HOUSE CALENDAR

NOTICE

MEMBERS OF THE HOUSE:

I hope the long holiday weekend gave you time to recharge your batteries after a very difficult legislative session. I thank you for the courtesy and forbearance you demonstrated during the final, hot week of the session. Although our work is still incomplete, we can all benefit from some time away from Concord. Because so many members have requested some "down time," it is strongly suggested that there be no House meetings of any kind during July.

During the months of the legislative recess, study committees should schedule their meetings on Tuesdays, Wednesdays, or Thursdays only in order to best utilize staff resources. Please note that the calendar will be published on a bi-weekly basis through the summer so you will need to schedule notices accordingly. In order to conserve in-state travel funds, it would be helpful if members would limit the number of times they come to Concord by consolidating constituent, agency, and committee work.

The House stands in recess to the call of the chair, and no date has been set for our return. For planning purposes, however, I can tell you that we will not be in session in July or August. Enjoy the well-deserved rest.

Donna Sytek, Speaker

NOTICE

House Calendars will be published every two weeks during July and August. Members and staff who need to schedule meetings should make arrangements with the Clerk's Office for room availability/assignment and publication of meeting notices. Please note Calendar will close on Wednesdays.

THE STATE OF NEW HAMPSHIRE

SUPREME COURT

N O T I C E

No. 99-346, Request of the House for an Opinion of the Justices (Municipal Tax Exemptions for Electric Utility Personal Property)

The following request of the house for an opinion of the justices was adopted on June 9, 1999, and filed with the supreme court on June 10, 1999:

Whereas, there is presently pending before the House of Representatives HB 536, as amended by document number 1999-1063h, authorizing municipalities to exempt from the local property tax personal property employed in the generation and production of electric power; and

Whereas, section 2 of HB 536 as amended provides that the governing body of a town or city may make the determination to exempt from local property taxation so much of the equipment for the generation and production of electric power and for such a term of years as the governing body determines will attract new construction of

electric generation facilities, retain existing electric generation facilities, or foster economic development; and

Whereas, section 2 of HB 536 as amended further provides that the determination, including but not limited to the fair market value of the equipment exempted, the term of the exemption, any agreement for payment of taxes, and/or any agreement for payment in lieu of taxes, shall be subject to approval of the legislative body of the municipality; and

Whereas, legislation proposing new tax exemptions should be scrutinized to determine its constitutionality; now, therefore, be it

Resolved by the House of Representatives:

That the Justices of the Supreme Court be respectfully requested to give their opinion on the following questions of law:

1. Do the provisions of HB 536 as amended, which exempt from local property taxes so much of the equipment for the generation and production of electric power and for such a term of years as may be determined by the municipality, violate constitutional requirements of uniformity and equality governing the assessment and collection of property taxes and the constitutional prohibition against authorizing gifts to corporations organized for profit, as provided by part II, article 5 of the New Hampshire constitution?
2. Do the provisions of HB 536 as amended, which exempt from local property taxes so much of the equipment for the generation and production of electric power and for such a term of years as may be determined by the municipality, violate the constitutional provision that government is instituted for the common benefit, protection, and security, of the whole community, and not for the private interest or emolument of any one man, family, or class of men under part I, article 10 of the New Hampshire constitution?
3. Is the classification of taxable property provided for in HB 536 as amended based on a reasonable distinction which promotes a proper object of public welfare and does not require any taxpayer to pay more than his or her fair share of the tax burden as required by part I, article 12 of the New Hampshire constitution?

That the clerk of the House of Representatives transmit copies of this resolution and copies of HB 536, as amended by document number 1999-1063h, to the justices of the New Hampshire supreme court.

Typewritten memoranda on the questions presented by the request may be furnished by any attorney, legislator, organization, interested party or member of the public on or before **August 16, 1999**. An original and fifteen copies of any memorandum must be filed with the clerk's office.

Date: July 2, 1999

NOTICE

The 1999 hard-cover permanent House Journal soon will be sent for typesetting and printing. Orders have to be placed in the House Clerk's office by September 17. Distribution is expected to be in early January of 2000.

Upon request, House and Senate members, as well as heads of state agencies are each entitled to one copy at no cost.

Additional copies plus all copies for non-legislators or non-state agencies will cost approximately \$45 each, plus mailing costs if there are any. If you are a member of the general public or if you are ordering multiple copies, please DO NOT send your money now. You will be billed.

In recent years, printing costs have continued to rise. Once again, an effort is being made to cut waste. The number to be printed will be determined by the number of orders placed. Please do not order a journal if you have no intention of claiming it.

Please clip this form and return it in person or via mail to:
