

State of New Hampshire HOUSE RECORD

Second Year of the 157th Session of the General Court Calendar and Journal of the 2002 Session

Vol. 24 Concord N.H Thursday, November 7, 2002 No. 62

Contains: Interim Study Statements, Meetings, Notices, Order Form for the 2002 Permanent Journal and Unofficial County List for 2003

HOUSE CALENDAR

NOTICE

MEMBERS OF THE HOUSE:

Congratulations to all those who won election to the New Hampshire House of Representatives for the 158th Session. To those not returning, thank you for your service to your constituents and the State. I wish you well in your future endeavors.

The House will meet for Organization Day on Wednesday, December 4. Please also plan on meeting in session on Tuesday, January 8. The gubernatorial inauguration will be held on Thursday, January 9. New member orientation will be on Thursday and Friday, November 21 and 22. Information including an agenda will be sent under separate cover to all new members in the next few days. Please be watching for that and reply where necessary as soon as possible.

It is with great sorrow that we again mourn the death of a fellow representative. Representative Steve Avery passed away Saturday, November 2, while preparing for an event involving one of his great passions, the Scottish Clans. He was a wonderful friend to many of us and a pleasure to all. Our deepest sympathies go to his wife and family. Funeral services will be on Friday, November 8, at the All Saints Church, 51 Concord St., Peterborough at 1:00 p.m.

As we celebrate Veteran's Day, taking some time to regroup after the election season, let's keep in mind those who are currently serving our nation, those who have served, and especially those who paid the ultimate sacrifice in defense of our great country. Let's also pause to remember those that have served with us in this legislature: Representative Bernard Lambert,

Representative Bonnie Patria, Representative Walter Mikowski, Representative Ronald Russell, Representative David Poulin, Representative James Whittemore, Representative Raymond Proulx, Representative Martin Feuerstein, Representative Lynn Horton and Representative Stephen Avery.

Gene G. Chandler, Speaker

NOTICE

Until further notice the House Calendar will *close* each week on *Wednesday at noon* to be mailed Thursday.

Karen O. Wadsworth, Clerk of the House

NOTICE

Copies of the Final Disposition of Bills and Resolutions for the 2002 Session are now available from the Sergeant-at-Arms Office.

Karen O. Wadsworth, Clerk of the House

NOTICE

Please take note of the House Deadlines listed below. All Representatives-elect may file LSRs for the next session beginning on **November 13th**.

Gene G. Chandler, Speaker

HOUSE DEADLINES

Friday, November 1, 2002	Last day to file 2002 Interim Study reports.
Wednesday, November 13, 2002	First day for all Representatives-elect to file LSR's with complete information. 15-day sign-off period begins.
Friday, December 13, 2002, 3:00 p.m.	Last day to file LSR's with complete information.
Friday, January 17, 2003, 12:00 p.m.	Last day to sign-off on all House bills, including redraft requests.
Thursday, January 30, 2003	Last day to introduce all House bills.

2002 INTERIM STUDY STATEMENTS

CHILDREN AND FAMILY LAW

HB 1115, relative to the procedure for assignment of juvenile probation and parole officers **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Patricia A. Dowling for Children and Family Law: The committee felt that the department should be responsible for the hiring, training and placement of juvenile probation and parole officers in conjunction with input from judges relative to placement in their courts. **Vote 14-1.**

HB 1301, relative to grounds for divorce for persons with minor children **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. David A. Bickford for Children and Family Law: The committee felt that eliminating irreconcilable differences as a cause for divorce for couples with children would not solve the problem of children being assured a stable home. The committee felt that the incentive or disincentive to divorce needed to be further researched in order to better understand what encourages people to divorce. Instead of ending this type of divorce, the state should study why couples with children desire to separate. The committee found additional services are needed to help couples throughout the state. **Vote 10-2.**

HB 1347-FN, authorizing the department of health and human services to intercept insurance payments if there is unpaid child support. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Thomas I. Arnold, Jr. for Children and Family Law: There was general agreement that the state should have a claim on insurance proceeds in excess of those required for financial obligations resulting from the incident(s) precipitating the insurance settlement. **Vote 10-5.**

COMMERCE

HB 313-FN, limiting access to certain business records. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. John B. Hunt for Commerce: This bill prevents out-of-state revenue agents from having access to New Hampshire business records without first securing a court order. The filing and holding of such legislation in the Commerce Committee has produced remarkable restraint and consideration for our businesses by out-of-state revenue agents and the committee supports continuation of this process. **Vote 11-1.**

HB 514, relative to uniform prescription drug information cards. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Leo W. Fraser for Commerce: There is an aggressive effort by both the health insurers and the pharmacists to make more information available on the prescription drug information cards. At the moment, legislation is not necessary. Hopefully, revision of the card will address the problem. **Vote 10-2.**

HB 524, relative to unfair insurance trade practices. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Leo W. Fraser for Commerce: This bill was originally introduced at the request of the New Hampshire Insurance Department. The Department subsequently notified the Committee that presently, there is no need for the bill. **Vote 12-0.**

HB 541-FN, requiring certain hospitals to provide charity care and continually appropriating a special fund. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Kathleen N. Taylor for Commerce: This bill addressed most of these issues while studying the non-profit status of hospitals. The committee felt this bill was a duplicate and unnecessary. **Vote 12-0.**

HB 619, relative to the sale or lease of goods or services to residents of this state via the Internet. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Jane S. Langley for Commerce: The committee felt this legislation was not needed at this time and would not provide the expected results. Also, before this area of sales is encouraged, the Attorney General's Office of Consumer Protection needs to be staffed to deal with the expected increase in complaints. **Vote 10-2.**

HB 765-FN-A, establishing an historic homeownership mortgage credit program. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Paul D. Spiess for Commerce: The bill, although well intentioned, is too narrowly focused to impact a significant area or segment of population. In light of the prospect of a budget shortfall in the next legislative session, it is unlikely that this proposal will advance. **Vote 11-1.**

SB 348, relative to the retail pricing of beer. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. John B. Hunt for Commerce: The committee was very uncomfortable with any aspect of price control. The committee also considered an amendment that would allow small retailers to buy certain amounts of beer from the discounters, but this would create serious taxation and enforcement problems for the state. It could also create a nightmare for the fresh-dated products involved. The committee does not feel this merits future legislation. **Vote 12-1.**

CRIMINAL JUSTICE AND PUBLIC SAFETY

HB 301-FN, requiring that the department of corrections be charged the lowest rate for inmates who need medical services within the community. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: The issue of the cost of hospital care for inmates has been intensely studied and discussed for nearly two years. As a result, hospitals have lowered their rates to the Department of Corrections (DOC). The DOC is entering into an RFP process in September/October, 2002. The RFP will address all prisons and will be sent to all hospitals in New Hampshire. The committee is recommending to the members on the study committee for HB 361, Chapter 43:1, Laws of 2002 that they keep the medical care cost issue alive in their proposed continuing study. **Vote 14-0.**

HB 1189, relative to the plea of guilty but insane. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Beth Rodd for Criminal Justice and Public Safety: The "guilty but insane" plea research indicates serious theoretical and practical flaws. Persons found "GBI" in other states did not receive regular psychiatric or psychological treatment and were doubly stigmatized as criminal and mentally ill. Insanity pleas are rare in New Hampshire. Constitutional questions related to "mens rea" issues are also problematic. The committee did not believe that this issue is pertinent to New Hampshire legal concerns at this time. **Vote 14-0.**

