If duplicate or similar legislation is requested, the Director of Legislative Services shall notify the sponsors of each filing request and mediate an agreement for the filing of a single bill. Filing requests resulting from legislative committee work shall take precedence over all other duplicate or similar filings. The Committee, as its Interim Study final report, shall submit its findings and any recommendations.

The vice chairman or another member of each committee shall review all pending legislation and shall advise the chairman and the members of all legislation before the committee which should be reviewed in terms of this Rule.

CONSENT CALENDAR

CHILDREN AND FAMILY LAW

HB 144, establishing a committee to study the CHINS process. OUGHT TO PASS

Rep. Christine M. Furman for Children and Family Law: This is a bill to establish a committee to Study the "CHINS", Children in Need of Services, process. The Children and Family Law Committee feels that this process is important enough to the welfare of New Hampshire's children to warrant the establishment of a committee to study and recommend any changes to the current "CHINS" process. Vote 15-0.

COMMERCE

HB 109, establishing a committee to study the consumer protection effort in New Hampshire. OUGHT TO PASS

Rep. Leo W. Fraser, Jr. for Commerce: The Consumer Protection Office is contained within the Justice Department. This legislation will allow for a review of the actual needs of the agency in order to provide speedier and more efficient responses to New Hampshire citizens. Vote 12-0.

HB 142, establishing a committee to study encryption of confidential information. OUGHT TO PASS

Rep. Leo W. Fraser, Jr. for Commerce: Privacy of information is one of the most difficult and important issues facing the General Court at this time. This legislation will provide a study of the propriety of implementing encoding or enciphering of confidential information. Vote 11-0.

CRIMINAL JUSTICE AND PUBLIC SAFETY

HB 197, extending the reporting date of the commission to study methods for reducing violent incidents involving children and guns. OUGHT TO PASS WITH AMENDMENT

Rep. James R. Splaine for Criminal Justice and Public Safety: HB 197 extends the report date for the commission to study methods for reducing violent incidents involving children and guns from November 1, 2000 to June 30, 2001. The committee has amended the bill to extend the date until November 1, 2001. Vote 16-0.

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 111, relative to paper purchased by or for state agencies. OUGHT TO PASS

Rep. David G. Poulin for Executive Departments and Administration: The majority of the committee felt that the current RSA, requiring that all specially coated paper purchased for use by state agencies contain 30% post consumer waste, had proven unworkable and created the necessity for a waiver on almost all purchases of these products. This type of product is rarely produced and when available the quality does not meet the standards needed for most copiers and printers. This bill reduces the required content of all coated paper to 10% of post consumer waste, but leaves the requirement for uncoated paper at 30% of post consumer waste. Vote 17-0.

HB 126-FN, relative to the board of pharmacy and the regulation of pharmacists. OUGHT TO PASS

Rep. Robert K. Dodge for Executive Departments and Administration: The committee overwhelmingly supported the clarification of certain definitions allowing graduates of Canadian colleges of pharmacy to apply directly for examination and licensure. The increase for the per diem compensation was approved and is in compliance with the 125% rule. Vote 17-0.

FINANCE

HB 204-FN, relative to loan guarantees by the business finance authority. OUGHT TO PASS WITH AMENDMENT

Rep. Kenneth L. Weyler for Finance: The Business Finance Authority (BFA) of the State of New Hampshire was organized to encourage business development and job creation in parts of the state that are suffering from a lack thereof. Their main tool is credit enhancement for the businesses willing to locate in the target areas. They use the credit of the state to guarantee part of the business loan required.

Many of the qualifying projects are also eligible for other loans and guarantees through such agencies as the Small Business Administration (SBA) and the Granite State Development Council. In working with the SBA a problem arose as to the length of a loan guarantee. SBA and the participating bank wanted a ten-year guarantee. RSA's allowed only five years for the BFA. This bill will allow BFA to extend credit guarantees to ten years as needed, and will enable BFA and SBA to partner in more projects.

Some concern was expressed as to the likelihood of this bill increasing demand for BFA help. Since BFA has used only about one third of its \$95 million authority, it is more likely that current rules are too stringent for the agency to fulfill its potential. Passage of this bill will enhance BFA's mission.

The bill is fast tracked for a resort in Whitefield where plans need to be finalized soon. Exposure for the state will be \$3 million of a \$12.8 million project. Vote 22-0.

HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

HB 118, authorizing physicians who practice medicine in certain states other than the state of New Hampshire to complete certifications exempting children residing in the state of New Hampshire from immunization. OUGHT TO PASS WITH AMENDMENT

Rep. Daniel M. Burnham for Health, Human Services and Elderly Affairs: The committee was asked to solve the issue of cross-state border exemption from an immunization requirement due to a medical contraindication. The result: because the bill includes limitations and safeguards, the committee passed HB 118 which allows a physician from a border state to notify the appropriate school board of an exemption, for a limited time, for one disease. Vote 14-0.

