Gene G. Chandler, Speaker

Shuttle Service

For the convenience of the members during the winter months I have again instituted a shuttle service from the Storrs Street parking garage to the State House complex. I am pleased to inform you that the van, on loan from the Department of Transportation, operates on an alternative fuel, LNG (liquid natural gas).

The shuttle will operate **Tuesdays, Wednesdays, and Thursdays from 8:00 to 10:00 a.m. and again from 2:00 to 4:00 p.m. or until session is over.** The van will drop off and pick up on **North State Street between the State House and LOB.** If you have any questions or need any assistance please feel free to call my office or Protective Services at 271-3321.

Gene G. Chandler, Speaker

NOTICE

LEGISLATIVE ETHICS COMMITTEE

All legislators and legislative officers are required to complete and file the annual "Financial Disclosure Form" with the Office of the Secretary of State no later than **January 31, 2004.** A copy of the form has been sent to each member of the House.

Rep. Shawn N. Jasper, Chairman
Legislative Ethics Committee

THURSDAY, JANUARY 29 CONSENT CALENDAR

CHILDREN AND FAMILY LAW

HB 1144, establishing a committee to study banning alcohol sales at youth and family-oriented community events. **INEXPEDIENT TO LEGISLATE**

Rep. Karen K. McRae for Children and Family Law: The committee voted to ITL this study committee because the New Hampshire Liquor Commission is taking a pro-active position in enforcement and in the education of alcohol servers. The New Hampshire Lodging and Restaurant Association is committed to a public/private partnership to make certain that liquor is served appropriately at youth and family-oriented community events. Therefore, because all parties are working to improve communications and performance in this sensitive area, the committee felt that a study committee was unnecessary at this time. **Vote 13-0.**

HB 1169, relative to child support calculations based on one-time or irregular income. **OUGHT TO PASS WITH AMENDMENT**

Rep. Margaret D. Hallyburton for Children and Family Law: This bill allows the court necessary discretion in its handling of one-time or irregular income in the calculation of child support. All testimony was in support of the bill, and the amendment makes the bill effective on passage. **Vote 13-0.**

HB 1212, relative to the circumstances under which a juvenile may be committed to the youth development center until the age of 18. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary Stuart Gile for Children and Family Law: In 2002 the General Court enacted legislation to permit a juvenile committed to the Youth Development Center to remain committed beyond the juvenile's 17th birthday following a motion and determination by the court that the juvenile would benefit from additional supervision and services. This bill, as amended, affirms the legislature's intent that the motion must be filed by DHHS within 90 days prior to the juvenile's birthday. Because this bill simply clarifies existing law, it has no fiscal impact. **Vote 11-0.**

HB 1332, relative to child support in cases of shared custody. **INEXPEDIENT TO LEGISLATE**

Rep. Mary Stuart Gile for Children and Family Law: The committee appreciates the sponsor's interest in presenting an important issue in cases of shared physical custody and proposing that child support decisions be adjusted based on the amount of time that the child spends with the obligor's parent. This issue is already under study in the Commission on Child Support, so the committee decided to wait for the commissioner's report before further consideration of this matter. **Vote 14-0.**

HR 22, relative to fathers' rights. **INEXPEDIENT TO LEGISLATE**

Rep. Karen K. McRae for Children and Family Law: The committee voted inexpedient because the issue of fathers' rights is actively being studied by the Commission on the Status of Men as well as other groups concerned with the father's role in the life of children. With regard to child support and visitation, the committee has other bills which can be used to address these matters. **Vote 11-1.**

COMMERCE

HB 1145, prohibiting commercial faxes. **INEXPEDIENT TO LEGISLATE**

Rep. Leo W. Fraser, Jr. for Commerce: In 1991 Congress adopted the Telephone Consumer Protection Act (TCPA). The act was designed to provide some protection against unsolicited telemarketing calls, automated and pre-recorded phone calls and unsolicited facsimile advertising. The latter portion (facsimile advertising) was addressed by the Federal Communications

Commission (FCC) in 1992 by (A) Prohibiting unsolicited advertisements being sent by FAX machines (B) Defining “unsolicited advertisements” (C) Requiring the sender to identify themselves to recipients and (D) Setting penalties from \$500 to \$1500 per violation for private rights of action and up to \$11,000 per violation for FCC billed fines. No one appeared before the committee either in favor of or opposed to the legislation. **Vote 12-0.**

HB 1204-FN-A, establishing an historic homeownership mortgage credit program. **INEXPEDIENT TO LEGISLATE**

Rep. Paul D. Spiess for Commerce: This bill would establish a tax credit program to promote and support the restoration and rehabilitation of designated historic properties. The sponsor requested that the bill be withdrawn. Consequently the committee recommends ITL. **Vote 12-0.**

HB 1268, relative to bank reserve and lending procedures. **INEXPEDIENT TO LEGISLATE**

Rep. Paul D. Spiess for Commerce: The intent of this bill as originally drafted, and subsequently amended by the sponsor, is to prohibit banks from making loans unless the deposits of the bank (demand, time and savings) are 100% secured by cash. This would have the practical effect of putting banks out of the lending business, as the only funds available to fund loans would be original capital, surplus or retained earnings and borrowed funds. This would have a catastrophic affect on the credit markets. Banks are required by federal and state law to maintain adequate capital to protect against unanticipated losses, adequate cash reserves to meet the liquidity and transaction needs of its customers, and loan loss reserves to protect against the risks of loss. These reserves are monitored by regulators on a regular basis, and each bank receives a full safety and soundness examination every eighteen months. **Vote 12-0.**

HB 1287, establishing a study committee to review insurance statutes and rules to assure conformity with the mission statement published by the insurance department. **INEXPEDIENT TO LEGISLATE**

Rep. Paul D. Spiess for Commerce: The stated purpose of this bill is to create a study committee to determine if existing statutes and rules pertaining to insurance are in conformity with the “missions statement” of the insurance department. In public testimony we learned that the “mission statement” is an internally generated document developed by the staff as a result of a “management by objectives” exercise. As such, it has no statutory or official standing. It should be noted that the department could only exercise those powers which the legislature establishes. The committee believes that there is no valid purpose for pursuing this study. **Vote 12-0.**

HB 1382, relative to liens filed with public servants. **INEXPEDIENT TO LEGISLATE**

Rep. Leo W. Fraser, Jr. for Commerce: The original bill as introduced would have required a judicial proceeding that must ensue before a lien could be filed. The sponsor offered an amendment that, if adopted, would have restrained the Secretary of State, town clerk or any city clerk from accepting or recording any federal liens unless it is as a result of an enforceable federal court order, and unless it complies with Part 2, Article 87 of the New Hampshire Constitution. The committee understood the entire basis of this proposed legislation was to disallow the Internal Revenue Service from establishing liens unless and until the issue had been adjudicated. **Vote 11-1.**

CRIMINAL JUSTICE AND PUBLIC SAFETY

HB 1195-FN, increasing the penalty assessment on fines imposed by the courts. **INEXPEDIENT TO LEGISLATE**

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: This bill was filed with the intent to assure adequate funds for law enforcement training. Since the bill was filed circumstances have arisen that would make HB 1195 moot. **Vote 15-0.**

