The State of New Hampshire Equalization Standards Board will be conducting a series of four public forums in Milford, Lancaster, Plymouth and Brentwood. These forums are intended to solicit public comments on the process of equalizing property values for the purpose of apportioning state education, county and cooperative school district taxes.

The Equalization Standards Board was created by the legislature in 2001 in response to issues raised in the case of *Sirrell v State of New Hampshire* regarding the administration of the property tax. The Board is required to annually review the ratio studies conducted by the NH Department of Revenue Administration and to adopt standards and recommendations for improving the ratio studies for the forthcoming property tax year.

During the past six months, the Board has focused on the report and recommendations prepared by Ronald Wasserstein and Peter Davis, independent consultants hired by the Department of Revenue Administration to review the state's equalization process. A copy of this report, along with a summary of the Board's recommendations to be discussed at the forums, is available by contacting April Rollins at (603) 271-3397 or 271-2687 and at www.state.nh.us/revenue/property_tax/wasserstein_davis_rpt.htm