HB 1258-FN, relative to post-conviction DNA testing. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This is a bill that has considerable merit and it is the committee's recommendation that further legislation is warranted. In its current form it is quite complex. Therefore, the committee feels that it would be appropriate to create a study commission similar to that proposed in HB 768-FN, Chapter 183, Laws of 2002 which was removed from the final version of that bill as a part of HB 1258-FN. **Vote 14-0.**

HB 1385, relative to trespassing on certain rail lines. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Richard E. Kennedy for Criminal Justice and Public Safety: The committee is aware of a continuing interest in this subject matter. Since an incident in Durham earlier this year involving an individual being struck by a train and subsequently charged with trespass, the committee suggests that future legislation be filed, specifically targeting and keeping alive this subject. **Vote 9-2.**

HB 1418, establishing a committee to study the cost of telephone calls from state prison inmates to their families. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: The current New Hampshire Department of Corrections telephone rates are within the lowest twenty percent nationally and this bill is not needed at this time. However, other issues related to recently discovered telephone abuse originating from the Berlin facility have emerged. These third party abuses have cost the providers thousands of dollars and victimized innocent persons who have suffered identity theft. The committee recommends that the content of this issue receive further examination in HB 361, Chapter 43, Laws of 2002, an umbrella bill that deals with Department of Corrections issues. **Vote 13-1.**

HB 1421-FN-A, relative to criminal extradition expenses and making an appropriation therefor. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: This bill would have established extradition accounts in each county, funded with forfeited bail money. In theory, this would have enabled each county to move on the extradition process for all offenders who have fled the state. Each county now prioritizes their extraditions. Also, the committee learned that forfeited bail money is probably not available for the counties, having been allocated elsewhere. **Vote 13-1.**

HB 1425-FN, relative to protective custody for intoxicated or incapacitated persons. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill addresses valid concerns but in its current form has some negative and unintentional consequences. **Vote 13-1.**

HB 1454-FN, requiring hepatitis testing and vaccination of department of corrections' employees and inmates in the state prison system. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: This bill would have required testing and vaccination of all Department of Corrections employees and all inmates in the state prison system. The issue of testing and vaccinating employees could have severe ramifications concerning confidentiality. Also, the Department of Corrections is having a protocol for testing and treatment developed by Dartmouth Hitchcock. The new Center for Disease Control (CDC) protocols for hepatitis are also in the process of being drawn up and are not yet ready. Therefore, the committee thought it was premature to pass legislation. **Vote 14-0.**

SB 30, relative to DNA testing of criminal offenders. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill is nearly identical to HB 768-FN already passed by both the House and Senate during this current session and which has been signed by the Governor. The bill would be redundant and is unnecessary. **Vote 14-0.**

SB 186-FN, relative to the powers of and classification for criminal justice and consumer protection investigators of the department of justice and for county attorney investigators. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: This bill would allow county attorneys to grant police powers to their investigators instead of having to rely on the county sheriffs to grant these powers. The committee did not recommend further legislation on that section of the bill. The committee did recommend further legislation on Section 2 of the bill concerning the powers of investigators. **Vote 12-2.**

EDUCATION

HB 750-L, relative to the development and adoption of the school administrative unit budget. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. John R.M. Alger for Education: Currently, school district voters do not vote directly on the budget for the functions performed by their School Administrative Unit (SAU). The committee believes that the next Legislature should continue to pursue the objective of identifying a straightforward means to give voters the option of setting SAU budgets through a direct vote rather than as an imbedded piece of the overall school district budget. Should such a bill pass, school districts which chose not to exercise such an option would continue to use the existing process. **Vote 12-2.**

HB 1291, requiring the department of education to develop a plan to address and reduce the number of persons awaiting vocational rehabilitation transition services. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. John R.M. Alger for Education: The committee heard from the Department of Education that future legislation is badly needed. The prospect is that without additional committed plans and money resources, the State will be faced with a significant public policy crisis, i.e. what to do with thousands of students with disabilities who face leaving school with nowhere to go, and no gainful or meaningful employment. Current federal law (IDEA) is in the process of amendment so the federal as well as the state jurisdiction is involved in resolving the move of disabled students from school to work. **Vote 14-0.**

SB 429, relative to the community technical college system. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Clair A. Snyder for Education: This bill provides the Board of Trustees of the Community Technical Colleges the responsibility of hiring the four presidents and setting their salaries. It also adds a member of the House and one from the Senate to serve on the Board, which provides legislative oversight. There was some disagreement on the committee as to how best to address these issues, but unanimous agreement that they should be addressed. **Vote 14-0.**

ELECTION LAW

HB 1144, establishing a committee to study access to the polls by disabled persons and the use of new technology to accommodate disabled voters. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Sandra J. Reeves for Election Law: The committee recommends that new legislation be submitted for the upcoming session which should establish a commission to set up a state plan for an electronic voting system. This system would include the necessary provisions to assure that voters with disabilities have the appropriate access to the polls. The commission should also be authorized to accept federal funds to allow for the purchase and upgrading of voting systems throughout the state. Such funds will be available through recently adopted federal election reform legislation. **Vote 10-0.**

ENVIRONMENT AND AGRICULTURE

HB 654-FN-L, establishing a presorting program to remove mercury from waste prior to incineration at certain facilities. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. George J. Liebl for Environment and Agriculture: The committee does not believe this legislation is practical. **Vote 10-7.**

HB 675, relative to mercury source reduction. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. James G. Phinizy for Environment and Agriculture: The committee voted unanimously that this bill be the basis for future legislation, as reducing mercury from the waste stream is necessary for the health and economic welfare of the state. Such legislation should address labeling (which is held to be constitutional), actual reduction of mercury in products, and education. Any future legislation ought to be consistent with the other New England states. **Vote 17-0.**

HB 1214, relative to medical waste incinerators and to the polyvinyl chloride content of medical waste. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. John S. Cobb for Environment and Agriculture: This legislation will be re-introduced under new LSR #129. The bill addresses medical waste incinerators and the polyvinyl chloride content of medical waste. This process by hospitals is only being conducted in two hospitals in this state and their continued use of medical waste incinerators will conclude due to the costs to them. Most medical waste is processed by outside agencies. The committee voted to propose new legislation with the only changes in the definitions of terms. **Vote 17-0.**

HB 1313, relative to spreading sludge on excavation sites for reclamation. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Rep. Harold P. Melcher for Environment and Agriculture: The value of restricting land spreading of sludge in accordance with current science at the University of New Hampshire outweighed the supposed fears of those opposed. **Vote 11-5.**

HB 1374-FN, requiring the department of environmental services to bear certain clean-up costs. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Burton W. Williams for Environment and Agriculture: This bill is not recommended because it is too broad in its implications. **Vote 17-0.**

HB 1399-L, relative to assessment of the land use change tax. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Donald R. Philbrick for Environment and Agriculture: This bill was brought forward at the request of the City of Dover. After the public hearing and several subcommittee work sessions, it was felt this was not a widespread problem and any proposed solution would create more problems than it would solve. **Vote 17-0.**

