GOVERNOR'S VETO MESSAGE ON HB 60

May 14, 2003

To the Honorable Members of the General Court:

By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have vetoed House Bill 60, an Act changing the name of the advisory committee on shore fisheries and relative to the definition of shellfish and a rulemaking exemption for certain rules relating to marine species.

I have vetoed this bill only because I object to its last section, which limits the exemption from the provisions of RSA 541-A granted by current law for rules pertaining to marine species managed under the Atlantic States Marine Fisheries Compact. As far as I can tell, the current exemption has generated no problems, and the limitation proposed by H.B. 60 is neither necessary nor warranted. Until there is significant reform of the rulemaking process as currently implemented under RSA 541-A, I am hesitant to extend, even slightly, the rulemaking to which that statute applies. Where as here, the current exemption seems to be working well, there is no reason to limit it.

There has been no claim by anyone that the Department has abused the current exemption or passed rules under the exemption that overstep the authority delegated to the Department by the General Court. Even if I had no concerns about the implementation of RSA 541-A, I would object to the last section H.B. 60 as a solution in search of a problem. The change to the rulemaking exemption proposed in H.B. 60 was not initiated by the Advisory Committee on Shore Fisheries, by the Fish and Game Department, by the commercial fishermen subject to rules passed by the department under the exemption, or by any environmental group. The change was initiated by the Joint Legislative Committee on Administrative Rules.

Since becoming Governor, I have heard from a wide variety of sources, including agency heads, the Attorney General, members of the public and members of the General Court that the rule-making process is in serious need of revision. The fact that administrative agencies should be able to move more nimbly and quickly in adopting detailed rules than can the General Court in adopting legislation, is one of the advantages of rules over statutes and presumably one of the reasons why the legislature has delegated rulemaking power to agencies. This advantage has been deeply eroded by the fact that the process for adopting rules has become in many instances more complex, time-consuming and burdensome than the process for passing legislation.

Another reason why the General Court delegates administrative rulemaking power is to allow an administrative agency with significant expertise in a particular regulatory area to craft regulations within a set legislative mandate. In delegating this power, the legislature has correctly required that agencies seek public input, and follow an orderly and open process in creating rules. At the end of that process, legislative involvement appropriately includes oversight to assure that the rules do not exceed the original legislative intent or the scope of the delegation of authority and includes suggestions on non-substantive drafting issues. My concern stems from the increasing complexity of the process and my belief that substantive decisions made after full public input by the administrative departments to which the legislature has entrusted them, and legal judgments which are properly under the jurisdiction of the Attorney General should not be second-guessed or interfered with during the legislative oversight portion of the rulemaking process. When we ask our agencies to cut unnecessary red tape and to make their procedures as friendly to the public as possible, we should not make the agency, in adopting its own rules, jump through unnecessary bureaucratic hurdles and subject the agency to overly complex and cumbersome process.

I know that many legislators share the view that has been expressed to me by the Attorney General, numerous department heads and members of the public that the rulemaking process must be governed not only by a desire for due process and public input, but also by common sense and good judgment. While I believe in appropriate legislative oversight of the administrative rulemaking process, I am concerned that the RSA 541-A rulemaking process for executive branch agencies is becoming increasingly cumbersome and unnecessarily complex. Legislative red tape during the rulemaking process leads to administrative red tape that defies common sense and disserves the public. The legislative procedures implementing RSA 541-A need to be reformed. Until that happens, I strongly will consider a veto of any bill that extends the reach of RSA 541-A or limits an existing exemption. Because H.B. 60 limits a current exemption from the RSA 541-A rulemaking process, I have vetoed it.

Respectfully submitted,

Craig R. Benson
Governor

GOVERNOR’S VETO MESSAGE ON HB 278

June 11, 2003

To the Honorable Members of the General Court:

By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have vetoed House Bill 278, an act reducing the crime of sexual assault from a class B felony to a class A misdemeanor in cases where the victim is between 13 and 15 years old and where the defendant is up to 4 years older than the victim.

I have vetoed this bill because I believe that the penalty for sexual crimes committed against our children should not be reduced. The specific objection I have to this bill is that the age gap between the victim and perpetrator is too great. For example, this bill would reduce the penalty for sexual assault in cases where the victim is only 13 years of age and the defendant is 17 years of age. That age gap represents the considerable developmental difference between a seventh grader and a junior in high school. Likewise, a sexual assault committed on a victim that is only 15 years of age by a defendant who is 19 years of age would receive a reduced penalty under the terms of this bill. Just as there is a significant difference between a 13 year old and a 17 year old, there is a considerable disparity in maturity between an average 15 year old who is still a high school student and a 19 year old who may be living on his or her own. Given the unequal influence an older perpetrator can have on a younger victim in these types of cases and the mental anguish such victims often endure, I do not feel that we should reduce the consequences for committing the crime of sexual assault in these types of cases.

Respectfully submitted,

Craig R. Benson
Governor

2003 HOUSE COMMITTEE OF CONFERENCE PROCEDURES

- The Chairmen of the policy committees will receive bills amended by the Senate and should check with their committees to determine whether the committee will recommend that the House concur, non-concur, or non-concur and request a Committee of Conference.
- When a committee requests that the bill be sent to a Committee of Conference, the Chairman will recommend members for appointment. If the bill has gone to more than one committee, the members may come from the different committees as determined by the Speaker. Chairmen should recommend only those members from their policy committees. The Speaker shall make the final decision of Conference committee members.
- **The first named House member shall serve as Chairman of the House Conference Committee.** For House bills in Committee of Conference, the House Committee of Conference Chairman shall set the time and place of the first meeting and shall chair each meeting of the Committee of Conference. **Each meeting shall be posted in the Clerk's Office and outside the committee room at least 24 hours in advance.**(House Rule 43[c])
- The House and Senate Committees of Conference on a bill shall meet jointly but vote separately while in conference.
- The Committee of Conference may not change the title of the bill. The Committee also may not add amendments that are not germane to the subject matter of the bill or contain subject matter that has been indefinitely postponed. A non-germane amendment is one in which the subject matter is not contained in either the House or Senate version of the bill.(House Rule 49 [b])
- The sponsor of a bill that is in Committee of Conference shall, upon request, be provided an opportunity to be heard.
- A unanimous vote of both the House and Senate Committees of Conference, voting separately, is necessary for an agreed upon report to be sent to the House and Senate.
- **Reports** of all Committees of Conference **must be filed with the Office of Legislative Services by the deadline adopted by the House in Rule 64 (June 18th at 3:00 pm).** All Committee of Conference members must sign their reports in the Office of Legislative Services.
- **The first-named House member on all bills in Committee of Conference must prepare an analysis of the report.** This "blurb" should contain a complete explanation of all changes made to the bill since it was passed by the House and must be submitted to the House Clerk for printing in the calendar.
- All Committee of Conference reports shall be distributed in seat pockets to be acted on some subsequent day. (House Rule 49 [a]).
- A Committee of Conference **report** on either a House or Senate bill **may be placed on the House Consent Calendar only upon a unanimous vote of all House conferees.** (House Rule 49 [d]).
