HOUSE CALENDAR

NOTICE

MEMBERS OF THE HOUSE:

I am in the process of completing appointments to chaptered study committees which will be examining a broad range of important issues. Those I have already named are listed in this calendar. Additionally there are a record number of rereferred bills in the policy committees which need to be reported out by November 1. Meetings for all these studies should be scheduled on Tuesdays, Wednesdays, and Thursdays to best utilize staff resources.

Starting on Tuesday afternoon July 27 and continuing on Wednesday and Thursday next week, most committee rooms in the LOB will be in use for the New Hampshire Bar Exam. I know those taking the exam would appreciate our quiet hospitality during this grueling experience.

I hope you have been able to use this month to tend to personal business and to rest up after a trying session. Enjoy our outstanding New Hampshire summer.

Donna Sytek, Speaker

SUPREME COURT

N O T I C E

No. 99-346, Request of the House for an Opinion of the Justices (Municipal Tax Exemptions for Electric Utility Personal Property)

The following request of the house for an opinion of the justices was adopted on June 9, 1999, and filed with the supreme court on June 10, 1999:

Whereas, there is presently pending before the House of Representatives HB 536, as amended by document number 1999-1063h, authorizing municipalities to exempt from the local property tax personal property employed in the generation and production of electric power; and

Whereas, section 2 of HB 536 as amended provides that the governing body of a town or city may make the determination to exempt from local property taxation so much of the equipment for the generation and production of electric power and for such a term of years as the governing body determines will attract new construction of electric generation facilities, retain existing electric generation facilities, or foster economic development; and

Whereas, section 2 of HB 536 as amended further provides that the determination, including but not limited to the fair market value of the equipment exempted, the term of the exemption, any agreement for payment of taxes, and/or any agreement for payment in lieu of taxes, shall be subject to approval of the legislative body of the municipality; and

Whereas, legislation proposing new tax exemptions should be scrutinized to determine its constitutionality; now, therefore, be it

Resolved by the House of Representatives:

That the Justices of the Supreme Court be respectfully requested to give their opinion on the following questions of law:

1. Do the provisions of HB 536 as amended, which exempt from local property taxes so much of the equipment for the generation and production of electric power and for such a term of years as may be determined by the municipality, violate constitutional requirements of uniformity and equality governing the assessment and collection of property taxes and the constitutional prohibition against authorizing gifts to corporations organized for profit, as provided by part II, article 5 of the New Hampshire constitution?
2. Do the provisions of HB 536 as amended, which exempt from local property taxes so much of the equipment for the generation and production of electric power and for such a term of years as may be determined by the municipality, violate the constitutional provision that government is instituted for the common benefit, protection, and security, of the whole community, and not for the private interest or emolument of any one man, family, or class of men under part I, article 10 of the New Hampshire constitution?
3. Is the classification of taxable property provided for in HB 536 as amended based on a reasonable distinction which promotes a proper object of public welfare and does not require any taxpayer to pay more than his or her fair share of the tax burden as required by part I, article 12 of the New Hampshire constitution?

That the clerk of the House of Representatives transmit copies of this resolution and copies of HB 536, as amended by document number 1999-1063h, to the justices of the New Hampshire supreme court.

Typewritten memoranda on the questions presented by the request may be furnished by any attorney, legislator, organization, interested party or member of the public on or before **August 16, 1999**. An original and fifteen copies of any memorandum must be filed with the clerk's office.

NOTICE

The 1999 hard-cover permanent House Journal soon will be sent for typesetting and printing. Orders have to be placed in the House Clerk's office by September 17. Distribution is expected to be in early January of 2000.

Upon request, House and Senate members, as well as heads of state agencies are each entitled to one copy at no cost.

Additional copies plus all copies for non-legislators or non-state agencies will cost approximately \$45 each, plus mailing costs if there are any. If you are a member of the general public or if you are ordering multiple copies, please DO NOT send your money now. You will be billed.

In recent years, printing costs have continued to rise. Once again, an effort is being made to cut waste. The number to be printed will be determined by the number of orders placed. Please do not order a journal if you have no intention of claiming it.
