REGULAR CALENDAR

FINANCE

HB 1668-FN-A-L, establishing a personal income tax and a statewide school property tax to fund public education and making an appropriation therefor. REFER FOR INTERIM STUDY

Rep. David J. Alukonis for Finance: The information and data which the sponsors and other interested parties provided as part of the testimony on this proposal is both comprehensive and valuable. The committee believes it wise to continue consideration

of this bill in order to make more complete its understanding of this information as well as of the impacts and issues relevant to enactment of the proposal. Vote 13-6.

HB 1669-FN-A-L, adding a capital gains tax to the interest and dividends tax, and designating all revenues from the interest and dividends tax for funding education. INEXPEDIENT TO LEGISLATE

Rep. David J. Alukonis for Finance: This bill adds a capital gains tax to the interest and dividends tax and provides that all revenues from the interest and dividends tax be deposited to a fund dedicated for the purposes of public education. There was very little support for this sort of tax to be imposed upon the citizens of New Hampshire. Additionally, consideration of any tax increases in order to finance additional appropriations for public education should be made during the normal budget deliberations impacting the year for which the appropriations will be made. Vote 17-2.

HB 1670-FN-A-L, relative to a statewide school tax on income for purposes of funding a constitutionally adequate education and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Charles L. Vaughn for Finance: The Finance Committee had before it two income tax bills relative to funding for a constitutionally adequate education. The committee felt only one bill needed to be studied and believes HB 1668-FN-A-L to be the better vehicle. Vote 16-3.

HB 1671-FN-A-L, establishing a securities transfer excise tax to meet state obligations in funding education. INEXPEDIENT TO LEGISLATE

Rep. Avis B. Nichols for Finance: This bill establishes a securities excise tax to fund state education obligations. However, the tax can be easily avoided by locating or conducting transfers and sales out of state. The bill would also have a significant negative impact on the New Hampshire retirement system. Furthermore, the bill would discourage the expansion of the financial services industry in the state. For these reasons, the committee recommends the bill be voted inexpedient to legislate. Vote 19-0.

HB 1674-FN-A-L, establishing a proportional statewide property tax to provide equal per student funding for state-mandated education and funding for kindergarten and making an appropriation therefor. REFER FOR INTERIM STUDY

Rep. Avis B. Nichols for Finance: This bill establishes a proportional statewide property tax to provide funding for state-mandated education and funding for kindergarten. The committee felt the bill should be studied along with certain other proposals for funding education. Vote 14-5.

HB 1675-FN-A-L, establishing a referendum for a new taxation plan to fund public education. INEXPEDIENT TO LEGISLATE

Rep. David J. Alukonis for Finance: This bill would establish a procedure whereby the legislature may submit a question regarding the imposition of a statewide tax for funding education to the vote of the people by ballot. It would additionally allow the voters an opportunity to select an alternative tax plan to the tax designated by the legislature. In light of the Finance Committee's action on CACR 45 and numerous other Claremont-related bills, the committee feels that this proposal is not needed. Additionally, serious concerns were raised regarding the understandability and simplicity of the questions as they would be placed on the ballot. Vote 19-0.

HB 1676-FN-A-L, relative to collection by the state of local property taxes paid by business, industrial, and public utility properties and redistribution to municipalities for education purposes on a per pupil basis. INEXPEDIENT TO LEGISLATE

Rep. Charles L. Vaughn for Finance: This bill proposes that local property taxes owed by business, industrial and public utility properties be paid to the state and redistributed to municipalities on a per pupil basis to fund a constitutionally adequate education. The redistribution would require property tax increases on residential property owners in many communities and discourage business development. The committee believes both consequences are undesirable. Vote 19-0.

HB 1679-FN-A-L, relative to local property taxation and state aid to support public education. REFER FOR INTERIM STUDY

Rep. Charles L. Vaughn for Finance: This bill is a property tax-based funding plan to address the Supreme Court's decision in Claremont II. Its proponents have offered amendments and provided data that merit additional study. Vote 17-3.

HB 1681-FN-A, increasing the tobacco tax on all tobacco products and designating the increase in revenue for the advancing better classrooms program. INEXPEDIENT TO LEGISLATE

Rep. David J. Alukonis for Finance: This bill proposes to increase the rate of the tax on tobacco products in order to finance the

Governor's ABC plan. Given that, pursuant to passage of either HB 1075 or CACR 45, additional appropriations for education will not take place until at least fiscal year 2000, there is no need to raise additional revenues at this time. Consideration of any tax increases, as well as budget reductions, in order to finance additional appropriations for primary and secondary education should be considered during the normal budget cycle in the next session of the legislature. Vote 12-9.

CACR 44, relating to clarifying the phrase "proportional and reasonable" in the constitution. Providing that to the extent local property taxes are used to fund an adequate education, tax rates among different local taxing districts shall be proportional and reasonable if, utilizing real property valuations equalized throughout the state, the lowest tax rate utilized by any one local taxing district is not less than 50 percent of the highest tax rate utilized by any other local taxing district. INEXPEDIENT TO LEGISLATE

Rep. Charles L. Vaughn for Finance: The issues addressed by this CACR are interwoven with HB 1679 which has been recommended for interim study by the committee. The committee believes that separate study of this CACR is unnecessary. Vote 19-0.

COMMITTEE OF CONFERENCE

HB 1075-FN-A-L, defining a constitutionally adequate public education, providing additional funding for education aid and/or property tax relief and relative to teacher renomination and the application of teacher professional performance standards. (Reps. Lozeau, Kurk, Henderson and Knowles; Sens. Gordon, F. King and J. King)
