### HOUSE CALENDAR

#### NOTICE

The House will meet on **Wednesday, June 29<sup>th</sup>** at 10:00 a.m.

There will be no retained bill or ad hoc committee work done during July and August. After Labor Day this work may be done on Tuesdays, Wednesdays or Thursdays.

**Chairmen and Vice Chairmen will meet on Wednesday, June 29<sup>th</sup> at 8:30 a.m. in Rooms 210-211, LOB.**

W.  
Douglas  
Scamman,  
Speaker

#### NOTICE

There will be a Republican Caucus on **Wednesday, June 29<sup>th</sup> at 9:15 a.m.** in Representatives Hall.

Rep.  
Michael  
O'Neil,  
Majority  
Leader

#### NOTICE

There will be a Democratic Caucus on **Wednesday, June 29 at 8:30 a.m.** in Rooms 305-307 of the Legislative Office Building.

Rep.  
James W.  
Craig,  
Democratic  
Leader

#### NOTICE

The 2005 Manual for the General Court (Red Book) will be available on **June 29<sup>th</sup>**. House members are entitled to three (3) copies which may be picked up from the Secretary of State's Office.

William  
M.  
Gardner,  
Secretary  
of State

**WEDNESDAY, JUNE 29**  
**COMMITTEE OF CONFERENCE STATEMENTS**  
**SENATE BILLS**

**SB 5**, establishing a commission to study the state park system.

This bill establishes a commission to study the mission of the state park system and the division of parks and recreation, department of resources and economic development, including the continued efficacy of self-funding the state park system, the leasing of public lands and property to private interests and the circumstances under which such leasing is permissible, and the development of a long-term capital improvements plan for the state park system. The Senate receded from its nonconcurrency on the House amendment and the Committee of Conference recommends the adoption of an additional new amendment that changes the composition of the House and Senate appointees to the commission from three each to two each appointed by their respective leaders.

Rep. David P. Currier

**SB 19**, relative to qualifications to sell lottery, bingo, and lucky 7 tickets.

The Senate agreed with the House version of this bill. The House and Senate Conferees made one change. The effective date was changed from January 1, 2006, to "take effect upon passage."

Rep. James M. Fitzgerald

**SB 28**, relative to confidentiality and workers' compensation.

The Senate acceded to the House position. The House position was that the Public Employees Labor Relations Board (PELRB) adjudicatory hearings conducted by the board and the board's deliberative processes shall be privileged and exempt from the public disclosure provisions of RSA 91-A.

Rep. Russell D. Bridle

**SB 37**, relative to disclosure of expert testimony.

As introduced, this bill was expressly limited to disclosure of experts and expert testimony in civil cases only. In amending it, the Senate added language addressing such disclosures in criminal cases. In doing so, it inadvertently created problems for criminal prosecutors, for whom the scope of and time deadlines for disclosures imposed by the Senate amendment were unrealistic. The House amendment corrected this problem by returning the bills applicability to civil cases only. The Committee of Conference adopted the House approach, but did so by returning to the language of the original Senate bill as introduced, changing the effective date from January 1, 2006 to upon passage.

Rep. Gregory M. Sorg

**SB 43**, relative to the administration of estates of persons presumed dead.

The original Senate Bill specified that a person be missing for three years before being presumed dead. The House amended the period of time to five years. The Conference Committee compromised by agreeing to four years.

Rep. Cynthia J. Dokmo

**SB 61**, relative to judges giving notice of intent to retire, and relative to retired status for judges and assignment of judicial referees.

The bill was introduced as a housekeeping bill to clarify certain matters concerning judicial retirement. As a result of certain testimony during the public hearing in the House, the House added provisions to repeal certain statutes relative to per diem pay for retired probate and district court judges. The Senate felt that the House amendment contained major changes requiring a noticed public hearing, and therefore could not agree to this change. After lengthy discussion, the Conferees agreed to remove the portion of the bill which repealed the existing statutes, and agreed to deal with this issue with new legislation next fall.

Rep. Cynthia J. Dokmo

**SB 62-FN**, allowing court fees to be paid by credit card.

This bill allows court fees and fines paid into any court to be paid by credit card. The Senate version required a \$5 processing fee. The House version eliminated the fee. The Senate would not agree to the policy without a fee to cover costs. The Conferees agreed on a \$3 fee.