JUDICIARY

HB 117, establishing a committee to study the adoption of the uniform common interest ownership act. OUGHT TO PASS

Rep. Jane Wood for Judiciary: The predecessor to the uniform common interest ownership act was the uniform condominium act, and NH's condominium act is an early version of that. The legislature passed HB 1457 last term to create the same study committee as this bill does; but, because of the senate trial this past summer, the committee was unable to complete the task. This study will thoroughly review our current law in relation to the uniform (nationally recognized) act. It will deal with homeowner association and cooperative planned unit development as well as condominiums. This is a consumer protection issue as well as good planning for future development. Vote 17-0.

HB 121, establishing a committee to study methods of reducing the cost of obtaining justice for low-income citizens. OUGHT TO PASS

Rep. Peter F. Bergin for Judiciary: Everyone who testified was in support of this study bill. There are a number of people in the state who are economically deprived due to circumstances including disabilities, mental illness or single-parent income who are in need of legal representation. In addition, the legal assistance fund has been decreasing over the last several years according to testimony received. For these reasons the committee felt it was timely and a legitimate use of resources to study this issue. Vote 13-5.

HB 128, prohibiting the right to pass and repass from being assigned to successive land owners unless the deed or conveyance specifically provides for reassignment of the right. **INEXPEDIENT TO LEGISLATE**

Rep. Peter R. Leishman for Judiciary: The committee was sympathetic with the sponsor's intentions. However, the bill would radically change the customary and traditional real property deed drafting practices. In existing statute (RSA 477:26), all rights, easements and privileges are transferred with land ownership, unless specifically excluded in the deed. The common granting clause in a deed transferring an interest in real estate, title to land, easements or rights-of-way etc. is that the right will run with the title. This allows subsequent owners to convey by deed or estate what he or she received from the prior owner. If an owner desires to grant a right-of-way to a specified person for his or her use only, or for life, or for a term of years, this provision is commonly written in the document and the right will be limited. Further, HB 128 would be contrary to conventional conveyancing standards adopted throughout the United States. The committee believes this bill is unnecessary. Vote 16-0.

HB 140, relative to interest on judgments. **OUGHT TO PASS**

Rep. James W. Craig for Judiciary: In civil lawsuits in New Hampshire, interest is awarded to a winning party from the date that the suit is filed. This is to compensate a prevailing party for the loss of the use of that money and to encourage settlement. The award of interest is codified in two statutes, RSA 524:1-B and RSA 527:10. These statutes create a gap in the award of interest between the time of verdict and the time of judgment. This bill simply closes that gap and is meant to be a technical correction. Vote 17-1.

STATE FEDERAL RELATIONS AND VETERANS AFFAIRS

HCR 1, urging the federal government to allow military retirees to receive service-connected disability compensation benefits without requiring them to waive an equal amount of retirement pay. **OUGHT TO PASS**

Rep. Richard F. Heon for State-Federal Relations and Veterans Affairs: The committee was unanimous in supporting this House Concurrent Resolution. The committee heard testimony from veterans groups all favoring this resolution. The committee also agrees that because no other federal employees face a reduction of civil service retirement benefits if they receive compensation for a service-connected disability that our military retirees should be treated like other federal retirees and permit them to receive their service-connected disability compensation without a concurrent deduction from their retirement pay. Vote 15-0.

HCR 2, urging the federal government to establish a new zip code for the town of Kensington. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gregory A. Salts for State-Federal Relations and Veterans Affairs: The committee found compelling evidence that the residents of Kensington would be best served by having their own zip code. In the past, the lack of a zip code has created confusion amongst letter carriers. Therefore, important packages have been late upon arrival...including medication. Although Kensington has been denied a zip code in the past, the committee felt that due to the rapid growth the community now warrants their own zip code. The committee unanimously passed this resolution with an amendment to also include a copy of the resolution to the President of the United States. Vote 15-0.

THURSDAY, JANUARY 25

REGULAR CALENDAR

JUDICIARY

HB 135, creating a commission to study the state's increasing appellate caseload and solutions to the increasing appellate caseload. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Peter F. Bergin for the Majority of Judiciary: Last year HB 1535 and SB 209 were sponsored in response to a conference held by the NH Bar Association at which it was recognized that changes are needed to address the issues of ever increasing appellate cases. Because of the Supreme Court investigation and subsequent trial, both the House and the Senate agreed that a bill would be better addressed this year when more attention could be given to the issue. The Commission will be made up of 13 members. Composition of the committee will be 3 members each from the House and Senate, 2 from the Judiciary, a member of the NH Bar, a member from the Attorney General's office, 2 members appointed by the Governor and a designee of the NH Appellate Defender. The committee has a balance of persons from the legal profession and members of the general public. Vote

14-3.

Rep. Peter R. Leishman for the Minority of the Judiciary: The minority strongly supports judicial reform. However, an amendment that excludes members of the House or Senate because of their particular training or profession as lawyers (members of the Bar) was unacceptable. We feel that all members of the House, whatever their profession, would be of great value to this important issue.