EXECUTIVE DEPARTMENTS AND ADMINISTRATION

HB 341, adding police officers of the New Hampshire hospital campus police force to group II of the New Hampshire retirement system. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Michael O'Neil for Executive Departments and Administration: This bill would have added members of the New Hampshire hospital campus police force to Group II of the New Hampshire Retirement System. In reviewing this bill, the committee noted that members of the hospital campus police force do have powers of arrest for activity that takes place on the campus, but do not carry weapons. The committee determined that RSA 100-A:1 should not be amended to add the New Hampshire hospital campus police before a policy of requiring attendance at the twelve-week full-time police academy as a condition of employment is instituted. It was also noted that current members of the campus police force should not be "grandfathered" in by any proposed legislation. **Vote 13-0.**

HB 1183, establishing a committee to study the conformity of administrative rules to statutory authority. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Nelson S. Allan for Executive Departments and Administration: Questions arise from time to time about rules agreeing with statutes or, vice versa, statutes agreeing with the rules. The statutes are put in place by the legislature and the governor's signature. Often the statute spells out the subject matter and what the results shall be. In the early 70's, a process of

administrative rules was instituted. The legislature realized that to put every detail in the statute would require a huge amount of space and could not be changed without a change in the statute. The other feature of the rules was that it would eliminate oral rule making by the departments, and the public would be working from the same songbook as the executive departments. There is a staff of three lawyers and two staff people who review all requests for rules. They ensure that the agency has authority to institute the rules and that the rules are in compliance with the statute. The rules have public hearings and at least one hearing before the Joint Legislative Committee on Administered Rules (JLCAR). If approved by the JLCAR committee, they become official rules, with the effect of law. Most of the problems are a difference of interpretation. Very few questions of the legality of rules have gone to court. This system is working very well and does not require a statutory committee to study the question at this time. **Vote 14-0.**

HB 1206-FN, increasing the annuity paid to a surviving spouse or beneficiary upon the accidental death of a group II permanent firemen member in the performance of duty. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Michael O'Neil for Executive Departments and Administration: This bill would increase the annuity paid to a surviving spouse or beneficiary upon the accidental death of a Group II permanent firemen member in the performance of duty. After lengthy discussions with the former Commissioner of the New Hampshire Labor Department the committee determined that the bill should not be the subject of future legislation. Discussion revealed that the spouse and minor dependents of an employee who dies on the job currently receive sixty percent (60%) of the employee's salary from workers' compensation payments and fifty percent (50%) of the employee's salary from the NHRS. Both of these payments are tax-free. The committee felt that one hundred ten percent (110%) of salary is a reasonable benefit and that an increase would not be appropriate. **Vote 12-1.**

HB 1359, establishing a department of financial services. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Joan H. Schulze for Executive Departments and Administration: The subcommittee dealing with this bill met with representatives of the Insurance Department, the Banking Department, and the Bureau of Securities Regulation and discussed the possible merger of the three agencies into one organization. It was found that there is a disparity in their organizational structure and funding mechanisms. It was determined that at this time no advantage would be gained by combining the departments. The Vice-Chairman of the ED&A Committee conferred with the Chairman of the Commerce Committee, who concurred that a merger would not be advisable. The three departments plan to continue exchanging information for the benefit of the citizens of the state as well as the operation of the departments. **Vote 13-0.**

HB 1378-FN-A, establishing a sunset review process for executive agency and judicial programs and making an appropriation therefor. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Nelson S. Allan for Executive Departments and Administration: The sunset review process was an established activity in the state legislature during the period of 1978 to 1987. Now, after the many years of growing state revenues and associated increased government size and complexity, this sunset review process was subject to an interim study activity to investigate the reestablishment of this government size and efficiency control process. The special study committee reviews found the sunset review process to be a time consuming and expensive use of departments' resources with a limited number of "successes". It was noted that the legislature has established the Joint Legislative Performance Audit and Oversight Committee to recommend performance audits to the Fiscal Committee. The Audit Division of the office of the Legislative Budget Assistant prepares these audits. There are 32 performance audits performed to date, and they provide great insight to modifications and improvements to be made in state government organizations. Hearings showed that the performance audit process provided an acceptable method for program monitoring and control. This effectively supersedes the disruptive and costly sunset review process. **Vote 13-0.**

HB 1470-FN, transferring tobacco products sales licensing authority to the liquor commission and increasing tobacco products sales license fees. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Merton S. Dyer for Executive Departments and Administration: The committee felt that this bill does have merit. We believe that the Liquor Commission should come up with an overall plan, including a recommended funding source, to put a tobacco enforcement bureau in place in their organization. **Vote 13-0.**

SB 159-FN, relative to benefit options for surviving spouses and designated beneficiaries of deceased members of the retirement system. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Michael O'Neil for Executive Departments and Administration: This bill provides that the beneficiary of a member who dies while still working but who was eligible for retirement will automatically receive the maximum spousal benefit. Currently, only beneficiaries of employees who have declared their intent to retire have the ability to select this option. Committee

members were concerned about the unintended financial consequences that adoption of this bill may have on the retirement system. **Vote 13-0.**

SB 194-FN, relative to retirement allowances for certain surviving spouses of group II retirement system members. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Michael O'Neil for Executive Departments and Administration: This bill has some merit but the majority of the committee felt that it was violating a cardinal rule of RSA 100 that a Group II retiree have 20 years of service and reach 45 years of age before receiving spousal and other benefits. This bill would help about six police retirees who retired with 20 years of service but had not reached age 45 at the time they retired. **Vote 13-0.**

SB 324, urging a study of the operating efficiency of state government. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Nelson S. Allan for Executive Departments and Administration: While some may feel the phrase "efficient government" is a challenging topic, this well-intentioned bill was given additional study. The committee was concerned that this bill may suggest changes to the executive branch that would infringe on the governor's prerogatives. The committee believes strong leadership from the top (the governor) motivates efficiency in organizations (the executive branch). The legislature has provided a mechanism for improvements in the operating efficiency of current state organizations. This methodology incorporates proven and existing legislative processes of the Performance Audit and Oversight Committee. The Audit Division prepares these audits in the Office of Legislative Budget Assistant (LBA). There are 32 performance audits performed to date, and they provide great insight to modifications and improvements to be made in state government organizations. That audit committee's process seems well controlled and adequately staffed for its current assigned workload. The committee did feel that further improvements in the dissemination of audit information might help in the implementation of audit recommendations. The ED&A Committees in the House and Senate should receive copies of the audit after approval by the Fiscal Committee. These audits may provide motivational guidance to implementation of the organizational/administrative issues raised in the audits. The committee also felt that the legislature could wait until the new governor takes office before implementing changes. **Vote 13-0.**

SB 332-FN, relative to the payment of medical benefits costs for certain group II permanent firemen members injured in the performance of duty. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Michael O'Neil for Executive Departments and Administration: This bill would provide a health insurance subsidy to minor children of firefighters retired on a disability pension. The committee noted that the current medical subsidy is funded out of the Special Account and is provided to only retirees and their spouses. In the course of discussions about the Special Account, representatives from each of the member groups noted that this account should only be used for cost-of-living adjustments and increasing health benefits as they are currently structured. Additionally, any enhanced benefit should apply equally to all categories of members in the retirement system and not to a single subgroup. **Vote 10-2.**