HB 1414, establishing a commission to study issues regarding the women's prison facility. **OUGHT TO PASS**

Rep. Karl I. Gilbert for Criminal Justice and Public Safety: HB 1414 establishes a commission to study issues regarding the women's prison facility. It will be comprised of legislative members, representatives on the Department of Corrections and Transportation, and an appointee of the Governor. The members will have expertise relative to the subject matter. This commission is established to study the adequacy of the current women's facility in Goffstown and make recommendations on whether to renew the current lease and further, to investigate the feasibility of renovating a state-owned building as a women's facility or some other alternative to the current facility in Goffstown. **Vote 13-0.**

FISH AND GAME

HB 1288-FN, reducing the membership of the fish and game commission. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Laflam for Fish and Game: The committee saw no merit in the bill. There was no evidence provided to show that it was necessary. No one testified in favor. **Vote 17-0.**

HB 1327-FN, relative to allowing persons to be bonded for search and rescue costs in hiking and climbing in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Mary J. Gorman for Fish and Game: The majority of the committee felt most hikers and climbers are responsible individuals. Those who become stranded do so because of inexperience or lack of knowledge. Their intent is to enjoy the sport and not place themselves in a life and threatening situation. Bonding hikers seemed to be a paperwork and enforcement nightmare. Therefore, the bill is unnecessary. **Vote 16-1.**

HB 1334, relative to retention of records of fish and game law violations by the fish and game department. **OUGHT TO PASS**

Rep. David S. Woodward for Fish and Game: The passage of this bill will allow violations of New Hampshire Fish and Game

Laws to be purged from the record after seven years. This is consistent with other similar violations in the state of New Hampshire. There was no opposition to this bill and Fish and Game thought it would save them money. **Vote 16-1.**

HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

HB 1192, relative to psychotropic drug recommendations by public employees. **INEXPEDIENT TO LEGISLATE**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: New Hampshire has been cited by the Federal Drug Enforcement agency, as the state with the highest per capita use of various types of psychostimulants. Ritalin use has been a matter of concern for many particularly as it has been used by school children to help manage behavior problems. Legislators have filed considerable legislation over recent years indicating their concern. Very recently the newly appointed Commissioner of Health and Human Services has appointed an Advisory Committee regarding the use of Psychostimulants. This is a 19 member committee. The committee has broad membership including a representative from the legislature and the Governor's Office. The committee on Health, Human Services and Elderly Affairs looks forward to the findings of this group to enlighten them as to what legislative action should be taken. This bill specifically requires that "Any employee of state or local governments or any political subdivision thereof, who, in the performance of his or her official duties, recommends to a parent that his or her minor child receive psychotropic medication shall also disclose the potential side effects of such medication." The committee believes that unless a public employee has appropriate training and licensing, they should not be making suggestions as to use of medications or medical care. Therefore, it is also logical that public employees should not be providing medication side effects. **Vote 15-0.**

HB 1234, establishing a study committee to examine ways to prevent and address homelessness in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra Harris for Health, Human Services and Elderly Affairs: As part of the White House Domestic Policy Council, the goal of the NH State Interagency Council on Homelessness is to develop and implement a comprehensive national approach to end homelessness in the US. The sponsor asked the committee to find this bill Inexpedient to Legislate since he wishes to form an ad hoc committee to study the homelessness in New Hampshire as part of the work of the Interagency Council, of which he is a member. **Vote 13-0.**

HB 1266, relative to the long-term care ombudsman. **OUGHT TO PASS**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill essentially is a rewrite and update of the law pertaining to the Office of the Long-Term Ombudsman. This office is a program established by the Federal Older Americans Act, which generally provides financial support for its operation. The bill emphasizes the autonomy of this office, which is essential to its proper functioning. The office is now administratively attached to the Department of Health and Human Services. There is no current intention to change that arrangement. However, the bill does allow for a transfer outside the department in the future if needed. This legislation also uses the term resident throughout instead of patient or client and incorporates gender neutral language. This bill brings the New Hampshire statute into congruency with federal statute. In addition, it specifically identifies the office of the Long Term Care Ombudsman as distinguished from the Ombudsman Office of the Department of Health and Human Services. **Vote 14-0.**

HB 1290, establishing a time limit on the receipt of Temporary Assistance for Needy Families. **OUGHT TO PASS WITH AMENDMENT**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill provoked considerable concern and discussion. Three legislators spoke in favor of the bill. Ten individuals representing a variety of organizations spoke against it. The DHHS took a neutral position. Temporary Assistance for Needy Families is probably best known as the Welfare to Work Program. The general consensus is that this is a much needed and significant operation. TANF is now continuing to operate on a continuing resolution. Hopefully, Congress will vote to reauthorize TANF. Since this is an important subject, the committee felt that it should be studied to review some of the recommendations contained in the bill and to make suggestions for NH legislative changes when TANF is reauthorized. The committee voted unanimously to support the amendment authorizing further study on this complex matter. **Vote 14-0.**

HB 1294, establishing a committee to study the effect of the federal reauthorization of the Temporary Aid to Needy Families Program and its effect on the state of New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Janeen Dalrymple for Health, Human Services and Elderly Affairs: Although the sponsor was concerned that TANF may be discontinued, at this time TANF is operating on a continuing resolution and will continue until TANF is reauthorized by congress. Therefore consistent with the recommendation of DHHS a study of the TANF program is not needed. The Health, Human Services and Elderly Affairs Committee will send a copy of this document to the NH Congressional Delegation asking for their support of TANF reauthorization. All members of Health, Human Services and Elderly Affairs support the continuation of the TANF program in NH. At this time, this bill is completely unnecessary. **Vote 14-0.**

HB 1322, relative to the rules for the operation and regulation of supported residential care facilities. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra C. Harris for Health, Human Services and Elderly Affairs: At a full committee hearing the prime sponsor requested that the bill be killed. Since this legislation was first requested, action has been taken and this bill would be redundant to rules

being addressed through administration of the Department of Health and Human Services. Further legislation on this matter is no longer needed. **Vote 14-0.**

HB 1323, relative to the rules for the operation and regulation of residential care facilities. **INEXPEDIENT TO LEGISLATE**
Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill and HB 1322 were introduced to encourage the DHHS to proceed with the writing of administrative rules, pertaining to health care facilities. Legislation was recently passed requiring the DHHS to write separate rules for the several types of health care services and discontinue the writing of omnibus rules. In response, NH ARCH (Home Care Association of NH) has submitted to DHHS proposed revisions of 804/805 regulations. These rules are currently being drafted. In addition, the committee in a bill acted on very recently, gave specific advice on personal safety issues. The committee is satisfied that the rule making process is progressing. DHHS is responsive to legislative concern about past slowness in producing rules. The Commissioner of DHHS is clear that he will only authorize administrative rules that are based on clear legislative intent. The long impasse of legislative rules expiring without new rules being adopted appears to be ending. Therefore, this bill has served a good purpose and is not now needed. **Vote 14-0.**

HB 1397, relative to youth suicide prevention. **OUGHT TO PASS WITH AMENDMENT**
Rep. Janeen Dalrymple for Health, Human Services and Elderly Affairs: This bill expands the duties of the Health Education Review Committee to include specific consideration of youth suicide prevention initiatives. It is suggested an additional committee member include a school guidance counselor. **Vote 13-0.**

