Contains: Governor's Veto Message on HB 1220 and HB 1333, Meetings and Notices

HOUSE CALENDAR

MEMBERS OF THE HOUSE:

I hope you are enjoying the break from legislative work and have been able to spend some relaxing time with friends and family.

Please note that effective July 1st, the Internal Revenue Service increased the reimbursement rate for transportation expenses as a result of recent increases in the price of fuel. The revised standard mileage rate has been increased from 50.5 cents per mile to 58.5 cents per mile. This increase followed a 2 cent per mile rise in January of 2008 and the IRS may increase the rate again in January of 2009 as fuel prices continue to climb. As a result of the increased pressure on the House in-state travel budget, I am asking that members restrict their travel to the State House to essential business only, including statutory and study committees. Your understanding and patience is greatly appreciated.

Significant renovation and refurbishing of the Legislative Office Building is nearing completion. Work on the committee hearing rooms on the second and third floor is finished and the committee offices and the fourth floor are nearly completed. The Finance Suite (Rooms 210-211) is still undergoing extensive work.

The State House cafeteria has reopened under the management of "Elizabeth's Kitchen." The owners currently operate a restaurant on Pleasant Street in Concord and I am pleased to welcome them to the State House.

Terie Norelli, Speaker

GOVERNOR'S VETO MESSAGE ON HB 1220

By the authority vested in me, pursuant to Part II, Article 44 of the New Hampshire Constitution, on June 27, 2008, I vetoed House Bill 1220, an act establishing a study commission to study the taxation of alternative fuel and electric powered motor vehicles for the purpose of funding improvements to the state's highways and bridges.

While I appreciate the efforts of the sponsors of this legislation, I am concerned that this may send the wrong message about our commitment to developing alternative fuels and alternative vehicles.

Over the long term, alternative fuels and electric powered motor vehicles will help New Hampshire families and businesses lower their fuel costs, make our air and water cleaner, and provide new economic development opportunities.

These products and technologies are still in their infancy, and I am concerned that the consideration at this time of new taxes on this class of fuels and vehicles will harm the growth of this important new technology.

Respectfully submitted,
John H. Lynch
Governor

GOVERNOR'S VETO MESSAGE ON HOUSE BILL 1333

By the authority vested in me, pursuant to Part II, Article 44 of the New Hampshire Constitution, on July 11, 2008, I vetoed House Bill 1333, an act relative to post foreclosure eviction actions.

I appreciate the sponsor's efforts to address an ambiguity in our laws regarding how evictions take place following a foreclosure sale. However, I cannot support HB 1333. This

bill would allow the successful bidder at a foreclosure auction, prior to becoming the owner of the property, to immediately begin to evict tenants on the property. This may mean that tenants could be evicted by somebody who does not yet legally own the property where the tenants live. And, in some cases, the sale of the property could fall through without the auction winner ever becoming the property owner. For this reason, I believe that it is more prudent for any eviction process to commence after legal title to the property has passed to the new owner. That approach will result in a process that is fairer to tenants who face eviction and live in property subject to foreclosure.

Respectfully submitted,
John H. Lynch
Governor