SB 396-FN, relative to group II retirement status for criminalists employed by the department of safety. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Michael O'Neil for Executive Departments and Administration: This bill would have added criminalists working at the Department of Safety to Group II of the New Hampshire Retirement System. The committee reviewed previous discussions on this bill and the information submitted by the Department of Safety. Committee members agreed that criminalists do not meet the criteria for inclusion in Group II. Group II membership should not be considered as a retention or recruitment tool or a method for subsidizing below-market salaries. Although Group II members tend to face stress and hazardous work conditions, these conditions are not sufficient to warrant inclusion in Group II in and of themselves. **Vote 12-1.**

SB 420-FN-A, making an appropriation for the purpose of hiring a recreational ride and lift investigator. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill has merit and should be resubmitted as new legislation in the upcoming legislative session. New legislation should include a funding mechanism for the position of a recreational ride and lift inspector. The committee feels strongly that in the interest of life and safety issues, there is a need for additional staffing at the Bureau of Tramway and Amusement Ride Safety. **Vote 12-0.**

FINANCE

HB 294-FN, excluding certain pension income from household income for purposes of determining low and moderate income

homeowners property tax relief. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Kenneth L. Weyler for Finance: This bill disclosed that earlier forms of the state's low income property tax relief exempted Social Security income, but not other pension income. Since about 800 people, mostly retired shipyard workers, were living on government pensions that were not Social Security, this was seen to produce inequities.

After examining other low-income relief programs, specifically elderly property tax discounts, and heating oil assistance, it appeared more consistent to include all Social Security and pension incomes than to selectively discount a specific pension type. The financial base would then be a real amount and appropriate adjustments could be made from that. It is possible that the next legislature will make changes related to the statewide property tax. If such a tax is eliminated, there would be no need for this legislation. If, however, the statewide property tax is continued in some form, we would suggest that the approach noted above be considered for income-based property tax relief. **Vote 18-0.**

HB 515-FN-L, establishing parental choice scholarships. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Kenneth L. Weyler for Finance: This bill proposes establishing parental choice scholarships, paid for with tax dollars. The bill contained many restrictions as to percentage of each school and class, and votes of the school board. Opponents of the concept could find no middle ground. Proponents of the scholarships felt that the bill already contained too many compromises. Both sides decided it wasn't what they wanted **Vote 18-0.**

HB 656-FN-L, relative to the formula for distributing school building aid grants. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Elizabeth S. Hager for Finance: A great deal of work has been done on this bill by both the Education and Finance Committees over the past few years. The bill offers an optional school building aid grant formula to benefit lower income school districts. It also controls state school building aid with caps on square footage and site size **Vote 18-0.**

HB 1324-FN, requiring that budget requests made by the state government be limited by inflationary and population growth indices. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Linda T. Foster for Finance: This bill is not recommended for the following reasons: 1. The budget is already presented in maintenance and change form. 2. A governor needs to have accurate figures from agencies and commissioners. 3. The projected time lines would create problems with agencies' budget preparations. Problems with lapses and the Capital Budget were not considered within this limitation proposal. **Vote 18-0.**

HB 1363-FN-L, requiring the state to reimburse counties for the costs of incarcerating certain prisoners. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. McKim W. Mitchell for Finance: This bill was placed in a study committee out of Division I of Finance. Upon hearing testimony from the prime sponsor, it quickly became evident that there was further work and research needed, particularly regarding the policy. The committee found that this bill should not be recommended for future legislation **Vote 16-2.**

SB 16-FN-A, relative to state financial aid for state fairs, and making an appropriation therefor. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Robert G. Holbrook for Finance: By not recommending this bill for future legislation the committee wants to state clearly they are not voting against financial support for state fairs. The state had consistently provided financial support to the fairs through the state-operating budget until FY 1989. Existing state statute contains requirements relative to the distribution, record keeping, and auditing of the state funds. The committee feels the current statute is adequate and that the Commissioner of Agriculture should seek funding for the fairs in the department's biennial operating budget request **Vote 17-1.**

JUDICIARY

HB 280-FN, transferring the responsibility and authority of the judicial conduct committee and the attorney's professional conduct committee to the legislature. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Larry G. Elliott for Judiciary: The purpose of this legislation was to create a Judicial Conduct Commission and an Attorney's Professional Conduct Committee within the legislature. The committee, in coming to its conclusion, placed heavy weight on the fact that the legislature, within the past year, created an Independent Judicial Conduct Commission. During the

legislative process of creating the Independent Judicial Conduct Commission, we looked at the Attorney's Professional Conduct Committee and determined that in most cases the Attorney's Professional Conduct Committee performed well or exceeded its mission, and legislative oversight was probably not required. We feel that creating a legislative oversight for these two commissions would create further confusion to individuals who are attempting to file a complaint against either a judge or an attorney as to which committee or commission would be the appropriate one to address their concerns. During the process of studying this legislation, the committee received information (although the information has nothing to do with HB 280-FN) from the Independent Judicial Conduct Commission relating to a potential problem in acquiring confidential materials from the courts which would be necessary in making a decision about the conduct of a certain who might be in question. Such materials or information may be contained in cases sealed according to statute – involving child abuse and neglect cases (RSA 169-C:25), juvenile cases, children in need of services (CHINS) (RSA 169-D:25) and adoption (RSA 170-B:19). Judges may be unwilling to release confidential information needed by the Commission to make a finding if the material was contained in these confidential files. The courts and the Independent Judicial Conduct Commission are working together on language that could come forward as separate legislation next year. **Vote 14-0.**

HB 566, establishing terms for the offices of administrative judges of the courts NOT RECOMMENDED FOR FUTURE LEGISLATION

Rep. Robert H. Rowe for Judiciary: It is the opinion of the committee that the current court rules establishing a three-year term for Administrative Judges appointed by the Chief Justice and serving at the will of the Chief Justice is the best system. This is an administrative post and should be made by the Chief Justice and the administrators serving at the discretion of the Chief. **Vote 12-2.**

HB 1292, relative to interpreters for the deaf in certain governmental or public proceedings. NOT RECOMMENDED FOR FUTURE LEGISLATION