Rep. Kevin L. Camm

**SB 70**, relative to the powers of special corporations.

The Conferees agreed to amend the bill to include the line "The proposed change shall also be submitted for review by the Probate Court."

Rep. Ken Hawkins

**SB 75-FN**, relative to the statute of limitations for a civil actions based upon a sexual assault case. SB 75, from the Senate, allowed a minor victim of sexual assault to file a civil suit within 7 years of his or her 18<sup>th</sup> birthday. The House changed the amount of years to ten. The Committee of Conference agreed to use the original language of the bill and remain at 7 years. It was also agreed upon to change the effective date to effective upon passage.

Rep. Maureen C. Mooney

**SB 76**, relative to the extension of restraining orders under the domestic violence protection act. The Conference Committee amended the effective date to thirty days after passage and included language to clarify that the intent of the legislation is that it applies to all protective orders in effect at the time of passage and any new orders in the future.

Rep. John E. Tholl, Jr.

**SB 108-FN**, relative to newborn screening tests and fees for newborn screening tests.

The Senate acceded to the House position. SB 108 provides for new born screening tests and fees for those tests. These tests will uncover potentially serious disorders that, once detected, can be provided appropriate treatment. Some of these conditions, if undetected, can lead to serious health conditions and exorbitant costs for care. The fees for the anticipated 15,000 newborn children per year who will be screened will not be used for any other purpose. This bill provides for a significant public health prevention program.

Rep. James R. MacKay

**SB 121**, relative to all terrain vehicle trails and relative to the regulation of off highway recreational vehicles by a political subdivision.

This bill provides that a proposed ATV or trail bike trail shall not pass within 400 feet of a water well supplying a public water system. The bill also establishes a procedure for a proposed trail that will pass through a wellhead protection area. The bill also allows for an appeal pursuant to RSA 21-O:7, IV within 30 days of issuance. The Senate agreed to the House amendment. The Committee of Conference recommends the bill be passed as it was passed by the House.

Rep. David P. Currier

**SB 124**, relative to the regulation of real estate brokers by the real estate commission.

The Senate agreed to the House version of the bill. All Conferees agreed to add the word "of" to make one sentence read better grammatically.

Rep. Ronald J. Nowe

**SB 142**, extending the reporting date of the commission to study issues relative to groundwater withdrawals.

The Senate receded from its position of nonconcurrence and agreed with the House position which extends the commission to study issues relative to groundwater withdrawals reporting date until November 30, 2008, requires interim reports to be submitted and provides for legislative oversight by the House Resources Recreation and Development and the Senate Environmental and Wildlife Committees.

Rep. David P. Currier

**SB 153-FN**, relative to the administration of a certain program by the department of environmental services.

The Senate Conferees agreed with the House Conferees to delete the change in title of the chief operation officer in the department of environmental services. The House Conferees agreed to the amendment on authorization of expenditures from the departments revolving fund for publication in electronic media format and charging a reasonable fee.

Rep. Nelson S. Allan

**SB 163-FN**, establishing the New Hampshire pharmaceutical assistance program.

The House Conferees agreed with the Senate version of the bill. This bill establishes the NH pharmaceutical assistance program which authorizes the State of NH to facilitate the transition of dually eligible medicaid enrollees from medicaid prescription drug coverage the new medicare part "D" drug benefit effective January 1, 2006. The bill co-ordinates benefits between medicaid and medicare and opens the door to receive and retain manufacturer drug rebates by the state. The Committee Conferees added language to the bill to utilize legal terminology for this enabling

legislation. The amendment further clarifies who is eligible and identifies what drugs are available. Overall a smooth transition of medicare part "D" is hoped for.

Rep. Rogers J. Johnson

**SB 170**, revising the nurse practice act.

The Committee of Conference amended RSA 326-B:4 which dealt with multi-state licenses. This was under another section, so section XIV of the bill was deleted. In RSA 326-B:11 of the bill, section II was corrected by omitting the word "and" after National Council of the State Board of Nursing. The word "and" was mistakenly added during drafting. The last change was the effective date to July 1, 2005 at 12:01 a.m.

