court. Vote 10-6.

SB 395, enacting certain provisions of the prudent investor act. **OUGHT TO PASS**

Rep. Marjorie K. Smith for Judiciary and Family Law: This bill updates trust investment law in recognition of the alterations that have occurred in investment practice. It provides more comprehensive guidelines for trustee conduct and provides those charged with oversight of such trustees with standards against which to measure the trustee's conduct. Vote 14-0.

SB 438, exercising the authority of the state of New Hampshire to elect out of the federal Volunteer Protection Act of 1997. **OUGHT TO PASS**

Rep. Marjorie K. Smith for Judiciary and Family Law: The federal statute permits a state to opt out of the Federal Volunteer Protection Act for those civil actions "in a state court against a volunteer in which all parties are citizens of the state". Existing New Hampshire law provides some protection from liability for non-economic loss, a protection which does not exist in federal law. The majority of the committee chooses to continue this protection. For cases that would be subject to the jurisdiction of the federal courts, the federal statute would govern. Vote 9-4.

SB 446, relative to estate planning by a guardian. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sandra B. Keans for Judiciary and Family Law: This bill applies only to estate planning for guardianships of adults under RSA 464:A (incompetency) with the consent of the probate court. This would allow guardians of those individuals to plan for avoidance of federal taxes and future medical needs just as competent individuals now do with estate planning. Vote 15-0.

SB 498, clarifying the definition of "right of custody" with respect to the crime of interference with custody. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sandra B. Keans for Judiciary and Family Law: This bill deals with interference of custody and makes it a felony if the non-physical custody parent knowingly takes the child from the state. The bill is to clear up any misunderstanding in the way courts interpret whether a non-physical custody parent must adhere to the visitation stipulations. Vote 15-0.

SB 502-FN, allowing federal judges to perform marriages after obtaining a special license. OUGHT TO PASS WITH AMENDMENT

Rep. Peter F. Bergin for Judiciary and Family Law: Currently, a federal judge or federal magistrate cannot perform a marriage in the state of New Hampshire. This bill would extend a courtesy to any federal judge or magistrate to perform a marriage in the state of New Hampshire after obtaining a special license and paying a nominal fee. Vote 11-4.

MUNICIPAL AND COUNTY GOVERNMENT

SB 441-FN-L, relative to the authority of and protections for fire chiefs. OUGHT TO PASS

Rep. Robert W. Brundige for Municipal and County Government: This bill grants authority to appointed fire chiefs, chief fireward or engineer to direct and control department employees. Further, in the event of suspension or dismissal, it provides for a hearing on the merits and reasonableness of the action in superior court in the county in which the municipality is located. These powers are identical to those granted to police chiefs under RSA 105:2A. Vote 14-0.

RESOURCES, RECREATION AND DEVELOPMENT

SB 493, establishing a commission to determine the feasibility of a new public-private partnership to conserve New Hampshire's priority natural, cultural, and historical resources. OUGHT TO PASS WITH AMENDMENT

Rep. Rudolf A. Adler for Resources, Recreation and Development: This bill establishes a 19 member commission to determine the feasibility of a new public-private partnership to conserve New Hampshire's priority natural, cultural, and historical resources. A preliminary report will be due by November 30, 1998 with a final report, if necessary , due by November 30, 1999. Vote 13-0.

THURSDAY, MAY 7

REGULAR CALENDAR

EDUCATION

SB 321-FN-L, relative to creating a joint maintenance high school in certain towns. OUGHT TO PASS WITH AMENDMENT

Rep. Marie N. Rabideau for Education: This bill, as amended, provides that if any combination of the towns of Barnstead, Gilmanton, and Pittsfield enter into a joint maintenance agreement (JMA), they will be considered a single cooperative school district for the purpose of obtaining building aid. The provision in statute enabling the formation of a JMA has not been used in almost 100 years. Perhaps this is why this type of joint venture has not been addressed relative to building aid, until now, when other types of agreements (i.e. Authorized Regional Enrollment Area [AREA's] or co-ops) do not meet their needs. (SB 448, an act establishing a committee to study JMA's is also offered to this body for consideration.) The committee felt that the long standing school building issues and needs in these towns are well served by passing this bill as amended. Vote 14-2.