JUDICIARY

CACR 23, relating to oaths of civil officers. Providing that all officers, department heads in the executive branch, and town officers shall take an oath before executing the duties of their office. **INEXPEDIENT TO LEGISLATE**
Rep. Alf E. Jacobson for Judiciary: The committee view is that there were no urgent reasons to put this CACR to the people. Statutory law already requires those persons not constitutionally listed, such as selectmen and school board members, to take the oath of office. **Vote 11-2.**

HB 1154, relative to the Hanover-Lebanon district court and the Plymouth-Lincoln district court. **OUGHT TO PASS**
Rep. Robert H. Rowe for Judiciary: The small town of Dorchester (350 citizens) requested that it be removed from the Plymouth-Lincoln District Court District and be incorporated in the Hanover-Lebanon District Court. This will allow the town to be served by the Lebanon District Court rather than the Plymouth District Court. The committee believes that the citizens of Dorchester will be best served by this transfer. The town is currently served by the rescue services from Canaan and is negotiating with Canaan to assume police duties in Dorchester. Canaan is already affiliated with the Lebanon District Court. The change in jurisdiction was requested by the town and the judiciary branch concurs with the request. **Vote 12-0.**

HB 1206, establishing a committee to study the appropriateness of designating corporations as legal persons. **INEXPEDIENT TO LEGISLATE**
Rep. Gregory M. Sorg for Judiciary: This bill would establish a committee to study whether to withdraw from corporations their status as legal persons, by means of which they acquire, like natural persons, the benefits and protection of relevant parts of the federal and New Hampshire Bills of Rights. The committee concluded that many of the specific issues raised by the sponsor and supporting witnesses implicated the commerce, contracts and supremacy clauses of the federal constitution that no enactment of the New Hampshire Legislature could affect. Moreover, the direction to which the study sought by the bill appears aimed is towards the theoretical, social and economic underpinnings of the entire capitalist system. This was not considered an appropriate subject for the use of the Legislature’s time and resources. **Vote 18-0.**

HB 1238-FN, requiring interpreters for persons with limited English proficiency in court and administrative proceedings. **INEXPEDIENT TO LEGISLATE**
Rep. Tony F. Soltani for Judiciary: This is a well-intentioned bill. Presently, under the mandates of federal and state Constitutions, a criminal defendant is entitled to the assistance of an interpreter so as to enable the defendant to understand the proceedings, participate in the proceedings and to meaningfully assist in their own defense. This bill would expand this right to all civil and administrative matters, at state, court, or municipal expense. This bill is too expansive and too complex and could be very expensive to implement. The state already expends approximately \$400,000 annually for English interpreters as pre-trial and trial costs. The several subjects raised should be studied independently, and individually. **Vote 13-0.**

HB 1247-FN, relative to a statewide law library network. **REFER FOR INTERIM STUDY**
Rep. Peter E. Franklin for Judiciary: This bill would establish a statewide law library network for the benefit of the public, particularly pro se litigants. The committee needs to determine such matters as the basic contents of each library (both print and electronic), the training of librarians, the locations of libraries, any 28-a issues, and whatever else may be needed to establish the network. **Vote 13-0.**

HB 1381, relative to the rights of citizens. **INEXPEDIENT TO LEGISLATE**
Rep. James E. Wheeler for Judiciary: No one on the committee can understand this bill or its purpose. However, it appears that if this bill were passed people could elect not to get drivers licenses, hunting licenses, pay tax or a host of other things that could constitute “compelled performance” mandated by the government. With that quagmire of possibilities the committee unanimously voted this legislation Inexpedient to Legislate. **Vote 13-0.**

HB 1383, relative to full faith and credit in judicial proceedings. **INEXPEDIENT TO LEGISLATE**

Rep. Gregory M. Sorg for Judiciary: This bill would create a new chapter of the statutes, RSA 524-B, that would establish rules for registering and recognizing the decisions of the highest courts of sister states under the Full Faith and Credit clause of the federal constitution. It was the view of the committee that the testimony at the hearing indicated a fundamental misunderstanding of the scope of that clause, which undermined both the purpose of and necessity for this bill. The sponsors believed that any such decision automatically acquired standing as binding precedent, required to be enforced in all other states against all other persons. In fact, Full Faith and Credit jurisprudence seems clear that such a precedent is binding only in the state in which it was rendered, unless changed subsequently by statute or a superceding decision. What the Full Faith and Credit clause accomplishes is to make the result of that particular case binding upon the specific parties to the litigation, enforceable against them -- and no one else -- in any other state that may later acquire jurisdiction over them. **Vote 18-0.**

HB 1384, relative to challenges to statutes. **INEXPEDIENT TO LEGISLATE**

Rep. Harry M. Haytayan, Jr. for Judiciary: This bill would allow state laws to be challenged by the preparation of an affidavit. If passed, it would create disruption in the enforcement of state law and would lead to unintended consequences. The current system for challenging state statutes has worked efficiently and continues to do so. **Vote 18-0.**

PUBLIC WORKS AND HIGHWAYS

HB 1140, relative to the disposal of surplus real estate. **INEXPEDIENT TO LEGISLATE**

Rep. Chris S. Malloy for Public Works and Highways: A working system is already in place to deal with surplus real estate. RSA 4:40 addresses the disposal of surplus property. Many of these land parcels were purchased for construction of highway projects. If we sell properties for \$1.00 the State would be liable to return all federal funds used for the original purchase of the property. Any surplus land should be sold so that the funds received could be used for the intended purpose of improving the highway system. **Vote 13-0.**

HB 1196-FN-A-LOCAL, relative to leasing a certain parcel of state-owned property to the town of Hopkinton. **INEXPEDIENT TO LEGISLATE**

Rep. Mark E. McConkey for Public Works and Highways: Action on this bill is no longer necessary. The Town of Hopkinton has an agreement to purchase a certain parcel of state owned property for the construction of athletic fields. **Vote 13-0.**

HB 1197-FN-A-L, relative to selling a certain parcel of state-owned property to the town of Hopkinton. **INEXPEDIENT TO LEGISLATE**

Rep. Mark E. McConkey for Public Works and Highways: Action on this bill is no longer necessary. The Town of Hopkinton has an agreement to purchase a certain parcel of state owned property for the construction of athletic fields. **Vote 13-0.**

HB 1354-FN, relative to certain tolls on the Everett Turnpike. **INEXPEDIENT TO LEGISLATE**

Rep. Saghir A. Tahir for Public Works and Highways: The sponsor of this bill recommended that this bill should be Inexpedient to Legislate. The committee agreed. **Vote 13-0.**

RESOURCES, RECREATION AND DEVELOPMENT

HB 1186-FN, relative to registration stickers issued to nonresidents operating snowmobiles in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Henry A. L. Parkhurst for Resources, Recreation and Development: This bill would have required out-of-state owners to pay an additional fee to register their snowmobiles. Realizing this may not be the appropriate way to go the committee and the sponsor have agreed on the ITL recommendation. **Vote 13-0.**