Rep. Peter F. Bergin

**SB 179**, requesting hunters to report the death or injury of domestic animals.

The Senate has changed its mind and has agreed to concur with the House version of the bill.

Rep. Robert J. L'Heureux

## HOUSE BILLS

**HB 1-A**, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2006, and June 30, 2007.

When the legislature met in January it was projected that the state faced a \$233 million budget deficit in the next two years. At that time the Finance Committee and the Ways and Means Committee agreed to work very closely with one another to solve what seemed to be an insurmountable task. We have done that and we now have a budget balanced with real dollars that will meet the needs of our citizens for FY 2006 and FY 2007. General fund appropriations are down slightly over the previous budget and total funds are up 4.4% in 2006 over 2005 and up 1.2% in 2007 over 2006. This budget provides pay raises for the state employees and fully funds their benefits. It recognizes New Hampshire's continued obligation to provide funding for our citizens that receive support through Medicaid and other support programs. There is much uncertainty with potential changes being considered in Washington for all welfare programs but for the next two years we have met our obligations. Sufficient funding for our K-12 school children and to our universities and community college system is provided. This budget no longer requires that general fund dollars to be used to support the Educational Trust Fund. There were difficult decisions that had to be made and not every request for additional funding was met, but this is a solid balanced budget and we ask for support for the Conference Committee's recommendations.

Rep. Frederick W. King

**HB 2-FN-A**, relative to state fees, funds, revenue, and expenditures.

HB 2 known as the Trailer Bill contains support for HB 1 and where necessary it makes statutory revisions for the budget bill. It is the way the legislature confirms its decisions on how the state is to conduct business during the period of time covered by the budget. The pay raises are in HB 2. It establishes the judicial branch family division. It contains language that begins the modernization of the Department of Health and Human Services and makes certain that all changes in this department will only happen with legislative oversight. It creates a new relationship between the Highway Department and the LCHIP program so that future mitigation funds will better support resource conservation goals of the LCHIP committee. It, in a way, is the roadmap which the state must follow in its day to day operations in order to meet the policy decisions of the legislature, as confirmed by the Governor. The Committee of Conference asks for your support of this bill.

Rep. Frederick W. King

**HB 25-FN-A**, making appropriations for capital improvements.

The House Conferees after lengthy debate have approved a capital budget for the next two years that is fiscally responsible, while meeting the needs of our citizens. We have maintained general fund bonding authorization within acceptable parameters. The new total is \$85,684,207 which is a net increase of \$812,450 over the House version. The differential from the House and Senate versions is accounted for by re-appropriation of money that was lapsed. This was done to allow for better accountability. All of the critical projects in the House version remain intact. An agreement was also reached on how to handle the \$3,000,000 requested by the Senate for a UNH project. The agreement reached is in an amendment to section 2 of the bill, where paragraph III is added, appropriating \$3,000,000 to the University System for the renovation of the stadium and athletic complex, beginning July 1, 2007, provided the sum of \$30,000,000 is raised in private capital by June 30, 2007. The \$3,000,000 shall not lapse until July 1, 2009.

Rep. Gene G. Chandler

**HB 83**, repealing the obligation to provide persons applying for a marriage license with a list of family planning services and with brochures on fetal alcohol syndrome and the human immunodeficiency virus.

The Senate amended the bill to have the brochures concerning human immunodeficiency virus, family planning services, and fetal alcohol syndrome in the office of town and city clerks, but removed the requirement for discussing these issues with persons seeking a marriage license and having the applicants sign an affidavit confirming receipt of the brochures. It also requires fetal alcohol syndrome brochures to be available to the public at the check-out counters of the state liquor stores. The House agreed to consent to the Senate passed version of the bill.

Rep. Eric G. Stohl

**HB 168**, relative to the licensure of electrologists and establishing an electrology advisory committee.

The House and Senate Conferees agreed with the Senate version of the bill. The Conferees added a compromise change in the age of tanning booth operators that grandfathers current employees who have passed the certification program but have not reached the age of eighteen.

Rep. Janeen A. Dalrymple

**HB 194**, establishing a study committee to examine regulatory practices pertaining to the telecommunications industry.