SB 451-FN-L, relative to the accessibility of pupil assessment materials and the anonymity of pupil assessment results. OUGHT TO PASS WITH AMENDMENT

Rep. Charles B. Yeaton for Education: This bill puts into statute what is currently being carried out by the state department of education permitting a parent to review test materials after the test has been administered. The amendment requires that the department of education formalize these procedures through the adoption of rules. Vote 15-0.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

SB 505-FN, eliminating the separate fee for licensed master plumbers who are the sole shareholders of a plumbing corporation.

OUGHT TO PASS

Rep. Robert K. Dodge for Executive Departments and Administration: The majority of the committee felt that sole proprietors should not be required to obtain a dual license if they choose to incorporate. Vote 8-6.

FINANCE

HB 1000-FN-L, relative to a 10-year transportation plan, authorizing construction on the Spaulding Turnpike, and relative to the radio system upgrade for the department of transportation. OUGHT TO PASS WITH AMENDMENT

Rep. Robert G. Holbrook for Finance: The Finance Committee applauds the work of the Public Works and Highways Committee in drafting the 10-year transportation plan and added an amendment to raise the bond limit to \$586,050,000 as needed by this bill and added the appropriation clause for up-grading the Department of Transportation radio system. Vote 22-0.

HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

SB 210-FN, relative to an exemption from licensing for day care in private homes. OUGHT TO PASS

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: This bill exempts from licensure those who provide child care in a private home for their own children or those of relatives. Vote 11-2.

JUDICIARY AND FAMILY LAW

SB 422-FN, establishing a study committee on the procedures for and affordability of open access to judicial records. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Sandra B. Keans for the Majority of Judiciary and Family Law: The committee believes the scope of this bill is not focused enough. 99% of court records are currently open to the public. We recognize it is not inexpensive to get transcripts. However, the protections gained by requiring court proceedings to be done by a specialized court stenographer, while expensive, are important for all parties. There is a technical flaw in the bill in that the court modernization funds referred to are set to lapse on July 1. Lately, many members believed that a true study of this important topic should not be scheduled in the second year of the session when some members would not be returning and others members would have their time filled with campaigning. Vote 12-1.

Rep. David A. Bickford for the Minority of Judiciary and Family Law: Many members of the public feel the high cost of court records forces them to give up possible evidence; therefore feeling justice is unaffordable. Even a representative of the court acknowledged the problem. This bill was voted unanimous in the Senate and had no opposition in committee.

SB 487, relative to the general powers and duties of a guardian over the estate of the minor. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Marjorie K. Smith for the Majority of Judiciary and Family Law: This bill is the result of a 1996 probate study committee. It applies in those situations where there is no will and therefore where the parents had not indicated their intentions. Under current law a guardian would necessarily be appointed to protect the minor and the minor's assets. This bill would give the guardian, with court authorization, the power to create and fund a trust for the benefit of the minor. The trust could terminate at some time after the termination of the guardianship but no later than the 25th birthday of the minor. The majority concluded that this flexible approach best balanced the possible competing forces of independence and responsibility. Vote 12-3.

Rep. Benjamin F. DePecol for the Minority Judiciary and Family Law: The minority of the committee believe that this is big government at its worst. This bill would allow the courts and guardians to deny a person, (who may be qualified to go to war or serve on a jury) access and discretion over funds properly left to that person until the courts or guardian decide that the person is qualified to control those funds. The court and/or guardian can deny this access and discretion until the person reaches the age of 25.

RESOURCES, RECREATION AND DEVELOPMENT

SB 374, relative to large water withdrawals and relative to exemptions from local planning and zoning requirements for public

utilities. OUGHT TO PASS

Rep. Martin Feuerstein for Resources, Recreation and Development: New groundwater withdrawals amounting to 57,600 gallons (40 gallons per minute) or more in 24 hours from a well will have to give written notice to the municipalities of contribution. Department of Environmental Services is to adopt rules regarding these withdrawals. Public water utilities are exempt from local planning and zoning requirements. This will give towns a voice in new water withdrawals. Individual private wells are not affected by this legislation. Vote 9-4.