Rep. Larry G. Elliott for Judiciary: This bill attempts to incorporate the Americans with Disabilities Act (ADA) into New Hampshire law. Overall, the sponsors did an excellent job of drafting this bill. However, in some places, there appears to be an expansion on ADA or - at best - a conflict between current practices which meet ADA standards and the practices that this bill would require in assisting the augmentative communications for hard of hearing/deaf persons. New Hampshire has 2,470 licensed hearing impaired drivers. Upon coming into contact with law enforcement personnel, when does a hearing impaired person have a right to an interpreter? Does the right attach at a routine traffic stop? Does the right attach when a law enforcement officer comes into casual contact with a deaf person on the streets of any one of our communities? The Department of Safety has indicated that out of the total number of motor vehicle stops involving a hard of hearing person last year, only six went to an administrative hearing. In each case, an interpreter was requested and provided to the hard of hearing person at no cost. We all want to ensure that all citizens of New Hampshire are provided equal rights under the law and that effective communication techniques are used so that hard of hearing persons know their rights. We have learned during our study, however, that there is no one simple way to ensure that the communication is effective. For example, most deaf individuals have a comprehension of the written word at the fourth grade level. This statement does not mean that most deaf people have the intellect of a fourth grade person; to the contrary, they have the same intellectual capabilities as any other person – it's just that their ability to decode the written word/alphabet is inhibited as a result of their deafness. Not all deaf people use sentence structure in the same manner as hearing individuals use sentence structure/grammar when writing. An additional impediment for the law enforcement community is that sign language uses gestures as a means of communication. As a result, a hard of hearing person might nod, leading the law enforcement officer to conclude that they have been given consent; in fact, the nod may have nothing to do with providing consent or understanding of what the police officer has said. Law enforcement contacts occur with hard of hearing persons in other areas besides routine traffic stops. A person may be a witness or a suspect in a criminal activity. At what point does the person's right to an interpreter attach in these cases? Does the right of an interpreter attach when the person is taken into custody, or does it attach during non-custodial interviews with persons who are hard of hearing? Another area of concern is how information can be used that is obtained without an interpreter being present. The last area of concern in this report deals with the amount of time for an interpreter to be brought in. By and large, we are a rural state and most police departments do not have interpreters available to them immediately for the purpose of communicating with a hard of hearing or deaf person. The committee is unsure if State v. Gordon Reid would apply to hard of hearing persons. This specific New Hampshire Supreme Court case ruled that a person may be in custody for up to twenty minutes without being given Miranda warnings, but after that period of time, it is reasonable for the person to assume that they are in custody. The committee does not feel it is reasonable for a police department in Lyme, New Hampshire, for example, to be able to obtain an interpreter at 2:00 a.m. within twenty minutes. These are issues that will need to be resolved in order for future legislation to be brought forth successfully before the Judiciary Committee. The Deputy Commissioner of the New Hampshire Department of Safety has agreed to work closely with the sponsors of this legislation to attempt to resolve such issues so that legislation may be brought forth next year in a successful manner. While the committee is recommending future legislation, it is only doing so

with the caveat that these issues must be resolved. The pending legislation, in its current form, is not in the best interest of the public policy for the State of New Hampshire. The committee wishes to go on record as saying that this has been a most difficult issue to study. On one hand, we want to ensure the rights of our citizens and believe that justice demands that clear communications occur between the police officers and the individual with whom they are communicating – speaking not only of deaf individuals, but all citizens. At the same time, we must take into consideration the limited resources available to the law enforcement community and its ability to obtain the services needed to effectively communicate with all individuals in our society. We are dedicated to the principles outlined in ADA, and we want to ensure that our state is in full compliance. All citizens should be provided an equal opportunity to effectively communicate with governmental agencies; at the same time, though, we are not interested in providing additional rights to hearing impaired individuals which do not exist for non-hearing impaired persons. **Vote 13-1.**

HB 1430, relative to appeals in actions against tenants. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Henry P. Mock for Judiciary: The Judiciary Committee received two bills in the last session related to landlord/tenant issues, both of which were identical in nature, SB 343-FN and HB 1430. After several meetings in subcommittee and after hearing from the advocates of landlords and tenants and the public, the committee concluded that future legislation is recommended. In essence, both bills concern the issue of appeals of landlord/tenant court decisions. Presently, landlord/tenant issues are appealed directly from the District Court to the New Hampshire Supreme Court. The Supreme Court hears very few of these cases. In fairness to landlords and tenants, it is recommended that, as stipulated in the proposed bills, the appeals be taken to Superior Court. The Superior Court system indicated they it could, in fact, assume this new responsibility; at the same time, the workload at the Supreme Court would be lessened, accordingly. **Vote 13-1.**

SB 343-FN, relative to appeals in actions against tenants. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Henry P. Mock for Judiciary: The Judiciary Committee received two bills in the last session related to landlord/tenant issues, both of which were identical in nature, SB 343-FN and HB 1430. After several meetings in subcommittee and after hearing from the advocates of landlords and tenants and the public, the committee concluded that future legislation is recommended. In essence, both bills concern the issue of appeals of landlord/tenant court decisions. Presently, landlord/tenant issues are appealed directly from the District Court to the New Hampshire Supreme Court. The Supreme Court hears very few of these cases. In fairness to landlords and tenants, it is recommended that, as stipulated in the proposed bills, the appeals be taken to Superior Court. The Superior Court system indicated they it could, in fact, assume this new responsibility; at the same time, the workload at the Supreme Court would be lessened, accordingly. **Vote 13-1.**

SB 383, relative to the location of district courts within judicial districts and changing the names of certain judicial districts. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Larry G. Elliott for Judiciary: The main focus of this bill as introduced by the sponsors was to remove from the NH Statutes the specific naming of towns that host district courts within each judicial district. An example of this would be the Auburn District Court, which makes up the towns of Auburn, Candia, Deerfield, Northwood, Nottingham and Raymond. The statute specifically requires that the district court be located in Auburn. The committee came to a unanimous recommendation; however, each member came to his or her individual conclusion from different points of view. We recommend that in the next legislative session, legislation be introduced to create a task force to prepare model legislation on the methods to be used in determining how district courts are sited in the state. Current law is lacking specific guidelines on this point. The fatal flaw of this bill is that the sponsors want to remove from the statutes the names of the towns in which the district courts are located; however, they do not provide guidance as to how the state should select those towns in each judicial district to host the court. The task force should be made up of a variety of members – representatives from the legislature, the office of the governor, the Commissioner of the Department of Administrative Services, and local officials or citizens – so that the best possible method for siting district courts can be developed. The committee discussed the actual make-up of the districts because we received some testimony that some towns within judicial districts would like to switch their district because a district court is located closer to them in a neighboring district. It was not the intent of the sponsors to change districts by moving towns from one district to another. The committee unanimously agreed that if individual towns want to change districts, each town should contact a State Representative and request that individual legislation be introduced. We wish to be clear on this point: It is not the goal of the task force to dismantle the district court placement as it now stands, but rather to establish criteria to be used in future placements. **Vote 15-0.**

SB 391-FN, relative to appeals from the compensation appeals board. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Larry G. Elliott for Judiciary: The intent of this legislation was twofold. The first was to provide an automatic right of

appeal for both the insurance companies and the victims of workplace injuries. The second purpose was to provide some workload relief to the Supreme Court. Many members of the committee felt that the current appeals process through the workers compensation appeals board is not the best way to handle appeals in these cases. Presently, any appeal from the Board must be filed directly to the Supreme Court, which is time consuming and oftentimes financially prohibitive. This bill would have allowed appeals to the Superior Court. The committee was unable to agree on the many intricacies involved in making this change. We heard from the Chief Justice of the Superior Court, representatives of the insurance industry, and members of the New Hampshire Trial Lawyers Association who represent victims of workplace injuries. This particular legislation would put an intermediary level of appeal at the Superior Court level before going to the Supreme Court. **Vote 12-3.**

LABOR, INDUSTRIAL AND REHABILITATIVE SERVICES

HB 1198, relative to the minimum hourly rate for certain employees. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Corey E. Corbin for Labor, Industrial and Rehabilitative Services: This bill would result in higher Business Enterprise Tax (BET) payments to employers. **Vote 9-0.**

HB 1228, relative to union dues. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Corey E. Corbin for Labor, Industrial and Rehabilitative Services: As written, this bill was complicated and confusing. This bill deserves a second look and re-write, but in its present form it is not recommended. **Vote 10-0.**