The House conferees agreed to the Senate amendment with a stipulation that basic telephone rate increases are capped at ten percent per year and that Public Utility Commission concerns be addressed as part of this study. The bill was amended to reflect these changes.

Rep. Roy D. Maxfield

**HB 204-FN**, relative to unauthorized video surveillance.

The Conference Committee agreed to remove the Senate language that required proof of intent to see certain specific body parts and replaced it with language that made it unlawful to peer into a residence or other private place for any unlawful purpose.

Rep. John E. Tholl, Jr.

**HB 293**, establishing a commission to study the feasibility of developing a materials resource and recovery facility in Sullivan county.

The Senate deleted three commission members and added an amendment that would allow for the disposal of certain leaf and yard waste in landfills or incinerators until 2009. The House Conferees agreed with the Senate position.

Rep. Burton W. Williams

**HB 326**, relative to motorcycle noise levels and mufflers.

The effective date was changed from January 1, 2006 to "thirty days after passage."

Rep. Sherman A. Packard

**HB 357**, relative to negligent driving.

The bill nullifies a section of HB 260 passed earlier this session. The new language in this bill clarifies the grace period of motor vehicle inspections for newly registered and transferred motor vehicles.

Rep. Sherman A. Packard

**HB 381-FN**, relative to special elections, voter lists, and conduct of elections.

The Senate agreed with the House position and the Conferees adopted a new amendment to the bill as amended by the House. The new amendment clarified the language of the definition of "electioneer" to simplify and strengthen section 1. In addition the Senate and the House Conferees broadened the definition of "public employees" to include all possible categories listed by both House and Senate. The House agreed with the Senate by adding a new section with language allowing a city to amend its charter pursuant to RSA 49-B for the purpose of filling a vacancy on a school board.

Rep. Richard B. Drisko

**HB 428**, relative to clarifying the authority of the Pease development authority and the division of ports and harbors.

The Senate amended the bill to delete the existing authority of the Pease Development Authority (PDA) to charge slip fees in the tidal waters of the state. The Senate's concern was that a literal reading of the law would allow the PDA to charge slip fees on privately owned slips. The compromise arrived at by the Committee of Conference restores the authority of the PDA to charge fees at the state-owned slips. However, the Senate amendment would have deleted the PDA's authority to charge fees at state-owned slips. The compromise arrived at by the Committee of Conference restores the authority of the PDA to charge fees at state-owned slips. This change

reflects the House position that these fees should be collected and deposited in the harbor dredging and pier maintenance fund. It alleviates the Senate's concerns that the PDA might try to levy a new tax on privately owned slips.

Rep. John A. Graham

**HB 433-FN-A**, relative to planning for public access, recreation, and road management in the Connecticut Lakes headwaters working forest and making an appropriation therefor.

This bill appropriates \$1 for 2 plans, one for public access and recreational use and the other for road management in the Connecticut Lakes headwaters working forest. The Senate amendment also authorized the commissioner of environmental services to allow the location of a boat dock within twenty feet of a property line without an abutter's consent if the commissioner finds good cause. The Committee of Conference agreed that giving the commissioner this broad sweeping authority needed more study and agreed to amend the bill to allow the placement of a seasonal dock that is currently in dispute.

Rep. David P. Carrier

**HB 513**, relative to on-board diagnostic system inspections.

Language was added to clarify the legislative intent to supply hardship waivers for persons who cannot afford to spend an amount of money that would constitute economic hardship. The advisory committee shall make recommendations for such waivers and the process by which they would be applied.

Rep. Sherman A. Packard

**HB 542**, making technical corrections to the uniform trust code.

The Senate agreed with the House that the Uniform Trust Code was an important piece of legislation and agreed to withdraw their amendment relative to the Red Sox and Patriots. The Speaker and the Senate President did sign a Joint Declaration recognizing the NE Patriots and the Governor had previously signed the House Concurrent Resolution recognizing the Red Sox during the month of April.

Rep. John B. Hunt

**HB 558**, relative to the circumstances constituting sexual assault.

As passed by the Senate, HB 558 exempts certain persons from registering as a sexual offender if the victim is 13 years of age or older and less than 16 years of age and the actor's age is no more than 5 years greater than that of the victim. The House Conferees agreed with the Senate version.