SCIENCE, TECHNOLOGY AND ENERGY

SB 341, relative to the decommissioning finance committee. OUGHT TO PASS WITH AMENDMENT

Rep. Jeb E. Bradley for Science, Technology and Energy: The committee, after two public hearings and several long full committee work sessions, recommends passage of this bill which amends Chapter 374-F, the electric utility restructuring statute. (1) The amendment urges consideration of negotiated settlements. (2) The amendment calls for the Public Utilities Commission (PUC) to create an option for New Hampshire residents and businesses who choose not to choose a competitive electricity supplier. Under the amendment, this option called transition service, would be available for customers for two to four years. Transition service would be procured through competitive means and would have stable and predictable ceiling prices that are consistent with the near term rate relief principle. Those prices would rise over time in order to encourage customers to choose competitive suppliers. However, during the two to four year transition period, customers electing to take this service would have known electricity prices while they learn about the unfolding market and can assess their needs and options realistically. (3) The amendment also would exempt any new electricity generation facility from being a public utility. This amendment is intended to create a favorable regulatory climate for New Hampshire as many new gas generating plants are being proposed in New England and not all will be built. The amendment also allows existing generation units to be exempt from public utility status once divestiture of assets occurs. The amendment retains the PUC's authority to regulate electric generation facilities for reliability and safety purposes Vote 16-0.

STATE FEDERAL RELATIONS AND VETERANS AFFAIRS

SB 313, requiring compliance with the Military Selective Service Act as a condition to receiving certain state education and employment benefits. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Dennis Fields for the Majority of State-Federal Relations and Veterans Affairs: This bill requires registration with the Selective Service Act in order to receive certain state education and employment benefits. Those students or individuals who do not register shall not be eligible to enroll in or to receive loans, grants or scholarships or other financial assistance at a state supported institution of post secondary or higher education. Currently, applicants for federal scholarships or student loans can automatically be registered when they submit their applications for financial aid by checking a "yes" box on the application. Federal law requires that an applicant for federal scholarships, grants or employment register before receiving such assistance or employment. The language of the bill follows a national model and was reviewed by the New Hampshire Selective Service Board prior to being submitted as legislation. To date, 21 states have passed similar laws. The General Counsel for the University System submitted testimony in full support of this bill. The proposed language for the application has already been drafted. State officials have determined that the state's obligations under this law will be fulfilled with the inclusion of the question on the application. The committee amendment corrects a wording problem with legislation passed last year. This technical change is necessary to allow continued payment of the Gulf War Veteran's bonus. Vote 9-5.

Rep. John M. Pratt for the Minority of State-Federal Relations and Veterans Affairs: The minority retains the Persian Gulf War bonus payments while stripping the Selective Service provisions from the bill. Four quick reasons for doing so: (1) No second chance: Once it had been discovered that a young man, who had been hired by the State or by any Town or City or by any school district, had failed to register for the draft, he would have to be fired immediately and NEVER EVER for the rest of his life be eligible to hold a State or local government job, or hold State or local office, or enroll (even at his own expense) in a state-supported institution of post secondary or higher education. Too Draconian. (2) Since the bill only applies to males, and the harsh punishments required under it will only affect males, it is clearly gender-based legislation. Too sexist. (3) Guess how much it will cost the State, the Towns, the Cities and all the school districts to "assure themselves" (Whatever that means??) that all applicants for employment or enrollment or financial aid are really registered for the draft???? Too expensive if done correctly. (4) The Selective Service Act is federal legislation. Why should we stick our noses into the Congress's Business? Let them determine the compliance requirements for their own laws. Too unnecessary.

AMENDMENT CALENDAR
(LISTED IN NUMERICAL ORDER)

1998-1496h

Amendment to HB 1000-FN-LOCAL

Proposed by the Committee on Finance

Amend the bill by replacing all after section 3 with the following:

4 Revenue Bonds. Amend RSA 237-A:2 to read as follows:

237-A:2 Issuance of Revenue Bonds. The state may issue bonds under this chapter to be known as "turnpike system revenue bonds." The bonds may be issued from time to time for the purpose of financing the project costs of construction of any turnpike or of paying or refunding any bonds issued pursuant to RSA 237 or interest thereon. Any such bonds issued to pay or refund bonds issued pursuant to RSA 237 or interest thereon may be issued in sufficient amount to cover items described in RSA 237-A:7. Bonds issued hereunder shall be special obligations of the state and the principal of, premium, if any, and interest on all bonds shall be payable solely from the particular funds provided therefor under this chapter. The bonds shall be issued by the treasurer in such amounts as the governor and council shall determine, not exceeding in the aggregate [~~\$550,000,000~~ **\$586,050,000**]. Bonds of each issue shall be dated, shall bear interest at such rate or rates, including rates variable from time to time as determined by such index, banker's loan rate or other method as may be determined by the treasurer, and shall mature at such time or times as may be determined by the treasurer, except that no bond shall mature more than 40 years from the date of its issue. Bonds may be made redeemable before maturity either at the option of the state or at the option of the holder, or on the occurrence of specified events, at such price or prices and under such terms and conditions as may be fixed by the treasurer prior to the issue of bonds. The treasurer shall determine the form and details of bonds. Subject to RSA 93-A, the bonds shall be signed by the treasurer and countersigned by the governor. The bonds may be sold in such manner, either at public or private sale, for such price, at such rate or rates of interest, or at such discount in lieu of interest, as the treasurer may determine.

5 Appropriation. In addition to any other funds appropriated to the department of transportation, there is hereby appropriated to the department the sum of \$311,600 for the biennium ending June 30, 1999, for the purposes of the radio system upgrade-statewide in 1995, 309:4, I, A as amended by 1997, 349:34, XXXVI. This appropriation shall be a charge against the turnpike fund.

6 Effective Date.

- I. Section 5 of this act shall take effect upon its passage.
- II. The remainder of this act shall take effect 60 days after its passage.

1998-1403h

Amendment to SB 341

Proposed by the Committee on Science, Technology and Energy - R

Amend the title of the bill by replacing it with the following:

AN ACT relative to the implementation of electric utility restructuring.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The general court finds that:

I. Circumstances beyond the control of the public utilities commission may delay implementation of electric utility restructuring and customer choice beyond July 1, 1998. Further delay will harm the state's economy and cause a continued burden on the state's citizens, commerce, and industry.

II. Delays resulting from court orders have heightened the need to consider negotiated settlements to expedite restructuring, near term rate relief for customers, and customer choice.

III. The distinction between transition service and default service needs to be clarified.

IV. There should be a transition service procured through competitive means. The commission should ensure that the terms of transition service accomplish the principle of near term rate relief while taking into account the need for developing customer choice.

V. Procuring transition service through competitive means in RSA 374-F:3, V, as amended by this act, includes, but is not limited to:

- (a) The option of establishing a ceiling price for transition service, separate from or in conjunction with the competitive sale of electric-utility-owned or affiliate-owned generation assets, entitlements, and power purchase contracts, whereby such ceiling pricing constitutes a fixed rate or price path, that rises over time; and
- (b) The option of having transition service supplied by the current owner of such generation assets while the sale is pending and by the purchaser of such generation assets after the sale is closed, for the duration of the term that transition service is available.

2 New Section; Public Utilities; Definition of Terms; Utilities Exempted; Electric Generation Companies, When Public Utilities. Amend RSA 362 by inserting after section 4-b the following new section:

362:4-c Electric Generation Companies, When Public Utilities.

I. The term "public utility" shall not include any corporation, company, association, limited liability company, joint stock association, partnership or person, their lessees, trustees or receivers appointed by any court, solely by virtue of owning, operating, or managing any plant or equipment or any part of the same which has received a certificate of site and facility as an energy facility or as a bulk power supply facility pursuant to RSA 162-H after July 1, 1998, or are sold after July 1, 1998, for the generation or sale of electricity or for transmission of electricity from such a plant to an interconnection with the transmission grid. General or facility-specific safety and reliability standards established by the commission for electric generation facilities shall also apply to those facilities exempted from public utility regulation under this paragraph.

II. Any entity exempted by this section may seek public utility status from the commission if it so chooses.

3 New Paragraph; Public Utilities; Electric Utility Restructuring; Definitions; Default Service Added. Amend RSA 374-F:2 by inserting after paragraph I the following new paragraph:

I-a. "Default service" means electricity supply that is available to retail customers who are otherwise without an electricity supplier and are ineligible for transition service.