HB 1273, relative to the use of trails managed by OHRV clubs. **INEXPEDIENT TO LEGISLATE**

Rep. Dennis H. Fields for Resources, Recreation and Development: The Attorney General determined this bill as introduced could be in conflict with state liability laws regarding OHRVs trails. Sponsor requested to ITL the bill. **Vote 11-2.**

STATE FEDERAL RELATIONS AND VETERANS AFFAIRS

HB 1207-FN-A, relative to an Operation Iraqi Freedom service bonus payment. **OUGHT TO PASS WITH AMENDMENT**

Rep. James Headd for State-Federal Relations and Veterans Affairs: This bill establishes a bonus payment of \$300.00 for NH Veterans who served in active duty during the Global War on Terrorism and who earned the expeditionary medal provided they were discharged under honorable conditions. The effective date of this program was 9/11/01 and with a terminal date to be determined. This bonus program is in keeping with the traditions of prior awards to our servicemen. **Vote 13-0.**

HB 1378-FN-A, relative to New Hampshire service medals for veterans of World War II, the Korean Conflict, and the Vietnam Conflict and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Barbara Shaw for State-Federal Relations and Veterans Affairs: In order to duly recognize the contributions of New Hampshire residents in service to their country, this bill establishes New Hampshire Service Medals for veterans of World War II, the Korean War, and the Vietnam War who were residents of New Hampshire at the time of their entrance into military service. **Vote 13-0.**

HR 20, supporting Taiwan's participation in the World Health Organization. **OUGHT TO PASS**

Rep. Richard A. McCann for State-Federal Relations and Veterans Affairs: Whereas Taiwan has enjoyed a cross collaboration with the U.S. Centers for Disease Control and a willingness to assist financially and technically in international health activities supported by World Health Organization, the committee voted unanimously to support this House Resolution. **Vote 12-0.**

HR 23, urging the President and Congress to amend federal selective service and immigration laws to grant the right of citizenship to all immigrants honorably discharged from United States military service. **OUGHT TO PASS**

Rep. Cynthia P. Sweeney for State-Federal Relations and Veterans Affairs: The committee believes that after honorable service in the United States Armed Forces an immigrant veteran deserves the full benefits of citizenship as soon as possible. **Vote 11-2.**

TRANSPORTATION

HB 1139, relative to vehicles stopping in travel lanes. **INEXPEDIENT TO LEGISLATE**

Rep. Brenda L. Ferland for Transportation: This bill was about vehicles stopping in travel lanes and upon departing a vehicle without first activating the emergency lights. The prime sponsor was the only speaker who related one incident where a vehicle hit a truck that was parked in or near the travel lane. The committee felt that there are enough laws to cover standing, disabled, or parked vehicles without enacting this one. **Vote 11-0.**

HB 1259, relative to the medical certification required for a walking disability plate or placard. **OUGHT TO PASS**

Rep. Brenda L. Ferland for Transportation: Passage of this bill will give a licensed podiatrist the ability to issue a certification for someone to apply for the walking disability placard or plate. Under current law, physicians are the only ones allowed to do this. But upon testimony given it was learned that some people go to a podiatrist and have surgery done and do not go to their regular doctors. This would lessen the burden on the patient. The only opposition was concern of opening the door for other medical people. Nothing in this legislation does that. **Vote 11-0.**

WAYS AND MEANS

CACR 20, relating to the conservation of the gravel and water resources of the state. Providing that the general court may provide for special assessments, rates and taxes on gravel and water extracted from the resources of the state. **INEXPEDIENT TO LEGISLATE**

Rep. Susan W. Almy for Ways and Means: The sponsors of this amendment have the laudable goal of protecting our water resources for the future. However, they have not yet worked out a plan on how to use the resulting constitutional language, if passed by the people. When the timber tax language was entered into our constitution, there was a clear plan and justification available for us and other citizens to judge. The constitution should only be amended after full consideration of the practical consequences as well as the goal. **Vote 14-0.**

CACR 21, relating to state education property tax exemption for certain disabled veterans. Providing that veterans with certain service connected disabilities shall be exempt from the state education property tax. **INEXPEDIENT TO LEGISLATE**

Rep. Kurt J. Roessner for Ways and Means: The sponsor of this CACR requested that it be designated inexpedient to legislate since its subject matter would be included in HB 1370. **Vote 18-0.**

HB 1168, establishing a committee to study the effects of the current business tax structure on New Hampshire's economy. **INEXPEDIENT TO LEGISLATE**

Rep. Kurt J. Roessner for Ways and Means: The subject matter of this bill is included in two other interim studies being recommended for HB 1387 and HB 1388. **Vote 15-0.**

HB 1213-FN-L, exempting persons age 70 and older from the state and local education portion of property taxes. **INEXPEDIENT TO LEGISLATE**

Rep. Tom F. McCormick for Ways and Means: The committee agrees the subject matter of this bill warrants further study and will be including it in a comprehensive study of all local and state property tax relief proposals. The comprehensive study is included in HB 1370. **Vote 18-0.**

HB 1311-FN, relative to the insurance premium tax. **OUGHT TO PASS WITH AMENDMENT**

Rep. David W. Hess for Ways and Means: As introduced, this bill would have decreased the insurance premium tax resulting in a significant reduction in general fund revenue. During the hearing, however, representatives of both the Insurance Department and the private insurance industry asked for the opportunity to conduct an exhaustive study of the potential economic development opportunities which could accrue to the state if this tax were reduced. The private sector offered to pay the entire cost of such a study. Since such a study could not be conducted, completed, digested by the committee, and acted upon responsibly during the session, the Ways and Means Committee voted unanimously to establish a statutory study committee to receive and consider such a report and to make recommendations based upon the findings. **Vote 15-0.**

HB 1344-FN-A, allowing a deduction against the business profits tax for employer-paid health insurance premiums. **INEXPEDIENT TO LEGISLATE**

Rep. David W. Hess for Ways and Means: The purpose and intended effect of this bill was unclear. Employer-based health insurance premiums are already allowed as a deduction to businesses in calculating the amount of business profits tax they

owe. They aren't currently considered in calculating the business enterprise tax and this bill would not change that. Consequently this bill is redundant and unnecessary. **Vote 15-0.**

HB 1356-FN-A-L, assessing a fee on water withdrawn for commercial bottling purposes from water supply sources in the state. **INEXPEDIENT TO LEGISLATE**

Rep. Russell F. Ingram for Ways and Means: This bill would impose a \$.05 per gallon fee for water withdrawal from a source in New Hampshire for the purpose of commercial bottling as a business. There was some concern as to whether this fee could be considered a new tax and unconstitutional. It was felt that this bill would put existing bottling plants at a disadvantage to out-of-state competitors and also discourage the expansion of their present volume. Any new bottling plant would have to pay the \$.05 per gallon from the first gallon. This would discourage any new competition. There is presently a committee under SB 155 to study this and other concerns relative to water and it is to submit its report by November 30, 2004. This bill precludes this study and we should wait for the study committee report to help us on a decision at some future time. **Vote 14-0.**