HB 1463-FN, relative to sole proprietors under the unemployment compensation law. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Corey E. Corbin for Labor, Industrial and Rehabilitative Services: This bill is not recommended as sole proprietors can use self-employed time as a base for future unemployment claims. **Vote 10-0.**

HB 1479-FN, establishing the crime victim employment leave act. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Corey E. Corbin for Labor, Industrial and Rehabilitative Services: Bill provisions were somewhat duplicative of federal provisions, and thus not necessary. **Vote 10-0.**

HB 1480, relative to liability for benefits under workers' compensation. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Corey E. Corbin for Labor, Industrial and Rehabilitative Services: Such a measure would potentially result in higher carrier costs to employers. **Vote 10-0.**

LEGISLATIVE ADMINISTRATION

HB 1331, requiring that the effect on revenues, expenditures, and fiscal liability be included in the reports of house standing committees. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Karen K. Hutchinson for Legislative Administration: The committee discussed the recommendations of the subcommittee regarding the need for and importance of receiving fiscal notes. The committee felt that the proper vehicle to implement more timely fiscal notes is through House Rules rather than a statute. **Vote 12-0.**

MUNICIPAL AND COUNTY GOVERNMENT

HB 1466-FN-L, providing for the assignment to the state of the collection of certain state education property taxes deemed uncollectible due to bankruptcy or disaster. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Robert W. Brundige for Municipal and County Government: This bill was introduced to try to resolve the problem in Berlin and Gorham when the paper mills closed down and the towns were not able to raise the amount of money needed to pay for the schools and town government because the paper mills were the largest taxpayers in both towns. Subsequent to the introduction of this bill, the mills were sold, the new owners paid the back taxes, and the situation was resolved. Testimony was received from the Commissioner of the Department of Revenue Administration that this situation is not likely to occur again. Therefore,

this legislation is not required at this time. **Vote 11-0.**

SB 177-FN-LOCAL, relative to computation of tax increments in municipal economic development and revitalization districts.
NOT RECOMMENDED FOR FUTURE LEGISLATION

Rep. James E. Twombly for Municipal and County Government: Tax increment finance (TIF) districts have historically been established by municipal economic development and revitalization committees to encourage commercial industrial development. The municipality is authorized to build the infrastructure – roads, water, sewer, etc. – which encourages development in a particular area of the municipality. The municipality finances the infrastructure through bonding. Historically, only the revenue from the original assessed property value was available for tax purposes and the added revenue from the new development was used to pay off the bond in an expeditious manner. With the advent of the statewide property tax, there is a requirement that the full-assessed value of the new development be used to fulfill the municipality's obligation to the education trust fund, with less available to pay off the bond. The committee solicited input from the Department of Revenue Administration, the New Hampshire Municipal Association, and the Office of State Planning. The committee concluded that the use of the full assessment for computation of the statewide property tax in a TIF district would not discourage such districts, as had been originally feared. Therefore the committee voted to not recommend future legislation. **Vote 11-0.**

RESOURCES, RECREATION AND DEVELOPMENT

SB 315-FN, relative to requiring payment of a club assistance program fee by persons registering snow traveling vehicles who are not members of an organized snowmobile club. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Judith T. Spang for Resources, Recreation and Development: The committee reviewed the results of similar legislation in HB 1348, Chapter 253, Laws of 2002. Discussion centered on four question areas: will snowmobile registration patterns change substantially; will there be a challenge to nominally required club affiliation; will the goal of increased volunteer trail maintenance be met; and, what will be the impact on non-trail snowmobile users? Since most trail maintenance is done in the fall and winter, and most registrations are done in January, the committee was unable to reliably answer any of these questions. **Vote 15-2.**

STATE FEDERAL RELATIONS AND VETERANS AFFAIRS

HB 1452-FN, establishing the New Hampshire homeland defense service ribbon **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Pamela D. Coughlin for State-Federal Relations and Veterans Affairs: Testimony from the National Guard indicated that any recommendations for service ribbons would come from the federal government and the Army National Guard, and the Legislature should not interfere with this time-honored process. The committee agreed. **Vote 11-1.**

TRANSPORTATION

HB 1163, relative to child passenger restraints. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Robert J. Letourneau for Transportation: The reason this bill was put into interim study was to await federal legislation pending in Washington; there were several bills pending in Congress (H.R. 5381, H.R. 5504, S. 980, H.R. 690). As the legislative session is coming to a close, the statutes remain the same. **Vote 12-0.**

WAYS AND MEANS

CACR 36, relating to the funding of public education. Providing that the state shall fund an amount not less than 40 percent of the total average statewide expenditure for public education for kindergarten through grade 12 during the previous biennium and that the general court shall have the power to apportion this amount by statute; that the state shall assure the opportunity for an adequate public education for all pupils in the state in grades kindergarten through 12; and that no tax in any form on the value of real property shall be used to fund the state's obligation to cherish and support public education. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Howard C. Dickinson for Ways and Means: The committee unanimously voted "Not Recommended" for CACR 36, relative to the funding of public education. We originally sent this CACR to interim study when we considered the subject at the end of

February. However, much has transpired since then, including the Governor's veto of legislation pertaining to targeted aid to school districts. Furthermore, we understand that several CACR's have already been requested for the next session which cover this subject. **Vote 11-0.**

HB 710-FN, relative to liquor licenses and fees. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. David J. Alukonis for Ways and Means: The committee believes that the policy changes made by the bill should be recommended for future legislation. The committee is also in agreement with changes to the bill as proposed by the Liquor Commission that would eliminate the fiscal impact of the bill and would thus remove the need for the Ways & Means Committee to further review the proposal. The changes as proposed by the Liquor Commission would: a) cause no changes to the licensure of off-premise licenses; b) keep the current on-premise fee structure in place, and c) eliminate the proposed "tavern" license. **Vote 11-0.**

HB 1234-FN, relative to an education property tax cap for retired residents. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. David W. Hess for Ways and Means: The committee, while not embracing the specific provisions of this bill, believes that education property tax hardship relief should be the subject of future legislative consideration and action. The committee, therefore, voted to recommend this legislation. The lone dissenting committee member did not disagree with this, but voted out of principle to express disagreement with the current interim study process. **Vote 11-1.**

HB 1294-FN-A, reducing the tobacco tax. **NOT RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Howard C. Dickinson for Ways and Means: At the time this bill (an act reducing the tobacco tax) was introduced, several nearby states (Connecticut and Vermont) had taxes only slightly higher than New Hampshire, with the Vermont tax being only seven cents higher than New Hampshire, and some erosion of sales taking place on the Vermont/New Hampshire border. Since last spring, all of our surrounding states have dramatically increased their tobacco taxes so that once again New Hampshire cigarettes are in demand. The problem has been solved. **Vote 12-0.**

HB 1317-FN-A-L, targeting aid for education to certain school districts. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Frank V. Sapareto for Ways and Means: It is felt by the majority of the committee that school aid dollars need to go to the communities that are struggling the most to provide an adequate education for their children. The essence of the "Claremont" ruling and the true meaning of providing education as mentioned in our constitution is to ensure that every educable child in this state has the opportunity for an adequate education. Getting money to the districts that need it is imperative. For these reasons, the majority of the committee feels that future legislation is absolutely warranted for the better of our society as a whole. **Vote 9-3.**