4 New Paragraph; Public Utilities; Electric Utility Restructuring; Definitions; Transition Service Added. Amend RSA 374-F:2 by inserting after paragraph IV the following new paragraph:

V. "Transition service" means electricity supply that is available to existing retail customers prior to each customer's first choice of a competitive electricity supplier and to others, as deemed appropriate by the commission.

5 Public Utilities; Electric Utility Restructuring; Restructuring Policy Principles; Universal Service; Transition Service and Default Service. Amend RSA 374-F:3, V to read as follows:

V. Universal Service.

(a) Electric service is essential and should be available to all customers. A utility providing distribution services must have an obligation to connect all customers in its service territory to the distribution system. A restructured electric utility industry should provide adequate safeguards to assure universal service. Minimum residential customer service safeguards and protections should be maintained. Programs and mechanisms that enable residential customers with low incomes to manage and afford essential electricity requirements should be included as a part of industry restructuring.

(b) *As competitive markets emerge, customers should have the option of stable and predictable ceiling electricity prices through a reasonable transition period, consistent with the near term rate relief principle of RSA 374-F:3, XI. Upon the implementation of retail choice, transition service should be available for at least 2 but not more than 4 years after the start of competition, for customers who have not yet chosen a competitive electricity supplier. Transition service should be procured through competitive means and may be administered by independent third parties. The price of transition service should increase over time to encourage customers to choose a competitive electricity supplier during the transition period. Such transition service should be separate and distinct from default service.*

(c) *Default service should be designed to provide a temporary safety net and to assure universal access and system integrity. Default service should be procured through the competitive market and based on short-term market prices, and may be administered by independent third parties. The cost of administering default service should be borne by the customers of default service. If the commission determines it to be in the public interest, the commission may implement measures to discourage misuse, or long-term use, of default service. Revenues, if any, generated from such measures should be used to defray stranded costs.*

(d) *The commission should establish transition and default service appropriate to the particular circumstances of each jurisdictional utility.*

6 Public Utilities; Electric Utility Restructuring; Implementation; Date. RSA 374-F:4, I is repealed and reenacted to read as follows:

I. The commission is authorized to require the implementation of retail choice of electric suppliers for all customer classes of utilities providing retail electric service under its jurisdiction. The commission shall require such implementation at the earliest date determined to be in the public interest by the commission. However, in no event may the implementation be delayed beyond July 1, 1998 without legislative approval or a finding of public interest by the commission that delay is required due to events beyond the control of the commission. In addition, at the earliest practical date, the commission should make effective the unbundling of components of rates into at least distribution, transmission, and generation for each jurisdictional utility.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes electric utility restructuring policy principles for default service and transition service. This bill also provides that implementation of electric utility restructuring may be delayed by a finding of the public utilities commission that

delay is required due to events beyond the control of the commission.

1 New Subdivision; Pet Overpopulation Committee. Amend RSA 437-A by inserting after section 6 the following new subdivision:

Pet Overpopulation Committee

437-A:7 Committee Established; Membership.

I. There is hereby established a committee to study pet overpopulation in New Hampshire and its relationship to the spread of rabies and threat to the public health. The committee membership shall be as follows:

- (a) Two members of the house of representatives, appointed by the speaker of the house.
- (b) Two members of the senate, or their designees, appointed by the president of the senate.
- (c) The commissioner of agriculture, or designee.
- (d) The director of the division of public health services, or designee.
- (e) The executive director of the fish and game department, or designee.
- (f) A representative of the New Hampshire Veterinary Medical Association, appointed by such organization.
- (g) A representative of the New Hampshire Federation of Humane Organizations, appointed by such organization.
- (h) A representative of the New Hampshire Municipal Association, appointed by such organization.
- (i) A representative of the City and Town Clerks Association, appointed by such organization.
- (j) A representative of dog breeders, appointed by the governor.
- (k) A public member, appointed by the governor.
- (l) A representative of cat breeders, appointed by the governor.

II. The term of office for the members appointed pursuant to subparagraphs I(f) - (l) shall be 3 years; provided that the initial terms shall be as follows: the members in subparagraphs (f) and (h) shall serve for 3 years, the members in subparagraphs (g), (j), and (k) shall serve for 2 years, and the members in subparagraphs (i) and (l) shall serve for one year. The members in subparagraphs I(a) - (e) shall serve terms which are coterminous with their terms in office.