Rep. Gene P. Charron

**HB 580**, establishing a commission to study the procedures for the formation and dissolution of solid waste management districts under RSA 53-B and the procedures for the dissolution of an interstate waste compact under RSA 53-D.

This bill establishes a committee to study the dissolution of the Claremont Compact. The House members after consultation with the sponsor concurred with the Senate's removal of several members and one Senate member.

Rep. David L. Babson

**HB 586**, relative to the periodic review of child support guidelines.

The Conferees agreed to the House version of the bill.

Rep. David C. Bickford

**HB 644-FN**, transferring certain responsibilities from the department of transportation and the department of health and human services to the department of administrative services.

The Conferees agree to include two amendments deleting two sections of one of the amendments. The Senate Conferees introduced an amendment which clarified construction management. The House agreed. The Senate Conferees then introduced an amendment which established a memo of understanding between the two departments, and clarified certain language. After thorough review, the House agreed to the amendment with the following changes: Remove section 27 and 28 dealing with certain duties, and change the numbering of section 29 to read section 27, and changed the effective date to upon passage.

Rep. James B. Coburn

**HB 681-FN**, relative to training, quality assurance, and licensing of assisted living facilities.

The House concurred with the Senate amendment to HB 681 with a minor modification. This bill addresses issues relating to quality assurance, training and licensing of assisted living facilities. One section of the Senate amendment dealt with licensed nursing staff responsibility for organizing and possessing prescription and non-prescription drugs. The only modification was to change the words "approved medical adult day care program" to "licensed health facilities" which includes all of

the pertinent facilities. The integrity of the bill remains intact.

Rep. James R. MacKay

**HB 692-FN-L**, relative to the county department of corrections.

The House version of HB 692 was amended by the Senate to include a section relative to confinement under protective custody to a county correctional facility for a period of more than 12 months. Protective custody usually involves confinement for 24 hours. The Conferees agreed to delete the section. The bill now will require the state to pay incarceration cost for persons convicted and sentenced to more than 12 months with the first 12 months sentence a charge on the county.

Rep. E. Albert Weare.

**HB 720-FN**, relative to special number plates.

The Conferees removed from the Senate amendment language allowing the deputy secretary of state license plates. Also removed was language which would not allow spouses of members of the general court to put legislative license plates on cars registered to them.

Rep. Sherman A. Packard

**HCR 4**, urging Congress to find that the Piscataqua River and Portsmouth Harbor lie within the state of New Hampshire.

The Conferees agreed to the Senate version of the bill with one amendment. The amendment agreed to by the Conferees corrects an error in the final report date of the legislative boundary commission from October 29, 2003 to the correct date on October 29, 2004.

Rep. Pamela D. Coughlin

**HCR 10**, recognizing February 8, 2005 as Scouting in New Hampshire Day.

The Senate amendment to HCR 10 changed the date of the resolution to February 8, 2006. The problem was that language throughout the resolution did not change to reflect the amendment. The House and Senate met and agreed to make the change to 2006, and further to amend the language to be equal throughout the resolution.

Rep. Paul C. Smith

## CONFERENCE BILLS NOT SIGNED OFF

**HB 114**, relative to the regulation of pharmacists and pharmacy technicians by the pharmacy board.

**HB 145**, relative to the healthy kids corporation.

**HB 230-L**, relative to default budgets.

**HB 313-FN**, relative to registration of business entities.

**HB 323-FN**, relative to excluding social security numbers and other information from documents filed with registries of deeds.

**HB 366**, relative to maintenance of voter checklists.

**HB 468**, relative to provisions for permissible contact between the agent of the defendant subject to a protective order and a plaintiff.

**HB 573**, establishing a commission to study automobile recycling issues, including disposal fees.

**HB 583**, establishing an oversight committee to study medical malpractice insurance rates in this state.

**SB 127-FN**, relative to the department of regional community-technical colleges system's acquisition of the building currently leased from the Pease development authority.

**SB 216**, establishing a commission to study area agencies.

## NOTICE

**Please note that the Calendar closes at 3:00 p.m. on Wednesdays for scheduling and notices.** Members and staff who need to schedule meetings should make arrangements with the Clerk's Office for room availability/assignment and publication of meeting notices.