HB 1370, establishing a committee to study property tax relief for low-income and elderly persons. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeffrey D. Gilbert for Ways and Means: This chapter study bill will establish a committee of five representatives and five senators to undertake an exhaustive study of all existing state and local property tax relief programs and to entertain and evaluate proposals to modify them. The committee believes that this study is particularly timely in light of the success in 2003 of the new statewide property tax relief program targeted at certain low-income property owners and recently enacted significant changes to the statewide property tax. In contrast to prior years, in 2003 there was an increase of 700% in the use of the existing program. The committee expects that the study may result in recommendations to enhance this success and better integrate the many present state and local forms of credits, abatements, exemptions and reimbursements. **Vote 18-0.**

HB 1387-FN-A, reducing the rate of the business enterprise tax. **REFER FOR INTERIM STUDY**

Rep. Robert J. Giuda for Ways and Means: This bill would reduce the rate of the Business Enterprise Tax from 0.75 to 0.25 percent over a five year period. The sponsor's goal is to create a better business environment and reward risk taking and spur economic growth. This bill has significant revenue implications and the committee felt this bill should be sent to interim study to fully analyze the concept. **Vote 15-0.**

HB 1388-FN-A, reducing the rate of the business profits tax. **REFER FOR INTERIM STUDY**

Rep. Daniel M. Hughes for Ways and Means: This bill would reduce the rate of the business profits tax to 4% over a five-year period. The sponsors goal is to create a better business environment and reward risk taking and spur economic growth. This bill has significant revenue implications and the committee felt the bill should be sent to interim study to more fully analyze this concept. **Vote 15-0.**

HB 1402-FN-A, requiring a discount to wholesalers on cash purchases of tobacco tax stamps. **REFER FOR INTERIM STUDY**

Rep. David W. Hess for Ways and Means: On its initial vote on this bill, half of the Ways and Means Committee felt we could not afford the reductions in revenue which would result from allowing this discount. The other half of the committee felt that it was fundamentally unfair to have tobacco wholesalers, who place the stamps on the tobacco packages, essentially collect the tobacco tax without receiving some compensation for that effort. Upon further reflection, the committee decided to study this issue further during interim study. **Vote 12-2.**

REGULAR CALENDAR

CHILDREN AND FAMILY LAW

HB 1275-FN-A, relative to the role of the department of health and human services in juvenile proceedings. **OUGHT TO PASS**

Rep. Margaret D. Hallyburton for Children and Family Law: While the department has standing in these cases now, they are sometimes overlooked on distribution of pleadings and notices. This bill will ensure that the department is a full party to the case. The bill does not impose new duties on the department. **Vote 11-2.**

ENVIRONMENT AND AGRICULTURE

HB 1285, restricting owners of land in current use and land acquired with public funds from posting for no hunting. **INEXPEDIENT TO LEGISLATE**

Rep. Peter H. Allen for Environment and Agriculture: Overwhelming testimony, representing many viewpoints, opposed this bill as not in the public interest and not workable. If there is thought of this type of legislative initiative it would be best to start over **Vote 11-2.**

HEALTH, HUMAN SERVICES AND ELDERLY AFFAIRS

HB 1157, establishing a committee to study the feasibility of implementing model legislation on medical resident work hour restrictions. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Peter L. Batula for the **Majority** of Health, Human Services and Elderly Affairs: This was a bill with good intentions to implement model legislation dealing with the restriction of working hours in the medical field. The committee recognizes that in the past medical personnel were required to work hours beyond the safety point of good medical care. We had professional testimony from a Dartmouth physician and a Concord Hospital physician that corrective measures have been taken through federal legislation that now puts restrictions on medical personnel hours worked. In the opinion of these professional medical personnel passage of this bill is unneeded and redundant. The prime sponsor agrees that the concerns of this bill should be incorporated into a current commission that is studying methods of reducing medical errors, many possibly caused by overworked medical personnel and related matters. The chairman of the medical errors study committee has also agreed to incorporate the concerns of this bill's sponsor into their studies. The Health Committee overwhelmingly agreed that this bill is redundant and is unnecessary since all the matters are either already dealt with under federal guidelines or will be addressed in a current and ongoing health committee. **Vote 12-2.**

Rep. Hilda W. Sokol for the **Minority** of Health, Human Services and Elderly Affairs: Although the sponsor of this bill agreed to put the bill under the rubric of the Medical Errors Commission (Department of Health and Human Services) we believe that the intent of HB 1157 goes beyond medical errors only some of which may be attributed to excessive working hours. The ability to learn and absorb information is reduced where mind and body are physically exhausted. Medical residency programs are an extension of medical education, and not all hospitals adhere to the guidelines established by the Accreditation Council of Graduate Medical Education.

HB 1170, establishing a committee to study access to medical records of persons with highly communicable diseases. **OUGHT TO PASS**

Rep. Pamela Price for Health, Human Services and Elderly Affairs: The intent of this bill is to study access to medical records of persons with highly communicable diseases. There are ways to access medical records currently. The Public Health Department can access records for their own purposes, which can not be released to any provider or individual. A provider can access records with the permission of the individual. There is a judicial remedy through legal action. State laws may allow access to records, such as covered under 141-G, the section relating to emergency response workers. Furthermore, we learned that treatment protocols may change if there is a known exposure. Treatment is started right way while further testing is done to determine if the individual has contracted the disease. Many questions arose in the course of the subcommittee sessions, which is the reason for recommending further study. The study committee will examine state laws as they relate to HIPAA, which diseases may be covered, who may access information, in what format and when they may be accessed. Additionally, this committee will examine RSA 141-G because of the transfer of some public health and bioterrorism responsibilities from Health and Human Services to the Department of Safety. It is the belief of our committee that this complex issue warrants further study. We recognize that in the end the study committee may recommend no changes in law. **Vote 14-0.**

HB 1277-FN, requiring assisted living facilities to have certain security measures for residents. **INEXPEDIENT TO LEGISLATE**

Rep. Pamela G. Price for Health, Human Services and Elderly Affairs: This bill requires assisted living facilities and housing for elders to secure their exits during the evening. The bill was filed as a result of one case where a confused elderly resident wandered away from their home, undetected for hours. The committee recognizes the importance of security for the safety of clients in care facilities. Licensed residential care facilities have a range of clients from the very healthy who are planning for future health needs to those who require some degree of assistance. We heard testimony that the elderly fear loss of independence and dignity by having to ask permission to leave the premises. It is important to assess the individual needs of the client rather than pass a blanket mandate for all. This issue is being addressed in rules, which can account for the varying needs and facilities. We understand that the Department of Health and Human Services is currently working on draft rules, which cover this subject. Specifically, the committee supports the concepts proposed by the NH Association of Residential Care Homes which details the written action plans and security measures based upon the assessed degree of elopement risk. **Vote 16-0.**

HB 1318-FN-A, relative to a senior care provider program and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: Over the past six years the General Court has carefully studied and passed legislation concerning long term care for the elderly and disabled. Services are available on a spectrum from home health care, assisted living to nursing home care. Emphasis has been placed on the importance of individual choice, informed consent and the least intrusive care. For individuals who are eligible for medicaid nursing home care, they can also receive care in other facilities. The prime sponsor of this bill brought to the committee some new ideas. One concept was the cross-utilization of specialized beds that could be used for more than one type of condition. It was felt that the concepts were not in a fully conceptualized form. Rather than form a new study committee to work on the various concepts, it was thought that the existing Oversight Committee on Elderly and Adult Services is the appropriate group to work with the sponsor. They will be notified to incorporate the thoughts of this matter into their current study efforts. **Vote 13-0.**