III. The members shall elect annually from among their number a chairperson. A member shall hold office until a successor has been appointed and qualified. The members shall serve without compensation; provided that the legislative members shall receive mileage at the legislative rate.

437-A:8 Duties. The primary duties of the committee shall be to study the economic, human, and public health impacts of cat and dog overpopulation in the state and the lack of compliance with dog licensing and rabies vaccination statutes. The committee shall make recommendations to reduce the number of stray and homeless cats and dogs in the state, to reduce the

number of healthy cats and dogs killed in animal shelters and to increase compliance with dog licensing and rabies vaccination statutes.

437-A:9 Report. The committee shall submit an annual report its findings and recommendations, including any proposed legislation, to the speaker of the house, the house environment and agriculture committee, the president of the senate, and the governor beginning on or before November 1, 1998.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill codifies the pet overpopulation committee and requires the committee to submit an annual report.

Amendment to SB 451-FN-LOCAL

Proposed by the Committee on Education - R

Amend the bill by replacing all after the enacting clause with the following:

1 New Sections; Accessibility of Assessment Materials; Anonymity of Results. Amend RSA193-C by inserting after section 9 the following new sections:

193-C:10 Accessibility of Assessment Materials. After the assessment results are released to the department, a pupil's parent or legal guardian shall have the right to inspect and review their child's assessment booklet and answer or response sheets. A parent or legal guardian shall direct their request for inspection or review to the department, and the department shall have no more than 45 days to comply with such request. The commissioner shall adopt rules, pursuant to RSA 541-A, to implement procedures for the review and inspection of assessment materials. These rules shall provide parents and legal guardians with the same rights accorded to them under the Family Educational and Privacy Rights Act, 20 U.S.C. 1232g.

193-C:11 Anonymity of Pupil Assessment Results; Parental Authorization Required. Individual pupil names or codes contained

in the statewide assessment results, scores, or other evaluative materials shall be deleted for the purposes of records maintenance and storage of such results or scores at the department of education, unless a parent or legal guardian provides written authorization otherwise, or as required under federal law. Individual pupil results shall be made available to a parent, a legal guardian, or the pupil's school in accordance with the Family Educational Rights and Privacy Act, 20 U.S.C. section 1232g.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill guarantees parents and legal guardians the right to inspect and review a pupil's assessment materials within 45 days of a request made to the department of education. The bill also provides that assessment results obtained from the statewide education assessment and improvement program stored at the department of education shall not include individual pupil names or codes.

Amendment to SB 465-FN

Proposed by the Committee on Criminal Justice and Public Safety - C

Amend the title of the bill by replacing it with the following:

AN ACT relative to the disposition of firearms which are voluntarily surrendered to the state and relative to appeals from a denial, suspension, or revocation of a license to carry a loaded pistol or revolver.

Amend the bill by replacing all after section 1 with the following:

2 Burden of Proof; Appeal From Denial, Suspension or Revocation. Amend RSA 159:6-c to read as follows:

159:6-c Appeal from Denial, Suspension, or Revocation. Any person whose application for a license to carry a loaded pistol or revolver has been denied pursuant to RSA 159:6 or whose license to carry a loaded pistol or revolver has been suspended or revoked pursuant to RSA 159:6-b may within 30 days thereafter, petition the district or municipal court in the jurisdiction in which such person resides to determine whether the petitioner is entitled to a license. The court shall conduct a hearing within 14 days after receipt of the petition ~~and~~. ***During this hearing the burden shall be upon the issuing authority to demonstrate by clear and convincing proof why any denial, suspension, or revocation was justified, failing which the court shall enter an order directing the issuing authority to grant, or reinstate, the petitioner's license. The court*** shall issue its decision not later than 14 days after the hearing on whether the petitioner is entitled to a license.

3 Effective Date.

I. Section 2 of this act shall take effect January 1, 1999.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill prohibits state agencies from operating a firearm "voluntary surrender and destroy" program. Firearms which are voluntarily surrendered to state agencies shall be sold at public auction or kept by the state agencies for their own use.

The bill also places the burden of proof in an appeals hearing on the issuing authority to demonstrate, by clear and convincing evidence, why a denial, suspension, or revocation of a license to carry a loaded pistol or revolver is justified.