HB 1383, relative to lucky 7. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Frank V. Sapareto for Ways and Means: Lucky 7 tickets are legally sold by charities that hold Lucky 7 licenses. The profit from Lucky 7's go to charities after a \$15 fee is paid to the state for each deal of the tickets. The cartridge dispensers that are proposed is an amended version of this bill and really is the same as is presently allowed under law. The only difference is that they are encoded into an electronic cartridge which may be viewed through the use of a Lucky 7 cartridge dispenser. Lucky 7 tickets and bingo are legal now in New Hampshire and regulated by the Sweepstakes Commission and should be studied separately from proposed new forms of game. We must remember that charities benefit from Lucky 7 and bingo games. Many of these charities such as veterans clubs and other fraternal organizations may have to close their doors if the state further limits their fundraising activities. This is not a slot machine bill and should not be lumped together with the study of video lottery terminals. **Vote 12-0.**

HB 1427-FN-A-L, establishing a property tax relief program for low income homeowners. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Frank V. Sapareto for Ways and Means: The majority of the committee recognizes that the burdens of high property taxes have a severe negative impact on many communities throughout the state. In particular, there are many people who struggle with high property taxes while earning little or no income. Regardless of age, residents of New Hampshire who are unable to pay their property tax bill should not be forced from their homes. The relief proposed in this bill is not necessarily the avenue the committee wishes to pursue, as legislation is being drafted now to address low-income homeowners. However, the majority of the committee supports a relief program for any New Hampshire resident who is unable to pay his or her property taxes and strongly recommends future legislation to address this important issue. **Vote 11-1.**

HB 1450, authorizing the sweepstakes commission to allow multi-hall, linked bingo games. **RECOMMENDED FOR FUTURE LEGISLATION**

Rep. Howard C. Dickinson for Ways and Means: The majority of the Ways & Means Committee supported recommending this bill because great interest in this program has been expressed by over sixty-five New Hampshire service organizations, some of which have experienced up to a seventy percent reduction in charitable bingo revenues and participation over the past decade. Furthermore, we understand that more comprehensive legislation will be filed on this subject in the next legislative session.
Vote 8-4.

COMMITTEE MEETINGS

TUESDAY, NOVEMBER 12

DEVELOPMENTAL DISABILITY WAITLIST FUND ALLOCATION OVERSIGHT COMMITTEE, (RSA 171-A:1-b), Rooms 205-207, LOB

10:00 a.m. Regular meeting.

EMERGENCY MANAGEMENT SYSTEM OVERSIGHT COMMITTEE (RSA 21-P:51), Room 205, LOB

1:00 p.m. Regular meeting.

LEGISLATOR ORIENTATION (RSA 17-C:2), Room 202, LOB

1:00 p.m. Rescheduled regular meeting.

WEDNESDAY, NOVEMBER 13

AD HOC COMMITTEE ON MEDICAL LIABILITY INSURANCE, Room 208, LOB

10:00 a.m. Regular meeting.

CIVIL WAR MEMORIALS COMMISSION (RSA 21-K:18), Room 203, LOB

9:00 a.m. Regular meeting.

MEDICAID PRESCRIPTION DRUG BENEFITS MANAGEMENT PROGRAM OVERSIGHT COMMITTEE (HB 1218, Chapter 281:9, Laws of 2002), Room 205, LOB

10:00 a.m. Regular meeting.

PROBLEMS RELATED TO THE DELIVERY OF LOCAL ASSISTANCE (HB 1109, Chapter 184:1, Laws of 2002), Room 307, LOB

10:00 a.m. Regular meeting.

SEPTEMBER 11 MEMORIAL (RSA 4:9-e), Room 306, LOB

1:00 p.m. Regular meeting.

TASK FORCE ON FAMILY LAW (HB 447, Chapter 250:1, Laws of 2002), Rooms 206-208, LOB

3:00 p.m. Regular meeting.

THURSDAY, NOVEMBER 14

ASSESSING STANDARDS BOARD (RSA 21-J:14-a), Room 308, LOB

1:00 p.m. Regular meeting.

EXAMINE AND ASSESS THE STATUS OF CIVIC EDUCATION IN NEW HAMPSHIRE (HB 1151, Chapter 188:2, Laws of 2002), Room 207, LOB

3:00 p.m. Subcommittee meeting.

INDEPENDENT LIVING RETIREMENT COMMUNITIES REVIEW (SB 320, Chapter 70:1, Laws of 2002), Room 101, LOB

11:00 a.m. Review of final report.

LONG-RANGE CAPITAL PLANNING AND UTILIZATION (RSA 17-M), Room 201, LOB

9:30 a.m. Regular meeting.

PUBLIC WORKS AND HIGHWAYS, Room 201, LOB

11:00 a.m. Subcommittee work session on the NH Hospital grounds.

SECURE FACILITIES AND COMMUNITY SHELTER CARE FACILITIES TO SERVICE JUVENILES (SB 55, Chapter 97:3, Laws of 2001), Room 206, LOB

9:00 a.m. Review of final report.

FRIDAY, NOVEMBER 15

MENTAL HEALTH COURT PILOT PROGRAM IN THE KEENE DISTRICT COURT (SB 435, Chapter 72:3, Laws of 2002), Keene District Court, 3 Washington Street, Keene

10:00 a.m. Regular meeting. To meet and hear from Judge Talbot and all that will play a part in the program.

TASK FORCE TO RESEARCH REVENUE TO FUND INTERMODAL TRANSPORTATION SYSTEMS IN NEW HAMPSHIRE (HB 1180, Chapter 190:1, Laws of 2002), Room 201, LOB

10:00 a.m. Regular meeting.

MONDAY, NOVEMBER 18

CERTIFICATE OF NEED TASK FORCE (RSA 151-C:16), Room 206, LOB

10:00 a.m. Regular meeting.

STATE VETERANS' ADVISORY COMMITTEE (RSA 115-A:2), Room 306, LOB

4:00 p.m. Regular meeting.

TUESDAY, NOVEMBER 19

FISCAL COMMITTEE (RSA 14:30-a), Rooms 210-211, LOB

1:00 p.m. Regular business.

1:30 p.m. Audit: Banking Department (excluding the Public Deposit Investment Pool) financial and compliance audit report for the nine months ended March 31, 2002.

WEDNESDAY, NOVEMBER 20

AD HOC COMMITTEE TO REVIEW ALL MATTERS REGARDING THE FINANCIAL CONDITION OF THE STATE'S HIGHWAY FUND, Room 212, LOB

1:00 p.m. Regular meeting.

JUVENILE JUSTICE SERVICE CAPACITY AND ADMINISTRATIVE SIMPLIFICATION (HB 179, Chapter 170:7, Laws of 2002), Room 206, LOB

2:00 p.m. Regular meeting.

THURSDAY, NOVEMBER 21

ADMINISTRATIVE RULES (RSA 541-A:2), Rooms 306-308, LOB

9:00 a.m. Regular meeting.

FRIDAY, NOVEMBER 22

BOARD OF CLAIMS (RSA 541-B:3), Room 202, LOB

8:30 a.m. Regular meeting.

MONDAY, NOVEMBER 25

OIL FUND DISBURSEMENT (RSA 146-D:4), Room 305, LOB

9:00 a.m. Regular meeting.