HB 1365-FN, relative to protecting hearing ear dogs, guide dogs, and service dogs. **OUGHT TO PASS WITH AMENDMENT**
Rep. Janeen Dalrymple for Health, Human Services and Elderly Affairs: This bill requires a person who owns an animal that interferes or injures a seeing eye or hearing ear dog or a service type dog, to make full restitution for the loss of sensory assistance to an individual. In addition to any criminal action the owner of the offending animal will provide restitution of the replacement of the service animal. In addition the bill recommends to the Governor that a day be set aside as seeing/hearing eye dog awareness day to ensure the public understands the seriousness of interference and value of service animals to their owners. **Vote 15-0.**

JUDICIARY

HB 1194, establishing a study committee relative to notifying tenants of radon in rental units. **INEXPEDIENT TO LEGISLATE**

Rep. James E. Wheeler for Judiciary: The committee believes that this bill is simple enough that if the sponsors would like to require landlords to notify tenants of radon in rental units they should put in a bill to do just that. While the committee understands that radon is a possible problem, the committee is of the opinion that there are serious concerns about requiring landlords to notify tenants about radon. First, if we want landlords to notify about radon, are we going to require them to pay for the testing? Second, if we require them to test and notify about radon where will it stop -- MTBE, asbestos, lead in the water, mold, or other perceived health hazards? Finally, since it is not required for the transfers of homes where a person might live for extended periods of time, why should we require it for tenants, who might only live in an apartment only for a few years? It is the opinion of the committee that this bill is inappropriate at this time, as it has not been definitely determined what the health risks of radon exposure and the extent of the problem may be. After all, radon comes from the natural erosion of granite and this IS the Granite State. **Vote 16-4.**

TRANSPORTATION

HB 243, relative to motor vehicle exhaust noise standards. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Lawrence A. Artz for the **Majority** of Transportation: This bill addresses redundant language in respect to the current statute that is causing some confusion regarding interpretation and enforcement of the current motor vehicle exhaust noise standards. The bill still retains the language requiring a muffler defined by current state law on every motor vehicle to be maintained in good working order and to prevent excessive or unusual noise, as well as to prevent the escape of excessive fumes, smoke, flame, gas, oil or fuel residue. This bill permits the use of non-factory specification exhaust system components that are industry-certified for legal use on motor vehicles where strict interpretation of the current statute would otherwise prohibit its use. This is of particular concern in situations where factory specification exhaust system components are no longer available due to vehicle age or other circumstances, or where a more durable and/or performance-oriented exhaust system component becomes available for a particular motor vehicle application. **Vote 8-7.**

Rep. Brenda L. Ferland for the **Minority** of Transportation: This bill was about exhaust noise levels and setting a 95-decibel reading on aftermarket systems. Some new systems have been modified by owners and car owners should be able to purchase another system and meet the standards. Because there are laws already in existence regarding noise levels and aftermarket exhaust systems, the minority of the committee feels this bill is not necessary.

HB 266, requiring youth bicyclists and skateboarders to wear protective headgear. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. George N. Katsakiores for the **Majority** of Transportation: The amended bill requires youth bicyclists under 16 years of age to wear protective headgear. As we are all aware, serious head injuries to bicyclists can be traumatic and devastating. Testimony before the committee supported the amended bill from organizations such as the New Hampshire Hospital Association to the Department of Health and Human Services Office of Community and Public Health to the American Automobile Association (AAA) and the New Hampshire Bike Association. Nobody appeared in opposition. A total of 335 children less than 16 years of age were seen in hospital emergency departments for head injuries resulting from riding bicycles in 1999-2000. The New Hampshire Transportation Safety Agency (NHTSA) states that bicycle helmets are 85-88% effective in mitigating head and brain injuries. **Vote 8-7.**

Rep. Robert J. Letourneau for the **Minority** of Transportation: The minority of the committee adamantly opposes this proposed legislation that, in our opinion, reaches too far into the lives of New Hampshire citizens. While we believe that all children should protect their head, knees and elbows while riding bicycles, rollerblades, rollerskates, skateboards, skydiving, skiing, or when engaged in any other numerous risky activities, we also believe that this is a personal responsibility issue that is best left to the parents and citizens involved. After all, they have a vested interest in their own safety. We believe that this legislation is flawed in many ways. There is no exemption for private property. There is no standard for the protective headgear and the bill leaves that decision to the Commissioner of Health and Human Services. The penalty for this infraction is a violation. Who will enforce the law? Who will be responsible for the fine, and how will this criminal record affect the child's future in terms of law enforcement? Will the parents be responsible for the fine and ultimately the record? We do not know, and the bill does not

address these concerns. The sponsors of this bill did not show any evidence that this is a major problem in New Hampshire. There were no New Hampshire statistics showing that we need this law. The testimony was based upon emotion rather than fact. We understand the compassion and intent of the sponsors, but disagree on the solution. The bottom line is that this bill reaches into the personal lives of New Hampshire citizens, and the minority of the committee trusts our citizens to make the right choices in terms of safety both for themselves and their children.

SB 159-FN, relative to milfoil and other exotic aquatic weeds. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: This bill creates an access water permit fee to fund programs relative to milfoil and other exotic weeds. The bill creates a myriad of splits to the boat registration fees, thus creating a number of special accounts. The amount of revenue that will be created by this legislation is unknown and cannot be determined by the state agencies involved. Testimony did not reveal how this will resolve the milfoil issue, nor where there are any specific programs mentioned - only that more revenue is needed. This House passed legislation last session that added fees to the boat registration and directed those dollars into the milfoil problem. The Director of Marine Patrol has told us that he believes that this issue is best resolved on a regional basis rather than by individual states. The U.S. Fish and Wildlife Service, through the International Association of Fish and Wildlife agencies, has awarded New Hampshire a grant to study this issue on a regional basis. When this three-year grant is concluded, the four regions will get together and pool their resources to formulate a plan or model for all states to follow. We believe that this bill is not needed at this time, and we will be addressing this issue in the future with a better understanding of the problem. **Vote 11-3.**

WAYS AND MEANS

HB 760-FN-A, establishing the New Hampshire healthy families trust fund, increasing the tobacco tax, and making an appropriation therefor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. John M. Gibson for the **Majority** of Ways and Means: Any increase in the New Hampshire tobacco tax will create a noticeable effect on retailers along the border region. This could create a downward ripple effect on several important sources of revenue like the business enterprise tax, business profits tax, rooms and meals tax, gasoline tax, and the tax on beer and liquor. Reducing the rate of those who smoke in our state is a laudable goal. Any state-sponsored program to reduce the rate of smoking in New Hampshire should be prioritized in the budget of the Department of Health and Human Services during the budget process. This tax increase targets low- and middle-income smokers. Raising the tobacco tax will not guarantee a reduction of smokers in the state. This legislation also creates another dedicated fund in the State Budget. For the above-mentioned reasons, the majority of the committee voted Inexpedient to Legislate. **Vote 13-6.**