Karen O.  
Wadsworth,  
Clerk of the  
House

## LAIID ON TABLE

**HB 98**, relative to law enforcement authority under the safe schools act. (Pending question is the adoption of the committee amendment.)

**HB 219**, relative to permitting audio and video recording on school buses. (Pending question is the adoption of the committee report of ought to pass with amendment.)

**HB 563-FN-A**, increasing the tobacco tax. (Pending question is the adoption of the majority committee report of inexpedient to legislate.)

**HR 15**, affirming revenue estimates for fiscal years 2005, 2006, and 2007. (Pending question is third reading.)

## PROPOSED AMENDMENT TO HOUSE RULES

Recommended by the Rules Committee

Amend House Deadlines (Rule 64) by adding the following:

|                                     |                                                           |
|-------------------------------------|-----------------------------------------------------------|
| Friday, November 4, 2005 at 3:00 pm | Last day to sign-off all House Bills for the 2006 Session |
| Thursday, December 1, 2005          | Last day to report retained bills                         |
| Wednesday, January 4, 2006          | Last day to introduce House Bills for the 2006 Session    |

## HOUSE DEADLINES

|                            |                                                    |
|----------------------------|----------------------------------------------------|
| Wednesday, June 29, 2005   | Last day to act on Committee of Conference reports |
| Monday, September 12, 2005 | First day to file legislation for the 2006 session |
| Friday, September 23, 2005 | Last day to file legislation for the 2006 session  |

## COMMITTEE MEETINGS

1:00 p.m. Regular meeting.

## OFFICIAL NOTICES

### COUNTY DELEGATION NOTICE

**Rockingham** County Executive Committee will hold its second quarter budget review meeting on Friday, **July 15<sup>th</sup>** at 9:30 a.m. at the Hilton Auditorium, Rockingham County Nursing Home, Brentwood.

Rep. David  
A. Welch,  
Clerk  
Rockingham  
County  
Executive  
Committee

### COUNTY DELEGATION NOTICE

**Strafford** County Delegation will hold a public meeting with the Strafford County State Senators on Wednesday, **June 29**, at the noon lunch break from the House session in Room 306, of the Legislative Office Building, North State Street, Concord, to receive input, discuss, and take action on the following business: 1. Pease Development Authority Representative Re-Nomination to Governor Lynch, Speaker of the House and President of the Senate - Anthony McManus, Esq.

After the joint meeting with the State Senators, the Strafford County Delegation will take up the following business: 2. Approve Minutes of Prior Delegation Meetings: March 19, 2005. 3. Any Other Business Which May Legally Come Before the Delegation.

If you are unable to attend the meeting, please contact Jean Miccolo, Administrative Assistant at the County Commissioners' Office at 742-1458.

Rep. Anne  
Grassie,  
Clerk  
Strafford  
County  
Delegation

All House and Senate members are invited to join in a trip to Boston to show support for the Portsmouth Naval Shipyard on Wednesday, **July 6<sup>th</sup>**, at the hearing of the Base Realignment and Closure Commission. The hearing will be held at the Massachusetts Convention and Exhibition Center, from 1:00 p.m. to 5:00 p.m. Buses will convoy from the Airport Terminal Parking Lot on Exeter Street at the Pease Trade Port, and will load at 9:00 a.m. We should return by 6:30 p.m. To sign up, visit [www.saveourshipyard.org](http://www.saveourshipyard.org) and click on “Sign up here”, or create your own email to [rsvp@saveourshipyard.org](mailto:rsvp@saveourshipyard.org). Type "bus" in the website box and the number of people in your party - - bring your family members or constituents to show statewide support. There is no cost for the bus, t-shirts will be provided, and please bring your own lunch. Also, individual letters of support for the Shipyard from House and Senate members may be brought to the Speaker's Office or the Office of the Democratic Leader. For more information or to sign up if you do not have Internet access, contact Reps. MaryAnn Blanchard, Jackie Cali-Pitts, Dan Hughes, Jane Langley, Terie Norelli, Laura Pantelakos, James Powers, Christopher Serlin or Jim Splaine.

Reps. W.  
Douglas  
Scamman  
and  
James W.  
Craig