TUESDAY, NOVEMBER 26

ASSESSING STANDARDS BOARD (RSA 21-J:14-a), Room 308, LOB

9:30 a.m. Regular meeting.

MONDAY, DECEMBER 2

BOARD OF MANUFACTURED HOUSING (RSA 205-A:25), Room 201, LOB

1:00 p.m. Complaint hearing.

TASK FORCE ON RE-ESTABLISHING THE LAWRENCE, MA TO MANCHESTER, NH AND THE CONCORD TO LEBANON RAIL SERVICE (HB 258, Chapter 271:1, Laws of 2001), Room 203, LOB

10:00 a.m. Regular meeting.

TUESDAY, DECEMBER 3

ASSESSING STANDARDS BOARD (RSA 21-J:14-a), Rooms 301-303, LOB

10:00 a.m. Administrative Rules hearing.

OFFICIAL NOTICES

COUNTY DELEGATION NOTICE

Hillsborough County Executive Committee will meet on Friday, **November 22** at the Hillsborough County Nursing Home at 9:00 a.m. This will be the last meeting for the current session. If you cannot attend the meeting please call Marcia at the Delegation Office at 627-5631.

Rep. Robert H. Milligan, Chairman

Hillsborough County Executive Committee

The bound volumes of the 2001 Session Laws are now available on a first come, first served basis in the Office of Legislative Services, Room 109, State House, for those members who are interested.

Carol J. Holahan, Director, Legislative Services

Pursuant to RSA 326-B:12, the Joint Health Council will meet at the NH Board of Nursing, Room 17, 78 Regional Drive, Building 2, Concord, on Monday, **December 2** at 6:00 p.m.

Karen O. Wadsworth, Clerk of the House

MEMBERS' NOTICES

The following notices are published in the House record as a courtesy to the member(s) requesting publication. These are not official public notices and will be limited to legislative policy or social activities and political meetings or events. Publication should not be construed as support for either the events listed or the view espoused by the individual or organization sponsoring the event.

Those Representatives and Representatives-elect who are interested in discussing the formation of a Privacy Caucus please contact me at 529-7253.

Rep. Neal M. Kurk

All members and staff and adult family members are welcome to participate in the State House Flu Clinic sponsored by the Concord Visiting Nurse Association on Thursday, **November 14**, from 10:00 a.m. to noon in Room 102 LOB. The cost for the inoculation is \$15.00 per person. Medicare/Medicaid will cover the expense. **Please note this is a change** Anthem Blue Cross Blue Shield will cover the cost. Please bring your ID/membership card. For more information contact Barbara Leahy at 271-2757.

Gene G. Chandler, Speaker

The Des Voyageurs chapter of the NH's Seacoast region will hold a Memorial Tribute to honor former Representative Ray Proulx who died last April in an automobile accident. This will be held on Saturday, **November 9** from 6:30 to 11:00 p.m. at St.

Charles Church Hall, 575 Central Avenue, Dover. Buffet meal and traditional Quadrille music. Cost is \$25 per person. All proceeds from this event will go to the "ACA Chapter 15 Ray Proulx Memorial Scholarship Fund." RSVP by **November 6** to Mike Breault, 18 Toftree Lane, Dover, NH 03820 or call him at 742-6299.

Rep. Marlene M. DeChane

The Main Street Republicans will sponsor an "economic forum" on Tuesday, **November 12th** from 1:00 to 3:00 p.m. in Rooms 302-304, LOB. All representatives-elect are invited to attend. Our presenter will be Doug Hall of the New Hampshire Public Policy Institute. Mr. Hall will discuss current revenue projections and present the Policy Institute's recent report on what drives budget expenditures.

Rep. Paul D. Spiess

The National OWLS annual conference will be held in San Diego, California from **November 20 – 26**, 2002. Anyone interested in details may contact me at 332-1084.

Rep. Julie M. Brown

Copies of the 2001 Freshman Assembly photograph taken last May are still available to Assembly members. Please see Danielle Grant in the House Information Office by December 2nd to pick up your complimentary photo.

Rep. Edward R. Leach

The NH OWL's scholarship application forms are available in the Financial Aid offices of the state colleges, universities and community colleges. If you know of a nontraditional student who is studying for a career in public service, please refer them to their college's Financial Aid office or contact Gail Alexander at House Secretarial Services at 271-2480 for an application. The deadline for the application is December 31, 2002.

Rep. Janet S. Arndt

The Department of Transportation will hold the following meeting:

Nov 12 – Salem High School Gymnasium, 44 Geremonty Drive, 3:30- 5:30 p.m. for viewing plans, 6:00-11:00 p.m. Public hearing special committee, Salem-Manchester, I-93 alterations.

Nov 12 – John O. Morton Building, Room 114, Hazen Drive, Concord, 6:30 –8:30 p.m. Public informational meeting, Boston-Montreal High Speed Rail Feasibility Study.

Nov 12 – Randolph Town Hall, Durand Road, Randolph, 6:30 p.m. Public officials meeting, Jefferson-Randolph, US Route 2 reconstruction and safety improvements.

Nov 14 – Henry J. McLaughlin Middle School Cafeteria 3:30-5:30 p.m. for viewing plans, 6:00-11:00 p.m. Public hearing special committee, Salem-Manchester, I-93 alterations.

Nov 19 – Oyster River High School Cafeteria, 55 Coe Drive, Durham, 7:00 p.m. Combined public officials/informational meeting, Durham-Newmarket, NH 108, construct 4’ bike shoulders and safety improvements.

Nov 20 – Antrim Town Hall, 66 Main Street, Antrim, 7:00 p.m. Combined public officials/informational meeting, Antrim-Stoddard, repaving of Routes 9/31.

Nov 26 – Alton Town Hall, 1 Monument Square, Alton, 7:00 p.m. Combined public officials/informational meeting, Alton, repaving NH Route 28.

Dec 3 – Nottingham Municipal Building, 139 Stage Road, Nottingham, 7:00 p.m. Combined public officials/informational meeting, Northwood-Nottingham, Barrington-Lee, pavement overlay, guardrail replacement and minor drainage work from Route 4 to Lee Traffic Circle continuing along Route 125 to Route 152.

Rep. Edwin O. Smith, Chairman

Public Works and Highways Committee

As a convenience to the members of the NH General Court, the Visitors’ Center offers the following schedule of schools and other groups visiting the State House

in **November 2002**. Thank you for your continued participation with your School Visitation Program.

Kenneth Leidner, Director

NOTICE

Although the printing of the 2001 Permanent Journal has been delayed, the House Clerk’s Office is now accepting orders for the **2002** hardcover Permanent House Journal. The deadline to place an order is **November 29, 2002**. Production will begin soon, with distribution expected sometime in the spring of 2003.

Upon request, members of the House, Senate and all state agency heads are entitled to one Journal at no charge. Additional copies ordered by legislators, agencies, and all others will cost approximately \$45 each, plus any applicable mailing expenses. Those who order paid copies will be notified *and billed* when the Journals are ready. **DO NOT** send money now.

In an effort to contain costs, the number of Journals printed will be determined by the number of advance orders received. Please do not order a Journal if you have no intention of claiming it.

Please clip this form and return in person or via mail to:

House Clerk’s Office
Room 317, State House
107 North Main St.
Concord, NH 03301