Rep. Susan W. Almy for the **Minority** of Ways and Means: New Hampshire has, by far, the lowest tobacco tax in the region. It also has among the highest smoking rates in the country, yet it spends less than any other state per capita on prevention and cessation. For the last few years, as the State contributed \$4.6 million annually toward these activities, the number of teen smokers dropped by 25-50%. The minority believes it is important to continue these tobacco prevention efforts and to increase them to the levels recommended by the national epidemiology center (CDC). Under the current budget, the State has invested \$1.6 million toward smoking reduction, but these dollars come from grants that will disappear due to the loss of matching funds. Our current low tobacco tax encourages youth smoking. By raising the tobacco tax, we could do a great deal to discourage childhood smoking and subsequent adult addiction. More teen smokers today means vastly higher health care costs, as well as productivity losses for the State's government, business and citizens in years to come. The new Commissioner of Revenue testified in March 2003 that a \$1.52 tobacco tax would conservatively generate \$102 million per year. By voting for this bill, the Legislature could restore the \$20 million in cuts to the Health and Human Services budget. By voting against it, we are increasing the burden for social welfare on our cities and towns, our seniors and disabled. We believe it is important to dedicate part of the revenues to reversing these cuts before sending the remainder (about \$80 million for 2005) to the Education Trust Fund to be distributed through legislative action for the reduction of escalating local property taxes.

HB 1251-FN-A, establishing an income tax. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert J. Giuda for the **Majority** of Ways and Means: This bill, establishing an income tax, was introduced by its sponsor as a courtesy to a constituent. The sponsor then asked that the committee move ITL on this legislation. In light of the sponsor's request, the strong disapproval of an income tax evidenced by the people of New Hampshire in the last election, and the fact that many of the questions regarding implementation posed by the committee went unanswered, the committee delivered a vote of inexpedient to legislate 15-4. **Vote 15-4.**

Rep. Susan W. Almy for the **Minority** of Ways and Means: The original author of this bill wanted to provide a way to fund the basic state services that our legislature has promised to NH businesses, communities and individuals. Over a decade ago Gov. Merrill's commission declared that we had a structural deficit – the cost of our mandates and basic needs was growing faster than our revenues, because our revenues were, and are, insufficiently tied to the real growth of our economy. The Business Enterprise Tax on wages was enacted at that time, but since then both mandates and the cost of providing basic services have increased, and our property taxes in particular are being increasingly burdened. The minority presented an amendment to do a

study which would quantify the current structural gap , with the help of existing studies from NH economists. The legislature could then decide how it wished to act on this critical issue.

78:7 Tax Imposed. A tax upon the retail consumer is hereby imposed at the rate of ~~[52 cents]~~ **\$1.52** for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all cigarettes sold at retail in this state. The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the cigarettes in which such products usually are sold at retail. The word "package" as used in this section shall not include individual cigarettes. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States.

78:32 Distribution of Funds.

I.(a) The commissioner shall determine the additional amount of revenue produced by any additional tax in excess of 37

cents **and less than 53 cents** for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all ~~[tobacco products]~~ **cigarettes** sold at retail in this state imposed by RSA 78:7 and shall certify such amount to the state treasurer by October 1 of each year for deposit in the education trust fund established by RSA 198:39.

~~[H-]~~**(b)** The commissioner shall make quarterly estimates of the amount of additional revenues that will be produced by such increase in tax rate for the next fiscal year and shall certify such amount to the state treasurer for deposit in the education trust fund established by RSA 198:39. Such estimates shall be certified on June 1, September 1, December 1, and March 1 of each year.

II. The commissioner shall determine the additional amount of revenue produced by any additional tax in excess of 52 cents for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all cigarettes sold at retail in this state imposed by RSA 78:7 and shall certify such amount to the state treasurer by June 30 of each year for deposit as follows:

(a) The sum of no less than \$7,800,000 shall be deposited in the tobacco use prevention fund established pursuant to RSA 126-K:15.

(b) A sum of no less than \$10,000,000 shall be deposited in the general fund.

(c) The remainder of the amount shall be deposited in the education trust fund, established by RSA 198:39.

3 Applicability. Section 1 of this act shall apply to all persons licensed under RSA 78:2. Such persons shall inventory all taxable cigarettes in their possession and file a report of such inventory with the department of revenue administration on a form prescribed by the commissioner within 20 days after the effective date of this act. The tax rate effective July 1, 2003 shall apply to such inventory and the difference, if any, in the amount paid previously on such inventory and the current effective rate of tax shall be paid with the inventory form. The inventory form shall be treated as a tax return for the purpose of computing penalties under RSA 21-J.

4 Tobacco Use Prevention Fund. Amend RSA 6:12, I(b)(67) to read as follows:

(67) Moneys received under RSA 126-K:15 **and RSA 78:32, II(a)**, which shall be credited to the tobacco use prevention fund.

5 Tobacco Use Prevention Fund. Amend the introductory paragraph of RSA 126-K:15 to read is follows:

126-K:15 Tobacco Use Prevention Fund. There is hereby established in the office of the state treasurer a fund to be known as the tobacco use prevention fund. Of tobacco settlement funds received by the state of New Hampshire, \$3,000,000 annually, commencing with fiscal year 2001, shall be deposited in the tobacco use prevention fund. **The sum of \$7,800,000 from tobacco tax revenues shall be deposited annually in the fund, pursuant to RSA 78:32, II(a).** Moneys in this fund shall be nonlapsing and continually appropriated, beginning with fiscal year 2001, for tobacco use prevention and cessation programs, which shall include but not be limited to:

6 Reference Change; Education Trust Fund. Amend RSA 198:39, I(d) to read as follows:

(d) Funds collected and paid over to the state treasurer by the department of revenue administration pursuant to RSA 78:32, **I and II(c)**, relative to tobacco taxes.

7 General Fund Appropriations Reductions for Department of Health and Human Services Repealed. 2003, 318:9, relative to general fund appropriations reductions for the department of health and human services, is hereby repealed.

8 Effective Date.

I. Section 7 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 30 days after its passage.

AMENDED ANALYSIS

This bill increases the cigarette tax. Under this bill, the increased amount is to be used for the tobacco use prevention fund, to replace general fund appropriation reductions for the department of health and human services in fiscal years 2004 and 2005, and for property tax relief under the education trust fund.

Amendment to HB 1207-FN-A

Proposed by the Committee on State-Federal Relations and Veterans Affairs - C

Amend the title of the bill by replacing it with the following:

AN ACT relative to a Global War on Terrorism operations service bonus payment.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Global War on Terrorism Operations Service Bonus Payments. Amend RSA 115-A by inserting after

section 15 the following new subdivision:

Global War on Terrorism Operations Service Bonus Payments

115-A:16 **Qualifications for Bonus.** Each person who actively served in any capacity as a member of the uniformed forces of the United States on or after September 11, 2001 and on or before a date to be determined by the Secretary of Defense, and who earned the expeditionary medal for Global War on Terrorism operations; and who was discharged, released or has a certificate of service therefrom, under honorable conditions, or who is missing in action or who was killed in action; and who at the time of entry on such active service, and at the time of such service was a bona fide resident of this state shall be entitled to the benefits provided under this subdivision. A person shall demonstrate bona fide residency under this section through such person's home of record at time of entry as listed on a DD Form 214 or a written verification from a town or city clerk that such person was a resident of a New Hampshire town or city at the time of active service. No individual who has received a Global War on Terrorism operations bonus payment from another state shall be qualified to receive the benefits provided under this subdivision.

