## NOTICE

### HOUSE EMERGENCY NOTIFICATION SYSTEM

### UPDATE

A new **Road Condition Hotline** has been implemented by NH State Police and the NH Department of Transportation. The System, known as the **511** System, will allow you to check road conditions throughout the state. Simply dial 511 and you will receive verbal prompts to help you access the information that you need. Some telephone systems will not allow 511 calls and in that case you can dial the toll free number at **1-866-282-7579**. You can also check road conditions via the internet at [www.511NH.com](http://www.511NH.com).

In past sessions, a plan was developed for the House Leadership to communicate with members of the House at night and at such other times as the members are at home.

In most emergencies the individual member will be aware that an emergency exists, though may be in doubt as to its extent.

The following procedure has been developed:

1. Notice of an emergency message will be given to State Police Headquarters in Concord and commercial wire services.
2. State Police Headquarters will send the message via computer to the stations listed.
3. Reliance will be placed on each individual legislator to call the terminal station nearest his or her home and inquire for any emergency message to legislators in times of emergency or suspected emergency. This will include, but not be limited to cancellation of sessions due to severe weather

conditions.