115-A:17 **Roster.** The director of the veterans council shall from time to time prepare a roster of the names of persons who have qualified for the bonus under RSA 115-A:16, and shall certify the same to the state treasurer, and prepare a manifest to authorize the state treasurer to make payments from funds not otherwise appropriated. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

115-A:18 **Bonus Payment.** In recognition of the services performed by the persons designated as eligible under RSA 115-A:16, the state treasurer, when such names are certified to the state treasurer as provided in RSA 115-A:17, and when application is made therefor, shall pay to each such qualified person the sum of \$300; and shall take such formal receipt as the state treasurer shall prescribe.

115-A:19 **Payment in Cases of Incompetence or Death.** If an eligible person is legally incompetent, payment shall be made to his or her legally appointed representative. If an eligible person dies before payment has been made to him or her, payment shall be made to such person's surviving spouse or, if none, to his or her child or children in equal shares; and if he or she has no surviving spouse or children, then in equal shares to his or her surviving parents. Payment shall not be made to more than 2 parents. Preference shall be given to the parent or parents who actually exercised parental control at the time of or most nearly prior to date of the qualified person's entry into service. Proof of relationship in loco parentis shall be established by sworn statement of the applicant, together with supporting affidavits of 2 disinterested persons.

115-A:20 **Written Evidence Required in Certain Circumstances.** No applications shall be certified for payment unless written evidence is presented indicating that any person or persons herein described as having a prior right to benefits has died; and provided further that if, prior to the date upon which this subdivision takes effect, benefits have been paid to the father or mother of a qualified person, who at the time had a child or children, the rights or benefits shall not in addition accrue to said child or children as a result of the provisions of this subdivision.

115-A:21 **Time Limit; Late Applications.** No bonus payment shall be made under this subdivision unless application for the bonus payment is submitted within 5 years after the effective date of this subdivision. Any claim for bonus payment after such 5-year period shall be made to the director of the veterans council, and if approved by the director shall be submitted to the state treasurer and shall be a charge upon the general fund.

115-A:22 **Forfeiture of Bonus.** Any person who obtains a bonus payment under this subdivision by fraud shall forfeit such bonus to the state.

2 **Contingency.** In keeping with the tradition of paying veterans benefits only after the cessation of operations as declared by the Secretary of Defense, this act shall take effect 6 months following the date on which such declaration is made.

3 **Effective Date.**

I. Section 1 of this act shall take effect as provided in section 2 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a bonus payment for New Hampshire veterans of Global War on Terrorism operations.

Amendment to HB 1212

Proposed by the Committee on Children and Family Law - C

Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1-2 to read as 2-3:

1 **Statement of Purpose.** The general court acknowledges that current law requires the case of a juvenile committed to the youth development center (YDC) to be closed and the juvenile released no later than the juvenile's seventeenth birthday. The general court recognizes that circumstances may exist under which a juvenile committed to YDC may benefit from the ongoing jurisdiction of the court. The general court wishes to authorize the department of health and human services to determine whether a committed juvenile who is approaching his or her seventeenth birthday could benefit from the ongoing jurisdiction of the court and, if so, to authorize the department to file a motion requesting that the court retain jurisdiction over the committed juvenile until his or her eighteenth birthday. The general court also wishes to clarify that such motions may be brought only by the department and only relative to committed juveniles approaching their seventeenth birthdays.

Amendment to HB 1378-FN-A

Proposed by the Committee on State-Federal Relations and Veterans Affairs - C

Amend the title of the bill by replacing it with the following:

AN ACT relative to New Hampshire service medals for veterans of World War II, the Korean War, and the Vietnam War and making an appropriation therefor.

Amend the bill by replacing section 1 with the following:

❑ New Subdivision; Service Medals for Veterans of World War II, the Korean War, and the Vietnam War. Amend RSA 115-A by inserting after section 15 the following new subdivision:

New Hampshire Service Medals

115-A:16 New Hampshire Service Medals.

I. The adjutant general shall, with the cooperation and advice of the director of the state veteran's council and the state veterans advisory committee, design and cause to be manufactured service medals for service in World War II, the Korean War, and the Vietnam War.

II. The medals shall be bronze and shall be designed in a manner which:

(a) Indicates the major branches of the armed forces, which are the army, navy, air force, marine corps, and coast guard.

(b) Displays the seal of the state of New Hampshire and a likeness of the "Old Man of the Mountain."

(c) Displays an inscription stating that the medal is a "New Hampshire Award for Service," the name of the war in which the recipient served and the beginning and ending dates of the war.

115-A:17 Eligibility for Medal. Any person who served in any of the following wars; who, if deemed necessary by the adjutant general, earned the appropriate service medal; and who was honorably discharged, or who is missing in action, or who was killed in action; and who, at the time of entry on such active service, and at the time of such service was a bona fide resident of this state shall be eligible for the medal provided under this subdivision. Eligible service is service in:

I. "World War II" between December 7, 1941 and December 31, 1946.

II. The "Korean War" between June 27, 1950 and January 31, 1955.

III. The "Vietnam War" between August 5, 1964 and May 7, 1975 or between February 28, 1961 and May 7, 1975 for persons who served in Vietnam prior to August 5, 1964.

115-A:18 Application for Service Medal. Any person eligible for a service medal under this subdivision, or if such person is incapacitated or deceased, the surviving spouse or child of such eligible person, may apply to the adjutant general for such service medal during 2-year application time periods established by the adjutant general for each war. The adjutant general shall establish application forms and procedures.

115-A:19 Rulemaking. The adjutant general shall adopt rules, pursuant to RSA 541-A, relative to:

I. The dates for the 2-year application time period for each war for which a service medal may be awarded under this subdivision.

II. Application forms and procedures under RSA 115-A:18.

III. Any other matter deemed necessary by the adjutant general relative to the design, manufacture, or distribution of service medals under this subdivision.

115-A:20 Gifts, Grants, and Donations. Notwithstanding any other provision of law, the adjutant general may solicit and receive monetary gifts, grants, or donations for the purpose of paying costs of the design, manufacture, and distribution of New Hampshire service medals under this subdivision.

115-A:21 New Hampshire Service Medal Fund. There is established in the office of the state treasurer a fund to be known as the New Hampshire service medal fund. All monetary gifts, grants, and donations received by the adjutant general pursuant to RSA 115-A:20 shall be deposited in such fund. The fund is established to pay the costs of the design, manufacture, and distribution of New Hampshire service medals under this subdivision. The money in this fund shall be nonlapsing and shall be continually appropriated to the department of the adjutant general.

AMENDED ANALYSIS

This bill establishes New Hampshire service medals for veterans of World War II, the Korean War, and the Vietnam War who were residents of New Hampshire at their time of entrance into military service. An appropriation is made to the adjutant general for purposes of design, manufacture, and distribution of the medals.
